

SENATE District D

PAUL A. FISCHER, Republican

Residence Address: Mile 107 Sterling Highway
Mailing Address: Box 784, Soldotna, AK 99669
Date/Place of Birth: 3/23/36; Columbia, PA
Occupation: Small Businessman, Educator, Realtor
Spouse: Joyce, 35 years
Children: Michael, Steven, David, Ann Marie, Karen, Mary, Thomas, Christopher, Matthew
Residency in Alaska: 23 years; Soldotna, 1969-present
Education: High School—Lancaster Catholic High School
College—Millersville State College, B.S.
Post Graduate—Millersville University, M.E.D.
Military Service: U.S. Air Force Reserve
Political and Government Positions: Presently Vice Chair, Health, Education, and Social Services; Chair Committee on International Trade; Member State Affairs Committee; Served as Chair of HESS; member of Finance, Resource, and Transportation Committees

Business and Professional Positions: Commissioner, Education Commission of States; Commissioner, Alaska Post-Secondary Commission; Advisory Member, Seward Assn. for Advancement of Marine Science

Service Organization(s) Membership: Chambers of Commerce: Anchor Point; Funny River; Homer; Kenai; Seldovia; Seward; Soldotna. Senior Citizen Memberships: Homer; Ninilchik; Sterling; American Association of Retired Persons. National Rifle Association; Cabin Hoppers

Special Interests: Family, High School sports, solving constituent concerns, reading trade journals, business research, hiking, cooking/baking, gardening

Statement

Experience is a valuable asset for elected officials guiding the state through the turbulent times ahead. Businesses and professions recognize the value of experience.

During an election, some candidates can, and often do, say and promise anything. You don't have to guess with me, my service is known.

Constituent service is my highest priority. I have kept an open door policy to everyone. The government is supposed to serve the people, not strangle the working men, women and businesses in Alaska. Too many legislators get totally involved in the legislative process, forgetting about the people in their district.

This State simply cannot afford to be mismanaged. The budgeting process needs to start in January and be finalized within 90 days. I voted against the budget and additional taxes. Due to my experience, I provided numerous recommendations for

budget cuts which did not affect direct services to the people.

An effective educational system is imperative for Alaska's future. As a commissioner of Post-Secondary Education, I have worked to keep administrative costs at a minimum while protecting funding for student loans. I will continue to strive for "forward funding", to eliminate budget uncertainties at the local level.

Protecting the Longevity Bonus Program has been a priority. The Bonus Program must be continued for seniors presently on the program. I support an Annuity Program, like many Alaskan Senior Groups.

In addition to protecting the Permanent Fund, I have consistently voted for placing revenues in excess of the mandated amounts into the fund.

Paid for by the candidate

SENATE District D

SUZANNE R. LITTLE, Democrat

Residence Address: 48410 Tyena Ka Road, Soldotna, AK 99669
Mailing Address: P.O. Box 3957, Soldotna, AK 99669
Date/Place of Birth: 9/20/57; Sacramento, CA
Occupation: Planner, Landscape Architect
Spouse: Mark
Children: Anna (14) stepdaughter
Residency in Alaska: 11 years
Education: High School—Ponderosa High School, Shingle Springs, CA, 1972-76
College—University of California Davis, 1978-83. B.S. Landscape Architecture Planning

Political and Government Positions: Kenai Peninsula Borough Assembly Member; City Planner, City of Bethel; City Planner, City of Soldotna

Business and

Professional Positions: Member, American Planning Association; Member, American Society of Landscape Architects; Member, International Brotherhood of Electrical Workers; Member, International Conference of Building Officials

Service Organization(s)

Membership: Kenai River King Salmon Fund, League of Women Voters, Crime Stoppers, Planned Parenthood, AFS Exchange Student Programs Host Parent, Coalition of Labor Union Women

Special Interests:

Being involved in community service, reading about world affairs, spending time with my family, running, cross-country skiing, racquetball, gardening, music

Other:

Member, United Methodist Church

Statement

Suzanne Little has never believed in taking the easy road, but every path she has taken has been marked with her honesty, integrity and hard work.

Ethics—Too often our legislators develop an arrogance of office which puts their own interests, and “perks” first. I will always remember my roots and keep public service first, last and always. I’ll fight for open government, ethics and legislative reform.

Education—Quality public education will be my highest priority. Our greatest challenge will be to insure that cornerstone education programs are wisely and fully funded. If we don’t invest in quality programs for our students now, we’ll not only limit those children’s opportunities, but we’ll also undermine our state’s economic potential.

Choice—I support a woman’s right to reproductive freedom. The woman, not the government, should hold the right to choose

about this very private issue.

Economy—Alaska faces many challenges and the next Legislature will make difficult decisions about Alaska’s future. I will work to address the basic needs of education, sustainable economic development and balancing the budget without balancing the budget on the backs of those who can least afford it. There’s no reason why government can’t be on-line, on-time and within budget.

Having built our home in Soldotna and having served as a Kenai Peninsula Borough Assembly Member, I know what it takes to make choices about dwindling revenues and increased needs to balance a budget.

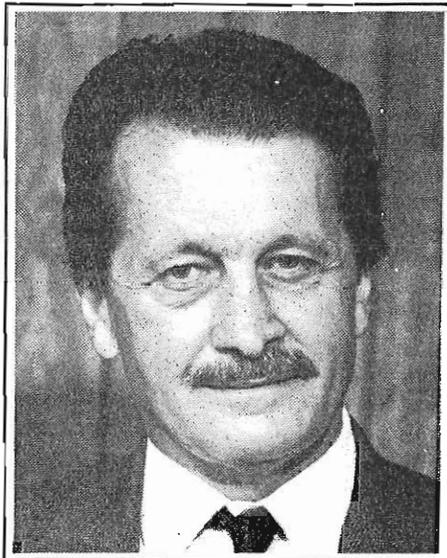

I think it is time we had someone more like us in Juneau. Simply put, I will do a better job.

Paid for by the candidate

SENATE Seat D

JAMES UDELHOVEN, Alaskan Independence

Residence Address: Mile 106, Sterling Highway, Kasilof, AK 99610
Mailing Address: Box 126, Kasilof, AK 99610
Date/Place of Birth: 7/27/36; Wisconsin
Occupation: Business Owner
Spouse: Barbara
Children: Justin, Jenny, Jesse, Ann, Sandra, Dawn, Ashley
Residency in Alaska: 24 years; Anchorage, 1968-71; Soldotna Old Homestead, 1971-83; Anchorage, 1983-86; Primary-Anchorage, Secondary-Kasilof, 1986-91; Primary-Kasilof, Secondary-Anchorage, 1991-present
Education: High School—Cassville High School, 1951-54
College—Self improvement & education through correspondence courses in a broad range of subjects.
Military Service: USN Naval Aviation 1954-57, 2nd Class Petty Officer (enlisted)

Business and Professional Positions: The Alliance, President 1992-93; The Alliance, Vice President of Policy 1991-92; Arctic Power, Board of Directors; WCCA, Board of Directors

Service Organization(s) Membership: Anchorage Chamber of Commerce; Kenai Chamber of Commerce; Soldotna Chamber of Commerce

Special Interests: Fishing, hunting & farming

Other: Grandfather of 9

Statement

Reduce state spending by:(1) Review all programs and operating budgets to see if they are functioning as originally intended (2) Can any existing program be operated more efficiently either through private enterprises or by dovetailing them into other existing government programs (3) Across the board cuts. New or additional taxes would not be addressed until these cuts and reductions were made.

Legislative sessions should be limited to a 90 day session. Important issues must be resolved first, not left to last or special sessions. I support limiting legislative terms.

We need to create a political climate that will attract new businesses and encourage present businesses to expand in Alaska and expand our current economic bases. I support the environmentally sound development of Alaska's resources—this will promote a favorable climate for new jobs and business growth.

Alaska's strength rests in our youth of today. It is important that our young people receive a back to basics education which requires that parents, communities and young people work together to create better citizens and better prepared youth for tomorrow's challenges. If we are to retain our young people in Alaska, we must create new job opportunities for them by encouraging sound business development.

We as Alaskans must work together to restore optimism in our government and our people. Alaska's future depends on the ability of all Alaskans to care enough to make a difference and be optimistic enough to try.

If you would like to discuss other issues or desire more in-depth information on these issues, please call me at 262-9474. I need your support. Together we can restore confidence in government and hope in Alaska's future!

HOUSE District 7

SUSAN KERNES, Democrat

Residence Address: 60280 Bench Circle, Kachemak City, AK 99603
Mailing Address: P.O. Box 230, Homer, AK 99603
Date/Place of Birth: 6/30/52; New Jersey
Occupation: Radio producer and media consultant
Residency in Alaska: 9 years; Ketchikan, 1983-84; Homer, 1984-present
Education: High School—Pennsbury High, Fairless Hills, PA 1967-70
College—New York University, NYC, NY 1970-72

Political and Government Positions: District 5 Representative, Democratic Convention

Business and

Professional Positions: Owner, True North Productions (media consultation & production company); Radio Station Program & Development Director; State & National Award-Winning Radio Producer

Service Organization(s)

Membership: Kenai Peninsula Untied Way; Board member, Homer Council on the Arts; Board Secretary, Kachemak Bay Family Planning Clinic

Special Interests:

Collecting & broadcasting recorded music, skiing, fishing, mountain biking, hiking

Other:

Member, National Federation of Community Broadcasters; National Press Women; Association of Independents in Radio; Alaska Press Club; Alaska State Council on the Arts Media Panel Grant Reviewer; Named Outstanding Young Woman in the World, 1986.

Statement

Jobs and Economic Development: Alaska must diversify our income to compensate for declining oil revenues. Government will ensure a bright economic future if it stimulates community based job development. We should increase efforts to develop value-added processing and expanded consumer markets for our fish and other natural resources.

We can promote jobs by increasing sensible development of Alaska's natural resources. Harvesting our natural wealth with respect for the environment will preserve the resource, maintain jobs, and continue to attract visitors. Recent events have shown that we need effective pollution monitoring and clean-up plans to avert future environmental disasters.

Budget: Now that the oil wealth is disappearing, we must prioritize which services government will deliver, while streamlining

operations in an efficient and cost-effective manner. The debate is overdue on how much government Alaskans want and are willing to pay for.

Budget reform is a priority. A 100-day deadline to write the budget would allow three weeks before session's end for public input before it's transmitted to the Governor.

Schools: Our children deserve the highest quality education available. To help local school districts develop good budgets in a timely fashion, the Legislature should fund our schools early in the session. It is a top priority of mine to alleviate school overcrowding.

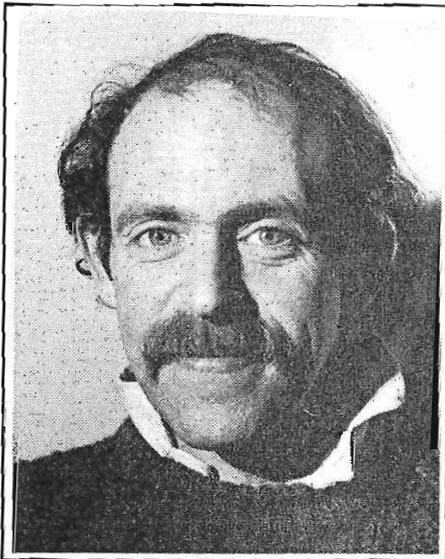

Affordable Health Care: 90,000 Alaskans cannot afford to see a doctor. I will work with the best minds available to make health care accessible and affordable.

Paid for by the candidate

HOUSE District 7

BENN LEVINE, Green Party of Alaska

Residence Address: Lorraine's Lament, Homer, AK 99603
Mailing Address: P.O. Box 1119, Homer, AK 99603
Date/Place of Birth: 10/19/49; New York City
Occupation: Construction worker, writer
Spouse: Joni Whitmore
Children: Expecting first child in August 1992
Residency in Alaska: 12 years; Anchorage 1980-84; Homer 1984-present
Education: High School—Orange Hill, London, England 1964-69
College—King's College, London 1969-72, B.S. Botany;
San Diego State University 1976-78 M.S. (uncompleted)
Political and Government Positions: Biosystems and Energy Advisor, Green Party of Alaska

Service Organization(s)

Membership: Board of Directors, Alaskans for Peace

Special Interests: Creative problem-solving, consensus decision-making, building strong, viable communities, respect for diversity

Other: Co-leader, Mars Cove volunteer oil spill clean-up effort, 1989. I enjoy cross country and downhill skiing, ocean kayaking, playing music with my friends, raising a family and working on our homestead.

Statement

My platform is based on the ten key values of the Green Movement: Grassroots democracy; personal and global responsibility; social justice; respect for diversity; ecological wisdom; decentralization; non-violence; future focus; post-patriarchal values; community-based economics.

Sustainable Economic Development—Promote community-based projects. Develop alternative energy programs; local agriculture. Create new businesses manufacturing high-quality products from Alaska's valuable resources. Avoid export of raw materials.

Health Care—Develop single-payer system that provides coverage for all. Cap costs; focus on preventive medicine. Allow for alternative types of care. Raise the level of the public health through health promotion campaigns and worker safety programs.

Government—Guarantee public access to government information. Reform campaign financing laws. Reform the election process; implement a preferential ballot system. Reform

the budgetary process.

Environment—Guarantee clean air and water. Enforce our environmental protection laws; collect fines from polluters. Encourage industries to implement waste reduction and pollution prevention technologies. Identify all hazardous waste sites on land and in Alaska's waters.

Women, Children and Men—Support reproductive freedom, including the right to choose an abortion. Increase awareness of alternatives to abortion, including prevention of pregnancy. Support funding for quality child-care and adult assisted living programs. Reduce abuse and violence through non-violent conflict resolution and men's awareness programs. Break the cycle of drug and alcohol dependency through education and treatment.

Education—Maintain adequate funding levels to build the best educational system in the country. Support portfolio-based student assessments.

Special Interests: Family and friends, politics, mining, transportation improvements statewide

Statement

Decisions made during the past legislative session very clearly demonstrated the urgency for bringing the State's spending habits under control. We can no longer afford the luxury of putting off action "until things get tight." That time is here now, and it's going to take strong, dedicated leadership to develop direction and a comprehensive plan of action for the next five, ten and twenty years.

The past legislative session addressed several major issues facing the State; however, there are significant issues still needing to be resolved. It is critical that we focus on legislation that primarily insures jobs and economic stability for Alaskans and secondly lessens restrictions for businesses and industry to continue in Alaska. Construction of the Railbelt Energy Interties, a constitutional amendment allowing for dedicated gasoline taxes for maintenance, construction of a Statewide Transportation

System, final transfer of federal lands to the State for our Statehood allotment that will provide for public access into our resource areas, institution of value-added provisions on the export of all our resources, and the formation of Statewide health care and insurance programs are all issues that need continued work and resolution.

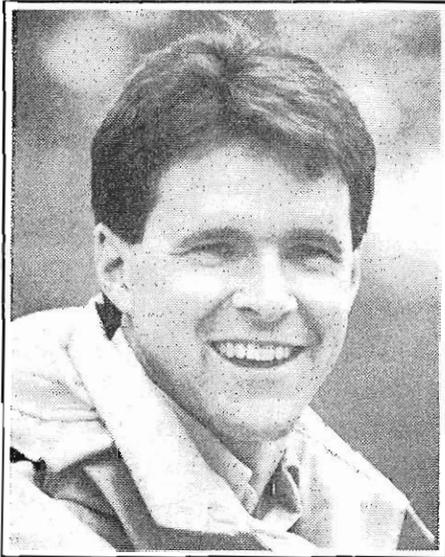

The next few years will be tough as we deal with decreasing revenues and increasing demands. We need trusted and solid legislators on the job. A lifetime Alaskan, my continued commitment to the people of the Kenia Peninsula and to the State of Alaska will be to provide that kind of leadership and representation.

Paid for by the candidate

HOUSE District 8

ANDY MACK, Democrat

Residence Address: 367 Bering Street, Soldotna, AK
Mailing Address: P.O. Box 3314, Soldotna, AK 99669
Date/Place of Birth: 6/11/64; Soldotna
Occupation: Commercial Fishing, Cook Inlet & Prince William Sound
Residency in Alaska: 28 years; Soldotna (lifelong)
Education: High School—Soldotna High School 1982
College—Concordia College 1986 B.A. Political Science & History

Political and Government Positions: Alaska House of Representatives Sergeant-At-Arms, 4 years; Campaign Manager for successful candidate, two elections; Legislative Staff, former Rep. Pat O'Connell, partial session.

Business and Professional Positions: Executive Assistant to Director, Cook Inlet Regional Citizens Advisory Council; Alaska Roadbuilders, Construction Labor

Service Organization(s) Membership: Member, Board of Directors Prince William Sound Regional Citizens Advisory Council (Official Kenai Peninsula Borough Member)

Special Interests: Andy Mack has always had an active interest in political and economic issues of the Kenai Peninsula Borough area, dating all the way back to his high school days when he was a standout in several leadership positions.

Other: Enjoys reading, outdoor activities, hiking in the Kenai Peninsula Mountains. Avid participant in individual and group sports, was team captain in multiple high school and college level competitive sports.

Statement

Andy Mack believes that he brings the following qualifications to the Office of Representative for the citizens of the Kenai Peninsula:

- A lifetime of awareness of the people of The Kenai—their neighborhoods, their economy, their unique wants and needs.

- An articulate, energetic personality supported by an excellent educational background, proudly obtained from Peninsula elementary and high schools plus a college degree from highly respected Concordia College.

- A moderate fiscal and political philosophy; an approach to public policy development based upon intelligent and rational interpretation of the best research and factual information available.

- An ability to listen, to work closely and respectfully with individual citizens and with community and statewide leaders.

- Andy Mack—A Representative we can all be proud of.

Special Interests: Music, hunting, and fishing

Statement

THE CONSTITUTION begins with these words; "**WE THE PEOPLE**, IN ORDER TO FORM A MORE PERFECT UNION..."

It DOES NOT say;

WE THE SPECIAL INTEREST GROUP

WE THE MINORITY

WE THE BIG BUSINESS

WE THE DEMOCRATS OR

WE THE REPUBLICANS

WE THE PEOPLE need representation for a change. Our representatives in Juneau have failed. They continue to spend more money than they have in the budget. They repeatedly cut jobs of hardworking state employees providing basic and necessary services (for instance D.O.T.) in order to raise the pay of already overpaid, underworked bureaucrats in high positions.

GOALS

BALANCED BUDGET.

GOVERNMENT CUTS FROM THE TOP DOWN.

PROTECT THE PERMANENT FUND AND LONGEVITY BONUS AT ALL COST.

BRING UNDER CONTROL ABUSIVE GOVERNMENT AGENCIES AND EMPLOYEES WHO CONTINUE TO ABUSE POSITION AND POWER.

BRING SANITY BACK TO PUBLIC EDUCATION IN ORDER TO PREPARE OUR CHILDREN TO COMPETE IN TOMORROW'S WORLD.

RESIST THE FEDERAL BUREAUCRACY KEEPING OUR COUNTRY SOVEREIGN, WEALTHY AND PROUD.

I have no party affiliation and therefore NO PARTY AGENDA or support from any lobby.

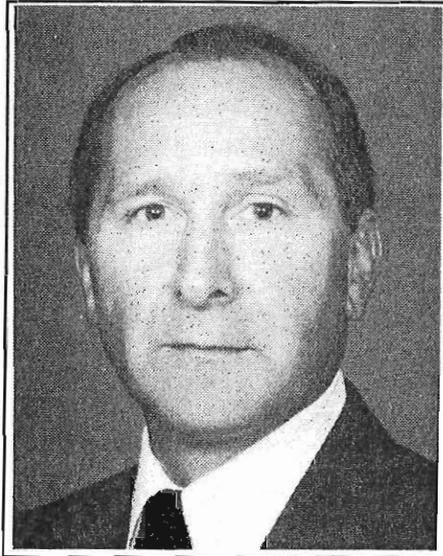

I am independent; free to represent YOU - your needs and interests. IT'S TIME FOR SOMEONE TO REPRESENT THE PEOPLE WHO PAY THE BILLS. I WISH TO REPRESENT US: WE THE PEOPLE.

Political and Government Positions: Recreation Commission, City of Kenai, 1974-75; Kenai Harbor Commission, Administrative Coordinator, 1980-81; Council Member, City of Soldotna, 1984-90, Mayor 1990-present; Alaska Municipal League Legislative Committee, 1992; Alaska Conference of Mayors, Treasurer, 1991, Vice President, 1992

Special Interests: Athletics, family, community

Statement

After eight years as an elected official, I have learned that most Alaskans favor one thing very strongly – Limited Government! Common sense and a willingness to make tough decisions keeps government policies and spending within its desired limits. I am dedicated to following a policy of limited government.

Keys to this policy are:

Legislative Reform: Term limits; simplify the legislative process by responding to municipal governments needs, where the people have the greatest access; keep to the basic services and functions of government.

State Spending: Trim spending through consolidation,

privitization, reducing duplication, and incentives for cost-saving initiatives.

Education: Our education budget must be established early enough for the local districts to plan properly.

Economic Development: To diversify our economy we need to create access.

Alaskans, and especially residents of The Kenai Peninsula, have always been close to government. Lets maintain our access to those in government by electing availability and common sense. I would appreciate the opportunity to work for the Central Kenai Peninsula in Juneau. Thank you for your consideration!

Paid for by the candidate

SENATE District E

JUDITH E. SALO, Independent Democrat

Residence Address: 4510 Kenaitze Ct., Kenai, AK 99611

Date/Place of Birth: 6/2/48; Hibbing, MN
Occupation: Teacher
Spouse: Robert A. Salo
Children: Holly Salo Adkins
Residency in Alaska: 23 years; Nikiski, 1969-71; Kenai, 1971-present
Education: High School—Tower Elem. & High, 1953-65
College—University of Alaska, 1974, B.Ed
Post Graduate—University of Alaska, 1983, M.Ed
Political and Government Positions: State Representative (Appointed), District 5, June 1990-January 1991; Legislative Task Force on Teen Pregnancy, 1990; Certification Advisory Committee, 1985-88

Business and

Professional Positions: Secretary, Nome Public Schools, 1965-66; Secretary, Kenai School District, 1969-71; Math Tutor, Kenai School District, 1971-73; Assistant Director, Title I Program, 1973-74; Teacher, 5th and 6th Grade, Kenai, 1974-present; President, National Education Association, Alaska, 1987-89

Service Organization(s) Membership:

National Education Association; Honorary Life Member, PTA; Former Member, Alpha Delta Kappa Sorority; Former Member, State Education Talent Bank; Joint Coalition on Education, 1986-89

Special Interests: Alpine skiing, fishing, tennis

Statement

As your Senator I will work for:

Adequate and early funding for education. Reasonable class size and a variety of courses afford students the greatest opportunity for an excellent education.

Efficient and effective state government. We must seek to consolidate divisions and branches of state government which provide duplicate services. We must do a better job of providing essential state services, and get out of those areas which are better served by the private sector.

Jobs and economic opportunity for the residents of this district and of Alaska. I will support legislation that encourages sustainable job opportunities in fisheries, tourism, and small businesses. I will support a fair, consistent tax policy which will encourage our non-renewable resources to be processed in-state, as is done by Tesoro and Unocal.

Citizen input on land and resource usage. I will support the priorities of the residents of the area. When disputes exist on land or resource priorities you can count on me to attend all hearings, to study the issue, to seek citizen and expert opinion, and make decisions dependent on that work.

Maintaining beautiful residential neighborhoods and improving the roads in the district. By working with local government and citizen councils we can do a better job of representing your interest in these areas. There are relatively low cost procedures such as repairing potholes, repainting lines, and cutting brush at intersections that should be done for citizen safety and comfort.

This diverse, vital area of the state deserves a hardworking and effective Senator.

North; The Alliance; Alaska Visitors Association; Resource Development Council; American Petroleum
Institute; Alaska Special Olympics; AK Miners Association; Kenai Moose Lodge #1534; NRA.

Special Interests: My wife, children, and grandchildren.

Statement

EDUCATION— I will continue to support full and early funding of education and I will work on new and innovative ways to reform our education system to guarantee the best possible education for Alaska's children and youth. Striving for excellence in our state education system is my top priority.

RESOURCES/JOB— Alaska is a resource state and the careful, environmentally sound development of our vast resources is essential for Alaska's future and the future of our children. Commercial and sport fishing, mining, forestry, oil and gas development, and tourism are all vital industries to Alaska and together can provide long-term economic stability. Our state government should play a helpful and encouraging role in resource development for the benefit of all Alaskans.

TAXES— I have worked against and voted against any new taxes or increases in taxes for the past six years. Alaskans should not have to shoulder the burden and pay for the excessive and irresponsible spending habits of the liberals in the legislature. I have kept my promise to Alaskans - no new or increased taxes without substantial budget reductions. In addition, all new taxes should require a vote of the people.

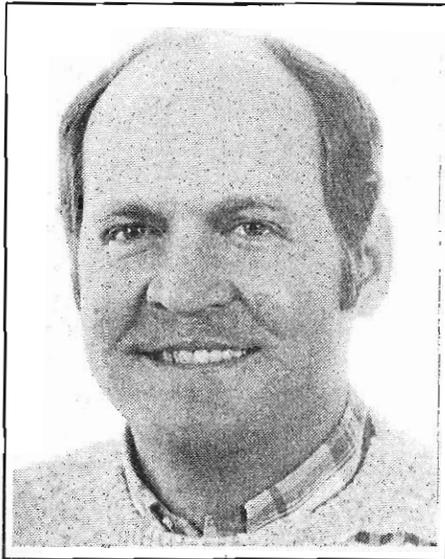

PERMANENT FUND— I have and will continue to oppose spending any of the Permanent Fund to support the state operating budget. I strongly believe we should oppose and work against stealing from our children to supplement a shortsighted, irresponsible and ever-increasing budget!

Membership: Kenai United Way; Kenai Peninsula Economic Development District; Kenai Alternate School; Cook Inlet Lions; Kenai Boys & Girls Club

Special Interests:

Business development; private pilot with float, wheels, and ski rating; sailing; scuba diving; skiing; hunting; fishing; community development; and most important, a very active family man

Statement

Because so little of the land and resources in Alaska are privately controlled, it is a real challenge to create private sector jobs. It will be quite a task to change Alaska from a government directed economy to a private sector economy. However, we can do exactly that by reducing restrictions and regulations that stifle good quality economic growth. We can create a stable economy by wisely budgeting the State's spending and insisting on good, practical, State projects. We can stimulate the economy by encouraging investments that develop our natural resources and our business community.

The next legislature has to be very pro development. We need to encourage the natural economic regrowth of Alaska. The legislature must oversee the quality of life but not overly protect in the manner that will impede the growth of a job

producing economy.

The State Government cannot tax and spend its way to prosperity and a stable economy. The solution in the past has been for the legislature to look at the existing industries and demand more revenue to finance growing State government. Jobs are lost when those industries cannot afford to stay in Alaska. When political greed outweighs practical goals, Alaska is the loser.

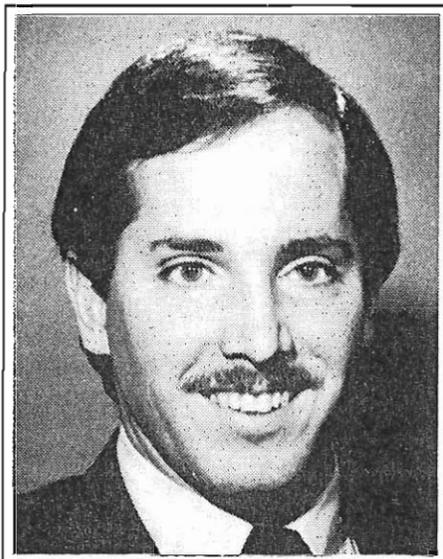

My primary interests as a legislator will be education, public safety, and roads. I have the solid community, business, government and family experience it takes to be elected. I have the common sense, patience, dedication, knowledge and background to be an asset to the State Legislature.

College—Snow College, 1974-75; Eastern Washington University, 1979-83, B.A. in Government, Minor in Economics

Political and Government Positions: State Representative, elected 1984, 86, 88, 90; Chair, Labor & Commerce, 1985-86; Vice-Chair, House State Affairs Committee, 1985-86; House Judiciary Committee, 1987-88; House Resources Committee, 1987-90; Chair, House Rules Committee, 1987-88; House Majority Leader, 1989-90; Special House Committee on Oil & Gas, 1991-92; Co-Chair, House Finance Committee, 1991-92; Member, Pacific Fisheries Task Force, 1989-92; Member, Health Resources Task Force, 1989-92; Member, Pacific Northwest Economic Region, 1991-92; Member, Southwest Energy Council, 1989-92; Western Legislative Ocean Resources Committee, 1991-92; Alaska 2000 Education Task Force Subcommittee, Member, 1991-92

Business and Professional Positions: Board of Directors, ZAN, Inc.

Service Organization(s) Membership: Member, Kenai, Soldotna, Homer, and North Peninsula Chambers of Commerce, Elks Club

Special Interests: Government, most sporting activities, family and friends, reading, and a variety of charitable fundraising activities

Statement

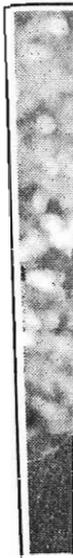

Economic Development—Alaska is facing tough economic times ahead. But, if we use our abundant resources wisely to provide stable, year-round jobs and economic opportunity, our future is bright. Government must continue to assist in furnishing an attractive business atmosphere, the necessary infrastructure, and streamline the regulatory process to help, not hinder, responsible resource development.

Budget—As North Slope oil production continues to decline, state revenues will decline. During those years when Alaska had virtually unlimited revenues, our dependency on government programs and services grew. In recent years, we've been fortunate that oil prices have remained moderately high, but we must all realize the day is near when the state's revenue stream will simply not be enough to meet the current demand for

government services. The legislature has begun reducing the state budget. If this reduction is spread over a period of time, the impact will be less painful ~ but all Alaskans must carefully consider which services the state must provide, and which services they can pay for or do without.

Education—Our children are our future leaders. They must have a quality education. As Co-Chair of the House Finance Committee, my commitment to education produced results: though reducing the overall operating budget, we managed to provide a modest increase in education funding, to help local districts keep pace with ever-increasing costs. Reimbursement for school bond debt was fully funded as well, to keep the tax burden in check for residents of districts that bonded to build schools (like the Kenai Peninsula Borough School District).

Service Organization(s)

Membership: President, Congregation Briat Elohim; Scouter, Boy Scout Troop 653

Special Interests: Reading, gardening, custom woodworking, fishing, alternate energy technologies

Statement

It's time to begin the transition back to a citizen oriented legislature. The discontent, disenfranchisement, and alienation of the people cannot stand. If our process is to survive, the people (collectively) need viable candidate options on every level of government that are not bound to the will and agenda of traditional party factions. The dynamics, complexities, and needs of today's Alaskan society demands that our legislative decision makers be free to access and implement the best ideals and perspectives that exist along the total political spectrum.

This year, a window of opportunity exists to change the complexion, and therefore direction of the legislature. We can no longer afford legislators who have become little more than paid purchasing agents for those interest groups lined up behind their banner.

The approaching dialogue and debate over uses of the

Permanent Fund, reimposition of an income tax, various taxation schemes, and methods of economic development/diversification will all take place under the specter of declining oil revenue. The crucial question is whether this government needs to seriously examine a change of course, or continue plowing ahead with the same old tired helmsmen.

Start re-empowering people by limiting individual contributions showing Joe Smith can and must equal Exxon, Fidelity Life, or the firm of Dewey, Cheetum, and Howe.

If you feel we need a legislator bold enough to be the iconoclast, common enough to understand the worries of the working class and experienced enough to effectively serve, vote Superman.

Other: Anchorage Visitor's & Convention Bureau, Meeting Planner of the Year, 1990; General Chairman Arctic International Technology Conference, Anchorage 1991

Statement

Alaska's number one need is legislators with the courage to say NO! No to continued wasteful spending, No to more taxes, No to unnecessary regulations which inhibit existing businesses and preclude establishment of new ones. It is irresponsible to seek additional income to offset the declining petrodollars in a futile effort to feed a run-away budget. We must significantly reduce state spending and encourage additional, environmentally sound development. My position on the following:

Economics: •Reduce operating budget 5%/yr (inflation adjusted)

- Establish reliable stable tax policy
- Support resource development and manufacturing; creating new jobs

Education: • Establish equitable compensation between teachers and administration

- Innovatively rethink classroom overcrowding
- Establish no-frills education program K-12; with quality vocational skills appropriate to Alaskan job market

Government: •Install term limits and reduce session length

- Consider single legislative body

Safety: •Make Alaska a safe place to live and play. Stop drug trafficking

Seniors: •Provide for incapable elders but promote a Senior Citizens Talent Pool to utilize their years of acquired knowledge

Overview: •Taxes can not stem the tide of decreasing petrodollars and will stifle new businesses which in themselves would otherwise be revenue sources. Reduced spending will come closer because much can be done without damaging the economy. But the real answer is presenting a stable environment to attract new businesses and encourage environmentally sound resource development. We are a resource state, but resource development, tourism, and enjoyment of our spectacular natural beauty can all coexist if we combine our energies effectively.

Service Organization(s)

Membership: Boys & Girls Clubs of Alaska – Hockey, Blueliner Hockey Booster Club

Special Interests: Youth baseball, float flying, reading (non-fiction)

Statement

Effectiveness in the legislature requires the ability to work with people and a definitive agenda. For years we have sent individuals to Juneau based on promises which have not been kept. If I am elected to represent the people of South Anchorage, my priorities are as follows:

Promote a Sound Fiscal Policy—The state budget has yet to be reduced in any meaningful way. Unless immediate measures are taken to control state spending, the state is heading for fiscal disaster.

Protect the Permanent Fund—Permanent Fund dividends provide a greater positive impact on the economy than any other form of state spending. The spending decisions for these dividends are vested with the real owners of the Permanent Fund, the people, and should remain there.

Promote Open Government—The public's business should

be conducted in a public forum. Participation in the process should be available to all who wish to be involved. Open meetings and public access to governmental functions are essential.

Promote Sound Economic Development—Opportunities for economic development should be pursued if they make economic sense and provide a benefit to the people of Alaska. Nonsensical projects disguised as economic development should be vigorously opposed.

Education, Health, and Public Protection—State spending must be reduced but not at the expense of education, health, and public protection. Government must focus on these essential functions.

Special Interests:

Private pilot, commercial fisherman, classic cars, boating, hunting, fishing, golf, model trains.

Other:

Member, Shiloh Baptist Church

Statement

I am running as an Independent because I strongly believe it's time we rescue our state from the professional politicians. We've seen what the Republicans and Democrats can do. I believe it's time to look outside the organizations that have created our problems, and begin electing qualified people who are not already indebted to the traditional political parties and their agendas.

I recognize I can't change things all by myself. But as an Independent, I can make a start. I can make a difference.

My concerns for Alaska are:

Efficient State government: Tough decisions must be made NOW to reduce spending in all areas.

Jobs: The State must increase efforts to develop long term jobs in the private sector, outside the oil industry. For instance, the State can help by allowing state-owned facilities to be used during slow periods

to train under-employed Alaskans.

Homesteading: Less than 1/2 of one per cent of the land in Alaska is owned by private individuals. That's a shame! I support legislation to open excess state land for homesteads and recreation plots.

Education: Education is a strong priority to me. I support full funding of education for all Alaskans.

Term Limitation: I support limiting the terms of all elected officials.

Crime and Drugs: I support a strong police force to reduce drugs and alcohol in our neighborhoods.

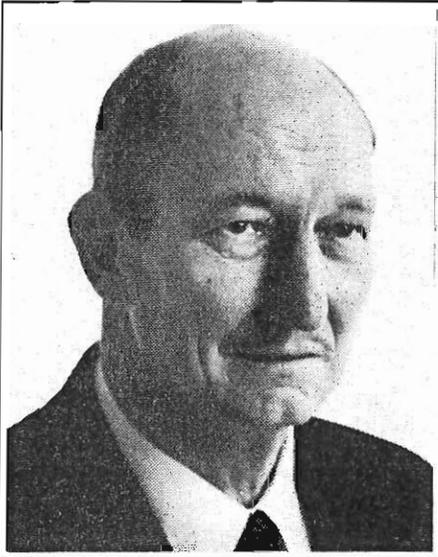

The Family: I support legislation to give parents stronger control over their underage children. I also support mandatory attendance in school for all underage children.

Statement

Now is a time for change.

A vote for a new legislature indicates new hope, new economic opportunities for Alaskans.

We must stand up for Alaska and in doing so we will stand up for America.

We must protect our rights granted under the Statehood Act.

We must keep our land corridors open in order to have access to our minerals, timber, oil and other resources.

We must encourage the development of a transportation infrastructure, public works that enhance resource development.

As major oil companies look elsewhere in the world for oil, we must continue to encourage their investments in the search for oil and encourage small oil developers to continue their efforts likewise.

We must reduce the negative regulatory impasse within this state and provide a positive approach towards permit processing.

Educational opportunities must be expanded in order to meet job market requirements, individual and family needs. Jobs-Jobs-Jobs!

After four years delay, we must send a message to Washington demanding foreign nationals intercepting our fish on the high seas be brought to **justice** and **demand compensation** for lost revenue and **income** to the people of Alaska.

We must secure continued funding for Spenard and Sand Lake schools, roads, sewer and water facilities.

We can reduce waste in government at all levels.

We can and should use our air space for space communication technology as the crossroads to Europe, Asia and Russia.

We can and should use our air space for resource technology.

Statement

Alaska is an exciting place to live and work because Alaskans have high standards. You **care** about the basics. You want the best: quality education for your children, safe neighborhoods and workplaces, good roads and diverse economic opportunities.

You demand and deserve the best from your public servants. We must share your values, respect your opinions, listen to your concerns and work diligently on your behalf.

As your Senator, I will continue to be **ACCESSIBLE** and **RESPONSIVE** to your needs. I will continue to be **HONEST** and **ETHICAL** and act in **YOUR** interest. I will work cooperatively and constructively to solve Alaska's problems...and your problems.

A vital economy benefits every Alaskan. Alaska's businesses need a stable and predictable climate in which to prosper. My ongoing commitment is to improve the business opportunities

available to you by being sure state government acts responsibly. Government must provide clear, consistent standards that will allow private industry to succeed in an environmentally sound manner.

I want to thank the residents of West Anchorage for their continued support. I've authored good legislation, worked to stop bad legislation and have been an **OUTSPOKEN** advocate for our district. I am proud of my record of private and public **EXPERIENCE** and **LEADERSHIP** and my reputation for **INTEGRITY** and **COMMON SENSE**.

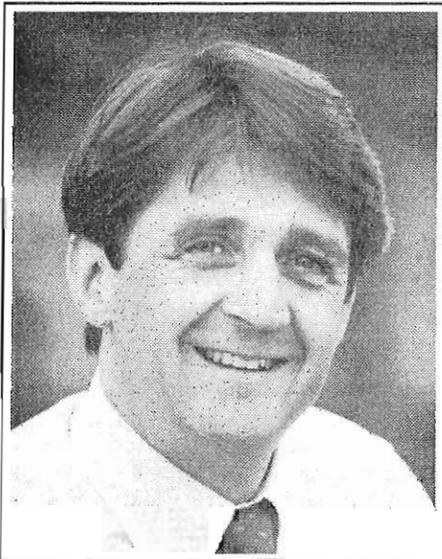

We face a challenging future. I will continue, as your Senator, to represent the values that are important to you and to work effectively on your behalf to **MAKE POSITIVE THINGS HAPPEN**.

College—St. John University, Minnesota, 1975,
B.S. Government
Graduate School of Public Administration; University of
Colorado, 1982, Master of Public Administration

**Political and
Government Positions:** Professional Assistant, House Health, Education and Social
Services Committee, 1986-90
Professional Assistant, House Rules Committee, 1991-92

Business and

Professional Positions: Housing Rehabilitation Specialist, Anchorage Neighborhood Housing Services, 1983-85

Service Organization(s) Membership:

Founding President, Anchorage Waterways Council; Race Organizer, Spenard In Motion 10-K; Past member, Mayor's Task Force on Runaway and Homeless Youth

Special Interests:

Skiing, Photography, Running, Hunting, Backpacking, Woodworking, Baseball

Other:

Nine-year homeowner in District 11 (West Anchorage); Experienced commercial and residential carpenter and commercial fisherman

Statement

We can't afford the politics and broken promises of the past. It is time to elect new leadership, set new priorities and build a sustainable economy for Alaska's future.

NEW PRIORITIES: Back to the Basics

We must focus on the basic public services like:

- **Public Safety**—the most basic requirement for a good quality of life;
- **Excellent Schools**—our best hope for a bright economic future;
- **Healthcare**—all Alaskans have the right to basic and affordable health care;
- **Environmental Protection**—we all have the right to clean water and air;
- **Permanent Fund**—our investment in the future must not be touched;
- **Personal Liberties**—government must not interfere in the constitutional protections and personal choices of Alaskans.

CHANGE AND REFORM: Honesty in Government

Alaskans are tired of politics as usual. I will lead on these reform

measures:

- **Term Limits**—for legislators so there is a greater opportunity for new people and new ideas;
 - **Open Meetings**—the public's business must be conducted openly;
 - **Campaign Finance Reform**—campaigns are too expensive allowing special interests too much influence;
 - **Breaking Legislative Logjams**—we need orderly deadlines for the passage of bills.
- REAL ECONOMIC DEVELOPMENT: Long Term Jobs**
We must develop viable and sustainable job opportunities like:
- **Fishing**—millions of dollars can be retained in state if we attract value added fishing industries;
 - **Tourism**—a long term growth industry showing off a state we can be proud of;
 - **International Trade**—Anchorage is in an excellent position to develop as an international trade center.

Special Interests: All sports!

Other: Cooking! Collecting coins and stamps. Writing a book.

Statement

As your representative my main role will be to put forth effectively, your opinions and views, and making your message known.

Address the urgent needs of the poor and homeless. Mandatory shelters in all cities.

Encourage big business to give scholarships and educational incentives to the young people, to encourage them to go to schools in Alaska, rather than outside. Encourage and fund apprentice programs for all.

Fairness in the work place; both government and private sector. More stringent enforcement of the EEO standards.

The abortion issue is a sensitive one. I am opposed to

abortion as a common practice. I believe there are circumstances where an exception is necessary, and the situation becomes a moral issue. This issue should never have elevated to a State or Federal issue and must be dealt with at a personal level.

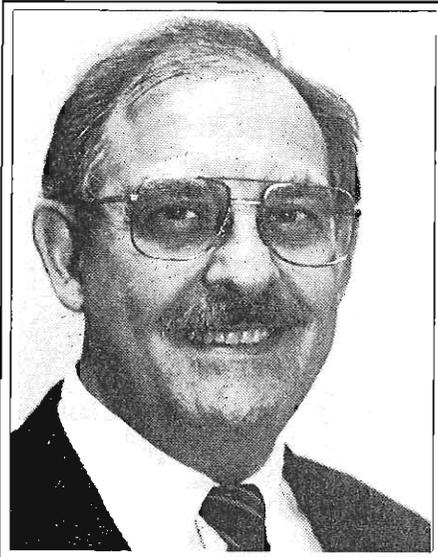

On capital punishment-I believe in capital punishment, especially when a person is convicted of first degree murder and found guilty beyond a reasonable doubt. Sentencing for the rest of a life time at the expense of the State is so ludicrous, and takes away benefits from more deserving people who are basically being deprived in order to support a convicted killer.

Education: High School—Anchorage High School, 1961
College—Willamette University, 1971, B.A. Political Science; University of San Diego, School of Law, 1971-72
Military Service: U.S. Seventh Army-Europe 1964-66 (Drafted by my friends and neighbors in Anchorage)
Political and Government Positions: Currently, Chair of the Municipality of Anchorage Americans with Disabilities Act (ADA), Advisory Commission; Formerly served on the City of Anchorage Budget Advisory Commission.

Business and

Professional Positions: Self-employed small businessman in Anchorage since 1967. Commercial Associate Broker, Jack White Company for 20 years. Member of Anchorage; Alaska; and National Association of Realtors. Adjunct Professor, University of Alaska, Anchorage for three years.

Service Organization(s)

Membership: Anchorage Chamber of Commerce, National Eagle Scout Association; Pioneers of Alaska; Salvation Army; past Director of Lakewood Terrace Townhouse Association; Alaska Festival of Music.

Special Interests:

"Old-Timer" hockey, golf, skiing, reading, cooking, fishing, and duck hunting.

Statement

The opportunity to grow up in Spenard in the 1950's, and begin my business career in the Alaska of 1960's was a blessing. Wonderful hunting and fishing, with no crowds, and an atmosphere of great expectations for the future economic prosperity of the state. With an education and hard work everyone could believe in the State's motto "North to the Future."

Now, I share the concerns and apprehensions of what the future holds for my grandchildren. This is the primary reason I have filed for public office.

As your representative, my priorities will be:

Reduce State Spending on operations to a sustainable level. Declining revenues have been foreseeable for years. We need planning and policies which will yield a "soft landing" for the economy, and maintain essential services.

Reorganization of State Government must be achieved using

the Governor's recent study on efficiency and organization.

No New Taxes are needed. I believe the health of the Alaskan economy will be better served by reducing state spending than placing additional burdens on taxpayers.

Promote Economic Development and a favorable climate for business and job growth. ANWR can be developed in an environmental sound way. We need to review existing laws and regulations in order to encourage responsible development.

Health Care insurance coverage, which is affordable, must be available to everyone.

Family Values will be emphasized, together with responsible citizenship.

Law and Order issues and **Welfare Reform** will receive my attention.

Thank you for the support and consideration of my candidacy.

Statement

Government must be scaled down, yet still provide the basics. The legislative process must be reformed. Alaskans deserve and should expect: open, honest government; quality education and good schools; safe neighborhoods free from crime and drugs; decent roads; and opportunity for jobs.

I believe I have the experience and commitment to make the tough decisions necessary to tackle the challenges we face as a state, as well as to help develop Alaska's potential.

The Issues:

- *Reduce state spending.* Budget based on anticipated revenues.
- *Promote responsible economic development.* Open ANWR with environmental safeguards. Encourage tourism, fishing, mining, timber.
- *Protect the Permanent Fund.*
- *Stable tax policy.* Encourage business and investment.
- *No new taxes.* Control spending first.
- *Early and adequate education funding.*

I will work hard to:

- *Reform the legislative process.*
- *Pass a constitutional spending limit.*
- *Limit legislative terms.*
- *Reduce the session length.*

Alaska has enough revenue to cover the basics and more. It will take hard work and tough decisions to achieve a sustainable spending level, but it can be done.

As a commercial fisherman and business consultant, I understand the need for a strong private sector. I also understand that the legislative process must be reformed and that state government must be reduced. The ways of the past must be changed if we are to have a stable economy and reasonable government in the future.

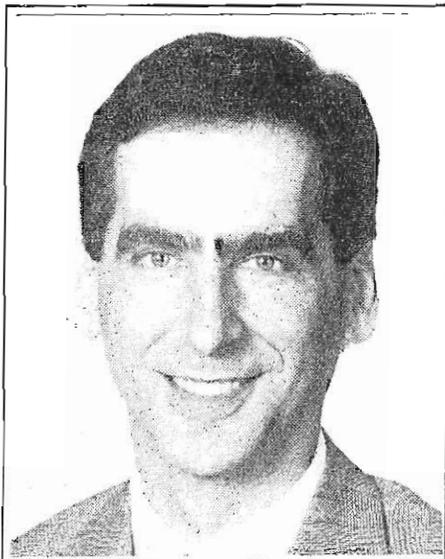

If you would like to know more about my views or express some concerns, please contact me at 243-7574. Thanks for your consideration of my candidacy.

Special Interests: My family, reading, basketball, teaching and coaching youth, fishing, biking

Statement

During my lifetime in Alaska I have seen both good and poor economic times. I will continue to work for improved economic opportunity so Alaska remains an exciting place to live and work.

State Spending and Taxes—We need to reduce the cost and extent of government and improve its efficiency and quality. We have more of a spending problem than an income problem. I oppose new taxes or tax increases.

Legislative Reform—Legislative failures must be corrected. As part of new leadership in the Senate, I will continue to work for a 90-day session and limited terms.

Natural Resources—We need to manage and develop our resources for optimum return, with proper environmental protection.

Education—Strong education provides opportunities for our children—our future. Quality education starts in the home.

Public Safety—We must fight crime, drugs and alcohol abuse with

a vengeance. Being able to live, work and play safely is a fundamental right.

Military—The Alaskan military is a vital part of our economy and social structure. We need to work to maximize mutual benefit from its presence.

Permanent Fund—I support fairness in the distribution of earnings, oppose discriminatory policies that deny Alaskan residents, especially our military and seniors, their share, and support safeguarding the Fund.

Families—We can measure our moral progress, to a degree, by our respect and care for seniors and our families.

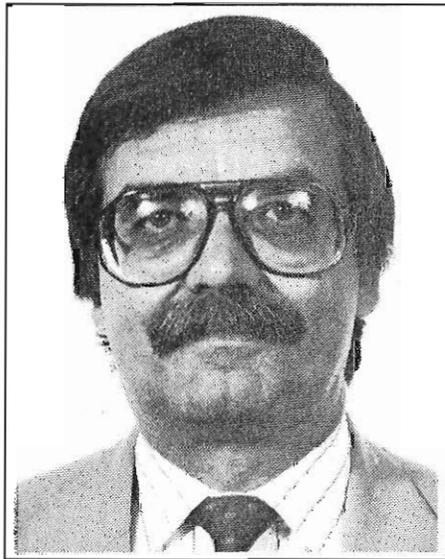

Individual Liberty—I support policies that reduce the role of government and increase opportunities and responsibilities for individuals.

Special Interests: Family outings, hiking, traveling, art, cooking, American political history

Statement

It has not been easy to leave a well-paying job and face the prospect of living five months in Juneau. I like my home, my family and my neighborhood here in Anchorage. Given a choice of sitting back and watching our state decline or getting in there and doing something about it, I prefer to take the road less traveled, and run for public office. I have built a reputation on seeing what's wrong and trying to right it... seeing what's unjust and changing it.

I look at my candidacy as public service, not a joy ride. I want to give voters a clear choice:

•I support legislation that would ensure a woman's right to choose and avoid forced pregnancy. My opponent would ban abortion and endanger the lives of women.

•I support mandatory oil spill preparation and response, and strict liability for both oil terminals and oil shippers.

Three years after the nation's largest oil spill, my opponent supported a bill that would relieve Alyeska Pipeline Service Co. of those obligations.

•I will strengthen public education. I'm sure that the Germans and Japanese are not saying that they will educate their children if they can afford it. My opponent would divert scarce funds needed for public schools to private schools.

We need a **change** in our state Senate, but to make real change, I need *your* help. You have a clear choice.

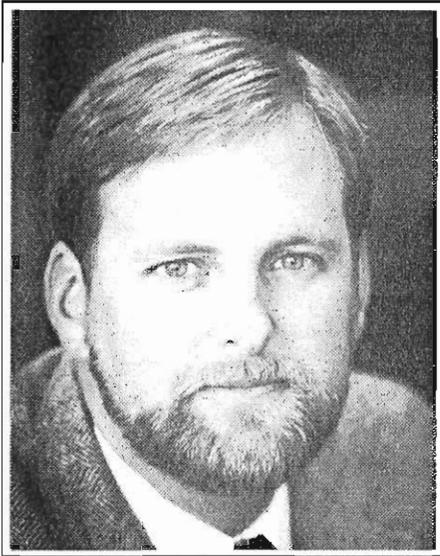

I would appreciate your vote.

Special Interests: Family, music, political involvement, back country skiing, mountain biking, hiking, hunting, fishing, and generally enjoying Alaska's outdoor activities

Other: Fate is particularly interested in developing markets for Alaskan products overseas.

Statement

As a lifelong Alaskan, I have seen many positive changes take place in our state. Most of our successes were achieved by Alaskans working together towards a common goal. Today we need leaders who can apply the lessons from our past to a vision of a realistic and obtainable future. I am optimistic that by working together we can turn our current economic situation into another Alaskan success.

Basic Priorities – We need to get back to basics.

Government should provide essential services like public safety, affordable health care, and cost-effective quality education for our children.

The Permanent Fund – Protecting the Permanent Fund from raids by the legislature will ensure the integrity of the fund for future generations.

Sustainable Economic Development – Promoting economic development should be a government priority. Alaska's future lies in the development of our human and natural

resources. Developing these resources in a sensible and responsible fashion will create sustainable long-term employment.

Fiscal Responsibility – Future spending must be guided by common sense; we cannot continue to live beyond our economic means. Our greatest challenge this decade will be to reduce state spending while promoting Anchorage's economy. By working together, setting priorities, and acting prudently, we can meet that challenge in a realistic and responsible manner.

Campaign/Legislative Reform – Reform must begin by restricting the influence special interests have on the campaign financing process. Limiting the number of terms an elected official can serve, and further strengthening legislative ethics laws, will guarantee legislators focus on your business not their own.

Special Interests: My family, my neighborhood, my state, and my gardens.

Statement

We must remember Alaska's history. It has been a roller coaster ride one after another since early times. The crisis facing us now in 1992 is nothing new—we will survive and flourish as we always have - with new ideas, new ways and new people - and we will continue to enjoy what has made Alaska so special to all of us.

I would like to be a part of the change that's coming. It will be hard work I know but I look forward to helping reshape our schools, economy, and our future growth. It will not only be challenging, but it will be exciting!

Statement

No State Income Tax-Alaskans can celebrate 12 years of no state income tax this year, but others want to rain on our parade. Democrats sponsored state income tax bills which would have taxed the earnings of every Alaskan who make more than \$31 a year (yes, \$31!). Terry Martin helped repeal the income tax in 1980, and has been at the vanguard opposing it every year since. We don't need an income tax; we need to cut government waste. Unless the flow of money is cut off, the bloat in government is inevitable. Don't give into a state personal income tax as a source of revenue until the size of bureaucracy is substantially reduced.

Save More-Increase the corpus of the Permanent Fund by appropriating \$600,000,000 from the Earnings Reserve Account (AS37.13.145) before the next legislature spends it.

Jobs, Jobs, Jobs!-The most effective way to decrease most

of the State's social problems is through more employment opportunities in the private sector. We must break the chains of dependency and provide the tools to give opportunity through education. We need to develop full employment programs not more unemployment. The three major issues for Alaska's successful future are economics, economics, and more economics. The best three solutions to these problems are jobs, jobs and more jobs in the private sector.

It's Constitutional!-Vote "YES" for PROPOSITION #1. Help reform the State Legislature.

Service Organization(s)

Membership: American Legion Auxiliary-Post 29

Special Interests: Arts & crafts, fishing, gardening

Statement

I'm running for the legislature because we need new and energetic representation. For too long we've been represented by career politicians who refuse to deal with the real problems that confront Alaska. As a 31 year Alaska resident, I understand our state and am willing to make the tough choices that we face.

Term limits-The main reasons that the Alaska legislature is so unresponsive is that long-term incumbents forget they are elected to serve the needs of the people they represent. Career politicians spend more time on getting reelected than solving the tough challenges facing Alaska. I will support a constitutional amendment to limit legislative terms.

Economic Development-Alaska's resources can be developed in a way that protects the environment. Resource development is essential to our economy and should be encouraged by state government, but we must also maintain the

quality environment that drew most of us to Alaska in the first place.

Neighborhoods- Anchorage is a "headquarters" city. We attract businesses that base their operations here while serving other parts of the state. They select Anchorage based largely on the desire of their employees to live here. I think one of the best places to invest the state capital budget is in our neighborhoods. Protecting and improving our neighborhoods is good economic policy.

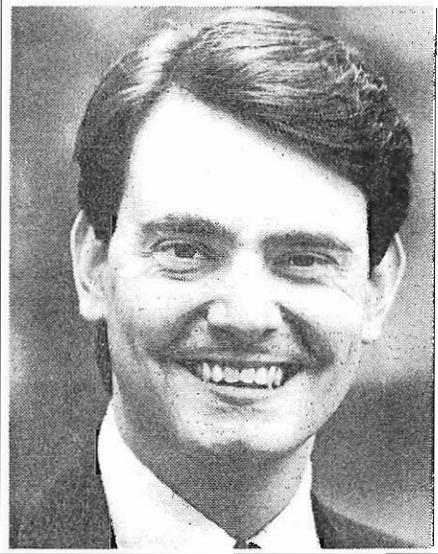

Education-Our children's education is an investment in our future. We need to reduce classroom size to ensure a quality education for every child.

Statement

As you probably know, our area's Senators—Rick Uehling, Pat Pourchot and Pat Rodey—won't be returning. Frankly, I have not been pleased with the way the Senate has conducted the public's business. With your support I can bring experience, energy and a fresh perspective to the Senate.

I have run a positive, people-oriented campaign with 3 major goals:

•**Fiscal Responsibility**—Reduce state spending to a sustainable level while protecting vital "people programs;"

•**Steady Economic Growth**—Promote jobs and small business opportunities for all;

•**Major Reform**—Improve the way the legislature conducts the public's business.

My "**Plan for Alaska's Future**" includes:

•A state government that lives within its means, uses a 5 year oil price average and sticks to a *long term fiscal plan*

- Neighborhoods safe from drugs and other crimes
- Affordable health care* including home care for Seniors
- Schools in good condition and able to prepare Alaska's children for *success* in a highly competitive world
- Aggressive marketing* of tourism, seafood and our airport
- Promoting Anchorage as a world distribution point for goods as well as international aviation training center
- Returning fish and game management to *Alaskans*
- Bringing back the *open primary* to maximize voter choices

I need *your* help to turn these ideas into *action*. I want to be your voice for *positive change* in the Alaska Senate. I am optimistic about Alaska's future. If we pull together, I believe we can ensure that Alaska's best days are still ahead. I would appreciate *your* vote!

SENATE District H

TIMOTHY ARDEN FELLER, Green Party of Alaska

Residence Address: 536 W. 13th Street, Anchorage, AK 99501
Mailing Address: P.O. Box 91424, Anchorage, AK 99509
Date/Place of Birth: 7/14/56; Fire Island Pines, N.Y.
Occupation: Home renovator and improvements worker, Craft importer
Spouse: Racheali
Residency in Alaska: 7 years: Kodiak, April 83-October 83; Anchorage October 83-November 86; Anchorage July 89-present
Education: High School-Shaker Mountain, Burlington Vermont
Political and Government Positions: Board of Directors, Anchorage Greens, Former Treasurer Green Party of Alaska, Interim Secretary Green Party Anchorage Caucus

Special Interests: Kayaking, volleyball, music, art, travel.

Statement

The Green Party of Alaska is a political organization based on 10 key values. Party candidates are committed to their platform, our planks represent our genuine beliefs and not a ploy to raise our popularity in the polls. Our purpose is to enlighten the public and expand political debate. Since our inception in 1990 the Greens have been the only political party in the state to recognize health care as a right and promote the establishment of a universal access system that will guarantee health care to all Alaskans regardless of their income or health.

We oppose the opening of ANWR as a give away and waste of a precious natural resource. Conservation is the greatest source of new energy, ANWR'S resources belong to future generations and must not be squandered by today's overconsumptive society.

Some of our other planks include:

•Establish a product development corporation to promote manufacturing. Turning Alaskan resources, which are

presently wasted or sold below market prices, into high quality products and greater employment.

- Protect, preserve and restore the right of privacy and choice.
- Nuclear free Alaska
- Resource management based on sustainable eco-systems.

Policies that I will personally promote include:

- State sponsored and subsidized child care.
- Family leave.
- Open state pension system to purchase by all Alaskan residents.
- Election reform.
- Recycling.
- Low income home ownership and improvement.

Military Service: U.S. Army, 1963-65, SP4

Business and

Professional Positions: General Manager of Alaska Support Industry Alliance. Prior to position with the Alliance spent 30 years in various jobs in the food management and hotel industry. President of catering company for 7 years.

Service Organization(s)

Membership: Treasurer of Arctic Power (Pro ANWR Nonprofit Organization); Former Scout Master

Special Interests: Fishing, reading

Statement

Government is failing to address the concerns and needs of Alaska's working men and women. Good jobs and opportunities for our citizens must be **THE** priority of government. "Entitlement" programs must address real needs and when possible be temporary assistance programs rather than an "Entitlement" to live off the efforts and work of others. Government assistance should never be an elective alternate life style choice in lieu of working for a living.

The last legislative session(s) was a three ring circus - Administration - Senate - House - without ringmasters. While nothing legally changed from our past form of government in the last session; noticeably missing were truth, common sense and leadership. The only consideration for the majority of our legislators was the urge for reelection. This urge, in many, is stronger than the salmons urge to spawn. Campaign promises

are broken, back room deals are made at the public's expense, good legislation dies in committees and bad legislation is passed on the floor ... all as a strategy to gain an advantage for reelection. Limiting legislative terms to 8 years should go a long way in curing this devastating malady.

My goals as a State Senator:

1. Open ANWR.
2. Reduce the cost of government and maintain a stable tax policy.
3. Encourage development of Alaska's resources.
4. Promote a favorable climate for business and job growth.

Truth and common sense will be my tools. Leadership has been my life.

It is time for change.

Juneau, December 1977-July 1980
Anchorage, July 1980-present
Education: High School—Southwest High School, 1967-69
College—Baylor University, 1969-73, B.A.
Political and Government Positions: Representative, State House, 1986-present; Member, House Finance Committee; Chair, subcommittees on Departments of Administration, Commerce and Economic Development, and Environmental Conservation; House Co-chair, Anchorage Caucus; Director of Oil and Gas, Department of Natural Resources, 1982-86; Legislative Research Agency, 1978-79; Legislative Aide, 1977-78; Chair, Environment and Resource Management Committee, Western Legislative Conference, 1991-present; member, Pacific Northwest Hazardous Waste Advisory Council, 1988-90

Business and

Professional Positions: Executive Consultant, PlanGraphics, Inc.; co-author, *Geographic Information Systems: A Guide to the Technology*; formerly co-owner, editor and reporter for *Alaska Advocate*; reporter for *Anchorage Times* and United Press International.

Service Organization(s)

Membership: Anchorage Economic Development Corporation, ex-officio board member.

Special Interests: Travel, aerobics, cross-country skiing.

Statement

As your representative, my priorities will be:

Protect and enhance the Permanent Fund and the constitutional Budget Reserve Fund to ensure long-term stability for our economy and benefits for generations to come. Inflation-proofing the Permanent Fund is essential. Permanent Fund dividends to citizens have a greater positive impact on the economy than any other form of state spending.

Reduce spending to a level that can be sustained. We must identify those basic services that are essential for public health, education and welfare, natural resource management, and other mandated responsibilities. These items must be priorities as state spending is reduced.

Promote a healthy economy through local, public-private initiatives such as those sponsored by the Anchorage Economic Development Corporation. Emphasize development of tourism,

fisheries, oil and gas, transportation/distribution and information and telecommunications technologies.

Help people by continuing efficient, innovative programs that address human problems, protect children, enhance economic opportunities and improve life in our communities.

Clean up air, land and water by promoting solid waste reduction and recycling and providing technical assistance to help businesses reduce hazardous waste. Aggressively enforce pollution laws.

Assure safe and livable neighborhoods through a working partnership between local citizens, Community Councils, the state and local government.

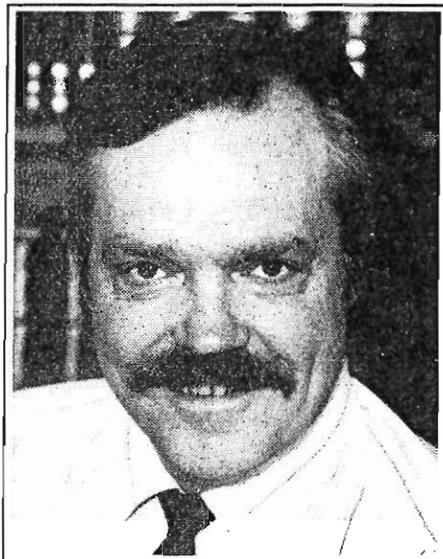

Open government to the public by complying with open meetings and open records laws and providing meaningful opportunities for citizen participation.

Statement

As a 20 year Alaskan resident, I have become concerned that state government has drifted away from being the representative of the people. Some career politicians have become more concerned about their next election and high paid lobbyists, than they are about being our "Public Servants". As a student of the U.S. Constitution and owning a small business, I feel that we, as Citizens, are being increasingly burdened with too much government interference into our personal lives, families, homes and businesses.

If elected I will work for...

- 1) Real Jobs for Real People!
- 2) State Government being more Effective and Responsive to the needs of the People.
- 3) No Personal State Income Tax.
- 4) The wise use of our Natural Resources and the protection of our Environment.

- 5) Protecting Citizen Rights and Alaska State Rights.
- 6) The development of Alternative Choices for Energy, Health Care and Education.
- 7) Protection of Victims' Rights—Restitution to the Victims by the Offender.
- 8) Protection of the Permanent Fund and Your dividend check.

Our state is rich in both natural resources and human talent, we need to support local hire and the wise development of both human and natural resources. We need to support the development of our educational system to produce the highest level of true educational excellence. With your vote, we can return our government to the principles of 'Government of the People, by the People and for the People'.

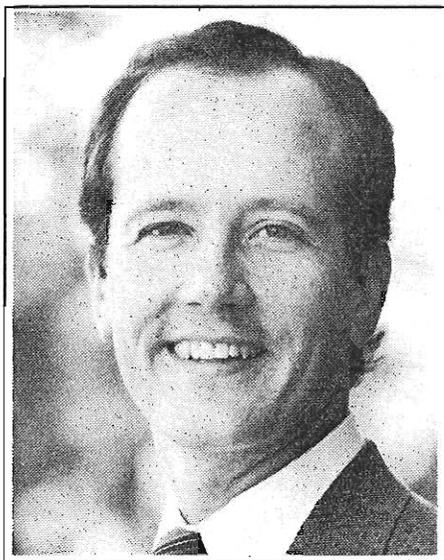

Thank You.

Special Interests: Hiking, softball, gardening

Statement

When I was first elected to the House three years ago, I set out an agenda that I believed would best serve Mountain View and Fairview. While some progress has been made in these areas, there is still much more that needs to be done:

Fighting Crime and Drugs – We need to take back our streets so we can once again feel safe in our neighborhoods. The Anti-Violent Crime Act of 1992 will help deter crime, but new laws alone aren't enough. The State must also assist residents' efforts in neighborhood patrols, redevelopment, school improvements, and other projects.

New Job Opportunities – Over the last three years we have initiated a variety of new economic development projects, including the redevelopment of lower Ship Creek, new air freight businesses, and expansion of the Alyeska Resort. I will continue to pursue long-term development projects which give us new

jobs but avoid the boom-and-bust cycle we've been in.

Reform of the Legislative System – While we passed a strong ethics bill this year, we still must reform the campaign financing system to reduce the role of money in elections.

Protecting the Environment – I am committed to protecting our clean air and water in Alaska. I will fight to prevent future oil spills, clean up hazardous waste, and increase state recycling efforts.

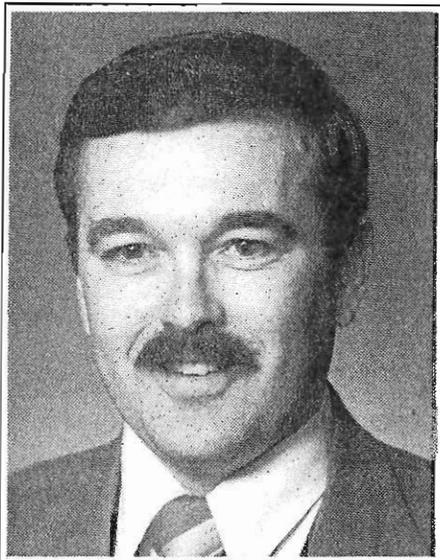

I would like to work on behalf of Mountain View and Fairview in the next Legislature. Thank you for your consideration.

Political and Government Positions: Board Member, Governor appointed, Alaska State Private Industry Council; Past President, Mountain View Community Council; Past Member, Alaska Judicial Council Citizens Advisory Committee Evaluation/Retention of Judges; Delegate, Republican State Convention, 1990

Business and Professional Positions: President & CEO, AlasCal, Inc.; Member Delegate, National Conference of Standards Laboratories; Member, ISA; Past Director, Anchorage Chamber of Commerce; Past Recording Secretary/Member, IAM&AW, Local 1735; Electronics Mechanic, Alaska Railroad, 1982-86

Service Organization(s) Membership: 1st Lt./Emergency Services Officer, Polaris Squadron, CAP/USAF Auxiliary; Instructor, Red Cross; Past Chairman, Anchorage Crime Commission

Special Interests: Flying, hunting, fishing

Other: Citation, 16th Alaska Legislature, 1990; Nominee, Jim Dobson Memorial Gold Pan, 1989; Delegate, Governors Small Business Conference, 1989

Statement

Our Legislature was intended to be served by its citizens, not professional politicians. I strongly support establishing campaign spending limits, limitation on legislative terms, reducing legislative sessions to 90 days.

My experiences give me a broad base of understanding. The pending economic crisis facing Alaska requires NEW, aggressive leadership from someone who has lived, worked, and struggled to survive and raise a family in the real world!

Education is taking a back seat to school board and administration in-fighting. District 16 schools are overcrowded; we must provide essentials to students – bathrooms, manageable student-teacher ratios, classroom size reductions, fewer relocatables!!

I support increasing criminal/monetary penalties for drug and alcohol-related crimes/accidents. We must toughen up review of liquor license renewals for establishments having high incidences of

reportable police calls. Passage of a state conspiracy law is a must!

I support funding from federal and state sources to secure a national health insurance carrier for the economically disadvantaged.

Longevity Bonus Program, if funding is continued at its present level, should be structured like the Permanent Fund Dividend Program – to support Alaskans, not Outsiders!

State government downsizing is essential. The state should encourage privatization of potential income-producing enterprises; must provide the infrastructure, incentives, and stable business climate to promote economical expansion/growth; and encourage outside investment in exploration/development of our natural resources.

I understand problems and frustrations businesspersons face daily – taxes, insurance, financing, employment issues, government competition. I will personally help you with red-tape problems.

Listed in "Who's Who in America", "Who's Who in the World of Women"

Statement

The Legislature needs a psychologist!

- Focus on future economic development.
- Create new revenue sources.
- Provide business and job growth for Alaska.
- Reduce the cost of state government.
- Encourage development of Alaska's natural resources.
- Protect our environment.
- Maintain a fair tax policy.
- Promote Alaska's strategic position on the Pacific Rim and the international air crossroads of the world as a focal point for international business and trade.
- Improve the quality of education.
- Implement privatization of education through a voucher system.
- Balance the budget.
- No new or increased taxes.
- Protect the Permanent Fund

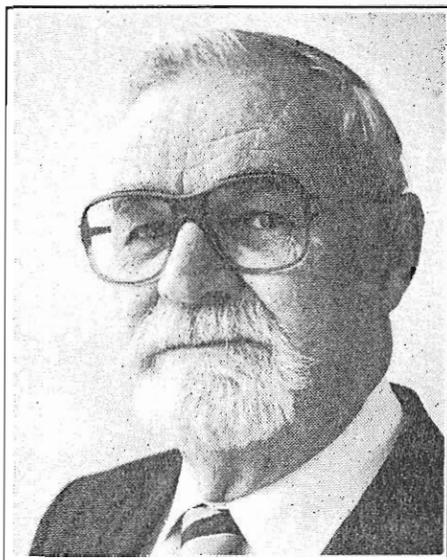

Dividend. •Decentralize Federal governmental authority and promote state's rights. •Increase state revenues by adding value to Alaskan exports. •Establish Alaska as world center for Arctic research utilizing skills of Alaskan natives. •Support senior citizen causes. •Defend constitutional right of non-felons to bear arms. •Maintain a military presence in Alaska. •Enact legislation which protects Alaskan commercial fishing, mining, timber, and water rights. •Keep our towns and villages safe. •Make the Alaskan dream a reality in this century.

Statement

As the only Independent in this 3-way contest, there is small need of my making wide and sweeping promises about what I'll personally achieve if elected.

I feel that my past experience in community affairs and my total years in local government will help me be a senator you can depend on.

I represented a large area with diverse interests as an assemblyman--an experience necessary to best serve the Hillside, Campbell, Bayshore area.

My highest priority will be voter involvement through

public hearings, teleconferences, contacts with community councils, questionnaires and correspondence.

I have a strong commitment to public service. I have always considered public service and politics as an honorable profession.

I will attempt to provide everyone with good government at a price they can afford

Will I deliver? Ask the people I have served before.

Paid for by the candidate

SENATE District I

STEVE RIEGER, Republican

Residence Address: 7820 Port Orford Drive, Anchorage, AK
Mailing Address: P.O.Box 110623, Anchorage, AK 99511-0623
Date/Place of Birth: 5/14/52; Pullman, WA
Occupation: Business Management Consultant
Spouse: Karen Gibson
Residency in Alaska: 34 years; Palmer, 1955-76, Anchorage, 1980-present
Education: High School—Palmer High School, 1967-70
 College—Massachusetts Institute of Technology, 1970-71
 Harvard College, 1971-74, B.A. Economics
 Post Graduate—Harvard Graduate School of Business Administration, 1974-76, MBA Degree

Political and Government Positions: Special Assistant to Alaska Legislature in 1981-82, working on legislation establishing Alaska Permanent Fund Corporation. Served three terms in State House; committee assignments included Finance Committee, Special Joint Committee on Economic Recovery, Budget Conference Committee

Business and Professional Positions: Owner, S. Rieger & Company, a business consulting firm specializing in financial strategy. Former positions included Vice President with another management consulting firm; Assistant Vice President with an investment banking firm; and Assistant to the Vice President with a marine shipping firm.

Service Organization(s) Membership: Member, Anchorage Chamber of Commerce and Chamber's Energy Committee. Former member, National Ski Patrol.

Special Interests: Successfully competed in 1983 Iditarod Trail dogsled race. Competitive runner, sports fisherman, and golfer. Hold private pilot's license.

Statement

I was sincerely honored to represent our area in the State House from 1985 through 1990. After finishing those six years I decided to take a break from the legislative calendar and return to the private sector for a period of time. I have now been encouraged to return to the legislature, and I ask for your support.

I believe the State is looking for and needs stronger and wiser leadership in the Legislature. The level of concern that the state is adrift has never been higher. Restoring direction to—and confidence in—our government will take intelligence, leadership, and hard work.

Our state government has not adequately addressed its long term future. Oil production is declining, while formula entitlement programs continue to increase.

The current level of state spending cannot be sustained.

Some of the necessary decisions may dramatically re-shape state government. My priorities include: (1) reducing spending rather than increasing taxes; (2) wise management of the Permanent Fund and protecting the principal from inflation; (3) high priority toward education at all levels; and (4) creating a favorable economic climate.

I appreciate the quality of life we enjoy in South Anchorage and will work to enhance and maintain it. With proper leadership Alaska can remain a land of opportunity, an attractive place both for work and recreation, for this generation and the next.

Your individual ideas and wishes are important to me. Please contact me to let me know if there is any way I can be of assistance.

Statement

I BELIEVE ...

- Honest government means being as good as your word.
- My job is to represent all of my constituents.
- The good of all Alaskans ALWAYS comes before party politics or special interests.
- In term limits and legislative reforms.
- In reducing the state budget to a sustainable level.
- In the privatization of government functions and the utilization of Alaskan goods and services.

•In a tax and regulatory environment that encourages business expansion and resource development.

•In getting a bigger bang for our buck in education by spending education dollars more wisely.

•In on-site management of our schools so that decisions about your children's education are made by you, the parents, and the administrators and teachers at each school.

I respectfully ask for your vote on November 3rd.

Special Interests:

Family, teaching and coaching high school youth, reading, softball

Statement

In the final analysis, politics is about making and keeping promises. The single greatest problem with our representatives in government today—at whatever level—is the way campaign commitments are checked at the door when candidates become officeholders. In 1990, our current representative promised you and me that he would not vote for a state budget unless it contained at least a 3% reduction. Five months later he voted to pass a budget larger than the previous year. Clearly, we have a crisis of character, and we need a change.

I can offer the following:

Reliable representation.

Consistent and reasoned decision-making.

An open door to hear your concerns.

A heart for service on your behalf.

I will work hard to:

Reduce State Spending.

Promote economic development.

Provide a stable economic policy to keep jobs in Alaska.

Initiate long range economic planning.

Limit legislative terms.

Reduce the session length.

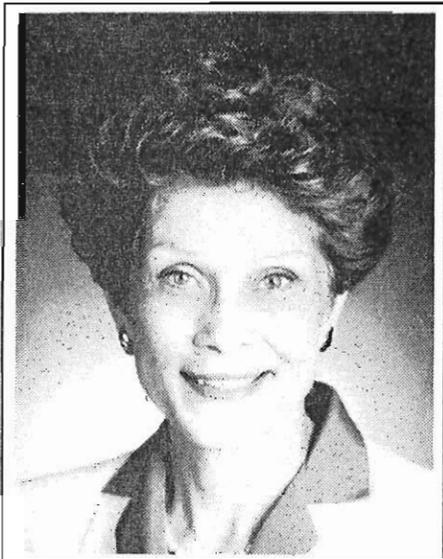

I have spent countless hours being a mentor to high school youth and now I share the joys and challenges of raising our 10 month old daughter, Grace, with my wife, Sandy. I am committed to ensuring safe neighborhoods, quality education, and positive role models for our youth. Throughout this campaign my wife, Sandy, has been my greatest encourager, helper, and "idea" person. I am deeply grateful for her help and for help received from many of you. I respectfully request your vote.

Political and Government Positions: State Representative, 1990-92; member State Affairs Committee, 1990-92; Member Labor & Commerce Committee, 1990-92; Anchorage School Board '85, '88, '89-90; State Committee on Cholesterol, 1989; Municipal School Budget Advisory Commission, 1984-85; Municipal Health Commission, 1981-83.

Business and

Professional Positions: Alaska Real Estate Salesperson License

Service Organization(s) Membership:

Board of Directors, Mid Hillside Community Council; Member Alaska Association of School Boards; Member, National Association of School Boards; Member, National Women's Political Caucus; Former President & Board Member, Taku Campbell Community Council; Former President, Bear Valley Community Schools

Special Interests: Reading, Gardening

Statement

Education—I'm committed to reworking the foundation formula assuring equitable funding for urban schools. Excellence in education is my number one priority.

Control State Spending—We must rein in state spending. The consolidation of housing programs into Alaska Housing Finance Corporation is an excellent example of bureaucratic reduction. We should pursue merging the Alaska Energy Authority with the Department of Community and Regional Affairs.

Aggressive Economic Diversification—A realistic budget goal of \$2 billion dollars could be sustained by aggressive economic development. The Ship Creek Development Project, Glacier/Winner Creek Resort Development and increased Alaska Industrial Development Bond Authority are key to increasing jobs in our state. We must continue to promote the opening of ANWR to environmentally responsible resource development.

Legislative Reform—The passage of the ethics bill is a step in the right direction. I will continue to work for campaign reform and I support a limit on legislative terms.

Public Safety—Support from a wide variety of Alaskan communities who are also facing a reduction or withdrawal of their police protection garnered statewide support for my hillside trooper contracting legislation. In an era of declining revenue and departmental budget reductions a solution allowing contracting with troopers that would replenish revenues to the state coffers is an exciting answer to a perplexing problem.

Right to Privacy—I am Pro-choice. This is a personal decision between a woman, her doctor and her family.

Subsistence—A solution regaining state management of fish and game resources on federal land is critically important.

HOUSE District 18

CON RALPH BUNDE, Republican

Residence Address: 14541 Golden View Drive, Anchorage, AK 99516
Mailing Address: SAME
Date/Place of Birth: 8/4/38; Mankato, MN
Occupation: Professor, UAA, Speech Communication
Spouse: Angelene
Children: Joylene, Kurt
Residency in Alaska: 25 years: Ketchikan 1961-62; Anchorage 1968-present
Education: High School—Mankato High School, 1953-56
College—Central Washington University 1962-66, B.S. Speech Pathology; Central Washington University 1967-70, M.S. Speech & Hearing Pathology
Military Service: Army, 3 years, Specialist 4th Class
Political and Government Positions: Alaska Board of Fish and Game Southcentral Citizens Advisory Committee

Business and Professional Positions: Commercial Pilot

Service Organization(s) Membership: NRA; Aircraft Owners and Pilots Assoc.; Alaska Outdoor Council; Alaskan Bowhunters Assoc.; Alaska Airmen's Assoc.; Bowhunters of America; Alaska Waterfowl Assoc.; Alaska Sports Fishing Assoc.; Aviation Degree Program, Citizens Advisory Board

Special Interests: Community Theater; Alaska outdoor recreation – hunting, fishing, dog mushing; Master instructor bow hunter education

Other: UAA Outstanding Educator of the Year 1991
Through my work and recreational experiences, I have traveled Alaska from its eastern borders to the Aleutians and from Ketchikan to Barrow. I have experience in the educational, aviation, and art communities, and a background in Alaska's outdoor recreation.

Statement

I first came to Alaska in 1962, to Anchorage in 1968, and to District 18 in 1978. I worked for the Anchorage School District, Anchorage Community College and currently teach speech communications at UAA. Teaching has allowed me to experience a variety of summer jobs throughout Alaska.

The breadth of my experience qualifies me to represent a broad spectrum of Alaskans. As part of my desire to represent this broad spectrum of Alaskans, I oppose the closed primary.

Voters want representatives who identify with them and actually live the "Alaskan experience." I believe in a citizen's legislature and feel the urban middle class is underrepresented in Juneau. Legislators must represent the will of the average person through honest, hard work. I am a strong advocate of victims' rights. I also feel it's time women share equal rights and responsibilities.

I will fight to reduce the state operating budget by reducing the legislative budget, reducing the number of state employees through attrition, and eliminating nonessential programs and political appointees. A prioritized budget can maintain the community's quality of life through funding for education, public safety, fish and game management, and improved roads.

We can achieve economic development and job creation by supporting tourism, science and technology industries, and international trade. I support protecting the Permanent Fund and "workfare" rather than welfare.

I believe a legislator must represent the will of the majority. As your representative, I will work to bring the common sense voice of the average citizen to Juneau.

Business and

Professional Positions: Vice President, First National Bank of Anchorage, 1977-80; Executive Director, Alaska Industrial Development Authority, 1980-82; President, Alaska Continental Bank, 1982-88; President, Banking Solutions, Inc., 1988-present; President, Yukon Brewing and Bottling Co. Inc., 1991-present

Service Organization(s)

Membership: Alaska Small Business Coalition

Special Interests: Downhill and cross country skiing

Statement

In less than 60 days, the election to choose the candidate to be our Hillside/South Anchorage Representative to the Legislature in Juneau will take place.

Your mailbox will be stuffed with campaign literature, strangers will be knocking at your door, radio and television programs will have candidate ads continuously while your phone rings off the hook from people asking for your vote.

It will be a confusing and noisy time, but take the time to ask the candidate that wants your vote for solid commitments on where they stand on the more important issues facing us.

So that you can be informed of my position on the more important items facing us, here they are:

I strongly support:

The rights of women, affordable healthcare, small business, environmentally friendly development of our resources, legislative term limits, and a less than 120 day legislative

session.

I am against:

New or increased taxes, increased bureaucracy, career legislators, long legislative sessions, life time welfare, smokey back rooms and political power brokers, and raids on the Permanent Fund.

I am a 16 year resident of the Hillside. My professional experience includes over 30 years of banking, finance, business development and the creation of jobs.

Please call me at 349-7191 (fax, 344-7026) if you have any questions and I will try to answer them or meet with you or your group.

If you agree with my positions, your vote will be appreciated and respected.

Special Interests: Fishing, racquetball

Statement

I believe in public service. I served on the Anchorage Assembly for six years and was selected by my peers to serve as their Chairman. I kept my promise to step down after two terms in order to promote new people and new ideas within Anchorage's Municipal Government.

The experience I gained on the Assembly has helped me represent you in the Alaska House of Representatives and will further help me as I represent you in the State Senate.

In the years ahead of Alaska, we face new challenges. We need to reduce State spending and keep the economy growing. Furthermore, it is important to keep the environment clean and healthy for the next generation of Alaskan families.

Thank you for your support in the past; I would be honored

to receive your vote.

Larry Baker Believes In: The basics—roads, public safety and education should be our top priorities.

- Reduce State spending
- Job creation
- Protect the Permanent Fund
- A term limitation for legislators
- Reduced legislative session

I am and will continue to be optimistic about Alaska's future. Through strong leadership I am confident that State government can help keep Anchorage and Alaska growing.

Statement

As a lifelong Anchorage resident it's been an honor to serve my home town in the Alaska State House. I ask for your vote to continue serving you with open, strong and independent leadership in the State Senate.

A partial list of laws I have authored includes:

- Successful 1988 Constitutional Amendment for Alaska Hire
- Anti-Violent Crime Act of 1992
- 1989 and 1991 Crime Victims Rights Acts
- Six other anti-crime laws including banning guns from schools and fingerprinting of juvenile criminals
- Whistleblower's Protection Act
- Mandatory Auto Insurance Law
- School Bus Safety Act
- Neighborhood Revitalization Act

In the past five years, 28 pieces of legislation I authored became law. I also co-sponsored and voted for ethics legislation and term limits. I voted against legislative pay raises. I worked for meaningful budget reductions. I strongly opposed the income tax and new fee

proposals. I've lead the fight for equality for women in the workplace and personally sponsored legislation that would make it happen.

With your support I will continue to work for:

- Reduced State Budget
- Protection of the Permanent Fund
- Pay equity for women
- Excellence in education
- Anti-crime and pro-victim reforms
- Economic development and diversification
- Term limits for legislators
- Protection of senior Alaskan's programs
- Improved Legislative process
- Cleanup of Anchorage waterways
- Alaska Hire and worker's rights
- Protection of your right to keep and bear arms

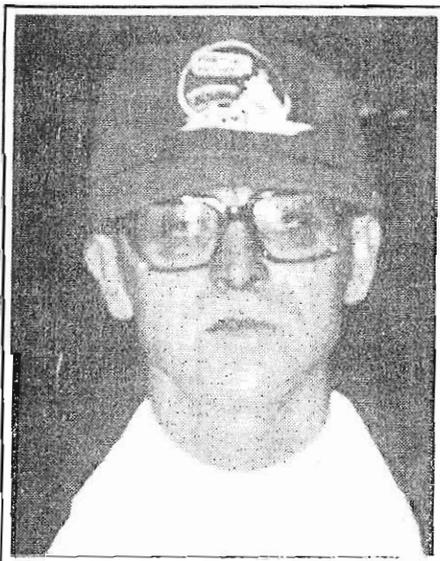

My family has lived in Anchorage over 40 years. Let's continue working together to make life in Alaska the best it can be.

Special Interests: Green Peace (The Spirit Of The Eagle); Earth; The Great Alaska Salmon Giveaway (Salmon for Alaskans), September 1991, primary sponsor.

Other: Freedom from fluoride 1992, Chairman and primary sponsor of petition drive, Anchorage, Alaska

Statement

Freedom From Fluoride

FROM: Diary of Robert Gigler

The following is dedicated to the children of Hooper Bay.

We are the spirit of life and freedom.

We wish to convey the spirit of the Eagle to the children of the future.

In the early morning stillness, the sun glistened on the nearby glaciers and the deep blue waters of a lost paradise. Then, though as from a dream, I heard the cry of an Eagle. I looked and there was no Eagle. Was the cry only from the spirit of the Eagle?

Then, from a nearby fog bank flew an Eagle. He soared across the cove and landed in a nearby tree. The ravens fluttered and flew away.

Then, in what seemed to be an eternity, the eagle flew away. Will the Eagle return in life and freedom or will only his spirit return? Or will the raven return in the spirit of death? Dioxin compounds, benzene, sodium fluoride, a world burning up with toxic chemicals.

What are we going to really give to the children of the future?

Their answer.

Where's my Dad?

Where's my Dad?

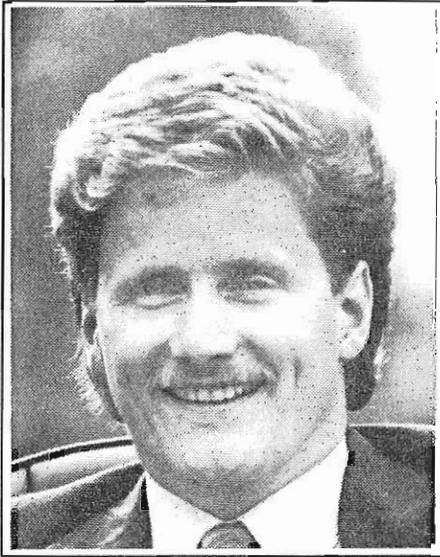

Where's my Dad?

Special Interests: Chess, computers, singing/music, Alaska history

Statement

As a concerned Alaskan I want legislators with substance, legislators who are committed to Alaska's future and not just getting re-elected. Many of these statements will be filled with cutsie, but tired, slogans. If slogans are what you want, please vote for someone else. However, I believe Alaskans want and deserve legislators who will demonstrate the leadership needed to guide Alaska into a positive future.

You deserve legislators who will force meetings to be conducted openly to allow public input and involvement in the legislative process, including budget development. For years services have been reduced while the bureaucracy has continued to grow. You deserve legislators who will reduce the bureaucracy without cutting basic services. You deserve legislators who will work with the private and public sector to produce long range economic development plans, which

emphasize concerns for our environment, to solidify future revenue sources.

You deserve a community that is safe and free of violence. You deserve a community that cares about and does something about substance abuse, child neglect and abuse, and about the family unit affected. You deserve a community that is concerned enough about future generations to make quality education a priority.

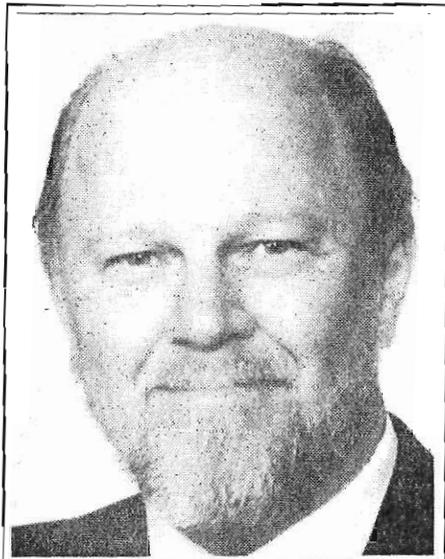

I am committed to working with you to be the type of legislator you deserve. I am dedicated to being a public servant rather than a "politician," and will support term limits to stop the trend of career politics. My desire to create change comes solely from my concern as an Alaskan citizen!

HOUSE District 19

JERRY SANDERS, Republican

Residence Address: 6551 Askeland, Anchorage, AK 99507
Mailing Address: P.O. Box 230090, Anchorage, AK 99523
Date/Place of Birth: 5/28/41; Cami, IL
Occupation: Print Shop Owner
Spouse: Ethel (Kungesuk)
Children: 6 children, 7 grandchildren
Residency in Alaska: 33 years; Kodiak, Old Harbor, Fairbanks, Valdez, Anchorage
Education: High School—East Side High, East St. Louis, IL
Military Service: U.S. Navy E-3, 4 years
Political and Government Positions: Legislative Aide in the 13th Alaska Legislature

Business and

Professional Positions: Owner/Operator of The Print Shop Inc.

Service Organization(s)

Membership: Anchorage Chamber of Commerce, The Alliance, American Legion Post #1, Resource Development Council, Common Sense for Alaska

Special Interests: Hunting, fishing, camping. Enjoy reading cultural, historical and financial non-fiction.

Statement

"My wife and I have raised six children together, and have seven grandchildren with one on the way. I'm a 30 year Alaska resident, who for 15 years has worked as a longshoreman, and for the last 14 years I've owned and operated my own business in Anchorage. I'm a veteran of the United States Navy, trained in aviation electronics. I've picked crops, worked as a commercial fisherman, labored as a roughneck, and participated in the construction of the Alaska pipeline. As a result of my varied background in the private sector, I will be a very **RESPONSIVE** citizen legislator."

JERRY SANDERS

Supports:

- Term Limitations for Legislators
- Opening ANWR
- A Balanced Budget

- Protection of the Permanent Fund
- The interests of Alaska's Seniors
- Strong Enforcement of our criminal laws
- Traditional Family Values

VOTE FOR JERRY SANDERS!

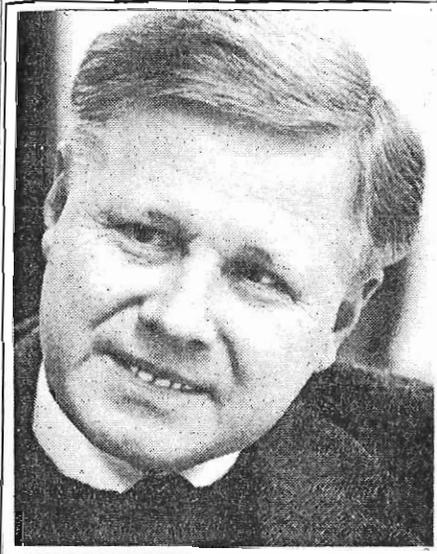

"As your citizen legislator, I will be your eyes, ears, and voice in Juneau. **YOUR CONCERNS** will be my special interests." Having **JERRY SANDERS** as your representative will be the next best thing to being there.

Other: Former President Church Council
You may call me personally at 562-1776 / 24 hour message line

Statement

Midtown-University District 20

It has been a real privilege for me to serve you this last Legislative Session in the Alaska Legislature. It allowed me to get us in on the ground floor for change, which is necessary to firmly deal with our future as Alaskans.

It was no easy task, but the House of Representatives set the pace to reduce the budget in a responsible manner this year. We will need to continue as we look toward a long range approach to adopt many of the ideas produced in the "management review and efficiency study" done recently and of course work to improve our economy.

It will take sound judgement, sound decision making and sensible, thoughtful review of the entire budget to provide a secure and solid future. It will take a real effort with your help to cut the influence of the "for-hire-lobbyists" who have an

inordinate amount of influence in Juneau.

Some Legislative goals for Midtown:

- Change the way the legislature operates in the day to day flow of legislation
- Reduce the budget in a responsible manner
- Ensure public safety, future job prospects, environmental quality and good-safe roads
- Upgrade our schools

Your help will go a long way toward meeting these goals. It would be an honor to serve you as your "citizen representative" in what I call a "servant-leadership role" in our Alaska Legislature.

I hope to merit your support and your vote on election day.

Special Interests:

Family, reading, music, golf, public service

Statement

I am asking for the opportunity to help guide our State and assist our District and Community during the next few years of fiscal challenge. I believe my years as a Municipal Department Head and Manager, and the past three years as a member of the Anchorage Assembly have provided me with a background and the experience that will allow me to successfully contribute to this effort.

I will not arrive in Juneau with a pocket full of new bills to introduce. It would be misleading, though, not to admit that I still have a special interest in Public Safety. Correspondingly, I would work to continue to refine and update our Criminal Code with meaningful, needed provisions and to reject and eliminate the fluff.

Since retirement from the Anchorage Police Department, I have operated a small business and served on the Assembly. This experience has provided me a much expanded understanding of government as a whole and, perhaps more importantly, with an appreciation for the needs of the private sector. I believe that Public Sector support, rather than obstruction, for diversified and expanded private sector economic development is essential to provide jobs and increase our tax base.

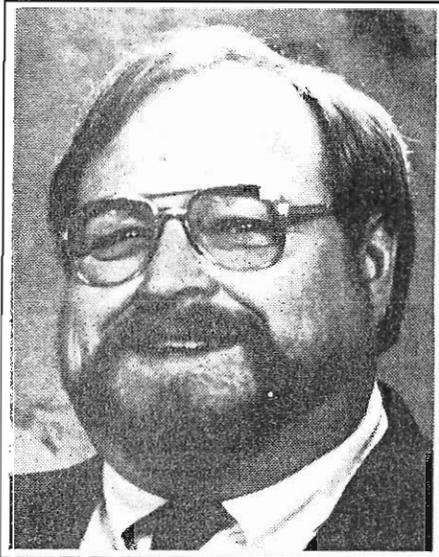

Thank you for your consideration of my candidacy. If you need more information or just an ear, I'm at 277-8787.

Special Interests: Family activities, Boys Club football, camping, fishing and hunting

Statement

Our next few years in Alaska are critical. In a time of change, we can together change the direction of Alaska.

Many members of Alaska's legislature have become career politicians. They no longer see things from our perspective. They are no longer responsive to our needs nor are they attentive to our concerns.

I will work hard to represent you and your concerns. I will work with State and Local agencies to make government more responsive to our neighborhoods' needs. As a businessman, I have had to make some tough management and budget decisions in the last few years. I will do the same for you in Juneau.

With your support I will work for:

- Quality Education for All Alaskans**—adequate forward funding
- Sustainable State Budget**
- Strengthen Our Economy**—diversification, tourism, jobs

- Responsible Development of our Natural Resources**
- Protecting our Environment and our Fisheries**
- Protecting the Permanent Fund**
- Promoting Affordable Health Care for ALL Alaskans**

In the past few years, our neighborhoods have not received a fair share of State revenues. My priorities in Juneau will be the basics; road repair, park improvements, school facilities, pedestrian safety, and better police protection. **If you have a question or a concern, I want you to know that you can call me, Jim Estes, at 337-3839.**

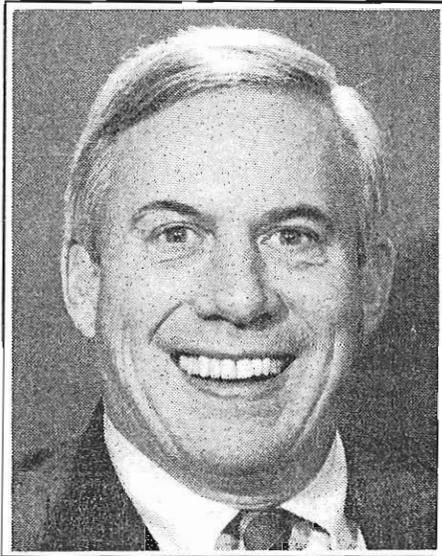

I would appreciate your support on election day. Working together we can make East Anchorage the best that it can possibly be with the representation our area deserves. Remember—**JIM ESTES—HARD WORK—STRAIGHT TALK—INTEGRITY. That's my promise to you.**

Other: Ocean Research Center of the Arctic-(O.R.C.A.), Presidential Achievement Award, 1982, pipeline worker-1975

Statement

TIM KELLY LISTENS to constituents who feel that government is simply not responsive any longer. While going door to door during the primary campaign, he found uncertainty about Alaska's future, concern over the State's budget deficit, anger at the last legislative session and frustration over a State bureaucracy that only seems to care about itself, not the Alaskans it's employed to serve. He found strong support for education and the Permanent Fund and opposition to new taxes.

TIM KELLY UNDERSTANDS as oil production and revenue decline, Alaska must move quickly to establish a "soft-landing" plan designed to cut the looming budget deficit without creating havoc in essential services, the economy and property values. Alaska no longer has the luxury of time. The next Legislature, working with the Administration, must find the political courage to develop a long-range budget plan, enact the necessary

legislation to carry it out and defend it from the special interest groups whose narrow concerns sometimes conflict with the public's as a whole.

TIM KELLY WILL ACT to establish new incentives to attract private industry creating more job opportunities. Reduce the top-heavy bureaucracy, not the workers who provide essential services to the public. Limit legislative terms, which he's learned from personal experience is healthy for both the individual and state government. Improve education, encourage opening ANWR and strengthen the legislative process.

YOUR IDEAS AND SUGGESTIONS ARE IMPORTANT. IF YOU CARE TOO, CALL TIM AT 337-4161, AND LET HIM KNOW WHAT YOU THINK.

Statement

It's time for change in Juneau. You and I know it. The House Democratic majority knows it. They're quitting in record numbers.

We know something is very wrong when the House doesn't finish the capital budget before adjournment. We know something is wrong when one of the most divisive issues facing the state—subsistence—is ignored during the regular legislative session. Both had to be dealt with in special session. We know something is wrong when the legislature can't do what little it does in 121 days.

Budget makers in the House spent every incoming tax dollar and even raided state savings accounts. What's next? The Permanent Fund? Where's the fiscal responsibility? Or more accurately, to what special interests are House Democrats

responsible?

It's time for change in Juneau—positive change. It's time for tough economic decisions. It's time to run special interests and do nothing legislators out of Juneau.

We have to cut wasteful social spending without pulling the safety net out from under Alaskans in temporary need. We have to bring local funding back where it will do the most good for the most people. We have to provide new incentives to attract industry to Alaska and to keep the industry we have.

We can build roads, open ANWR to oil exploration, revitalize our timber industry, and preserve our commercial fisheries. We can make jobs for Alaskans and a future for Alaska.

We can do it-together. Vote for me on November 3rd.

Statement

It has been an honor and a privilege to represent you in the State Legislature these past two years. I am still extremely optimistic about Alaska's future and will continue to work hard to bring about positive change. I support:

- Forward and adequate funds for schools
- Jobs for Alaskans
- Increased opportunities for employment
- Fiscal responsibility in State government
- Open and honest State Government
- Affordable health care for seniors and low income families
- Sound economic development
- Strong ethics laws
- Protection of the Permanent Fund

- Safe neighborhoods
- Assistance to small businesses
- Development of tourism

I ask your participation now, as in the past two years. I will remain accessible to you through newsletters, public meetings, community council meetings, and person to person contacts.

I would like to use the experience and knowledge that I have gained as your State Legislator to represent you again.

Other:

Grandmother of four, received honors from national sportsmen's organizations, national legislative associations, Alaska Peace Officers Association, Anchorage Mental Health Center, Dollars for Dogs

Statement

I have considered it an honor to work for and with the residents of my district and Alaska. I feel my experience has been extremely valuable in dealing with the critical issues that continue to beleaguer the legislature, i.e. subsistence, mental health lands, criminal justice, public safety and addressing the problem of declining state revenue.

We **must** encourage development of other resources such as timber, mining, tourism, and create a hospitable atmosphere for the oil industry so exploration and development of oil reserves may move forward.

My goals for the future include:

- Improving the education of our children
- Reducing the cost of state government
- Making Alaska safe for our families and visitors

- Expanding sound, environmentally safe development
- Advocating honest, open government
- Protecting the Permanent Fund for future generations
- NO** new taxes

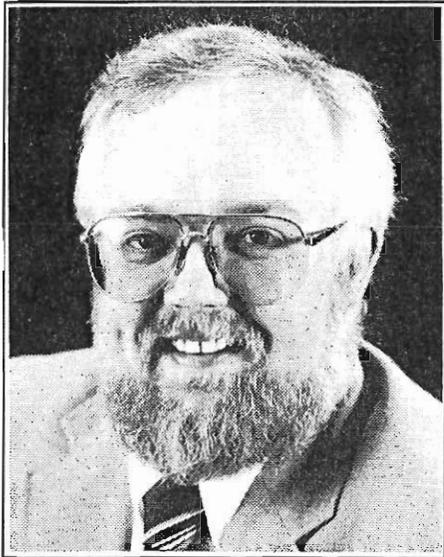

I am honored to have a reputation of integrity and fair play, as even my harshest opponents will attest, and am committed to striving for the goals and desires of the people I represent. I have a record of leadership and experience which is matched by no other in this state. I am the only woman to serve as Speaker Pro-Tem, Majority Leader, Minority Whip, Minority Leader and the first woman to chair the House Judiciary Committee. I will continue to work hard to maintain your trust and confidence.

Special Interests: Recorded "Childrens Songs of the Midnite Sun" (2 albums); Foster Parent 1984-90; Playing the Banjo

Statement

I am running for office because I listen well, usually see alternative solutions to problems, and want to lead Alaska in a better direction.

Abortion: I am Pro-Choice. I believe that this is an extremely personal and private decision that must be left to the woman involved and those she chooses to inform or involve.

Permanent Fund: I support the Permanent Fund program as originally established and voted into law by the citizens of Alaska, and promise to vote against any legislation that tries to modify that law without voter approval.

Reform: I support term limits for legislators to weed the professional politicians out of Juneau, I favor stronger campaign finance laws, and I think legislators should not receive per diem

during special sessions called because they didn't attend to their responsibilities during the regular session. I have pledged to spend no more than \$30,000 on my campaign and to give any money I raise more than that to charity, and I challenge other house candidates to do the same.

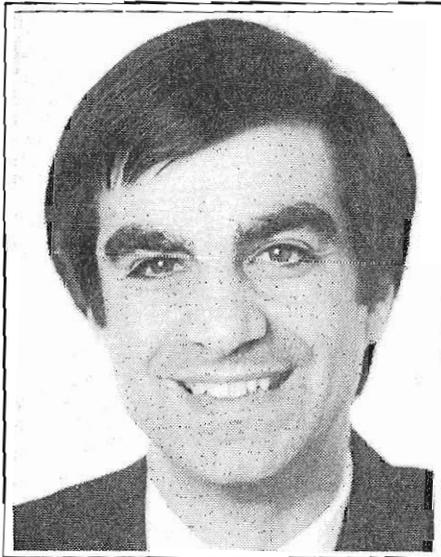

Planning for the future: I think that looking for the quick fix to problems is not in the best interest of Alaska. Setting goals that can be reached over a 6 to 8-year period would make it easier for our state to adapt to new challenges. Using such a goal system would make it possible to move away from basing state budgets on projected income and towards basing them on what we actually have in the bank.

Business and

Professional Positions: Marketing, ReMax, Eagle River 1991-present; Accounts Executive, Alaska First Title, 1988-91; President & Managing Partner, Northern Family Home Video, 1985-87; Marketing Research, Camel Homes, 1982-84; Contract Administrative Assistant, Quadrant Development, 1981; Bell, Herring & Associates, 1980; Tryck, Nyman & Hayes, 1978-79

Service Organization(s)

Membership: Elks; Board of Director, Eagle River Fine Arts Academy

Special Interests: Camping, fishing, baseball, hockey

Other: Named Outstanding Freshman Legislator, 10th Legislature, 1977-78; Outstanding Representative, Standing Together Against Rape, 1987

Statement

My continued pledge to you is to represent the best interests of my constituents and to maintain personal contact through public hearings, newsletters, questionnaires, correspondence and telephone calls.

Local improvements will again be a high priority. I will continue to work closely with other members of our legislative delegation in securing funds for schools, roads, water, sewer and other projects.

I support full and early funding for the school foundation program, which provides for educational needs.

I will continue to fight for fiscal responsibility, which means no new or increased taxes; and will again introduce and push for a constitutional amendment to limit state spending.

I will continue to protect the integrity of the Permanent Fund.

I have been instrumental in placing a constitutional

amendment on the ballot in 1990 which was approved by the voters that established the Budget Reserve Account. The Budget Reserve Account funds will continue to come from anticipated oil and gas tax litigation settlements. Use of these funds requires a 3/4 vote of the legislature, thus making it very difficult for these to be spent. I will continue to protect this fund and insure that the original purpose of the fund is fully realized.

Encourage responsible economic development. Open ANWR with environmental safeguards. Broaden Alaska's economic base by fostering a business climate for tourism, fishing, mining, and timber industries.

I implemented Alaska/Canada legislative cooperation between Alaska, Yukon and Northwest Territories to work on interests of mutual concern such as: tourism; fisheries; ANWR and wildlife management.

Special Interests: Cooking, reading

Statement

I hope you will allow me to represent you and vote for me November 3rd. As your representative I will be **responsive, accountable, and accessible.**

I place a high priority on education and jobs for Alaskans. I will encourage oil, gas and mineral development while making sure the environment is protected. Secondly, our children deserve a share in Alaska's wealth, I will do my best to protect the Permanent Fund for them and their families.

I support a reduction in state spending while maintaining the basic services. I feel this can be done without reinstating a personal income tax or increasing taxes.

Here is a list of things I support:

- Quality Education
- Jobs For Alaskans
- Safe Neighborhoods

HOUSE District 23

ELDON MULDER, Republican

Residence Address: 221 Skyhaven Circle, Anchorage, AK
Mailing Address: P.O. Box 140711, Anchorage, AK 99514
Date/Place of Birth: 8/28/57; Sioux Center, IA
Occupation: Owner, Mulder Management Services
Spouse: Wendy
Children: Corey Anne (1)
Residency in Alaska: 8 years; Anchorage
Education: High School—Sioux Center High School, 1973-76
College—Central College, Pella, Iowa, 1976-80, B.A.
Post Graduate—University of Colorado, Boulder,
1980-82, M.A.

**Political and
Government Positions:** Chief of Staff, Senate President, 1989-90; Legislative Aide,
1985-88, 1991-92; Voter registrar

Business and

Professional Positions: Association of the United States Army; Coalition of American Veterans; Notary Public

Service Organization(s) Membership:

Armed Services YMCA; National Rifle Association; Kenai River Sport Fishing Association; Anchorage Sports Association; Anchorage Golf Association

Special Interests:

Family, home improvements/refurbishing, softball, golf, skiing, fishing

Other:

Legislative Liaison, Anchorage Winter Olympic Organizing Committee; Northeast Community Council—Muldoon Road; Redevelopment Subcommittee

Statement

Tired of the State Legislature's "business as usual" attitude? Special sessions, deficit spending, and an overall lack of leadership continue to plague our legislative process.

Eldon Mulder represents change. His priorities will be:

- Limiting legislative terms
- Protecting the rights of Ft. Richardson's military personnel and their families
- Reducing state spending, beginning with the Legislature's budget
- Preserving the Permanent Fund
- NO NEW TAXES
- Cutting high-level bureaucrats, not workers who provide essential state services

- Protecting **every** Alaskan's fishing and hunting rights
- Keeping our primary elections open to **EVERYONE**; and most importantly
- Securing funds to improve Muldoon's roads, sidewalks, schools and parks. We need to make the upgrading of Muldoon Road a legislative priority, similar to improvements done to Spenard and East Northern Lights Roads

If you have ideas on how to improve Muldoon Road or would like to become involved in Muldoon area upgrading plans, please give me a call at 337-0740.

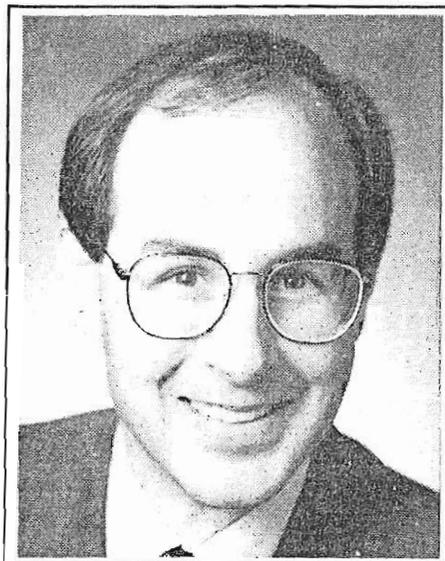

Eldon Mulder...working to Make Muldoon Matter!

Special Interests:

Fishing, camping, skiing, hunting

Other:

Elder, Eagle River Presbyterian Church

Statement

As your representative, my priorities will be:

Education: I will strive to ensure the best educational opportunities for our children. With the cooperation of the community, family and state government I know we can deliver excellence in education to Alaska's children. I will work to promote the cooperation that effort requires.

Economic development and jobs: Opening ANWR to environmentally responsible exploration and development is important to our economy. My experience in the oil industry uniquely qualifies me to face the challenges of this economic development. A stable tax policy is important to encourage business and investment opportunities.

Responsible State spending: As a small businessman, I understand the challenges of maintaining a business in a declining economy. State spending priorities must be identified and the budget balanced on sustainable revenues. It can be

done with *responsible* planning and assessment of *needs*.

People enhancement programs: I will promote programs that address human problems like health, child and family care.

Permanent fund stability: Protecting the Permanent Fund for future generations of Alaskans to ensure economic stability is a priority.

Legislative reform: Limiting legislative terms, campaign finance reform and strict enforcement of ethics legislation is urgently needed to renew voters' faith in Alaska's legislative process.

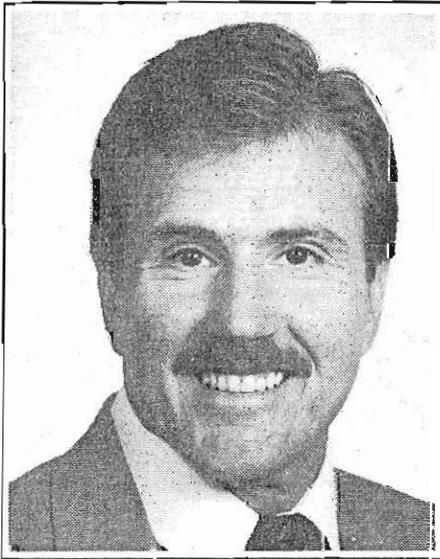

Ours is a community with *unique* and *distinct* qualities. I am committed to maintaining and enhancing those qualities that have made each of us choose District 24 as our home. The future of our community is bright and I look forward to working with you toward that future.

**Service Organization(s)
 Membership:** Committee member, Regional Citizens Advisory Council; former President/Vice President, Homeowners
 Association

Special Interests: Fishing, golfing, education, politics

Other: Member, Skyline Fellowship Church

Statement

A Representative is supposed to represent. As your legislator, I am committed to representing you the best way that I know . . . through dedication, hard work, listening to your concerns and making the tough decisions that are in your interest. Let's get back to the real form of representative democracy and leadership that counts.

Key Issues:

State Spending is our biggest problem. I'm a fiscal conservative who is appalled at the inability of government to spend within its means. It's time to balance the checkbook, **not** raise taxes or user fees to conceal fiscal irresponsibility.

Economic Development can occur as long as there is a concerted effort by the state to eliminate excessive red tape and provide incentives to businesses which promotes growth and expansion. Developing our natural resources while protecting

the environment and pristine beauty of the state is a reality that must be encouraged.

Protecting Alaskans from Criminal Activity is government's responsibility. It's time to stand tough on crime and address victim's rights. Sentencing reform is needed to ensure that those convicted of heinous crimes are dealt with severely. There's no place for drugs in our neighborhoods or schools.

Preserving and Maintaining the Permanent Fund and Longevity Bonus Program is vital for all Alaskans. These programs contribute immensely to economic growth and recognize Senior Citizens for their dedication to our great state.

It's time for change and together we can make it happen. I would appreciate the support and vote of my neighbors in District 24.

Other:

"Outstanding Legislator of the Year – 1988" by Phi Delta Kappa; Alaska Outdoor Council Wildlife Conservation Legislator of the year, 1990; Outstanding Republican State Senator by the Alaska Republican Party, 1992

Statement

Every decade the constitutionally mandated reapportionment process brings major changes to our legislative process. Population changes force modifications in district boundaries and alliances. New districts and the election of all 60 house and senate members provide real opportunity for new direction.

Current state spending levels substantially exceed ongoing revenue and cannot be sustained by any combination of taxes or fees on Alaska's citizens. The answer to our fiscal crisis is the combination of **reduced state spending** and **responsible resource development** to create jobs and income.

I will continue to vote against operating budget increases and to oppose any method of taking dollars from Alaska's citizens until we see substantial real cuts in state spending.

As the sponsor of the last 1.3 billion dollar excess deposit to

the Permanent Fund principal my support for the Permanent Fund and its dividends remains uncompromising. Any attack on the dividends is in effect a flat tax, paid only by Alaskans, which heavily impacts lower income brackets and children.

Road maintenance, education, law enforcement and basic services must be protected as spending is re-allocated.

The areas east of Anchorage from Chugiak/Eagle River through Wasilla and the Valley have been heavily impacted by the growth of the last decade. We have a lot of catching up to do in basic services at a time when revenues are hard to come by.

With new legislative direction we have a bright future based on supporting free enterprise, family values and basic services.

Service Organization(s)

Membership: Palmer Rotary

Special Interests: My grandchildren: Robert, Joshua, Issac, Kelly; cooking, swimming, power walking

Statement

Our Government has come to a standstill because our elected leaders care more about the special interests than they do community interests. When lawmakers stay in Juneau too long, they begin to think they are more important than the people they represent.

I do not want to be a full time professional politician.

I support limited terms of office.

I support shorter sessions with deadlines and rules that are adhered to.

I am deeply concerned about the financial choices facing Alaska. With the ever sharp decline in oil revenue, what follows must be either a reduction in state spending or an increase in taxes.

The last thing the families and small businesses in this state need is an increase in taxes . . . we must cut spending.

I'm concerned about what you're concerned about: safe

neighborhoods, quality schools, reasonable, responsible taxes.

I have the energy and experience to be effective from Day 1 as your Senator. I have served my community at the state and local levels, but I also am a businessperson who has raised a family.

I will not become a Juneau establishment, I will serve you well for a short time and then return home to be part of our community.

While thousands of people work for our government, our government is not working.

This must be the year we put government back to work for the people. I promise, as your Senator, to always listen to your concerns, to represent you honestly, ethically, and to strive to improve both our government and our community for years to come...

Paid for by the candidate

HOUSE District 25

MIKE DaFERMO, Alaskan Independence

Residence Address: 16510 Centerfield Dr., A-202, Eagle River, AK 99577-7763

Mailing Address: SAME

Date/Place of Birth: 1/21/53; West Jersey, NJ

Avocation: Research Analyst

Residency in Alaska: 8 years; Anchorage, 1984-85
Eagle River 1986-present

Education: High School—St. James Catholic High School, 1971
College—The Pennsylvania State University, 1976, B.Ph.
Post Graduate—The University of Alaska, Anchorage,
Current, M.F.A. Candidate

Political and Government Positions: Municipality of Anchorage, Analyst/Programmer 1985-86; Republican Party of Alaska, Precinct Chairman, 1992; D.O.D. "Top Secret" Security Clearance, 1980-82; Delaware County Public Relations Department, 1979.

Business and

Professional Positions: Independent Businessman, Computer Analyst/Programmer, Community Volunteer.

Service Organization(s) Membership:

My voluntary community service has included work with the: Brother Francis Shelter; St. Vincent de Paul Society; The Sleepoff Center; AK Sport Fishing Assoc.; Stream Bank Rehabilitation Project on Campbell Creek; AK Dept. of Fish & Game: Silver salmon study, salmon counting; Alaska Rescue Project; and Alaska Right to Life. Membership: The Orton Dyslexia Society; The Learning Disabilities Assoc.; P.A.R.E.N.T.S., and the Southcentral Coalition for Assistive Technology.

Special Interests: Helping others and self-improvement

Statement

ABORTION is premeditated torture and murder of defenseless unborn children. Abortionists exploit women and, in numerous cases, leave the mother with permanent injuries. Elected, I will introduce a Human Rights Amendment protecting all Alaskans from conception through natural death.

MOTHERHOOD is God's special gift to humanity. I will introduce the Motherhood Protection Act. This bill will work together with public and private initiatives to guarantee all Alaskan mothers access to resources required for a healthy and safe pregnancy.

EDUCATION free from drugs, alcohol, violence and sexual harassment is a primary right of all Alaskan students. Providing for the special needs of all students is a top priority.

FAMILY VALUES are under constant attack by the media,

our public educators, our state workers, our courts and sadly, our state legislators. This seemingly well intentioned interference by a misguided few must be challenged and stopped. Public recognition of the significant and indispensable contributions made by our private schools, our churches, our youth groups and our service organizations in protecting the expressions of family values is paramount. Our Chugiak-Eagle River parents through their unselfish, tireless efforts have and continue to set a standard that other Alaskan communities seek to emulate.

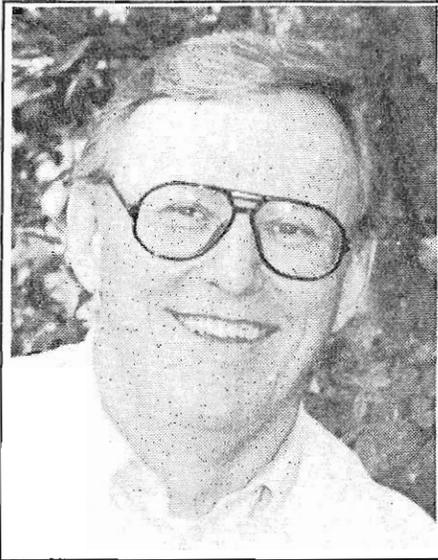

TRUSTED SERVANT, advocate, troubleshooter and liaison are important abilities required of the individual who represents you and your family. Thank you and I appreciate your vote.

Residence Address: 17408 Charity Lane, Eagle River, AK
Mailing Address: P.O. Box 770044, Eagle River, AK 99577
Date/Place of Birth: 5/25/44; Great Falls, MT
Occupation: Certified Public Accountant/UAA Adjunct Professor
Spouse: Lael A.
Children: Paul, Christine, Weston, Dustin, Lael, Richie
Residency in Alaska: 10 years; Eagle River, 1987-92; Anchorage, 1983-87; Eagle River 1982
Education: High School—Great Falls High School, 1962
College—University of Montana 1969-72 B.S.
Military Service: U.S. Army, 6 years, E5

Business and

Professional Positions: Self employed certified public accountant with office in Eagle River; Co-owner with spouse, Confectionately Yours, Eagle River; and Adjunct Professor in accounting at the Chugiak Campus, University of Alaska Anchorage. Currently interim director/lecturer, UAA Anchorage Small Business Development Center.

Service Organization(s)

Membership: Member American Institute of CPA's; Alaska Society of CPA Board of Directors 1986-87; Chairman Taxation Committee 1985-87, Chairman Tax Forum Committee 1984-87; Alaska Pacific University President's Fund, Multiple Sclerosis Society Fund Raising Committee 1984-86; and volunteer income tax assistance program instructor.

Special Interests: Fishing, auto restoration

Statement

As a Certified Public Accountant (CPA) and small business owner, I have been privileged to know and work with many of the Chugiak/Eagle River residents.

Since living in this area, I have believed in putting back into the community what it has given me—a sense of strong family values, honesty, integrity, and hard work. I proudly teach part-time at the Chugiak/Eagle River campus of UAA and work with the UAA Small Business Development Center to teach and promote small business development in Alaska.

As your legislator, **Glen Nicolai's** pledge to you is to continue to focus on Chugiak/Eagle River's strong sense of community, promote better education for our kids, and responsibly develop our resources so that all Alaskans may enjoy

the benefits of living in this state.

Being a parent, an accountant and a small business owner, I have the experience to step into the legislature and be effective.

My simple beliefs are:

- Strong family values
- Reduced legislative session
- Responsible state spending
- Better education for our kids

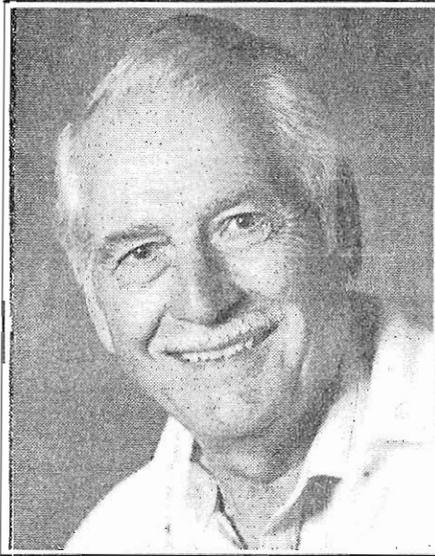

I welcome the opportunity to represent each of you in Chugiak/Eagle River and would appreciate your vote on November 3rd.

Date/Place of Birth: 11/29/23; Barstow, CA
Occupation: Retired Power Plant Engineer
Spouse: Joyce
Children: Steve (deceased), Rodney, Charles, Linda, Marla
Residency in Alaska: 42 years; Anchorage, 1950-53; Eagle River, 1953-present
Education: High School—Barstow Union High, diploma, 1941
College—San Bernadino Community College
Military Service: U.S. Coast Guard—Merchant Marines, 1944-47, Pacific War
Zone Bar, Merchant Marine Emblem, Presidential
Testimonial Letter

**Political and
Government Positions:** State Senate, 1975-79; Chairman, Labor and
Management; Co-Chair, State Affairs; Chairman,
Statewide Hearings on Alaska Hire Legislation; Chairman,
Statewide Hearings on Capital Move Legislation; Borough
Assemblyman, 1966-75, Assembly President, 1969-70,
1973-74; Chugiak Advisory School Board, 1961-63

**Business and
Professional Positions:** Former service station operator

**Service Organization(s)
Membership:** Board Member, Alpine Alternatives; Eagle River Elks #2682; American Legion Post #33; Alaska Retarded
Citizens Association; M.A.D.D.

Special Interests: Our grandchildren, reading, C-Span, baseball, working with Alpine Alternatives, equestrian program for
the handicapped

Other: Chugiak-Eagle River Chamber of Commerce Bearpaw Award for Outstanding Public Service (1970); Co-
Chair, Operation Chugiak High School, 1961-63

Statement

I am running for the legislature as an INDEPENDENT because the confusion and turmoil of the election process did not leave the voters of Chugiak-Eagle River a choice.

REBUILDING OUR ECONOMY and providing JOBS will be my top priority. Our oil will eventually be gone. We must work to increase value added industries for long term Alaskan jobs.

POLITICAL REFORM:

• A political party should not dictate voter choices! I support OPEN PRIMARIES.

• I favor a "citizen legislature." I support TERM LIMITS.

• **REAPPORTIONMENT REFORM.** The process which Balkanized Chugiak-Eagle River and divided neighborhoods isn't right! I will introduce legislation to create a nonpartisan citizen's board.

EDUCATION

I will work to build needed schools and ease classroom overcrowding. I will fight for a more equitable share of state education funding.

HUMAN NEEDS

We must continue our commitment to help developmentally disabled and handicapped Alaskans who are less able to help themselves.

BUDGET

We must limit spending to a level consistent with declining revenues. I am proud of my efforts to repeal the income tax, and do not favor bringing it back.

COMMUNITY VALUES

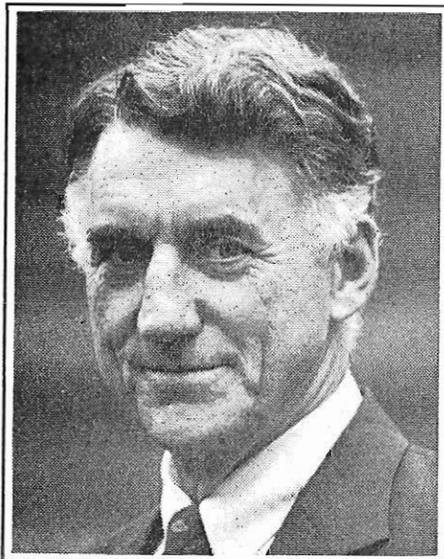

Joyce and I raised our five children in Eagle River and our grandchildren live here. With the growth of Chugiak-Eagle River we have seen many positive improvements, but we have also seen an increase in violent acts and property crimes. I support strong laws and enforcement to make our neighborhoods safe and drug free for our families.

Children: Patrick (37), Jeff (36), Julia (34), Margaret (33), Daniel (31), Mark (29), Ralph (28), Ted (26), Molly (23)
Residency in Alaska: 43 years; Wasilla AK, 1949-present
Education: High School—Austinburg High School, 1943-47
College—University of Alaska, 1969-73
Military Service: U.S. Army, 2 years, Sgt. 1st Class, Bronze Star
Political and Government Positions: Elected to Alaska House of Representatives, 1978-82, 1990; Vice Chair, House Community and Regional Affairs Committee, 1979-80; Member, House Finance Committee, 1981-82; Chair, Special Committee on Agriculture, 1979-80; Co-Chair, House Health, Education and Social Services Committee, 1990; Member House Resources Committee, Special Committee on Oil and Gas and Legislative Budget and Audit, 1990.

Business and Professional Positions: Vice President, Wasilla Refuse

Special Interests: Family, enjoying Alaskan outdoors, skiing, horseback riding, farming, reading, public service

Statement

It has been a privilege to serve as your state representative for the past two years.

During my last campaign I promised to work for:

- Equitable funding for local schools
- Road improvements
- Protecting the Permanent Fund
- Four lane highway construction
- Wishbone Hill coal development
- Job Corps
- Ethics in the Legislature

The legislative record will show that I have honored these commitments. I sponsored legislation that increased the foundation formula for education and reduced local taxes. I worked with our Congressional Delegation to secure the final funding for the Job Corps Center. I helped to secure an additional \$1,000,000 for local road maintenance and construction. We

passed comprehensive ethics legislation. These issues will receive my continuing support.

New priorities for the next legislative session include:

- Legislation to reinstate debt service retirement for local school construction bonds
- Reduce the budget by streamlining state government and eliminating unnecessary programs
- Work to resolve the Mental Health Trust Lands issue to allow further development of our natural resources, including Wishbone Hill
- Continuation of my efforts to hold legislative sessions closer to the majority of Alaska's residents.

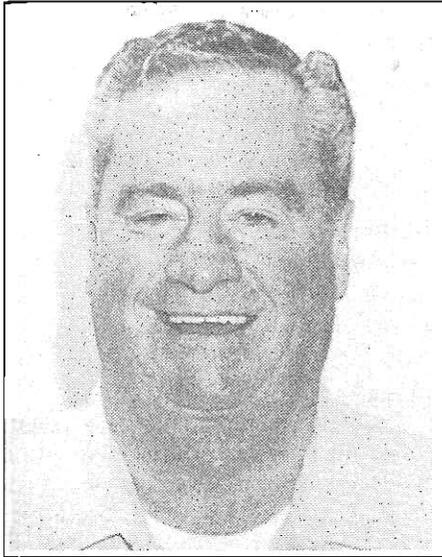

I look forward to discussing these issues with each and every one of you and welcome your opinions and ideas. I will always be available to listen and respond to your concerns.

Professional Positions: Truck driver, survey crew, car salesman, collector, insurance salesman, real estate developer, father and husband, Real Estate Broker

Service Organization(s)

Membership: Elks, Moose, American Legion, Pioneers of Alaska

Special Interests: Golf, boating

Statement

During my time in Alaska, from 1936 to present, I have witnessed a very large number of changes, in the population, the state's geography, its income and expenses (budget), and the developing governmental attitude towards the general population. I can see where, over my 55 years, I have witnessed history in the making, and also, where this same history can be preserved and taken advantage of, and used for the tourism industry. Alaska has always been a place that people in the south 48 have dreamed about, but could never visit, for a number of reasons. In retirement, many of them now are visiting, and those things which they dreamed about should be preserved and put on display. Our heritage is important. As children growing up here, we know how difficult it has been, and how difficult it still is for many of the children growing up today. And we know how it is possible to help these children today

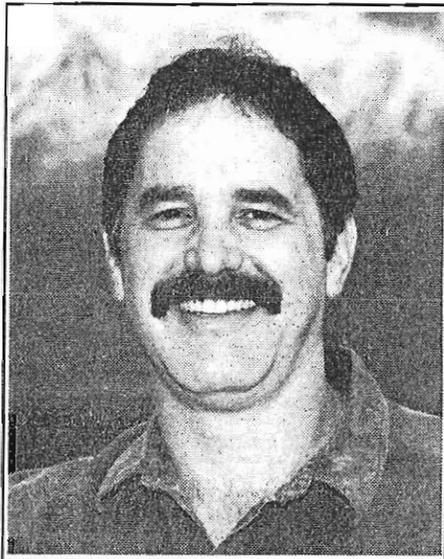

with the resources at our disposal, and those resources should be used, but with caution and judicially. Our state has one of the highest number of veterans per capita of any state, and the views and suggestions of those veterans are critical in the management of any government. Our educators need to be listened to, because they shepherd our children during school hours. Capital project spending must remain a part of our future, for it provides public works facilities and jobs. There should be no increased taxes. And we must practice conservative review in our spending. And we must find what the opinion of the majority is and strive to represent that majority.

Collecting Alaskan artifacts and memorabilia; licensed Private Pilot; Certified Scuba Diver

Other:

Yukon River Expedition leader, Lake Bennett to the Bearing Sea

Statement

Schools—Research is presently being done regarding staggered quarters for year round use of public school facilities. I will continue to stay abreast of these activities in order to help design creative solutions to deal with the use of public schools in the face of declining revenues.

Roads/Transportation—I will work with DOT to solve the traffic congestion problems in and around Wasilla. I support using Federal funding that is currently available for building bike paths and trails.

Crime—I support controlling crime not guns.

Natural Resources—Our future is in the responsible development of our natural resources.

Tourism—I encourage developing tourism facilities such as:

- Heritage Park in Eklutna
- Knik Glacier Access
- Hatcher Pass Downhill Ski Area

Principles—I will continue to defend the traditional family values that are the bedrock and strength of our country. I will also continue to defend the Alaska Constitution and the rights of equal access to the state's natural resources including fish and game.

Legislative Reform—I support a 90 day session, limited House and Senate terms, and ethics reforms.

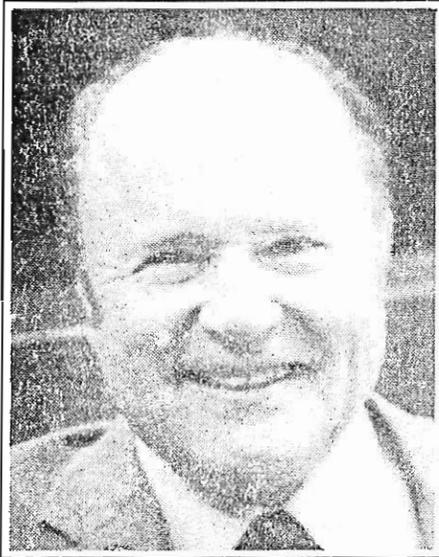

Senior Citizens—Our families and community benefit when our seniors choose to retire here rather than outside Alaska.

Statement

In Alaska we are given the unique position of owning the rights to our state's resource wealth. We have an ongoing duty to remain vigilant in our use of these resources to provide for the necessities of life: education, health care, roads and public safety.

I enjoy public service and take the job seriously. I think as Alaskans we have the duty to think ahead to future generations and to provide not only for ourselves, but to plan for them.

Lack of an historic perspective and new economic-political factors have eroded our stewardship. The state must receive a fair rent from public resources just to provide the necessities of life in Alaska. Today, as before statehood, investors take Alaskan profits and build other areas' infrastructures. From London to Tokyo, communities prosper from our resources.

Public awareness of what supports the Alaskan economy is vital. This knowledge needs to be used to improve the Legislature's support for wise, business-like, disposal and rent of our resources.

Congress gave us the chance to live well in Alaska. However, only active thinkers who analyze and vote will keep us from losing the opportunity given us at statehood. Without this we are destined to poor schools, reduced health care, unemployment, high taxes and a life we do not want for our children and future generations.

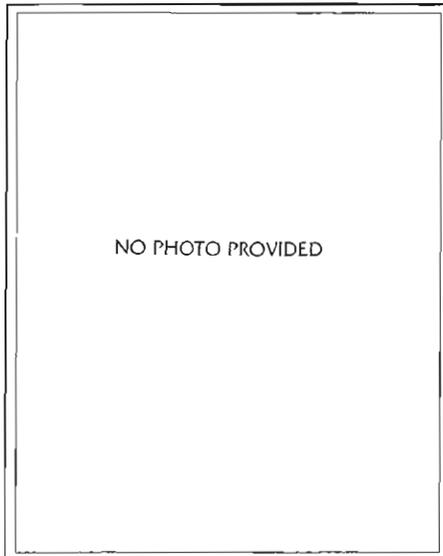

If I have only one thing to say this election season it is this: don't just vote. Read - think - **then** vote.

Other:

Actively involved and interested in my profession of Real Estate at all levels; love anything having anything to do with creative thinking, advancement of the human race, and economic development

Statement

I am a life time Republican, and have always supported the premise of a representative form of government. I support the Republican Party platform as written and laid out by the Republican Party of Alaska. I am especially interested in the economic development of the Mat-Su Valley and the State of Alaska. I have served on a number of Boards and Commissions over the last 4 years whose primary emphasis is in this area. It is very disheartening to me to see the lack of respect the Mat-Su Borough gets from the State Government, and I believe the incumbent legislators are in a large part responsible for this.

They all pay little more than lip service to Port McKenzie project, and none have ardently thrown their support to this project although its apparent benefits to the Valley are overwhelming.

I am also strongly in favor of term limitations. Fresh ideas must become the rule not the exception. Before Deal and After Deal scenarios will become a thing of the past.

Lastly I strongly favor a move of the Capitol from Juneau to the Mat-Su Valley, and would initiate legislation to bring this issue back to the people.

ROBERT WILLIAM SHUMAKER, Alaskan Independence

Residence Address: 1153 E. Swaps
Mailing Address: P.O. Box 3712, Palmer, AK 99645
Date/Place of Birth: 11/22/61; Ajo, AZ
Occupation: Farmer
Spouse: Kathy Lynn
Children: Zachari, Forrest, Dara, Crystal
Residency in Alaska: 3 years; Palmer; Wasilla, 4 months
Education: High School—Greensburg Comm. High, 1979
College—LUPUI, 1983-85; Purdue University,
1985-88, B.A., .

**Political and
Government Positions:** Volunteer Bor. Ag. & Forestry Board

Special Interests: Agriculture

Statement

Without a doubt there are many areas to address. First, it is time to offer unemployed Alaskans a chance to make a living off of Alaska. We need to bring back "Homesteading". Giving back to Alaskans their right to own land, not as an ownerstate, but as fee simple "it's mine". Visions are wonderful but we need to make things happen. By promising you an open door (even an 800 number) and a bent ear, I will make every effort to visit each town periodically. My job is to facilitate your realization of visions. Our hard work, coupled with persistence will make it happen. Tape, tape, we need to cut red tape.

The judicial branch needs to be responsive and accountable to the people. Presently these officers are appointed by a council and not elected by the citizens. Our chance to change this

comes up this fall when the question about a constitutional convention is on the ballot. I strongly support a "yes" for a convention. People need the protection, not the bureaucrats.

Ethics in government. Ethics correlates to accountability, where we can know who needs to go and who is helping our state grow.

I support maximum individual right. With individual rights comes responsibilities, and as such, individuals can and should be held accountable for their actions.

Alaska has the resources to make things happen for Alaskans. This is our state, and together we can work towards a better Alaska.

Special Interests:

Family, sewing, visiting with friends & fishing

Other:

Sunday School teacher

Statement

I consider it an honor to have served the people of the Mat-Su Borough for six years. It has been both a pleasure and a learning experience. It has also been frustrating at times.

One of the things I have learned is that much of the frustration comes from Juneau. The "Status Quo" is at times stifling. Considering the fiasco of the last legislative session in Juneau I came to realize how ineffective the "Status Quo" can be---complete grid-lock... and nobody seems to care.

Well, I care and that's why I'm running against the "old guard"! I care about small business and free enterprise. I care about subsistence and states rights. I care about sensible environmental issues and sensible development.

If you send me to Juneau as your representative, I'll strive to put the Mat-Su Valley back on top.

I'll represent the Valley by being innovative and by daring to

try something different. I will try my darneest to break old habits that are strangling our communities.

I'm for the best education and the best police protection, but the best is not always the most expensive.

I'm for letting Juneau know there's a difference between permanent fun and Permanent Fund.

As our already swollen welfare roles grows because of lack of opportunities and jobs; while crime soars and our seniors are short changed, **THE BUREAUCRACY GROWS!**

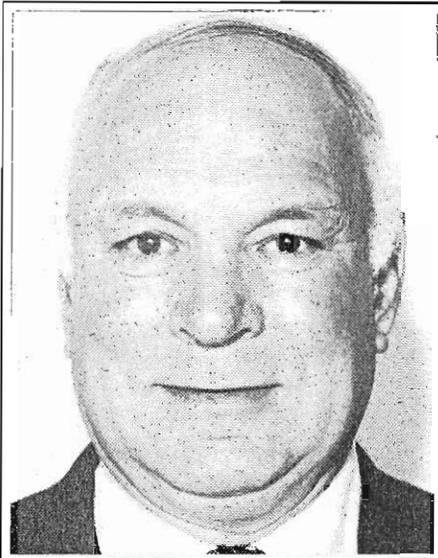

Elect me, I can't do it all, but with your help we can put my finger in the dike.

Finance Sub-committee Chairman for Education, Public Safety, Military and Veteran Affairs, Law and Revenue; Matanuska-Susitna Borough Mayor 1973-82; Borough Assemblyman and Palmer City Councilman 1971-72; Capital Site Planning Commission member 1978 and 1982; Title 29 Revision Committee; Alaska Municipal League Legislative Chairman; President Alaska Conference of Mayors; Delegate to N.C.S.L., Alaska Coastal Zone Management Council and Rural Cap Board

Business and Professional Positions: N.E.A./ Alaska; Matanuska-Susitna Education Association; Alaska High School Activities Association

Service Organization(s) Membership: Elks, Moose, Pioneers Of Alaska

Special Interests: Sports, government, history, working with people

Statement

During my ten years in the Legislature, I have served eight years on the House Finance Committee (Co-chairman of the Committee during the 16th Legislature), and presently am serving my second term as Chairman of the Joint House/Senate Legislative Budget and Audit Committee. This experience has given me a comprehensive insight on the operation of our state government operations and what must be done to control spending in light of projected revenue shortfalls. I am fully confident our state budget can be balanced and our Permanent Fund protected without disastrous effects on our economy.

We can diversify and expand our economy and revenues by making necessary capital construction investments to insure energy and transportation needs are met. Government can and must work with the

private sector to promote a strong and stable business climate. With this support, tourism, timber, agriculture and mining can all benefit our economy and job market.

We must also maintain those programs that are essential to our Alaskan lifestyle—especially those that help preserve the human dignity of our senior citizens and assist the handicapped and unfortunate. For Alaska's future, we must retain adequate funding for education, our university campus, and the student loan program.

Tough decisions face the next Legislature; however, I believe my nine years as Borough mayor and ten years in the Legislature have given me the experience and knowledge to do a good job for you.

Please vote, and thank you for your consideration of my candidacy.

HOUSE District 27

ANNETTE IREAN SPEARS, Alaskan Independence

Residence Address: King Salmon Rd., Palmer
Mailing Address: P.O.Box 1013, Palmer, AK 99645
Date/Place of Birth: 12/14/57; California
Occupation: Small business owner/ fundraising for non-profit organizations
Residency in Alaska: 8 years; Anchorage, 2/84-5/88, Palmer, 6/88-present
Education: High School—Santa Rosa, California 1976

Business and

Professional Positions: Small Business owner, AIRRES Office Manager, Director Elks Youth Camp 92, Mat-Su Humane Society Facility Manager (1 summer) Thumbs Up Productions Office Manager, Trouble shooter for non-profit events. 4 years non-profit telemarketer in Anchorage.

Service Organization(s)

Membership: Mat-Su Humane Society

Special Interests: Community service organizations, tourism, transportation system, animal welfare and training

Statement

It is time that the people the government represents get involved in our government. By taking the time to help our government make the decisions that affect our government and our lives.

I Do Believe We Need To:

- Reduce State spending
- Bring back common sense to Government (if we do not have it, DON'T spend it!)
- Job creation (but not at the cost of the environment)
- Keep Permanent Fund safe (with public votes)
- Improve our roads
- Reduce government's role, by increasing the private sectors responsibility

I Will Work For:

- Term limitations

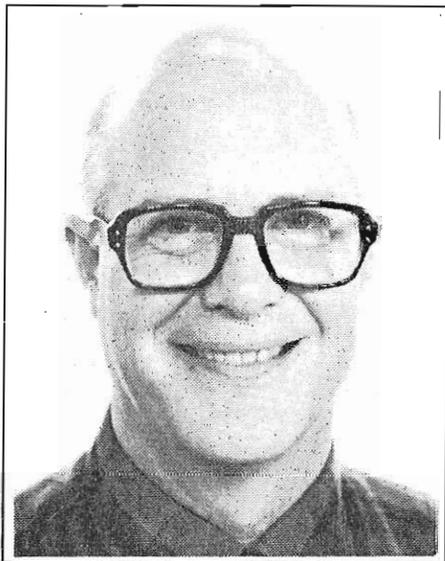

- Building affordable transportation system for Alaskans
- Promoting winter tourism
- Creating a State Day Care program
- Changing from Welfare to Workfare, and using this untapped resource to staff State funded programs, thus cutting the cost of personnel from each program. Making the State able to employ workfare people without taking Civil Service jobs
- Workfare vocational training programs
- Cutting legal abortions to 6-week terms
- Funding for Welfare abortions (instead of paying to raise these children for 18 years on the taxpayers money)

Special Interests:

Family, jogging, biking, teaching, flying, reading, computer systems and software development

Statement

Government needs to be scaled down. As stated by Thomas Jefferson, "The government that governs least, governs best" should be taken to heart by all of us today. I believe that we Alaskans do consider one another's needs both present and future, and we do not need to be forced by law and an over-zealous government to do those things that come naturally such as taking care of our environment, and helping one another as needs arise.

State Spending and Taxes – My highest priority is reduction in the cost and size of government. I will work for improving efficiency and quality, as well as gradually reducing State-provided services.

Education – We need to decentralize control of our schools so that the local community determines its local school's budget, policy and curriculum. Local commitment tends to take better

care of responsibilities thereby reducing waste and eliminating unnecessary propaganda programs. I believe each school should reflect the morals and standards of its community and support a voucher system with an enabling constitutional change to enhance the overall standard of education.

Governmental Reform – Legislative failures must be corrected. Judicial abuse of power must be curtailed and the balance of power restored. Executive size and waste reduced.

Public Safety – I support strong enforcement of our criminal laws, and propose constitutional and legislative changes to facilitate elimination of judges that will not enforce those laws. The basis of good law is respect for law and order and respect for the individual.

Political and Government Positions: Matanuska Susitna Borough Assemblyman, 3 years

Business and

Professional Positions: Real Estate License

Service Organization(s)

Membership: Chairman, Willow Area Civic Organization, 4 years; Commander, VFW Post 10241, Willow; Member, American Legion

Statement

We as Alaskans face declining oil revenues, challenging times and tough decisions as to how much government we really need. Our present legislators have failed to take the long range actions required to provide a steady economy for our future. The last session was totally wasted without regard for the citizens well being. I am convinced the incumbents will implement an income tax before they will responsibly cut government.

I will vigorously support—

- Term limits
- Protection of the Permanent Fund
- Restrictions on our legislators taxation powers
- Veterans bills
- Education
- Senior Benefits
- Environmentally friendly economic development

I will—

- Oppose bills that increase or impose new taxes
- Oppose expansion of state government
- Oppose user fees to support the present bureaucracy
- Oppose expansion of Community and Regional Affairs involvement in our private lives

While on the Matanuska Susitna Borough Assembly, I was respected for my in depth understanding of finance and budget matters. We need a person known for getting projects completed not merely "funded" back in government again.

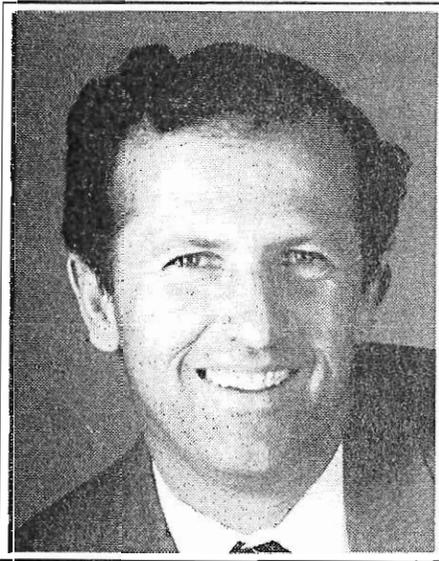

Your vote for me will be a positive step toward a responsible state government with an eye towards the future.

Special Interests: Time with family, flying, hunting & fishing, jogging, coaching baseball, mountain biking

Statement

Working for the people of the Mat-Su Valley means working on the following priorities:

- Economic development at job creation
- Strong support of schools and education quality
- Smooth and safe roads
- Public safety
- Equality and professionalism in fish & game management
- Tourism
- Resource development
- 4 Lane highway across the flats
- Port development

These priorities will be the major areas of emphasis during my term in office. The people of the Valley and Curt Menard share the same view.

I have worked with the people of the Valley for over 21 years. I've tried hard to be a good neighbor, community leader and businessman. I will really work hard to meet the voice of the people—and have the energy, strength and desire to do so-as their Representative.
