STATEMENT:

Your vote for a Libertarian candidate means you do not want more of the same—continuing tax increases, and government intervention in your life. Individual liberty is the issue. I hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose. We can return to individual liberty in this country if we:

Abolish the IRS

The Internal Revenue "Service" is among the most destructive of the government intrusions into our life. We are virtually slaves to the government to support the ongoing spending orgy.

Privatize Government Holdings

We can eliminate the deficit and increase economic prosperity by selling government land (government has no business owning land); corporations (railroads, etc.); services (Postal Service, etc.). Private enterprise has always proved to be more efficient at management of its resources. Services that are not profitable should be provided by concerned charitable organizations.

Adopt a Foreign Policy of Non-intervention

We are alienating people around the world with our policy of intervening in their affairs. I am convinced this is a major contributing factor to the rise in world terrorism.

End the Destructive War Against Victimless Crimes

Armed government officials on all levels are forcibly interfering with individuals peaceful pursuit of life, liberty, and happiness. Individual responsibility for our own actions is the answer.

As your U.S. Senator, I'm developing ways to strengthen and diversify our economy, including: authoring the federal local hire law for Alaska; opening export markets in the Pacific Rim; clearing way for export of Cook Inlet oil; restricting foreign fishermen from fishing off our shores; increasing federal highway maintenance funds; promoting tourism; and cutting unnecessary bureaucratic delays enabling Alaskans to create new jobs.

My Arctic Science Policy Act allows us to make responsible decisions about development, while safeguarding our ecology and environment.

I firmly support a strong national defense and am working toward nuclear arms reduction. Another priority for me is improving Alaska's defense, like the Light Infantry Division and AWACS. As Veterans Committee Chairman, I've worked to ensure adequate health care and other benefits for veterans, and I'm working to account for our MIA's.

I cosponsored the balanced budget law and tax reduction act. I support continued federal funding for education, for assistance to our truly needy, and for fighting the drug influence on our youth.

I've taken a leadership role in the "1991" issue to ensure that our Native people can make decisions concerning their future, while safeguarding the interests of all Alaskans.

Alaska's future today is as bright as ever. Our current economic challenge means new opportunities, and as a 44-year Alaska resident, I know Alaskans will find those opportunities and continue to prosper.

I'm confident that by working together, we can shape the destiny of our state for the benefit of future generations of Alaskans.

STATEMENT:

Alaskan Advocate

Ignorance and neglect in Washington, D.C., of Alaska's unique position, history, resources, needs and contributions to the nation and world must be changed. Prohibition of oil export to Japan, legislation forbidding oil exploration in ANWR, establishing the Arctic Research Council in California, and attempts to separate Alaska's Integrated Defense Command show how little Washington understands Alaska.

The Deficit

Congressional duty to balance the budget has been shirked. Buying economic health, employment or national security on credit is deceptive, contradictory and immoral.

Defense

Threatened by nuclear blackmail, with freedom at risk, we must sustain a strong defense. But our burgeoning, overkilling nuclear deterrence goes beyond reason and necessity.

Meantime, Alaska lacks the conventional strength its strategic position requires.

Veterans

Those who defended us with their lives must be defended against the present Senate leadership's breaking our nation's pledge of medical and support services.

Native Land Claims

ANCSA's 1971 goals included legitimate land ownership with viable and alternative lifestyles for Alaska's Natives. Amendments that strengthen those objectives should be supported.

Health, Education and Human Welfare

Effective education and training is excellent insurance for tomorrow. Services essential to public health and welfare must be maintained. Human welfare is an achievement, not a gift.

The world's problems are Alaska's opportunities. We need fresh ideas, courageous legislation, and honest, hard-working leaders. My life—in service to four Presidents, as United Nations Ambassador, and leading University communities—has demonstrated these qualities. I wish now to serve Alaskans as our voice in the U.S. Senate.

STATEMENT:

Alaskans are facing economic uncertainty due to falling oil prices and declining revenues. To face the challenges of the future, Alaskans need and deserve strong leadership in Congress. We must find innovative solutions to bolster our economy and provide stability for all Alaskans.

As our dependence on oil wanes, we must rely on our renewable resources to provide employment opportunities. Since Alaska is the site of the world's richest salmon fishery and the provider of two-fifths of the nation's harvested fish, I will aggressively pursue the Americanization of our fisheries. Alaskans must reap the benefits of this major resource.

Our timber industry can provide stable employment for Southeast residents if permanent solutions are found to the problems of Southeast pulp mills. New markets for those products must be found and economic diversity must be promoted in that area to ensure a stable, year-round economy.

Tourism plays a vital role in Alaska's economy. My plan to ensure the growth of that industry includes modification of visa laws, allowing foreign visitors stop over time in Anchorage, permit foreign built cruise ships to base and transport within Alaska, and coordinate state and federal agencies to assure benefits to Alaska's tourist industry.

As Alaskans, we strive for equality and opportunity for all. The federal government must guarantee these rights. We must meet the challenge and provide excellence in our education system. Our children are our future and we must meet all their educational needs to sustain the promise of a bright future for all.

OTHER: My direct ancestor hung the lanterns for Paul Revere's famous
ride heralding the start of the American Revolution. The flame of
freedom still burns brightly in my heart.

STATEMENT:

I am a nonpartisan running as a Libertarian because the Libertarian Party supports easier ballot access for nonpartisans, who must obtain 2,000 signatures to get on the ballot.

The majority of Alaska's voters are nonpartisans, but nonpartisans are **not** represented in the State Election Brochure as parties are; **not** eligible for appointment to Alaska Public Offices Commission or as election judges; **not** allowed certain campaign financing privileges party candidates have; and **cannot** get a majority on the State Board of Education.

Whatever happened to democracy in Alaska? Power has evolved away from the people and into the hands of parties, politicians, and business.

Money and the party system are the biggest political problems our nation faces. The Golden Rule of Politics is: **"Those who have the gold rule."** George Washington, the great nonpartisan who founded this nation, warned against permitting the dissension political parties stir up to weaken the unity so necessary for national survival, saying: **"Party Spirit is Truly the Worst Enemy of Popular Government."**

My goals are to break the stranglehold of parties and money on the political process; improve citizen access to and participation in government using modern technology; and increase legislative responsiveness and accountability.

My long-term concerns are for the survival of life on earth in the face of potential nuclear disaster and the EPA-predicted catastrophic warming of the earth by the year 2030.

I advocate proper use of our instruments of self-government to ensure our survival as a nation and as a species.

STATEMENT:

Elected to Congress, March 6, 1973, Don Young was appointed to the two major committees that affect Alaska most—Interior and Merchant Marine and Fisheries.

In 1985, he was appointed to the Post Office and Civil Service Committee.

Accomplishments—Upon arrival in Congress, Don Young sponsored and led the fight for authorization of the oil pipeline. That battle was won in August, 1973. Next, Don sponsored and spearheaded the 200-mile fishing limit legislation. That effort was also successful.

For four years Don fought for Alaska's position during debate on the Alaska National Interest Lands legislation. This delayed enactment until a more favorable law was passed. More recently, Don has successfully worked on other important issues, including: tax and IRS reforms, OCS revenue sharing, the Red Dog Mine, Coast Guard funding, oil export, the 6th Light Division, military modernization, sustained timber harvest, port projects, senior citizen assistance and veterans programs.

Seniority—During his seven terms in Congress, Don has risen dramatically in seniority and influence. He is now ranking member of the Full Interior Committee and serves in a senior position on several crucial subcommittees: Parks and Public Lands, Fish and Wildlife, Mining, Coast Guard, and Outercontinental shelf. Don is also the ranking member of the subcommittee on Postal Personnel and Modernization.

Service—In addition to passing legislation, Congressman Young also responded to over 275,000 requests from Alaskans for help with the federal bureaucracy. With your support, Congressman Young will continue to use his experience and influence to Alaska's best advantage.

STATEMENT:

I'd like to put an Alaska economic recovery plan in place, based on the realities of the marketplace and a sound assessment of our many talents. This recovery must include rural Alaska, which has its own special problems.

The Alaskan economy of the future will depend on our ability to compete in the world marketplace. We should require the teaching of Japanese, Chinese and Russian history in the public schools and encourage the teaching of foreign languages. We should establish an International Trade Center to bring in people from the business, financial and government sectors of nations with which we expect to trade. From them we can learn how to sell to their markets and from us they'll learn about the resources of Alaska.

In order to get ahead in the 1990s, we'll have to learn new skills. The solutions of the 1960s won't work any more. Our government should promote the use and understanding of modern information systems. Our civil court system must be restructured so it handles disputes quickly and at the lowest possible cost to the public. We should aggressively seek markets for our demonstrated skills in cold-weather engineering and construction, telecommunications and energy technology.

We can make this fast adjustment to the economic realities of today, because we are a strong people: we're smart, ambitious, creative and versatile. We are willing to take the risks that are necessary to become leaders. We have promises to keep to all the world. We are Alaskans.

SERVICE ORGANIZATION(S) MEMBERSHIP: Moose, Elks, American Legion, Alaska Native Brotherhood

STATEMENT:

As Lieutenant Governor, Stephen McAlpine has demonstrated leadership and foresight in a number of critical areas. While some previous Lieutenant Governor's have attempted to use the office as a personal platform and a springboard to another office, Stephen McAlpine has spent his years as Lieutenant Governor working and making a difference for Alaskans.

Fiscal Responsibility: While most politicians fight hard for larger staffs, McAlpine's first act was to **reduce** the size of the staff. During the previous administration as many as 18 people worked for the Lieutenant Governor. Today the staff consists of 6 employees, despite the addition of new functions by the Legislature and responding to more than 5,000 constituent requests.

McAlpine has also worked hard to open the budgetary process to all Alaskans. McAlpine initiated involving local governments in the formation of the capital budget so that projects which are most needed get funded.

Alaska Hire: Stephen McAlpine has done more than talk about local hire, he has done something about it. McAlpine has been a strong advocate for Alaska hire legislation which will make a difference, not just make politicians feel good. McAlpine has also pushed for vigorous enforcement to ensure that the law is obeyed.

Management: Under McAlpine's leadership, the Division of Elections developed a computerized voter registration system, which has been sold in other states generating revenue for Alaska. McAlpine has also computerized the system for commissioning and renewing commissions of notaries public.

STATEMENT:

Alaskans are independent people looking for a chance to make our own way. We take pride in meeting challenges.

Today, Alaskans wonder what's going to happen to them and their families, their homes and jobs. I offer this encouragement: we've been through it before. The answer is people—people with imagination, energy, and a real stake in Alaska's future.

Alaska will always be a natural resources state, and oil will continue to be the largest factor in Alaska's economy for as far ahead as we can see. We must ensure that the oil industry stays in Alaska, expanding production and resuming aggressive exploration as soon as possible. That means a stable and predictable business climate and elected leaders ready and able to help make things happen in the private sector.

At the same time, we must strengthen our other natural resource industries—fishing, mining, timber, tourism. We can make it easier to do business without jeopardizing our precious natural heritage. We can make more jobs by turning our raw materials into finished products. We can market our products—and our state—more effectively.

All Alaskans are important. All Alaskans deserve accessible state government that will make things happen, not stand in the way. They deserve honest leaders who will listen to them and act in **their** interest.

I am proud of my record of experience and leadership and my reputation for integrity. I worked very hard for both, and will work just as hard for the people of Alaska.

STATEMENT:

Since 1959, our elected officials have tried to work with the Congress to resolve land issues, game management, local employment, the Jones Act and federal regulations. Bureaucrats run amuck. The lower 48 have won every round. Withdrawals, freezes, federal selections, wilderness areas now cut up Alaska and they want more.

Oil companies recruit outside. Unemployment is rampant. Placer mining is dying. Bankruptcies and foreclosures are numerous. Many limited entry permits are owned outside. Our oil creates most of its jobs outside.

1986 demands a governor that is not afraid of the courts, who has a record of resisting governmental excesses by legal action and who understands the role of the State in the Federal Union.

I have whipped the borough in court on four occasions, the State on three and am now in battle with the feds in two cases and I shall win. The Constitution is still the Supreme law of our land.

I have been paid in advance by over 40 years of opportunities in Alaska. I would like to be remembered as the governor who left the same opportunities, freedoms and rights that he himself has enjoyed. This is all I would ask for the privilege to serve Alaska and you.

If you like government as it is, vote for more of the same. There are a number of experienced politicians to choose from. If you would like a change, I would like to try my hand, using the Constitution as the guiding light.

Thank you.
