Lieutenant Governor Mead Treadwell STATE OF ALASKA

November 2012

Dear Alaskan Voter,

You exercise a fundamental American right by voting on November 6. Over two hundred years ago, freedom fighters won us the right to choose our own government. Americans continue to protect that right, sometimes on the battlefield, but also at the polls. Your vote reaffirms the vital importance of this inalienable right.

Alaska's lieutenant governor is charged with overseeing statewide elections. I take that responsibility very seriously, and have worked hard along with the Division of Elections to make sure the voting process in Alaska is open and easy to understand.

Moreover, as you head to the polls, it's important to be informed about your choices on the ballot. To that end, we provide this Official Election Pamphlet.

Inside, you'll learn about each person running to represent and serve you in your government. You'll also see information on a bonding proposition and a ballot measure asking whether the State of Alaska should call for a Constitutional Convention. I urge Alaskans to be educated on the issues as they vote.

Thank you for participating in your government.

Sincerely,

A handwritten signature in cursive script that reads "Mead Treadwell".

Mead Treadwell
Lieutenant Governor

Voting Information

Election Day is November 6, 2012

Polling Places

The polls will be open from 7:00 a.m. to 8:00 p.m. on Election Day. **To locate your polling place please call 1-888-383-8683. In Anchorage, please call 269-8683.**

Bring Identification to the Polls

You **MUST** be prepared to show one form of identification. You may use the following ID:

- Voter ID Card
- Driver's License
- State ID Card
- Current and valid photo ID Card
- Passport
- Military ID Card
- Birth Certificate
- Hunting or Fishing License

or, you may use an original copy of one of the following documents if it contains your name and current address:

- Current Utility Bill
- Government Check
- Bank Statement
- Pay Check
- Other Government Document

If you do not have identification when voting, you will be asked to vote a questioned ballot.

What Happens if Your Name is not on Register

If your name does not appear on the precinct register, you may vote a questioned ballot. Before receiving a ballot, you must complete a questioned ballot envelope. Your voted ballot will be placed in a secrecy sleeve and then the secrecy sleeve will be sealed inside the completed questioned ballot envelope. All questioned ballots are returned to the Election Supervisor for review and counting by the Questioned Ballot Review Board.

Marking the Ballot

When voting the ballot, completely fill in the oval next to the candidate or issue you wish to vote for. Fill in the oval like this: 

You only have to mark the races or issues you choose to vote for. If you mark more than one choice in a race or issue, that section of the ballot will NOT be counted. The sections of the ballot that are properly marked will be counted.

If you make a mistake marking your ballot, DO NOT erase or correct the ballot. You may return the spoiled ballot to an election worker and request a new ballot. If you attempt to correct a mistake on the ballot, the corrected vote may not be counted. **Note:** *You may only receive a replacement for a spoiled ballot 2 times.*

Campaigning Prohibited Near Polls

Alaska law prohibits political persuasion within 200 feet of any entrance to a polling place during the hours the polls are open. This means you may not discuss or display campaign items for candidates or issues appearing on the ballot at that polling place.

Voter Rights, Assistance and Concerns

Questioned Voting

If your name is not listed on the precinct register or if you do not have identification, you have the right to vote a questioned ballot. The information you provide on the outside of the questioned ballot envelope will be used to determine your voting eligibility and to update your voter registration information. If for any reason your questioned ballot is not fully counted, you will be notified in writing.

Language or Other Assistance While Voting

If you need assistance during the voting process, you may have a person of your choice provide any needed assistance as long as that person is not a candidate for office in the election, is not your employer, agent of your employer or agent of a union you belong to. Assistance may be provided during each step of the voting process, including assistance inside the voting booth with reading or marking the ballot. You may also receive assistance from the election board. This is your right under federal law.

The Division of Elections provides language assistance to Alaska Native voters who have limited English proficiency through the use of bilingual election workers and interpreters. Alaska Native language assistance is available on Election Day in many rural polling places throughout the state. In addition, Filipino (Tagalog) and Spanish language assistance is available on Election Day in certain communities along the Aleutian chain. If you need language assistance, please contact the Division of Elections. Yup'ik language assistance is available by calling, toll-free, 1-866-954-8683.

Touch Screen Voting Option

There will be one touch screen voting unit in each polling place. Touch screen voting is intended for the blind, disabled, and for voters who do not read well. Alaska's touch screen voting unit allows disabled voters to vote unassisted through the use of magnified, high contrast and audio ballots. If you need to vote using the touch screen voting unit, let the election board know.

Visually Impaired Voters

Magnifying ballot viewers for the visually impaired will be available at all polling places and absentee voting sites.

Audio recording of this Pamphlet is available at each Regional Election Office or from the Alaska State Library, Talking Book Center, located in Anchorage. Telephone the library at (907) 269-6575 for information.

Hearing Impaired Voters

The Division of Elections has a TTY telecommunications device, which allows hearing impaired voters to obtain general information about elections by calling (907) 465-3020.

Physically Disabled Voters

If you have difficulty gaining access to your polling place, or if you have accessibility questions about your polling place, please let the Division of Elections know. We make every effort to ensure that polling places are accessible to all Alaskans.

Concerns, Comments, Questions

If you have any concerns or comments about voting, if you have questions, or if you would like more information about our special services, please contact any regional elections office.

Absentee Voting

Early / In Person / By Mail / Electronic and Special Needs Voting

There are several absentee voting options available during each election. You may vote absentee in person, by mail, by fax or vote a special needs ballot through a personal representative.

Voting Early or Absentee In Person

Beginning **October 22, 2012**, you may vote at an absentee voting site. Ballots for all 40 districts are available at all Regional Elections offices. In addition to the Regional Elections offices, there are many other voting sites throughout Alaska that will have ballots for their house district. For more information or for a list of absentee voting locations visit our website or contact a Regional Elections office.

Special Needs Voting

If you are unable to go to the polls due to age, serious illness or a disability, you may have a personal representative pick up and deliver a ballot to you beginning 15 days before an election at an absentee voting site or on Election Day at the polling place. Your personal representative can be anyone, except a candidate for office in the election, the voter's employer, an agent of the voter's employer, or an officer or agent of the voter's union.

Voting By Mail or Electronically

The Division of Elections Absentee Office in Anchorage handles all absentee by mail and electronic applications. To vote by mail or electronically, you must submit an application.

Absentee By Mail

Absentee ballot applications can be submitted after January 1st of each election year. You can request a ballot for a specific election or for all elections in the year. **Absentee by mail ballot applications for the General election must be received by October 27, 2012.** Apply early to ensure timely delivery of your ballot. Your voted ballot must be postmarked on or before Election Day.

Absentee By Electronic Transmission

Voting by electronic transmission should be your last alternative for casting a ballot. You may apply for electronic voting **October 22, 2012 through 5:00pm Alaska Time on November 5, 2012.** You may return your voted ballot by mail or by electronic transmission. **If you return your voted ballot electronically, it must be received no later than 8:00pm Alaska Time on Election Day.** If you return your voted ballot by mail, it must be postmarked on or before Election Day.

If you have questions about voting by mail or electronically, please contact the Absentee Office at (907) 375-6400 or Toll Free (877) 375-6508.

For more information about absentee voting, contact any Division of Elections office or visit our website at:

State of Alaska - Division of Elections

Absentee Ballot Application Instructions

You may use this application to request absentee ballots and simultaneously initially register to vote or update your voter registration record for federal and state elections. **Are you currently registered to vote?** If so, your completed application **MUST** be received at least 10 days prior to Election Day. *Military and Overseas Voters*, when requesting your ballot to be sent to you by facsimile or through online delivery, your application **MUST** be received no later than 5:00 p.m. Alaska Standard Time the day prior to Election Day. **Are you initially registering to vote?** If so, your completed application and any supporting documentation **MUST** be received or postmarked at least 30 DAYS prior to Election Day except, in a United States presidential election. In a presidential election, you may initially register and participate in the presidential race so long as your completed application and any supporting documentation is received 10 DAYS prior to Election Day and for *Military and Overseas Voters*, when requesting your ballot to be sent to you by facsimile or through online delivery, your application and any supporting documentation **MUST** be received no later than 5:00 p.m. Alaska Standard Time the day prior to Election Day.

When completing this application, provide:

1. **Alaska residence address:** You **MUST** provide a physical residence address in Alaska. Your Alaska residence address determines your voting district and precinct. Your application will be denied if you do not provide a physical residence address or if you provide a PO Box, HC Number and Box, PSC Box, Rural Route Number, Commercial Address or Mail Stop Address in Box 5 of the application.

If your residence has been assigned a street name and house number, provide this information. If your residence address has not been assigned a street name and house number, indicate exactly where you live such as, highway name and milepost number, boat harbor with pier and slip number, subdivision name with lot and block, or trailer park name and space number. If you live in rural Alaska, you may provide the community name as your residence address.

Are you temporarily out of state? If so, and you have intent to return (active military and military spouses are exempt from intent requirements), you may maintain your Alaska residence as it appears on your current record. If you provide a new residence address, it must be within Alaska.

2. **Proof of identity:** Your identity **MUST** be verified. If you have been issued a Social Security Number, an Alaska driver's license or Alaska state identification card number, you must provide at least one in Box 7 of the application. If you have never been issued one of the identification numbers, you may indicate this by checking the appropriate box.

Are you submitting this application by mail, by facsimile or as an attachment through e-mail? If so, and if you are not already registered to vote in Alaska, your identity must be verified either at the time you register or the first time you vote. If you would like to ensure that your identity is verified at the time you register, submit a copy of one of the following:

- Current and valid photo identification
- Passport
- Birth certificate
- Driver's license
- State identification card
- Hunting and Fishing license

If you do not provide proof of identification at the time of registration, you may be required to meet certain identification requirements when you vote.

3. **Date of birth:** If you do not provide a date of birth, your application may not be processed.
4. **Are you initially registering to vote from outside the State of Alaska?** If so, you must provide proof of Alaska residency, such as a copy of your Alaska driver's license, hunting or fishing license, student loan or college tuition documents, proof of employment in Alaska, military leave and earnings statement or other documentation that supports your claim as an Alaska resident.
5. **Have you been convicted of a felony?** If so, you may register to vote only if you have been unconditionally discharged. If available, provide a copy of your discharge papers with this application.
6. **Political affiliation: Recognized political parties** are parties that have gained recognized political party status under Alaska Statute. **Political groups** are groups who have applied for political party status but have not met the qualifications to be a recognized political party under Alaska Statutes. Political affiliations in Alaska are as follows:

Recognized Political Parties:

- Alaska Democratic Party
- Alaska Libertarian Party
- Alaska Republican Party
- Alaskan Independence Party

Political Groups:

- Alaska Constitution Party
- Green Party of Alaska
- Veterans Party of Alaska

Other:

- Nonpartisan (not affiliated with a political party or group)
- Undeclared (do not wish to declare a political affiliation)

7. **Primary election ballot type:** Your political affiliation 30 days before Election Day determines your primary ballot type. You **MUST** select a ballot type that corresponds to your political affiliation in Box 9 of the application. If you are not affiliated with one of the **Recognized Political Parties** listed under instruction Number 6 above, and you do not select a ballot choice, your application will not be processed for the primary election.
 - Any registered voter may select the Alaska Democratic Party, Alaska Libertarian Party and Alaskan Independence Party candidate ballot.
 - Only voters registered Republican, Nonpartisan or Undeclared may select the Alaska Republican Party candidate ballot.
 - Any registered voter may select the ballot measures **ONLY** ballot. This ballot has ballot measures only and no candidates.
8. **Are you outside the United States or in a remote area of Alaska?** Select this choice if you want a blank ballot with spaces for you to write in the names of the candidates you wish to vote for that will be mailed to you beginning 60 days before Election Day. This ballot is for voters who are outside the United States or in remote areas of Alaska where mail service may be slow. In addition to the 60 day special absentee ballot, you will also be sent the official ballot. You may vote and return both ballots. If both ballots are returned in time, only the official ballot will be counted.
9. **Sign your application:** If you submit your application without a signature or with an electronic signature, it will be denied.
10. **Mail, facsimile or e-mail:** Submit your application by mail, facsimile or as an e-mail attachment (PDF, TIFF or JPG) to the office below:

Polling Places

Due to redistricting of the legislative districts, precinct boundaries and polling places were changed to conform to the new districts adopted April 5, 2012 by the Alaska Redistricting Board. The precinct boundaries and polling places will be in effect again for the November 6, 2012 General election.

In July 2012, registered voters were sent a new voter identification card and notice of polling location. Voters are encouraged to go to their assigned polling place. If you go to a different polling location, you will be required to vote a questioned ballot.

If you are not sure where your assigned polling location is, you have the following options:

- **Scan the bar code on your new my.Alaska.gov voter ID card.**
- **Locate your polling place by entering your address online at:**

www.elections.alaska.gov

- **Call the Polling Place locator at 1-888-383-8683, or in Anchorage, please call 269-8683.**

AGE: 59

PLACE OF BIRTH: Minot, North Dakota

NAME OF SPOUSE: Kate Prusack (Fiancée)

CHILDREN'S NAMES: Erik
Seah

OCCUPATION: Entrepreneur

EDUCATION:
Sandia High School
University of New Mexico

POLITICAL AND GOVERNMENT POSITIONS:
Governor: New Mexico

BUSINESS AND PROFESSIONAL POSITIONS:
Founder/CEO: Big J Enterprises

OTHER:

Before serving as Governor of New Mexico, Gary Johnson built a one-man business into one of New Mexico's largest construction companies, employing more than 1,000 people. He is an entrepreneur. In 1994, seeing the size and cost of state government growing out of control, Gary Johnson sought the office of Governor on a pledge to apply the principles of cost-effectiveness and common sense to government.

To control the size and cost of government, Governor Johnson vetoed more than 750 pieces of legislation. He exercised the line-item veto thousands of times. He never raised taxes, and cut them 14 times. When he left office after two terms, New Mexico enjoyed a billion dollar surplus, and one of the nation's best records for job creation.

STATEMENT:

Good government is easy when politics are put aside and common sense applied. I pledge to submit a balanced budget to Congress in 2013, to veto, as I did in New Mexico, any legislation that will result in deficit spending, and to create an environment of regulatory certainty that will allow the private sector to put Americans to work and let free people live their lives without fear of unnecessary government interference.

As a Westerner who has actually governed a western state, I understand that jobs are created, freedom is enhanced, and individuals are more free when the Federal government gets out of the way. I also understand the proper balance between responsible energy and resource development and protecting our lands and lives from those who would do us harm. Let Alaskans decide what is best for Alaska.

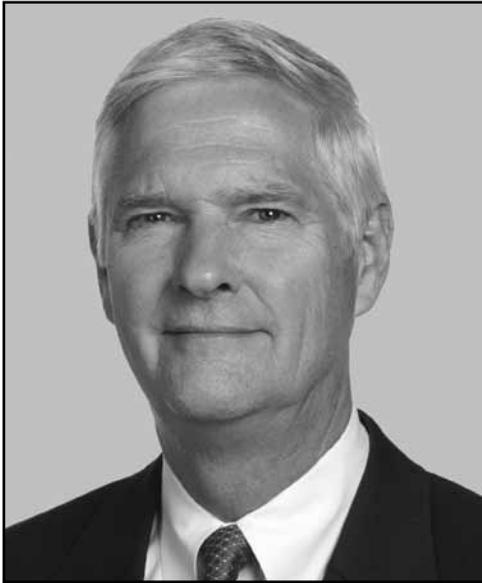

I will seek to repeal the Patriot Act and other laws that are destroying our freedoms. I will restore and lead with the idea that government exists to protect liberty, privacy and the freedom to live our own lives. And I will end U.S. involvement in wars, such as in Afghanistan, where there is no clear national security interest.

America desperately needs leaders who will place policy above politics and who are not willing to accept the status quo. As Governor, I proved that good government is not difficult; it is common sense. I pledge to do the same as President.

PLACE OF BIRTH: Los Angeles, California

NAME OF SPOUSE: Grace Gray

CHILDREN'S NAMES: William, Jennifer, and Ky

OCCUPATION:
Jurist, Superior Court Judge Orange County

EDUCATION:
University of California, Los Angeles
University of Southern California Law School

MILITARY SERVICE:
U.S. Navy's JAG Corps.

POLITICAL AND GOVERNMENT POSITIONS:
Santa Ana Municipal Court Judge
Orange County Superior Court Judge

OTHER:

Raised in the Los Angeles area, Jim Gray's father, William P Gray, was a Judge on the U.S. District Court. After earning his undergraduate degree from UCLA and his law degree from USC, Judge Gray served as a staff Judge Advocate and criminal defense attorney in the U.S. Navy's JAG Corps.

Following his Navy service, for which he was awarded Vietnam Service and Combat Action Ribbons, Gray worked as a federal prosecutor with the U.S. Attorney's Office in Los Angeles.

In 1983, Gray was appointed to the Santa Ana Municipal Court, and in 1989, elevated him to the Orange County Superior Court. He retired from the Superior Court in 2010.

STATEMENT:

In 25 years as a trial court judge, almost every type of human problem has found its way into my courtroom. I have developed a sense about what works and what does not, both with human actions on the one hand, and with laws and government programs on the other. Outside the courtroom, much of my public life has been devoted to advocating common sense reform of our nation's drug laws and policies. As a Judge, I saw first-hand every day the toll that modern-day Prohibition is taking not only on human lives, but on the courts, law enforcement and taxpayers. I have long supported the rational legalization and regulation of marijuana, including its use for legitimate medicinal treatment. Likewise, I am an outspoken advocate of education reform, civil liberties, and protecting Americans' privacy.

When Governor Gary Johnson of New Mexico asked me to be his running mate, I was honored and excited, because I believe him to be the most qualified person to be President that I know of. We are both financially responsible as well as socially tolerant, which is exactly what is needed to bring our great country back to prosperity, equal opportunity and freedom.

President of the United States (2009-Current)

BUSINESS AND PROFESSIONAL POSITIONS:

Community Organizer
Civil Rights Lawyer
Constitutional Law Professor

OTHER:

Obama was born in Hawaii in 1961, to a mother from Kansas and a father from Kenya.

After working through college, Obama moved to Chicago to help struggling families rebuild communities, and later returned to work as a civil rights attorney and teach Constitutional law.

In the State Senate, Obama cut taxes for middle-class families and expanded health care and education for children. As a U.S. Senator, he championed major ethics reform and legislation to help secure nuclear weapons around the world.

STATEMENT:

Over the last few decades, middle-class security had been slipping away for families who worked hard and played by the rules. Wages stagnated while costs soared. Fewer employers offered retirement and health benefits. College tuition costs skyrocketed. Then the Wall Street and housing market crashes cost 8.8 million jobs and sent the economy into a deep recession.

From day one, President Obama took immediate action to put Americans back to work, stopping the bleeding and reversing the trend. He also began laying the foundation for a real recovery that has strong roots and a job-creating economy that's built to last.

We're now at a make-or-break moment for the middle class. The President believes Americans should be able to earn enough to raise a family, send their kids to school, own a home and put enough away to retire. That can happen only when hard work pays off, responsibility is rewarded, and everybody plays by the same rules, does their fair share and has a fair shot at success.

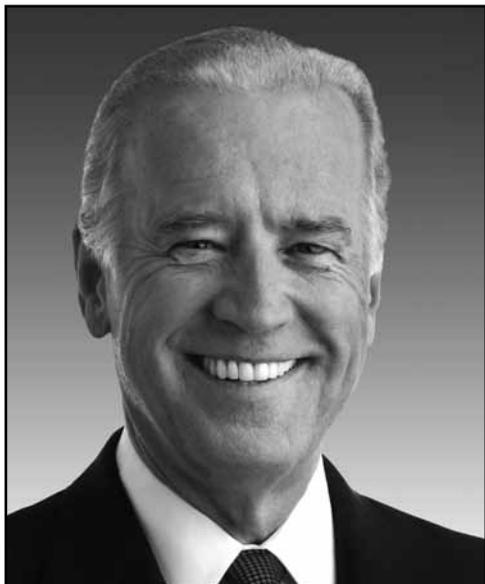

President Obama is fighting for an economy that's built to last and built from the middle out, not the top down. That's why his plan invests in education, innovation, infrastructure and energy, and asks the wealthiest to pay their fair share again to help create American jobs and responsibly reduce the deficit in a balanced way.

We can't afford to go back to the same failed policies that crashed our economy and devastated the middle class. We have to move forward.

STATEMENT:

I am running for president to get America back to work, protect our national security, and ensure our country remains the leader of the free world.

I've spent most of my life in the private sector, where I helped launch or rebuild more than 100 companies, such as Staples, Bright Horizons, and The Sports Authority. In 1999, the Winter Olympics were on the verge of collapse amid corruption allegations. I revamped the organization's leadership, trimmed the budget, and restored public confidence. In the end, we staged one of the most successful games of all time. As Governor of Massachusetts, I cut taxes 19 times while balancing the budget four years in a row.

As president, I'll repeal Obamacare, get rid of job-killing regulations, open markets for American exports, and unlock America's energy resources. I'll reduce taxes and bring an end to runaway spending and borrowing in Washington. I'll make the federal government simpler, smaller, and smarter. I'll reverse the defense cuts of the past three plus years, rebuild our military, and ensure that this century will be another American Century. I'll stand up to China, and make sure that we are not disadvantaged on the world market because some nations refuse to play by the rules. I'll keep Iran from acquiring nuclear weapon capability, and I'll stand shoulder to shoulder with our greatly ally in the Middle East—Israel. Together we can create an Opportunity Society where hard work, education, and risk-taking allow people to achieve their dreams.

OTHER:

I am a fifth-generation native of Janesville, Wisconsin, where my wife Janna and I raise our three children, Liza, Charlie and Sam. I have put my economics and political science degrees from Miami University in Ohio to good use during my fourteen years in Congress. As Chairman of the House Budget Committee, I have worked to rein in federal spending and increase accountability to taxpayers. On the House Ways and Means Committee, I have focused on simplifying the tax code and making health care more affordable and accessible.

STATEMENT:

I am proud to stand with Mitt Romney. As Vice President, I will work with him to end the economic downturn and get this economy growing again. It won't be easy. We'll have to overcome a lot of opposition in Washington. But we are ready for the fight.

It begins by freeing small business from the burdens placed upon it by the federal bureaucracy. There's too much red tape coming out of Washington, and unnecessary regulations eliminate countless numbers of jobs every year. And then there's Obamacare. It costs too much, puts too many burdens on our job creators, and does nothing to address the real problems that plague our healthcare system. We will repeal it, and we will replace it with a program that works for the people, not against them. We'll open up new trading opportunities to sell our goods, and we will hold those who break the rules of international trade accountable for their actions. In all things, we will empower our businesspeople, not burden them or ridicule them.

We're also going to protect and strengthen Medicare. Millions of Americans depend on the promise of Medicare and we are going to honor that promise. We aren't going to play political games with the program as it creeps closer to bankruptcy. Instead, we are going to save it through reforms that change nothing for today's seniors and ensure that Medicare is there for future generations.

We don't duck the tough issues. Instead, we'll lead.

STATEMENT:

A visitor 45 years ago, I stayed in Alaska knowing I was home. A recent life-changing experience creates this statement.

Following experiences prepare for needed action:

- Home-based business owner, worked 27 years learning Alaskan small business concerns; as mental health counselor heard many statewide family issues
- Lessons learned motivated my need to become a State Legislator
- My public service began in 1999 when Alaska's government faced one billion dollar deficit!
- As a public forum series co-chair hosted state experts. Taught need to build Alaskan local resilience, and leadership
- Visiting 70 Alaskan communities in nine-year diversity-of-life-style study integrates them into my everyday experience
- The Legislative oath requiring duty to uphold the U.S. and Alaska Constitutions each term increases study of both Constitutions
- Had taken the oath of office seven times prior to 2011 event at Sea-Tac Airport. TSA immoral touch, abusive treatment followed scan highlighting scars gained in life-saving cancer surgery.
- Refusing abuse, making the experiences public began conversation and debate
- Receiving more than 2,000 communications telling TSA experiences cement concern
- As co-chair of National Legislative reform group, building networks

I am running for Alaska's U.S. House Congressional seat.

Protection of security, our people's health, safety and Constitutional rights must be restored. I pledge work as a bipartisan team member to listen, then work for productive and locally efficient growth in Alaskan economic, social and long-term well being. I would be honored taking this responsibility.

For the past 50! years my love and wife Francoise and I have done everything TOGETHER, including our campaigns for senator and governor, and WE will put ALL of our substantial combined skills, talents, knowledge, abilities, and experience to the maximum service and benefit of our fellow Alaskans.

STATEMENT:

I am NOT a politician! I DON'T take any money from anyone for anything! If you elect me; YOU, America, Alaska, and wildlife wins – not me! I am only running for 1 term to open ANWR, worth two trillion dollars, in the best way for America, Alaska, and wildlife. I really CAN open ANWR with my N.E.W.-ANWR legislation that Francoise and I personify as we did the National Fish and Wildlife Foundation Act.

We got that Act through a divided Congress in a few months to unanimous passage with 60 cosponsors including 22 chairmen and the leadership of both parties. Indeed, we are the only couple in U.S. history to do that. Don Young has never done anything like that in the 40 years he has been in Congress – BUT WE DID!

We have known Don for 30 of the 40 years that he has been in Congress. All Don has done on ANWR - that is by far the most important element in Alaska's future prosperity – is lie through his teeth, fail 12 times in 40 years to open it, blame everyone else except himself for his failure, and rake in millions of dollars in campaign contributions.

Have you had enough of Don's ANWR lies and failure? Don's has had his 40-year-20-term-12-failures ANWR chance. I CAN AND WILL OPEN ANWR! Go to my website – tedandfran.com – and see why and how.

Do yourself, America, Alaska, and wildlife a two-trillion-dollar favor – ELECTED, YOU WIN! Thanks for your vote!

I have a best friend & wife named Janet. We have a blended family consisting of seven children, and a baker's dozen of wonderful grandchildren. I like to read books on numerous subjects but most recently on the topics of entrepreneurship, and body language. I came to Alaska in January of 1991 and knew immediately that this was home.

I'm presently working for the University of Alaska, Fairbanks as a business instructor. I am presently the faculty adviser for the Associated Students of Business, and a volunteer SCORE counselor. I'm a retired Senior NCO, United States Air Force with 22 years of service to my country. Business Organizational Management with a concentration in Information Technology from the University of La Verne.

STATEMENT:

- Military action should only be employed when our homeland is threaten, and to bring our troops home ASAP and employ them to secure our own borders.
- I believe we ought to allow for more of a free flow of immigration (work-visa) for those who can find work & contribute to our society. Especially recent university graduates with degrees in highly sought after fields of industry need.
- I believe that drugs ought to be regulated like alcohol and let's end the spending of billions annually to criminalize drug use. Let's use some of that same money to educate people on the danger of alcohol & drug abuse. The many of the billions of dollars saved can be used to enhance our society and reducing taxes.
- That many of the individual moral decisions that our legislators disagree with are then sometimes still made into laws and used to criminalize or even imprison our citizens. Due to the fact that our country has one of the highest incarceration rate per capita in the world we need to look again at our nation of laws and see who truly benefits from them.
- Let's help law breakers through rehabilitation and not allow the worst of the worst to prey over other inmates.
- Stop giving billions of our tax dollars to nations that hate us.
- Stop spending billions of our tax dollars towards DC cronyism.

STATEMENT:

I am often asked why I still want to be the Congressman for all Alaska. The answer is simple. My motivation today is as strong as it was four decades ago when I first ran for Congress. I want to continue fighting for Alaska to make this state a better place for all Alaskans.

While we have enjoyed many accomplishments such as construction of the Trans-Alaska pipeline, protection of our fishing industry and ensuring seniors have access to health care, I believe we are at a critical point. We have a President who is hell-bent on locking up Alaska through over-regulation and delaying or stopping almost all resource development. We also have countless federal bureaucrats who don't understand Alaska and believe they know how to raise our children better than we do.

As you know, Alaska is not a "one-size fits all" state. Throughout my career I have striven to represent not just one region, but all of Alaska. Whether it's defending each and every Alaskan's right to bear arms or continuing to fight for the responsible development of Alaska's natural resources – my number one priority has been to stand up for Alaska.

Because the Obama administration's policies are responsible for America's staggering unemployment rate, skyrocketing deficits and outrageously priced gasoline, it's crucially important Alaskans have an experienced fighter representing them in the House of Representatives. With your support and encouragement we can continue to move Alaska forward.

POLITICAL AND GOVERNMENT POSITIONS:

Mat-Su Borough School District Board Member,
Past two years School Board President.
Chair of Governor Parnell's Education Transition
Team 2010.

BUSINESS AND PROFESSIONAL POSITIONS:

Public school teacher, Principal, and Superintendent of
schools, Director of K-12 Outreach University of Alaska
Statewide, Project Manager Alaska Teacher Mentor Project,
Educational Consultant Dunleavy Educational Services.

SERVICE ORGANIZATION(S) MEMBERSHIP:

Iditarod, Association of Alaska School Administrators.

SPECIAL INTERESTS:

Alaska, Family, Volunteering, Rafting, Snowmachining,
Fishing, Camping, Hiking, Hunting, Horses/mules, dogs.

STATEMENT:

My first commitment is to remain true to my core
conservative values. I will work hard to guarantee the
valley's needs are recognized and addressed -- unlike my
opponent who joined a democratic led caucus which has
enabled liberal Anchorage legislators to run the Senate.
Their choices have not been in the best interests of the
Valley. The VALLEY comes first with me!!

I am also committed to the highest quality education
for our children, while recognizing that each child
possesses varying talents that require choices in
educational opportunities.

As an advocate for children, my support for right to life
issues is unwavering. I will do all I can to ensure the state
does not fund abortions.

Personal use fisheries in the valley have suffered as a
result of dismal fish returns. I will do what is necessary to
reverse this trend.

Another huge priority is to resolve the oil and gas taxation
issues. My opponent's Senate Democrat led caucus
caused gridlock and that is NOT acceptable. Alaska
competes in a world market and we must position
ourselves to regain our prominence in the future by
exploration and development of our plentiful resources.
By doing so, we will create wealth that will provide
very GOOD PAYING JOBS and economic stability for
families in our community, as well as needed revenue for
governmental services.

I promise I will stand tall for what is right and work hard every
day in the Senate, representing you and your concerns.

STATEMENT:

I label myself as a "constitutional conservative" who stands for family, jobs, free market, limited government, and responsible resource development. It is *self-evident we are endowed by our Creator, having certain unalienable rights...* Our Government should protect these rights, enable the market and develop when it can - and get out of the way when it cannot. To date, I am endorsed by National Rifle Association, AK Right to Life, Alaska Outdoor Council, and am an avid sports fishing/personal use advocate. I have been honored as Outstanding Legislator of 2012 by the National Federation of Independent Businesses (NFIB) and have received awards in the past from the AK Primary Care Association and Sportsmen for Fish & Wildlife.

I believe the biggest cost to government and what occupies the most legislative time, is caused by either the over-reach of our central (federal) government or the breakdown of the American family.

Affordable energy is one of our greatest needs to fuel the creation of jobs, which in turn enables strong families and adequate infrastructure. The incredible resources of Alaska belong to the people; and are constitutionally intended to be developed, conserved, and utilized for the maximum benefit of Alaskans.

STATEMENT:

I love Alaska and am committed to doing all I can to make it an even better place to live and raise families.

With our rapid growth in Mat-Su, we must be heard in Juneau. I'll work to ensure that businesses can thrive, families can prosper and children can succeed through increased opportunities from reduced government.

PRIORITIES:

- **Oil Production:** Turn around the decline through lower taxation.
- **Energy:** Fight for economically viable solutions.
- **Business:** Make Alaska more business-friendly.
- **Resource Development:** Reduce hurdles discouraging development, while maintaining good stewardship.
- **Government Spending:** Rein it in with a long-range fiscal plan. Look deep in the budget; trim fat.
- **Education:** Improve schools through accountability; get the dollars into the classroom. Whether via public, private or homeschooling options, our children need excellent preparation for trades, military or college.
- **Economy & Jobs:** Provide infrastructure to support economic development and family-wage jobs: roads, bridges, the hydro-electric project.
- **Public Safety & Emergency Preparedness:** Critical priorities.
- **Military & Veterans:** Vital to Alaska.
- **Seniors:** Allow seniors to maintain a good quality of life.
- **Family Values:** Promote and defend.

I'm not establishment, but I know Juneau and how to work effectively with other legislators to get things done without compromising my conservative values. No one has hooks in me; my moral compass is strong.

I'll bring a fresh conservative voice to Juneau. Committed to our Alaska Constitution, I'll work for you. Call me on my cell 907-841-1634 if you have questions.

STATEMENT:

I was taught by my parents and have always believed that I should give back to the community in which I live. This principle of service has guided my personal and professional life since I was a child.

I have lived in Alaska since 1983 and in the Matanuska-Susitna Valley near Wasilla since 1990. I was involved directly with the Matanuska-Susitna schools the entire time my three children were students. Three years ago, I intensified my involvement by becoming a substitute teacher. Clearly, supporting public education is very important to me.

As a recent cancer survivor, I care about the provision of easily available and affordable health care, including readily accessible mental health services for any who require help. Our Veterans and seniors deserve not only our thanks and respect but also the care they need to thrive within our society.

As a successful business owner, I understand the pressures of operating in a slack economy. I will work diligently to promote business opportunities and the responsible development of our resources—especially value-added products designed and built by Alaskans.

Our natural resources, such as gas and oil, belong to the people of Alaska, not multi-national corporations; we should be fairly compensated for the extraction of these resources.

Solutions to the problems we face as a state (and nation) need to be cooperatively developed. I look forward to working with fellow senators to meet the challenges facing Alaska.

Thank you for your vote on November 6.

STATEMENT:

Family and Background: My wife, Becky, a charter school principal, and myself have raised three children who graduated from High School in the Mat-Su. Chad (27) is an Army Captain and Explosive Ordinance Disposal (EOD) Company Commander. Hallie is a Lieutenant and recent graduate of our Army's Helicopter Flight School. Our youngest son, Cody, is a Lieutenant going through Airborne and Ranger school enroute to the 82nd Airborne Division at Fort Bragg, NC.

As a Dad and retired Army Colonel, I am proud of our children and other young Americans serving our Country in time of war. Having been awarded the Distinguished Service Cross, Silver Star and Bronze Star for Valor in Vietnam, I know what each of our young military leaders and members face as well as the challenges and potential barriers they will need to work through during their deployments as well as their homecomings.

Representing YOU: I am particularly proud of the significant funding I was instrumental in providing for critical road improvements, rail spur construction, K-12 education and emergency services to catch – up with population growth demands we are experiencing.

I remain dedicated to serving Mat-Su as a conservative voice and with committed Integrity.

Thank you for the continued support!

STATEMENT:

I grew up homesteading in the Gulkana area, raised on the belief that hard work yields results, to use resources wisely, and to not be wasteful. That lifestyle made me the "CAN DO" person I am today. I am grateful to Alaska for the opportunities given to me. All Alaskans should have the same opportunity for prosperity. This is what drives me to represent my district. As a business person, it's easy to recognize that government has room for improvement.

Energy development, storage, and consumption remain the most important issues for our state today; we need affordable energy and the jobs that accompany its exploration and extraction – be it natural resources or alternative forms of energy. I support an Alaskan gas pipeline now!

A well-prepared workforce is what will continue to make Alaska a great place to be. Through our schools, public, trade, charter, or home school, we need to educate the future Alaskan worker. I support a parent's right to choose their child's education, so our children can succeed in whatever endeavor they choose.

Better roads are needed in our communities. We live in a large state with no way to economically get to our much needed resources. For too long, we have driven on dangerous and inadequate road systems that risk our lives and keep us from transporting ourselves and our commodities.

I am not a "politician," I am an Alaskan who will represent my district by being fair, honest, and committed. I humbly ask for your vote.

STATEMENT:

When I was growing up in Alaska, I felt as though anything was possible in this state. I am running to represent the people of Wasilla in the State House and to help build a future in which all Alaskans, especially the next generation, can achieve their dreams and continue developing and growing our great state.

My top priority as State Representative will be to make Alaska's economy strong, resilient, and internationally competitive. We must:

- Develop Alaskan resources for Alaskans first;
- Take full advantage of our energy potential and the jobs it will create;
- Educate our youth, preparing them to join the workforce, and encourage them to build their lives in Alaska;
- Make smart investments in roads and infrastructure, creating thousands of sustainable jobs for Alaskans;
- Develop Alaska's raw materials and encourage the manufacturing of goods from them; and,
- Incentivize businesses to hire Alaskan workers and use Alaskan-made products.

If elected, I will fight hard to ensure that our children receive a quality education, that we build and maintain the necessary roads and infrastructure, and that we take Alaska's economy to a bold new level. I would appreciate your vote on November 6.

In the eight years I have spent in the legislature have provided me with an insight to many issues facing Alaska. I have served as the Chair of Education, Economic Development and Resources Committees and am now a member of the House Finance Committee. This experience has led me to work towards diversifying our economy. Currently our state general finances are funded almost exclusively by oil production – nearly 90%. Unfortunately our oil throughput in the TRANS ALASKA pipeline is and has been declining at 6-7% for nearly 20 years.

Alaska needs to stop being a resource extraction state and move towards being a resource development state. Alaska tends to extract our raw resources and then add thousands of mile of transportation costs to them so that others can create jobs processing them and adding value. Reliable, long term, reasonably priced energy will be key in reversing this trend. Reducing cost for reliable energy to provide heat to our homes and businesses. We need to spur new industries such as converting natural gas to transportation fuels in a gas to liquids conversion plant. This could generate hundreds of new long term family sustaining jobs.

We Alaskans have to think outside the box. The easy stuff is gone. My priority will be to continue to find new ways to diversify our economy and create jobs for Alaskans.

I am asking for your support so we may continue to work together towards these efforts. Thank you,

Sincerely, Mark Neuman

SPECIAL INTERESTS:

In the past, I have done volunteer work with Girl Scouts, RIF, and the volunteer fire department. I have also spent many hours doing volunteer work in the public schools which my children and grandchildren have attended.

STATEMENT:

I believe that our legislators have a responsibility to protect the citizens and the resources of the state of Alaska.

With regard to the oil industry, it's our job to look carefully at all the facts and not allow ourselves to be unduly influenced when making major decisions about tax relief for the oil industry. The ACES program is a good one, and should not be changed without careful consideration.

We also need to proceed with caution to ensure that we don't destroy our environment in the process of accessing our resources. This can be done.

Alaska deserves a pat on the back for its Denali Kid Care program. We need to make sure that it is adequately funded in order to ensure the health and welfare of our children. This program should not be used as a weapon in other battles. Let's not punish kids for disagreements between adults.

It is important to provide funding for our public education system. Adequately funded public schools make it possible to recruit and retain good quality teachers and to provide them with the tools needed to give our children a solid base to build their lives on. This is not just for the sake of the children, but for society as a whole. Studies have shown that there is a strong correlation between criminal activity and lack of education. We should also note that lack of funding from the state will increase our property taxes.

STATEMENT:

It's been a privilege to serve Chugiak-Eagle River and JBER
as your representative. I'm seeking re-election so I can keep
working on Alaska's toughest challenges.

As a lifelong Republican and conservative, I value limited
government, strong national defense, individual liberty,
and faith in God. As a 24-year Alaskan, I cherish our state
and want to provide opportunity and prosperity for future
generations.

My top legislative accomplishments include:

- Creating a veteran's designation on state driver's licenses
- Letting home-school and alternative school students
play sports or participate in other interscholastic
activities at their local public high school
- Securing funds for a new Chugiak Volunteer Fire and
Rescue fire station, and for local roads, bridges and
schools
- Helping authorize "military facilities zones" to make
Alaska's bases more economic
- Ensuring health insurance covers services for autistic
children
- Successfully lobbying the U.S. House and the National
Conference of State Legislatures for bills and policies
supporting oil development in ANWR

There's more to be done. If re-elected, I will keep working to:

- Reform oil taxes to keep Alaska competitive
- Create jobs and opportunity through responsible resource
development
- Secure reliable, affordable energy for Alaskans
- Champion military personnel, veterans and their families
- Defend Alaska against federal overreach
- Support families with good schools, safe neighborhoods
and decent roads

I pledge to work hard, listen carefully, and represent you with
energy and integrity. I'd be honored to have your vote.

Proud son of a retired 24 years Air Force E-8. We lived all over the U.S., England, and Guam. Father proudly served as crew member of a C 47 during Berlin Airlift.

STATEMENT:

Alaska is on the cusp of prosperity or financial disaster. The choice lies with those willing to make the hard decisions for Alaska. With the current state budget calculated on oil prices of over \$100 per barrel and current prices at under \$90, we are headed for trouble. The legislature must take immediate steps to encourage increased oil production. Unless we address increased production, we will be unable to solve funding issues in education, public safety and social services.

I lived in Alaska before oil was discovered on the Slope. We paid a state income tax and an annual school tax. There were no PFD checks, no energy subsidies, no revenue sharing, and very few capital projects. I experienced the economic disaster of the 80's when Alaskans were losing their jobs and homes, banks closed, businesses disappeared and there was an exodus from Alaska. **We don't need to return to those days!** We need legislators willing to make the tough decisions and put Alaska back on the road to prosperity. **I will do that.**

With energy prices continuing to rise, it is critical that an in-state natural gas line be constructed. It is time to break the stalemate and move forward with a gas line. The lower 48 is flush with cheap natural gas. Development and marketing of Alaska's gas resources must be re-evaluated and options other than a pipeline through Canada must be pursued. We have studied and talked long enough. **It is time to act.**

STATEMENT:

I'm running because when I came to Alaska over thirty years ago there were opportunities to succeed here unlike any other place in the country. I want those same kinds of opportunities for the next generation.

The Muldoon area of Anchorage is my home. I have been an active member of this community for over three years. The first thing you need to know about Muldoon is that it's not just a road. It's a community of hard working people of all walks of life.

Prior to moving to Muldoon I represented Kodiak, Alaska (home to the largest Coast Guard Unit in the Pacific) in the State Legislature, where I served on two committees relating to Military and Veterans Affairs. Because of my previous legislative background I have the experience and knowledge to hit the ground running. I worked hard for Kodiak and I'll work just as hard for Muldoon and Elmendorf.

When it comes to Elmendorf General Billy Mitchell said it best in 1935 when he testified before Congress:

"I believe that in the future, whoever holds Alaska will hold the world. I think it is the most important strategic place in the world."

I will fight to protect Elmendorf and our service members.

I am making it my mission to go door to door to meet our neighbors, listen to them, and to learn the best solutions for our community. I believe that you have to know people to represent them. I look forward to **EARNING** your vote.

STATEMENT:

After speaking with my neighbors, I know that the most important issues that we regularly face are those close to home: fixing pot holes, speed bumps closer to where our children live and congregate, snow removed so we can get to work, community watch programs, hunting and fishing allocations that ensure opportunity for meat and fish in our freezers, gas price gouging when money is tight, good education for our kids, clean safe drinking water, adequate property drainage, protecting our PFD, and affordable, accessible health care, among many others. As you know, many of these are dealt with at the local municipal level, but there are things I can do as your representative in Juneau to help us with these concerns.

I will:

- support budget mechanisms allowing state funding for local community assistance
- support legislation to stop price gouging at the pumps;
- support the current ACES tax structure that is providing Alaskans a fair return on the resources we own, while providing oil companies a safer, more reliable return on their investment than they can get elsewhere without worrying about getting shot or nationalized;
- support mechanisms to express our desire to overturn the Supreme Court ruling in *Citizens United* giving corporations the unlimited free speech rights of citizens without the accompanying human responsibilities;
- work hard for you; speak up and out to keep you informed with open, honest feedback to the best of my ability.

There are things you can do too. Get involved - for the love of Alaska!

STATEMENT:

Because I've represented the northern part of our district and because some of you may not have met us yet, here are some of the things I've recently accomplished.

MY RECORD

Public Safety: authored laws banning texting while driving, strengthened punishments for gang members, increased penalties for corporations that commit crimes, and toughened arson and conspiracy laws; provided funding for new Fire Stations 3 (Airport Heights) and 6 (Debarr and Patterson), a new Cook Inlet fire/rescue boat, and opticoms to speed fire engines and ambulances through intersections.

Education: provided 70% state financing for the new Clark Middle School, and helped fund Mt. View library; authored legislation providing tax credits for donations to Alaskan colleges and universities.

Infrastructure Improvements: funded district roads, including paving Debarr, approved funding for the Bragaw-Glenn Highway interchange, funded People Mover buses and facilities, funded 4th Avenue and Pine Street sewer and storm drains.

Quality of Life: authored carbon monoxide detector law, the law providing free death certificates for veterans' families, and the law providing property tax relief exemptions for veteran's widows, and funded park improvements.

MY PRIORITIES

- **Create Jobs for Alaskans!**
- **Get full value for state resources—I won't give our oil away.**
- **Protect the Permanent Fund and your Dividend!**
- **Protect your right to vote. Bring back an open primary.**

Our district and our state face many challenges. I **won't** give our oil away and, I **will** seek bi-partisan support to solve our problems.

I'd appreciate your vote on November 6th.

STATEMENT:

I lived in Alaska before the discovery of oil on the North Slope and have seen the benefits to all Alaskans from this resource development. At this time, however, with the declining income we must encourage more oil and gas development if we want our state to continue to prosper. We have to be a place where businesses want to do business. We cannot tax companies more and expect them to want to come here. I will support long term responsible economic development which benefits all Alaskans.

- *Responsible resource development
- *Limited government regulations
- *Quality education for the 21st century
- *Government based on Constitutional Law

OTHER:

I started out in public service as a mother and volunteer concerned about our children. Working through our neighborhood PTAs, I supported after-school safety programs and worked hard to ensure our children had important learning resources.

Most importantly, I have been a professional advocate for children in state custody, working to safeguard abused and neglected children.

Our neighborhoods have always been important to me. I lobbied on behalf of our neighborhoods to solve traffic, zoning and public safety issues.

STATEMENT:

I came into politics wanting to stand up for our families and neighborhoods – and one way we do this by promoting a healthy economy and good jobs.

My priorities are to:

- Develop Alaska's **resources for the benefit of all Alaskans.**
- Make **smart investments now** in neighborhood roads, schools and drainage.
- Target incentives to **put more oil in the Pipeline.**
- **Support local education funding** that is steady and predictable, including UAA.
- **Protect our Permanent Fund.**
- Secure municipal revenue sharing to **reduce our local property taxes** and maintain services.

Most importantly, I believe good government rests on the basis of **OPENNESS and INTEGRITY.**

A legislator's most important responsibility is to make state government work for the people represented. I pride myself on working to understand and listen to my community – regardless of party affiliation, your political opinion, or who you are. I pledge to be available to and responsive to my constituents.

I'm Bertaand I am still listening.

I would be honored to have your vote!

STATEMENT:

I have been privileged to serve Anchorage residents and
the State of Alaska over the past 45 years in a number of
elective offices.

I had the pleasure of being elected to the 5th State
Legislature with Ted Stevens, Jay Hammond, Don Young,
Terry Miller and others. I spent two years as Chairman
of the House Local Government Committee where we
enacted legislation that allowed cities & borough's to unify.

I was elected to the Anchorage Area Charter Commission
where we drafted the 1st version of the Anchorage
Municipal Charter. In 1975 Anchorage voters agreed
to pass unification and the Municipality of Anchorage
was started. I ran for one of the first Assembly seats
and the voters allowed me to spend 10 1/2 years as an
Assemblyman.

In 1982 I realized that there were no checks in the Charter
that would control the Mayor and Assembly on how much
they spent. I decided to propose a charter amendment
that would place a spending lid on the Municipality and
School District. We circulated petitions and in the fall of
1982 the voters supported the Tax Cap amendment to
our Anchorage Municipal Charter. I'm very proud of the
Tax Cap. The "Cap" has spared Anchorage taxpayers
hundreds of millions of dollars in taxes and our local
government leaders have been forced to set priorities.

Alaska is facing significant fiscal problems and I believe
that as a State Senator I have the skills to help get our
great state back on track.

STATEMENT:

Reading through the Official Election Pamphlet, you're likely to hear about a whole mess of problems with the "situation" in Alaska. I have lived in Alaska for 48 years, serving as a teacher, a prosecutor, and a public servant in communities all over the state. And to be honest, I cannot find a lot to complain about. This State is beautiful, filled with incredible people, and absolutely remains the land of opportunity.

However, our government is having some difficulties. I have learned that whether you're working with students, prosecuting criminals, or trying to advance smart development—it is never enough to just sit and complain. I want to go to Juneau because I'm ready to work toward solutions to our shared challenges.

And we certainly have challenges in government. Our State capital budget now exceeds \$3 billion and is unsustainable. Our oil production (barrels per day) has fallen more than 300% and we have no gas line to replace this reduction in revenue. And our government has yet to establish a practical tax policy for oil and gas development in Alaska; one that keeps our wells producing *and* puts Alaska's resources to work for Alaskans.

Achieving solutions to these problems will require a common sense work ethic. We need leaders who take the time to listen to everyday Alaskans, who prioritize smart decisions over political decisions, and who are honest enough to stand by their goals.

I believe that together, we are better than our problems. Thanks for your support.

STATEMENT:

I am running for the House Seat representing Midtown District 15. It has been an honor to represent this area on the Assembly for over 14 years. I have worked hard and deliberated and voted to make Anchorage a better city. Some of the things I was able to accomplish with the support of my colleagues were: Anchorage's tough drunk driving law which at this time was a model for other Alaskan cities; made designer drugs illegal to sell or possess (we were able to do this months before the legislature was able to do the same), made tough smoking laws to make clean air an acceptable standard, and passed legislation requiring smoke and CO systems for homes being sold or rented; and worked to repeal the IM testing of automobiles, in spite of State and Federal opposition. We have been able to accomplish much. However, now is the time for me, with your help, to take this desire to work with the citizens of Anchorage to the entire State of Alaska.

I will continue to advocate for:

- Safe neighborhoods and quality schools
- Continuation of the Permanent Fund Dividend
- Responsible resource development
- Long-range fiscal plan
- Responsible spending
- Second Amendment rights without compromise

Together we can make Alaska a great place to live. I would appreciate your vote. For any questions or more information, contact me at dtraini@msn.com.

I'm a fourth generation Alaskan going back to Rachel and Ed "Pop" Crawford who arrived in Sunrise, Alaska in the early 1900's. My grandparents, Ben and Brideen Crawford founded one of the first banks in the Anchorage area, the Alaska State Bank. I'm privileged to have a hearty Alaskan heritage that has cultivated in me an eagerness to make this State great!

STATEMENT:

I am a conservative, hardworking man with a passion to serve the people of my district. I have strategic plans to address the tough issues in our State and community.

We need oil companies to produce oil at a desired level for the State. Using a simple sliding scale that utilizes rate of production as the measuring mechanism would create a direct tax incentive for the developers to increase production. Creating a sliding tax scale with production as the determining element will allow oil companies to earn their tax rates with production not promises.

We have a 67% graduation rate and teacher's jobs are being cut. We need to empower parents to be the authoritative decision makers for their children's education. We need to be treating and paying teachers like professionals and we can do that by putting a stop to wasteful spending on hidden administrative costs.

We need to be fostering job creation and reducing energy costs through the development of the resources in our State. We are a resource owner state, which means the people should reap the benefits for responsible development. We should be building the All-Alaska Gas Pipeline for in-state energy cost reduction and for sale to the starved Asian sector markets. We should be pushing for renewable energy resources such as the Susitna Dam Project as well as solar and geothermal developments in rural Alaska.

Together we can and will achieve a bright future for Alaska. I ask you for your support on Election Day.

POLITICAL AND GOVERNMENT POSITIONS:
Anchorage Municipal Assembly, 2008-Present, Chair 2009
Anchorage School Board 1994-2003, President 1998-1999

BUSINESS AND PROFESSIONAL POSITIONS:

Graphic Designer 1976-1981; printers, architecture firms, VECO
Owner, Drummond Design, 1981-Present

SERVICE ORGANIZATION(S) MEMBERSHIP:

Holy Transfiguration Greek Orthodox Church, Parish Council,
past Treasurer
North Star Community Council, past Chair
Federation of Community Councils, past Chair
North Star Elementary School PTA
West High School PTSA
Friends of the Library

SPECIAL INTERESTS:

Greek cooking, fishing, reading, enjoying Alaska's beauty

OTHER:

My son attended school in a relocatable classroom for three years due to extreme overcrowding. I successfully led the effort for a 12-classroom addition to North Star Elementary. This experience led me to run for school board where I helped the district manage during years of significant growth in Anchorage.

STATEMENT:

As a public servant for nearly 14 years, I understand what it takes to be your representative. I've served on the Anchorage School Board and currently serve on the Anchorage Municipal Assembly. **It would be my honor to work for you in the Alaska State Legislature.**

My priorities are:

- **Creating jobs for Alaskans:** Count on me to strengthen our economy through responsible development and smart fiscal policy.
- **Safe neighborhoods:** Continue to support first responders to keep our neighborhoods safe.
- **Excellent schools:** Fully fund education at the State level.
- **Affordable energy:** Explore energy options and assure South Central Alaska has the power it needs.
- **Wise investments with accountability:** Projects funded with state dollars should be economically sound and benefit Alaskans. I've served on the audit committees of both the city and the school district and know how to look for waste.
- **Road improvement and development impact decisions made with community input**

Over time I have seen a shift away from public accountability. We cannot have decisions being made without public input and approval. We need verifications and guarantees for our investments and projects with a proven benefit to the people of Alaska. As your representative I will work hard to make this a reality. I'm an independent thinker and **I base my decisions on the concerns of Alaskans.**

I'm asking for your vote so I can serve you as a proven and positive constructive problem-solver for our neighborhoods and the state.

STATEMENT:

I do not want to be a politician, but having lost faith in our legislators, I feel an obligation to run. After each legislative session, we have a bigger budget and less freedom. This last session passed HB333 that will allow election engineering by unions and corporations. The current legislators are good people, but they are not supporting us. Alaska has vast amounts of untapped resources, but little private enterprise development. Our economy is dependent on oil and government money, both of which are currently in decline. Places like the Boniface Mall, Eastgate, and the University Center have more government organizations than private business. Alaska seems to spend more on studies than on actual projects. At presentations, engineers mention they have worked over 10 years on projects without moving a stone. Community Counsels support shelters, parks, bike routes, and traffic calming, but vote against airport improvements and businesses. The education summit was dominated by politics, not student needs. Our failing education system hasn't changed in at least forty years.

Larger government will not promote business growth or the economy. Unless we have major changes in Juneau, we will be looking at a state income tax by the time the incumbents come up for election the next time. To continue to vote strictly by party lines and expect change is like Einstein's definition of insanity. Change your legislator and change your future. I will listen to your concerns and vote for your goals.

STATEMENT:
It has been my honor to serve you and stand up for
Alaska in the State Senate where I have worked hard
to move Alaska forward. I voted to provide funding for
neighborhood schools and road upgrades, sponsored
a bill to provide tax incentives for Alaska's growing film
industry, and enacted autism insurance reform.

Since 2007, I also proudly served in the Senate Bi-
Partisan Working Group, a group of Republicans and
Democrats who work together to meet the challenges
facing our state. As Chair of the Rules Committee and as
a member of the Senate Finance Committee, I always do
my best to represent your interests.

Our most notable accomplishments:

- Put **\$15 Billion** into Alaska savings accounts
- Invested in clean renewable energy, and created the Home Efficiency Rebate and Weatherization program, one of the most popular programs in the history of the state
- Secured **\$1 Billion** to guarantee future education funding
- Provided financial aid for thousands of Alaskan students

I believe that I have the EXPERIENCE to do the job and the INDEPENDENCE and COMMON SENSE to make the right decisions for Alaska's future. If elected, I will continue to work hard and KEEP IN TOUCH.

It would be my honor and privilege to work for you. I will continue to stand for sound fiscal policy, responsible legislation and common sense, bipartisan solutions. I would appreciate your vote!

STATEMENT:

I have called Alaska my home for more than 43 years. Having extensively traveled the world, I know that there is no place I would rather be. I have built my businesses here. My friends and family are here. My heart is here.

I decided to run for State House after hearing my neighbors voice their concerns over the path our country is taking. In the same breath they would exclaim "Well, there's not much you can do about it." I've never been one to sit on the sidelines and watch things happen. I would be honored to be the voice of the people in my district.

I believe in the Constitution.

I believe in smaller government.

I believe in the Alaska Constitution and that it should be adhered to.

I will fight to:

- Reduce State spending and regulations.
- Support families by increasing school performance and making neighborhoods and roads safe
- Provide jobs and opportunity through responsible development
- Support our military troops and protect our veterans benefits
- Help small businesses thrive in our neighborhood
- Protect our natural rights and freedoms
- Defend Alaska's interests against federal overreach

I've worked hard my whole life and I will work just as hard to make sure the needs of our diverse community are not forgotten.

I would be honored to be your Representative in Juneau. I've loved working with many of you over the years through the Airport Heights Community Council, on park projects, through workforce development and education, and more. I am running to represent you in Juneau as a neighbor and advocate for District 17.

I am running for office because I want to make a positive difference and believe I can make a positive difference. I bring experience and effectiveness to this position. I worked as legislative staff for several years and have extensive knowledge and understanding of the legislative process; this means I can hit the ground running working for you.

I have a track record of effectiveness. From neighborhood projects to legislative campaigns to volunteer activities, I follow through on commitments and make sure the job is done.

My priorities are:

- **Safe neighborhoods and public safety** for all of our residents.
- **Support of our education system**, from pre-k to technical training and college.
- **Honor our Veterans & Military** and their families.
- **Invest in Alaskans** and make sure **Alaskans get the good paying jobs** of the future.
- **Affordable energy**, responsible natural resource development and investments in renewable energy.
- **Build trust in our government** and government officials through openness.

I returned to Alaska to begin my career in Information Technology. I married my wife Ashley in 2003, and we are currently expecting our first child.

STATEMENT:

I am running for State House Representative because I am an Alaskan who is concerned with the erosion of freedom and liberty and the floundering economy. I am seeking to represent the downtown Anchorage area for the opportunity to apply simple common sense solutions to our state's problems.

Individual sovereignty and personal liberty are being threatened as never before seen in the history of our country. Our freedom is under attack by inept federal bureaucracy and big government politicians. I will work to take back lost liberty and preserve freedom for generations to come. As a constitutional conservative, I will wield the 10th Amendment to restore our state sovereignty fighting to limit, negate, and nullify overreaching federal authority and emerging world governance.

As Alaskans, we also face internal threats to our individual sovereignty and personal liberty. Projected budget shortfalls threaten to introduce new state taxes. As your representative, I will oppose any and all new taxes. The state of Alaska simply spends too much money. Cutting non-essential spending is a simple common sense approach to solving this problem. Another issue the state faces is the decline in production volume of our natural resources. I will support legislation to make Alaska more competitive at attracting business by working to reform the current oil and gas tax structure. New royalties from additional natural resource development will create the additional revenue stream to close the budget gaps.

My name is Cris Eichenlaub, Jr., and I look forward to serving you in Juneau.

I've been married to my wife Kelly since 1990. I grew up in foster care after my father was killed in 1969; attended public schools; attended college and law school through a combination of work, scholarships, loans and financial aid.

STATEMENT:

I hope we can work together, across party lines, to create opportunity for **all Alaskans**, regardless of whether they are born with wealth or privilege.

Money should not be a barrier to education, job training or college. Quality schools require quality staff, smaller, rather than increasing class sizes, and I've worked to fix the proposals by the House Republicans that have led to increased class sizes and teacher layoffs.

I believe in vibrant oil and gas development, but do not believe in the \$2 billion in oil company giveaways pushed by the outside oil companies, the Governor and his House allies. That bill allowed outside oil companies to take those breaks, and spend them outside of Alaska. Instead, I believe and have filed legislation requiring that oil company tax breaks be tied to commitments to hire Alaskans, and invest in Alaska oilfield exploration, development, and in new oil.

I believe in a large diameter gas pipeline. The best market for that gas today is Asia through a Southcentral LNG facility. A large diameter pipeline will produce the economies of scale so that Alaskans will be able to secure affordable natural gas for our communities.

I've worked to improve opportunity for Alaska's children, and have successfully pushed reforms to provide job training, college, mentorship, and the transition of foster youth to a successful adulthood.

And I've co-sponsored legislation to stop gasoline price gouging.

Please feel free to call or e-mail me any time. I'd be honored with your support.

STATEMENT:

As your senator for West Anchorage, my goals will be:

- Jump-start the process to develop a natural gas pipeline and get our natural gas to market
- Develop a long range fiscal plan that includes reasonable spending, is fiscally responsible, minimizes taxes and reduces the cost of government while maintaining essential services
- Improve the quality of education for our children and grandchildren at all levels. Candace and I have put four children through the Anchorage School system and have three grandsons who are now in the Anchorage School District. All of our children are college graduates
- Get the oil industry back to exploring and producing oil and gas; if we can get a million more barrels in the pipeline, Alaska's royalty share would be about four billion dollars a year

I have lived in Anchorage for 43 years and have operated my engineering and surveying business here for 35 years. I have handed a pay check to more than 1,000 Alaskans. As a businessman and a registered professional engineer I know how to make projects happen and how to manage resources. As a former Anchorage assemblyperson I am effective in the political world. I will use these skills and experience to represent the people of Alaska and particularly the people of West Anchorage. I would appreciate your vote.

Senate Judiciary Committee, and member of the Senate Resources and Education Committees. Assistant District Attorney, 1996-2002.

BUSINESS AND PROFESSIONAL POSITIONS:

Co-owner, French Apartments, 1989-present; lead operator and production operator ARCO, 1984-1992; Shell Oil Company, 1980-1984.

SERVICE ORGANIZATION(S) MEMBERSHIP:

Board of Directors member for Boys and Girls Club.

OTHER:

- I came to Alaska at 19 to work on an oil rig. During 13 years in the industry, I was promoted from bull cook to a lead production operator on the North Slope, where my crew ran the pumps, valves, and compressors that handled Kuparuk's crude oil.
- Twice climbed Mt. McKinley to the summit.

STATEMENT:

When I was first elected to the State Senate, I promised to work with both sides and get things done. That promise was fulfilled when the Senate's Bipartisan Working Group was formed. **A coalition of Democrats and Republicans put aside their party differences to work together for the good of the state.** I want to continue this positive trend.

I promise to **keep working across the aisle**, to ensure we have an oil tax on the books that **encourages new exploration and development** and gives **Alaska a fair share** for its resources. Last session in Juneau, I supported and voted for tax incentives for new oil production.

I also believe that all Alaskans deserve a quality education. This means voluntary pre-K programs, strong high schools, vocational choices, and a great university system.

Finally, as a former prosecutor, I know the importance of safe streets and neighborhoods. The first bill I passed toughened penalties on sex offenders. **I worked with the Governor and legislature this year to pass a bill that helps victims get their day in court faster.** We have put laws on the books to use DNA evidence to catch the guilty and free the innocent. I'm proud that my work has been recognized by such groups as the Anchorage Police Department, and the Alaska Network on Domestic Violence and Sexual Assault.

I've worked hard to meet you and to listen to your concerns.

I would be honored to have your vote on Election Day.

STATEMENT:

Listening to and speaking with Alaskans these past months, I've been able to share concerns about three key areas:

- 1) Jobs and the economy,
- 2) Energy independence, and
- 3) Efficient government.

I believe in reducing the cost of creating private enterprise in Alaska. As a businessman, I know that streamlining the ability to start small businesses strengthens economic prosperity. We need to create a place for Alaska in global competition, invite investment & promote tourism.

Developing Alaska's natural resources is the first step to increase our sovereignty. Alaska leads the country in responsible development of our resources; I am committed to maintaining our high standards of public participation and permitting processes.

Efficient government includes reviewing spending, asking what Alaskans are getting for the investment of State dollars, and continuously striving for optimal government services and taxes. Being a good steward of our State's limited finances is one of my top priorities.

In addition to my focus on these three key areas, I am a strong supporter of our individual right to keep and bear arms. I support our first responders, they remain the key to ensuring safety throughout Alaska. We need to be tough on crime while supporting rehabilitation and restitution.

As a continuous learner I truly appreciate quality education and educational choice. Much more can be done to broaden the freedom to enjoy Alaska.

Alaska is my home of choice, providing the American ideal of liberty and effort based success.

I humbly request your vote.

STATEMENT:

I am running for re-election because **I love Alaska, I believe in our future and I want to ensure Alaska continues to be a land of opportunity.**

I was born and raised in West Anchorage. My parents were active members of this community and instilled in me a strong sense of community and public service. **I care about the future of our community and our state.**

We accomplished a lot this year. We passed bills to encourage entrepreneurship, strengthen the rights of crime victims, **lower the cost of energy**, provide needed assistance to families of autistic children, and fund scholarships to help Alaskans attend college.

This year **I sponsored successful legislation to strengthen Alaska's consumer protection laws and boost jobs and our local economy.** Over the past six years I've fought to **put savings before spending**, protect victims of sexual assault and domestic violence, support small businesses, **help put more computers into local classrooms**, and obtain funding to improve pedestrian and bicycle accommodations, reduce travel speeds, and decrease cut-through traffic in our neighborhoods.

There's still a lot more work to do.

I firmly believe that public service is about **integrity, hard work and an honest concern for the future of all Alaskans.**

Representing our community in Juneau has been a tremendous privilege. Together we can continue fighting for **open and honest government, safe communities, a strong economy, reasonable long-term energy costs, access to affordable healthcare, and quality education for our kids.**

I would appreciate your vote on Election Day.

STATEMENT:

Thank you for electing me to be your Representative. For the past two years, I've been working hard representing our community as a member of the House Finance Committee. My priorities have been:

- **Developing Alaska's economy**
- **Filling the Pipeline**
- Making Alaska the most attractive place to **live, work, and raise a family.**

Economic Development

Like you, I am concerned about the current and future economy in Anchorage and our state. I believe our economy – fueled by responsible resource development – is the foundation of everything else including funding for education, public safety, transportation and programs that are necessary for the public good. **I am working hard to create an environment where our resources are developed responsibly, where businesses can grow and good jobs exist – now and for our future.**

Fiscal Conservative

I believe in a **strong private sector** and in **smaller, smarter government**. Our current level of state spending is unsustainable and I will work to ensure a long-term economic future.

Our Community

As a lifelong Alaskan committed to our state I truly believe Alaska's best days are yet to come. I care about our District and our future and I will work in a positive and productive manner with every member of the Legislature. **I never forget that I am your voice in Juneau.** I'd love to hear from you and invite you to call me on my cell at 227-5276.

STATEMENT:

The only special interest I serve is you.

Government has to be smarter with how it conducts its business; not all problems can be solved with legislation.

Government may not be the solution to all our problems, but it is the solution to some of them: that's why I am called to serve.

- The Permanent Fund. I will not allow the PFD to be taken away in order to pay for billion dollar tax giveaways to the oil industry.
- Resource Development. The oil and gas industry is our negotiating partner. The money they pay to us for our oil should benefit all Alaskans: billion dollar tax giveaways are not the solution. I am a strong supporter of mining, but I will not trade a renewable resource for a nonrenewable one: Pebble Mine is a non-starter in my book.
- Budget Spending. One word: Less. No more taxpayer-funded million dollar basketball junkets.
- Education. Investing in our children's education is one of the best uses of our state's resources. Families should have access to educational opportunities that best assist their child's needs, whether it be Pre-K, K-12, Homeschooling, Trade Schools or Higher Education.
- Military & Veterans. As the wife of a disabled veteran, I understand the difficulties many military and veteran families face and want to ensure a strong support network is maintained.
- Freedom. We Alaskans enjoy unrivaled personal freedoms. Our right to privacy is clearly enshrined within our State Constitution. I will protect our personal freedoms from being slowly chipped away.

STATEMENT:

Alaska is a wonderful place to live and its greatest resource is the people. We must invest in our people and they will appropriately develop the resources for the good of our state and our nation, and the future of our children and grandchildren.

All Alaskan youth should be given the educational opportunities they need to graduate high school and learn the skills needed to be productive. Adults also should have the opportunity for education and training to learn new skills to meet our changing world.

Just as we came together to build the Trans Alaska Pipeline on land and stop nuclear testing in our waters, we need to come together with all of our ideas for energy and other resources to develop them safely, thinking first of how the development will affect future generations. We need a skilled labor force and ethical managers with positive, inclusive visions of our future.

I believe that everyone has a part to play in making the future even brighter than the past. When I have a good job, I believe in paying my taxes. When I have access to health care and the good health that it has brought me, I want others to have it, too. When I think more should be done, before I complain, I need to step forward and do my part. This is why I am running for Alaska State Senate K in the neighborhood where I have lived for the past thirty-four years.

OTHER:

Our family has lived in Anchorage for over a decade and our daughter attended our district's Elementary, Middle, and High school before attending UAA. As a firm believer in giving back to the community, I have been an active community and school volunteer. My husband has worked on the North Slope for 20 years.

STATEMENT:

My decision to run for this office was not made in haste. I am strongly committed to public service and the responsibilities that come with such an honor. I am confident that my background, as well as my *backbone*, will guide me to stand up for all Alaskans, regardless of party affiliation. If elected, my decisions will be guided by our interests and the interests of our children.

As a seasoned businesswoman with 20+ years experience in management, I know what it takes to lead. Having worked throughout the state, I understand Alaska's economy and what we need to do to grow it in a way that is both financially prudent and, most importantly, sustainable.

We are facing challenging times. To face them boldly, we need strong leaders who will represent the voters, not outside interests.

I Will Work For:

- Equal access to education, where students from any background can excel;
- All workers having the opportunity to earn a living wage, and enjoy a safe, harassment free work place;
- Responsible development of our natural resources for the economic benefit of all Alaskans;
- A realistic, sustainable, and long-term fiscal plan for Alaska.

I take pride in my work and I am willing to take on tough jobs. Southwest Anchorage deserves a State Representative who is honest, open, and accessible. You deserve nothing less.

On November 6th, Elect Jodie Dominguez for State House.

STATEMENT:

I'm very proud to represent Southwest Anchorage. Our neighborhoods offer a quality of life that is among Alaska's best. My priority has always been to make sure they *stay* that way – by working to improve our schools, roads and public safety. But while I emphasize the basics, I'm also working hard to build Alaska's future – by improving our business climate to ensure new investment and job opportunities for Alaskans.

MY TOP PRIORITIES:

- ✓ **Build the Gas Pipeline**
- ✓ **Bring down the cost of energy** to Alaskan consumers
- ✓ **Reform our tax and regulatory structure** to make sure Alaska is competitive
- ✓ **Ensure world class schools** to prepare Alaskans for the jobs that will be created by responsible development of Alaska's vast natural resources.
- ✓ **Improve neighborhood roads and public safety** to prevent congestion and keep crime and gangs out of our neighborhoods
- ✓ **Cut government red tape, support small businesses** – and keep Alaska moving forward

FISCAL CONSERVATIVE

I'm committed to holding government accountable. I believe government can do more with less. I've:

- ✓ **Worked to Reduce Local Property Taxes**
- ✓ **Voted to put *Billions* more into Savings**
- ✓ **Protected the Permanent Fund**

MY COMMITMENT . . . TO YOU

When in Juneau, I never forget that I'm *your* voice. I try to stay in touch and keep you informed through teleconferences, community council meetings, newsletters, and personal contacts.

With your continued support – and vote - I'll work hard to make sure we have a strong and effective voice in Juneau.

STATEMENT:

Thank you for allowing me to be your Representative. The position of trust to which you've elected me is one I take very seriously. I work hard to make our community efforts succeed and I hope my accomplishments continue to pay off for you.

As I go door-to-door talking with my neighbors, I notice families are concerned about the current direction of our state. I've seen many friends and neighbors move because Alaska does not offer enough education or job opportunities.

My experience brings a unique perspective on fiscal responsibility. High oil revenues will not last. We need a long-term vision for the future of our resources, economy, and investments for the betterment of all Alaskans.

Alaska can be the place where ideas and innovations flourish, education is of the highest quality, the economy thrives, and jobs are rewarding.

To accomplish these goals, we need a higher education system that supports this vision and nurtures growth. Every high school graduate should be able to fulfill their dreams within Alaska.

Alaska is blessed with talented people and incredible natural resources. With your support, I will work hard to **develop Alaska for Alaskans**. Together, we can build a brighter future. My only special interest is you!

I want to continue working for **you** as your representative.

Vote Chris Tuck for State House.

STATEMENT:

Thank you for participating in the election process. Working together we can make a difference in our community, and in Alaska.

Alaska is an amazing state and it's a privilege to run for the Alaska Legislature. I'm running because I'm concerned about **jobs** – Anchorage and statewide – and the future of our State. I believe in the following:

- A strong private sector. I will work hard to help create good, permanent private sector jobs, to support our business community, and to provide infrastructure for private development. We need both new resource development AND conservation of renewable resources – Alaska is smart enough to develop our resources and protect the environment. Our resource base – renewable and nonrenewable – is what we do. **It's who we are.**
- Smaller, smarter government. Our current level of state spending is unsustainable and I am prepared to make tough tax and budget decisions.
- Make District 22 a safer place to play outdoors, live and work.
- I am pro life.
- I believe in quality and results in our public education, and I want better **value** – education is more than half the state budget.

I will give serious consideration to each issue. I will listen respectfully to all sides of an issue and seek to understand the consequences of those choices. I will invest time researching proposed legislation, its effects on Alaskans, businesses and the world we live in.

I respectfully ask for your vote for the Alaska House of Representatives. Visit **votevaught.com** and please **VOTE Lisa VAUGHT.**

Moved to Alaska in February 1999 to manage stores for Alaska Commercial Co. Moved to Anchorage 2003 to work in wholesale for rural Alaska. My wife and I have been foster parents since 2008 and have adopted two great kids out of the foster care program. Started my own business with a partner in 2012 to help focus on getting lower cost goods to rural communities across the state of Alaska.

STATEMENT:

My name is Jacob O. Hale, and I'm just a guy who is tired of the partisan bickering that is prevalent in state and federal government today. I am a Democrat who can be best described as a fiscal conservative, social moderate with a healthy dash of libertarian tossed in. Here is a list of some issues that affect Alaska and the positions I have taken on them:

State and Federal Government: I believe in a stronger state and weaker federal government. Elected officials at the state level are a lot closer to the issues in their home state than people in DC that have only cursory information on how their decisions are going to affect different states.

Small Businesses Development: I believe the state and federal government should do more to make it easier for small businesses to start and operate. I support lowering the cost of fees and taxes that inhibit the creation and growth of small businesses. As large corporations move jobs overseas, it will be on the backbone of small businesses that new job growth is spurred in Alaska.

Oil Industry: While I love the work and jobs created by the oil industry, I don't believe we need to continually cut taxes on an industry that has record profits every year, by putting billions of dollars from your future PFD funds to their shareholders pockets.

As your Senator, I will work hard to represent those in my district and will not play partisan or special interest politics.

STATEMENT:
I would appreciate your vote on Election Day. As a State
Legislator, I have worked hard on the important issues
facing our state:

Resource Development: Advocated for responsible
development of our resources, supported building an
in-state natural gas pipeline to ensure long term energy
supplies to heat our homes, our businesses, and provide
economic benefits to our state, and promoted renewable
and alternative energy projects to provide efficient and
affordable energy solutions to Alaska communities.

Public Finance: Worked to reduce the growth of government
spending in the state operating budget, led the effort to save
for the future through a disciplined approach that resulted
in \$17 billion in Alaska's savings reserve, and opposed
punitive taxes that would harm the economy of our state.

Education: Successfully championed for the expansion
and resources for voc-tech education opportunities in our
schools, secured forward funding of education, and provided
funding for our local school construction and safety projects.

Public Safety: Sponsored legislation focused on outlawing
the sale of dangerous synthetic drugs, combating
underage drinking, protecting victims' rights, and providing
the strongest penalties for egregious crimes, like sexual
assault and exploitation of children.

None of my accomplishments as a legislator would have
been possible without the people that I represent. It has
been an honor and a privilege serving you. I look forward
to working together to ensure that Alaska is a great place to
live, work, and raise a family. Thank you for your support!

"CONTRACT WITH ALASKA:" Bob Lynn will

1. Work to get more oil in our pipeline, get a gas pipeline built, and protect our Constitutional Right for maximum benefit from Alaska's natural resources.
2. Promote a sustainable budget, less spending, more savings, and PFD protection. Signed Alaska Taxpayer Pledge not to raise taxes.
3. Support Parental Rights and traditional Family Values.
4. Support appropriate funding for K-12 schools and university. Our kids are more important than anything else.
5. Protect Second Amendment Rights, and increased public safety. We need to be safe in our homes, and everywhere we go.
6. Work to strengthen administrative and legislative backbone to keep the federal government from pushing around our sovereign State of Alaska.
7. Keep campaign promises, resist pressure to put special interests ahead of people, base my votes on a bill's merits and nothing else. Bob Lynn puts ethics ahead of politics.
8. Maintain our Constitutional Right as Alaskans to equal access for fishing and hunting, wherever we live.
9. Use my experience, seniority, and common sense conservatism to keep Alaska the world's best place to live, work, and play. Proven performance beats untested promises.
10. Make your concerns my concerns every time I cast a vote.

That's ten good reasons to vote for Bob Lynn! I've worked very hard to do a good job for you in our legislature. Quite frankly, I think I've done a good job. I respectfully request the Honor of your vote.

STATEMENT:

I'm running for three reasons,

First, the Legislature has again passed one of the largest budgets in decades, while oil production is in sharp decline. We need to make smarter decisions about how we spend our money. We're fortunate to have funds at the moment, but let's focus on smart financial decisions and leave a stable legacy that's good for Alaskans – not insurmountable debt. No more runaway spending. Let's stop the Alaskan price gouging at the pump - we live in the state providing the fuel. I'm tired of it; how about you?
I know we can do better!

Second, public safety is a priority. Our State rankings nationally are unacceptable. Let's make our communities safe!
I know we can do better!

Third, we need to strengthen our education system - it is our investment the futures of our children and our state. I'm committed to the 90% graduation rate by 2020, increasing Alaska universities' enrollment and graduation rates. District 23 parents are strong advocates for education and so am I.
I know we can do better!

I've spent 30 years protecting the public's money and your precious right to vote. The 2012 Municipal election fiasco would never have happened under my watch (retired 2009).

I have a proven record of strong ethics, integrity and hard work. I want action, not promises.

As your legislator, my job is to bring YOUR issues to Juneau and get YOUR work done. I know we can do better!

I would appreciate your vote.

Hunting through history for the best ideas to help us preserve and resurrect this experiment called 'the middle class' in America.

OTHER:

My dad was an Army helicopter pilot and my mother was an army wife, dental hygienist, hotel manager, realtor and volunteer. We lived on seven different Army bases before I was 18. It was during our time at Fort Richardson that I fell in love with Alaska. Patrick and I have been living in the same house over 20 years.

STATEMENT:

You deserve an honest representative who lives in your community. It's time to send new blood to Juneau.

Imagine how efficient our budget process would be if we had a long term plan and forward funded our schools. It wouldn't cost more, but school districts would be spared the turmoil of having to pink slip teachers just to hire them back. Ten teachers were laid off at Service this year and desperately needed renovations are still on the drawing board after 20 years.

We need legislators who work together and actually get things done. If an incumbent can't get along with her own party, much less the other party, how effective can she be? My experience on the School Board and Community Council has been completely non-partisan. Every year oil companies and legislators clash over taxes. As a Realtor I have experience negotiating with parties that have different interests: the buyer wants to buy low and the seller to sell high. As your legislator I'll continue negotiating and asking the hard questions you need answered.

We must invest in education and infrastructure so businesses can thrive and invest in Alaska. Together we can revitalize our economy and ensure prosperity for ourselves and future generations.

It's been an honor to serve you on the School Board and the Community Council. Please continue to place your trust in me and send me to represent you in Juneau.

I'm standing up for you, not for special interests.

Vote Patti Higgins for State House.

STATEMENT:

As a lifelong Alaskan, I am committed to creating a prosperous
and sustainable future for all Alaskans. My experience in
the legislature combined with my private sector experience
has given me the knowledge and background to work on
solutions to Alaska's most pressing issues. I am willing to
listen and work hard for my constituents. With your support I
will continue to work on the following issues:

Energy

The legislature made great strides on energy the past four
years by passing a State Energy Plan, an omnibus energy
bill and continued funding for renewable energy projects. We
also passed bills to increase the supply and deliverability of
Cook Inlet natural gas for Southcentral homeowners.

I have a two pronged approach to energy. Continue to
develop clean renewable energy sources while boosting
petroleum production on the North Slope and in Cook Inlet.
If elected for another term I will push new legislation to make
energy more affordable and abundant for all Alaskans.

Education

All students deserve a quality education. Students planning
to attend college or vocational training must be prepared
by receiving quality instruction. I support forward funding
education in the state budget so teachers and administrators
can prepare for the next school year.

Economy

Alaska creates an attractive business climate when state
government lives within its means. I will continue to work on
ways to curb the state operating budget and support depositing
budget surpluses into the Constitutional Budget Reserve.

I would appreciate your support on Election Day.

STATEMENT:

Serving Alaskans has always been my number one priority from my 11 years of service on the Anchorage School Board to my many years of service as a legislator, serving six years as a House Representative (Served 2 years as Majority Whip and 2 years as Minority Whip) and 12 years as Senator. Making sure our kids have a great education, creating new jobs and lessening barriers to small businesses, and supporting our seniors and men and women in the military (there are many veterans in my family) remain my priorities. I will continue to introduce legislation that provides equitable and adequate funding for public schools, supports our military, grows our economy and creates jobs and improves medical access and health care for seniors and veterans. I am deeply committed to our state and I believe in its future and will continue to "Stand Up" for all Alaskans. District M deserves a strong, hardworking, proven experienced Senator and I am that Senator. I take my responsibilities very seriously and would very much appreciate your vote! Re-Elect Bettye Davis State Senate; Endorsed by the Anchorage Central Labor Council.

STATEMENT:

It is an honor to have represented you in the Alaska Legislature for nearly six years. I have deliberated and voted to make our state a safer place to live and work; to provide jobs for families and to support our business community.

Seven years of hard work for Eagle River and East Anchorage on the Anchorage Assembly compliments my service in the State House and has given me the experience to represent District M in the Senate.

As a public servant for over 15 years, I will remain responsive to the needs of our community and our families.

Casting votes that affect you, your business and our environment is a huge responsibility. I consider each issue carefully. I respectfully listen to all sides of an issue and seek to understand the consequences of those choices.

I will continue to advocate for:

- Quality education and safe neighborhoods.
- Controlled state spending & implementation of a long-range financial plan.
- Funding for road repair and construction.
- Ethical and responsible resource development.
- Responsible and affordable healthcare for Alaskans.
- Protection of your Permanent Fund Dividend.

Working together we will make a positive difference!

Thank you for taking the time to participate in the election process. I am the energetic, conservative candidate for Senate District M and I look forward to being your voice in the State Senate.

I appreciate the trust you have placed with me and respectfully ask for your vote in both the Primary and General Elections.

STATEMENT:

I came to Anchorage 29 years ago because of the
freedom and opportunities this great state offers, and it
has been an honor to serve as **your representative**.

Affordable Energy: I will fight gasoline price gouging. I
proudly helped craft a statewide energy policy to lower
energy costs and create jobs.

Protecting Public Safety: I helped secure funding and
broke ground to build a new Northeast Anchorage fire
station and support Community Patrols.

Gas for Alaskans: I helped create incentives for more
natural gas development in Cook Inlet and will continue
the fight for an Alaska gas pipeline.

Improving our schools: I will work to improve
neighborhood schools and UAA, and restore defined
retirement benefits so that we can hire the best teachers.
We passed needs and merit based financial aid this
year to make job training and college available to all,
regardless of wealth.

Tax Relief: I introduced legislation to more than double
the exemption to the residential property taxes. I will
continue fighting to **lower your taxes**.

Fiscal Responsibility: As a small business owner, every
month I posted a budget on my bulletin board to make
sure we lived within our means. I brought this common
sense approach to Juneau. I voted to block a nearly \$1
billion raid on the state savings account.

Protecting the Permanent Fund: I will continue to
oppose any effort to use the Permanent Fund to pay for
government spending.

Your vote will help keep me **fighting for you**.

I'm on your side!

OTHER:

As a lifelong Alaskan, I will continue to work every day to
make sure our families have great opportunities in our state.

STATEMENT:

It has been an incredible honor to represent East Anchorage
in the legislature over the past couple of years. Over that
time, I have always made every decision by asking myself if I
am doing this **For Our Future**.

Energy Security

As Energy Committee Co-Chair, I was honored to carry
legislation moving a Susitna-Watana Dam project forward,
and sponsored new legislation that encourages investment
in other renewable projects. As natural gas will continue to
be a key part of our energy portfolio, I have fought for and will
continue to move forward on a gas line from the North Slope,
securing affordable energy for Alaskans.

Jobs and Economic Growth

I supported the removal of duplicate regulations and lower
taxes for both businesses and your homes. I also introduced
legislation to encourage Congress to open ANWR for resource
development; while separately I have taken an active role
encouraging proper planning on other federal lands.

Schools, Neighborhoods, Roads, and You

In Juneau, I never forget I am there as **your representative**.
Whether through community council meetings, newsletters,
picnics, or face to face, I stay in touch and try to keep you
informed.

Every year, I fight to secure the resources to upgrade the
safety of our roads, promote public safety through programs
like community patrols, and supply our hard working teachers
necessary tools.

I also introduced legislation defending your rights as sportsmen
and women.

I look forward to continue to work **For Our Future** and would
appreciate your vote on Nov 6.

OTHER:

The Goughnour family are long-time members of Joy Lutheran Church. Roberta is currently pursuing another Bachelor's degree in MIS at UAA.

STATEMENT:

A third generation Alaskan, Roberta is an ideal candidate for State House. Roberta understands and can relate to the individuals and families of Eagle River. She is a candidate that will fight for family-first values in Juneau, and her platform is simple and straightforward.

First, Roberta supports excellence and accountability in education. As a parent herself, Roberta wants to fight for the best education we can provide the students of Alaska. Teachers and administrators should strive to ensure every student performs to his or her highest potential.

Second, Roberta recognizes the need for healthy and safe neighborhoods. For the economy of Alaska to thrive, children and families must have safe homes, be well cared for and have access to adequate health care services.

Roberta recognizes the need for good jobs in order to have a strong economy. She understands the history and economic development of the State and believes that maximizing the return on investment for human, natural and financial resources will increase jobs and create a more stable economy.

Lastly, Roberta supports active military families and veterans. We all depend on the ability of our armed forces to provide for our security. Their families rely on our community to help overcome the daily challenges of having family members serving our Country. Once our service men and women retire, they deserve the benefits earned during that service.

Roberta's philosophy is simple; she puts an emphasis on family first and uses common sense leadership to advocate for the success of Alaskans.

STATEMENT:

Alaska has a bright future – but it's going to take some BOLD leadership to get us there.

I'm Lora Reinbold. I'm Alaskan born and raised. I'm running because I'm concerned about our future. I want to put my unique blend of business, healthcare, and education experience to work for Eagle River and the State of Alaska.

We've got too much politics and not enough business savvy in Juneau. I've managed two multimillion-dollar enterprises here in Alaska. I know what it takes to create jobs, balance budgets and make payroll. I know how to create a pro-business climate that encourages investment in Alaska.

My number one priority is to encourage new investment in responsible resource development to fuel our economy. To that end, I WILL...1) encourage a positive and collaborative relationship with industry, 2) support tax credits to encourage exploration and development, 3) secure a stable, fair and competitive tax policy to encourage business investment, and 4) vigorously promote a natural gas pipeline to secure low cost energy for Alaskans.

I have 25 years of combined experience in the healthcare industry and education. These are two huge areas of our state budget. We should unleash the power of the free market to control costs and improve quality. I support public education, school choice and the rights of parents to educate their children. Let's weed out the ineffective teachers – and reward our hard working teachers.

I'm pro-business, pro-life, pro-gun and pro-freedom. Vote BOLD on November 6 – Lora ReinBOLD.

STATEMENT:

My Values:

- "Working Together to Move Alaska Forward" isn't just a campaign slogan to me. Alaska is at a crossroads where lawmakers' decisions will have impact; not just on this generation's quality of life, but that of our children and grandchildren.

Like you, I'm tired of divisive partisan politics. I'll roll up my sleeves and work with both parties to get things done for you.

Jobs, sustainable industry, education, and maintaining our unique quality of life, are issues Alaskans care about and that's why I'm running. I'm not a political ideologue, but a common sense Alaskan that looks for practical solutions that work.

On the Issues:

- **Oil and Gas Tax:** The oil industry is our valued partner bringing our resources to market, but we need assurances that this partnership respects our ownership stake, while allowing a fair profit for developers.
- **I support an in-state gas line that benefits and provides jobs for Alaskans.**
- **Don't need to throw the baby out with the bathwater on ACES:** Adjustments may further encourage development, but multinational oil companies also need to pay their fair share.
- **Education:** Every child deserves an education and throughout our history, it's been the great American equalizer—it's part of our American Exceptionalism. As a dad with kids in school, I'll work to ensure that every kid gets a sound education that puts them on a path to success.

STATEMENT:

My priorities, the last two years in the Senate, have been:
*Economic Strength through Resource Development.
*Employed Alaskans in Productive Jobs.
*Energy Development and Delivery for Alaska and Beyond.

I continue studying the issues, listening to all perspectives, participating in community meetings and legislative hearings...in order to contribute informed discussion and Senate votes. Besides resource development, I devoted my time to a wide range of topics, from fishing to taxes, mining to tourism, petroleum to public health. I have worked with both House and Senate colleagues, across party lines, for the benefit my district and fellow Alaskans.

Alaskans need the opportunity for employment in good paying jobs. Private sector jobs, not government bureaucracy, provide the path to a strong Alaska economy. We must reduce regulatory duplication and barriers for business, which prevents innovation, growth, and competition. I will continue working to promote productive Alaskan jobs.

Dependable sources of energy, produced at the lowest possible cost to consumers, are key for all of us. I am excited that we are proceeding with a large hydroelectric dam. I support removing the barriers to an in-state natural gas pipeline providing that resource for Alaskans and exporting around the world.

There's more work to be done to ensure Economic Strength, Employed Alaskans, and Energy Development. My work on these issues earned an A+ score on the 2012 Alaska Business Report Card. I respectfully ask for your vote, so I can continue working for a more prosperous Alaska for this and future generations.

STATEMENT:

It is an honor serving our community as State Representative. During my time in office I have repeatedly heard two requests: Rise above partisan rhetoric and address our fiscal challenges. I have a proven record of open-door leadership on these and other important issues facing Alaska today. I am known for hard work, straight talk and proven results.

My highest priorities continue to be common sense fiscal policy and assuring our community has an adequate supply of affordable natural gas. With vision and strong leadership we can strengthen our economy, control the cost of government, and sustain a responsible level of spending. Our solutions must be founded on fiscal discipline, but meet Alaska's growing needs.

There are always challenges achieving the future we want. Increasing oil production and getting our natural gas to market are critical. These along with better schools, safer communities, good career opportunities, and greater access to affordable health care depend on electing legislators who care and can get the job done. I have the right combination of skills and experience to do it.

I have lived in our district 31 years and am the only legislator who has been a CPA and financial professional. I have served as Chair of the Finance, Budget and Audit, and Ways and Means Committees. My re-election assures our district continues to be represented by a proven and effective legislator who listens and works for you.

I appreciate your continued support and ask for your vote.

Ballot Measure No. 1

Constitutional Convention Question

The Alaska State Constitution states that during any ten-year period, if a constitutional convention has not been held, the lieutenant governor shall place on the ballot for the next general election the question:

Ballot Language

Ballot Measure No. 1 Constitutional Convention Question
Shall there be a constitutional convention? <input type="radio"/> Yes <input type="radio"/> No

Legislative Affairs Agency Summary

This question relates to a call for a constitutional convention. At the convention the state constitution may be amended or revised, subject to approval by the voters. Under the state constitution, the voters must have the chance to vote on the question of whether there should be a constitutional convention if there has not been a convention during the last ten years. There has not been a convention in the last ten years. This question asks voters to say whether there should be a constitutional convention.

Statement in Support

“The times they are a changing,” said Bob Dylan. Thomas Jefferson agreed that change requires periodic review of a constitution. Are some changes in the fundamental document required to update to changing circumstances? Alaska’s constitutional authors understood change, which is why you are asked to vote on this question every ten years. It is now more than fifty years since Alaskans, then subjects of Territorial government, drew up this document. It has with exceptions, served us well, but the times have changed.

Since drawn in part to persuade the Congress to give us statehood, the constitution was short on innovation. “One person, one vote” was not yet the law of the land, so representation in a single larger chamber without a separate senate drew little consideration. In a state now with a much larger population, unicameralism would bring economies, enhanced accountability and smaller districts, closer to the people if we combined the 40 and 20 into one 60 member chamber as was done in Nebraska.

But the biggest change has been the growth of money, often corporate, often secret money, as the deciding factor in our elections. Many in the legislature are favored by this system, which is why the people in convention must bring change.

The statement printed on this page is the opinion of the author(s) and is presented as submitted to the Division of Elections.

Ballot Measure No. 1

Constitutional Convention Question

The risks of corruption in government have risen. You know the examples. The attorney general may be conflicted or preoccupied. A constitutional amendment can create a quasi-judicial office of Inspector General with the duties of overseeing ethical performance of government, election management, redistricting and other duties, which do not easily fit under executive control.

Your permanent fund dividend is not in the constitution. It needs protection as politicians may seek other uses for the money and sustainable standards for its size. The fund itself has no stated purpose. A convention can define the “rainy day” that allows legislative expenditures. Standards for the use of its income can be set. Part of its income can be committed to expand the existing constitutional right to K-12 education to include a preschool year with participation by private institutions.

Require a public vote on giant state construction projects, now limited only to those requiring debt. Take legislative pay determination from the legislature. Require a shareholder vote before any political corporate expenditure is made and complete disclosure on the source of all political funding. Take politicians off the redistricting board. Reduce the money factor in the initiative and provide a hearing process before fixing the question on the ballot.

People fear that extremists of the left or right will take over a convention, but for a convention, people of stature will come forward who were not prepared to give their lives to legislative representation. You get to choose the delegates and you get to vote on the convention product, probably a series of amendments, before any change is adopted. The Alaskan democracy and the Alaskan way of life are in danger. A convention is a risk worth taking.

Statement in Opposition

The League of Women Voters of Alaska urges Alaskans to vote “**NO**” on this ballot measure. It is unnecessary, costly and potentially dangerous. The Alaska Constitution is considered a model constitution. It is a flexible and concise document that adapts to changing needs.

UNNECESSARY. While certain issues prompt intense public interest, a constitutional convention is **NOT** the best way to address these issues. There is a clear and effective amendment process. The LWVAK supports the amendment process for any needed changes. The amendment process has worked forty times, and it will continue to work in the future. In this way the people have an opportunity to address specific issues rather than risk opening up the entire Constitution to major changes.

COSTLY. No dollar amount has been determined for the cost of holding a constitutional convention, but undoubtedly it would be large.

The statement printed on this page is the opinion of the author(s) and is presented as submitted to the Division of Elections.

Ballot Measure No. 1

Constitutional Convention Question

The Constitution states that election of delegates to the convention shall be chosen at the next regular statewide election, unless the legislature provides for the election of the delegates at a special election. A special election would be extremely costly. In addition, there would be the costs associated with holding the convention itself.

Can we afford the cost? When we can't even provide basic services in some parts of Alaska, we certainly should not spend scarce funds on a constitutional convention with no clear purpose.

PERILOUS. A constitutional convention would have plenary powers to amend or revise our Constitution. In other words, the entire Constitution would be open to change. This could put the Constitution at risk with unlimited and unpredictable amendments being proposed by special interest groups. The convention could be slanted toward special interest rather than the good of the general public.

In 1972, 1982, 1992, and 2002, the League of Women Voters of Alaska opposed a constitutional convention. In 2012 we maintain this position. We urge you, the voters, to do the same.

We cannot afford the cost, and we should not run the risk of unpredictable and unnecessary changes to our Constitution.

PLEASE VOTE **NO** ON BALLOT MEASURE #1 ON NOVEMBER 6TH, TO RETAIN ALASKA'S MODEL CONSTITUTION.

Linda Witt
President, League of Women Voters of Alaska

The Alaska Judicial Council Independently Evaluates the Performance of Judges and Recommends to Voters Whether Judges Should be Retained in Office

Alaskans choose their judges through a merit selection system and vote every few years on whether to keep them on the bench. The Alaska Judicial Council is a non-partisan citizens' commission established by the Alaska Constitution, independent of the Alaska Court System and the Alaska Commission on Judicial Conduct. The constitution requires the Judicial Council to nominate only the best-qualified people to the Governor for appointment to judgeships. The framers provided Alaskans with a non-partisan, merit-based system of judicial selection. The constitutional requirement that judges periodically appear on the ballot assures that judges remain accountable to the public.

To assist the public in making informed decisions, Alaska law requires the Judicial Council to independently evaluate judges' performance and authorizes the Council to recommend to voters whether judges should be retained in office. The Judicial Council reviews judges' integrity, diligence, legal ability, fairness, demeanor, ability to manage their caseloads, and overall performance of their judicial responsibilities in and out of the courtroom. State law requires the Judicial Council to publish its evaluations in the Voters' Pamphlet. Summaries of the Council's evaluations of judges standing in the November 2012 election appear on the following pages. Each judge also may pay for a page of biographical information that he or she prepares.

Summary of Alaska Judicial Council Recommendations

In 2012 the Judicial Council evaluated one supreme court justice, one court of appeals judge, and twenty-four trial court judges. The Council found that all are QUALIFIED and recommends a YES vote on their retention.

Judicial Council Evaluation Procedures

Surveys - The Judicial Council surveyed thousands of Alaskans about the performance of the judges on the ballot including peace and probation officers, court employees, attorneys, jurors, social workers, and guardians ad litem. An independent contractor handled the surveys for the Judicial Council, to assure objectivity in the findings.

Judge and Counsel Questionnaires - Each judge standing for retention returned a self-evaluation questionnaire to the Judicial Council. The questionnaire included lists of recent cases. The Council asked each attorney in each case to provide detailed comments about the judge's performance in that particular case.

Other Records - Council staff reviewed other records, including conflict of interest annual statements filed with the Alaska Public Offices Commission and separate forms filed with the court system; court personnel records; a report on any salary warrants withheld for untimely decisions; and judicial disciplinary matters before the Commission on Judicial Conduct. The Council also reviewed the number of peremptory challenges filed against a judge and the number of reversals on appeal. The Alaska Judicial Observers, an independent group of community-based volunteer court observers, provided information to the Council about the retention judges who they had evaluated.

Public Hearings and Comment - The Council held statewide public hearings for all judges standing for retention, using the legislature's teleconference network and public meeting rooms. Statewide newspaper ads encouraged public participation.

Investigation - Council staff independently investigated specific concerns. Staff listened to court proceedings, reviewed court files, and conducted interviews.

Other Publicity and Input - The Council publicized its evaluation process and solicited comments about judges on its website. The Council balanced all the information it received from its many sources.

Results of Evaluations

Evaluation information for each retention judge appears on the following pages. Council survey results are summarized. The Alaska Judicial Observers evaluation, where available, also is summarized. The Council's Internet web pages contain more detailed analysis of survey results and performance information about each judge on the ballot this fall. (<http://www.knowyouralaskajudges.com>)

Judicial Council Members

Alaska's constitution establishes the membership of the Judicial Council as three non-attorney members appointed by the Governor, three attorney members appointed by the Board of Governors of the Alaska Bar Association, and the Chief Justice of the Supreme Court of Alaska who serves, *ex officio*, as chair. (The Chief Justice only votes when his or her vote can affect an outcome.) The Constitution provides that all appointments be made with "due consideration to area representation and without regard to political affiliation." A majority of both houses of the Legislature must confirm the non-attorney appointments, while the Board of Governors of the Alaska Bar Association appoints the attorney members after conducting advisory elections among bar members within local judicial districts. Members serve six-year staggered terms. They receive no financial compensation for their work other than reimbursement for travel expenses.

Walter L. Carpeneti as Chief Justice of the Alaska Supreme Court, was chair of the Judicial Council when it evaluated the performance of judges on the ballot in 2012. Before his appointment to the supreme court, he had served as a superior court judge in Juneau for seventeen years. (Term: 2009 - 2012)

William F. Clarke is a public member from Chugiak. He is a retired Air Force pilot and engineering marketing manager and has been a resident of Alaska for thirty-two years. (Term: 2008 - 2013)

Kevin Fitzgerald is an attorney member from Anchorage. He is a partner in Ingaldson, Maassen & Fitzgerald. He has practiced law since 1987 and is a second generation Alaskan. (Term: 2008 - 2014)

Ken Kreitzer is a public member from Juneau. Mr. Kreitzer has more than 27 years of public safety experience, including work as an airport safety officer, a corrections officer, a firefighter, EMT, a police officer and a court security officer. (Term: 2011 - 2017)

Aimee Oravec is an attorney member from Fairbanks. Ms. Oravec has practiced law since 1998, and is a shareholder in Oravec Law Group. (Term: 2012 - 2018)

Kathleen Tompkins-Miller is a public member from Fairbanks. She is a schoolteacher and has been a resident of Alaska for sixteen years. (Term: 2009 - 2015)

Julie Willoughby is an attorney member from Juneau. Ms. Willoughby is in private practice in Juneau. She has practiced law since 1998 and is a second generation Alaskan. (Term: 2010 - 2016)

STATEMENT:

I was born in pre-statehood Fairbanks, and as a teenager I dreamed of making important contributions to Alaska. A few years later, while working in pipeline camps and Prudhoe Bay, that seemed unlikely; but eventually I went to law school. After 25 years of lawyering in Alaska, my dream came true with my appointment to the Alaska Supreme Court.

My office is six blocks from the house where I grew up; from my window I can see the hospital where I was born. Perhaps 75% of my life has taken place within about a mile of my office. I go to work every day thinking of my past, Alaska's future, and why I'm here — to give the best I have in deciding difficult legal questions impacting my home state.

This is the hardest job I've ever had, and I work harder than in any other job I've ever had. You should expect no less, and I intend no less. But I love every minute of it, and at the end of the day I'm exhilarated and exhausted, humbled at the opportunity and proud of the accomplishment, and thrilled that I get to do it again the next day.

I promise to: remember my roots and why I'm here; faithfully follow the Alaska Constitution; help every Alaskan have access to justice; and do everything possible to maintain the Alaska judiciary's reputation as among the finest in our country.

Thank you for your trust and confidence. I'm honored to serve.

STATEMENT:

I have been in Kodiak since 1974, although I also lived in Unalaska (1976-78) and left for law school (1978-81). I have travelled to Unalaska, Dillingham, Sand Point and Naknek for hearings, and enjoyed getting to know these communities.

I love living in Kodiak and everything a small, closely-knit town has to offer, including raising a family and spending time outdoors. I try to give back to my community by being involved in many youth activities, such as Little League (1975, 1987-97), Kodiak High softball (1991-97), and Kodiak Teen Court (1995-present), as founder, legal instructor and board member. I strongly believe it is important to spend time with our children as they are our future, and it is easy to learn more from them than they do from us.

It has also been a rewarding and learning experience to work up the ladder in the justice system as a paralegal, attorney, magistrate and now judge. I believe my time spent doing so makes it easier to explain to people, especially those representing themselves, how to maneuver through a sometimes intimidating path towards justice. I also try to treat parties, attorneys, victims and jurors with fairness, dignity and respect, and to work hard to decide cases impartially and consistently with our laws and Constitution.

I know, however, there is always more to learn and improve on as a judge. If retained, I will strive to do so, as well as to uphold my duties and responsibilities to the citizens of Alaska.

Alaska Judicial Council Recommendation

Judge Steve W. Cole, Superior Court, Kodiak

Judicial Council Recommendation 2012

The Alaska Judicial Council is a non-partisan citizens' commission established by the Alaska constitution. Alaskan law requires the Council to evaluate judges' performance and authorizes the Council to recommend to voters whether judges should be retained in office. The Judicial Council reviews judges' integrity, diligence, legal ability, fairness, demeanor, ability to manage their caseloads, and overall performance of their judicial responsibilities in and out of the courtroom. The Judicial Council finds Judge Cole to be **Qualified** and recommends unanimously that the public vote "YES" to retain him as a superior court judge.

Judicial Council Evaluation

The Judicial Council surveyed thousands of Alaskans including peace and probation officers, court employees, attorneys, jurors, social workers and guardians ad litem about the judges on the ballot. Respondents were asked to rate judicial performance and to submit comments. The Council also reviewed the ratings and observations of the Alaska Judicial Observers, independent community-based volunteers. The Council reviewed the judge's peremptory challenge, recusals, and appellate affirmance and reversal rates; any civil or criminal litigation involving the judge; APOC and court system conflict-of-interest statements; any disciplinary files involving the judge; and whether a judge's pay was withheld for an untimely decision. The Council reviewed other court records and investigated judicial conduct in specific cases. The Council interviewed some judges, attorneys, and court staff, and held a statewide public hearing to obtain comments about judges.

STATEMENT:
In December of 2011, I completed my second year as a Superior Court Judge and my eighth year as a judicial officer. It has been an honor to serve the Matanuska-Susitna community and the State of Alaska. I believe it is important to facilitate fair and impartial deliberation. Whether a person appearing before the court is an attorney or a self-represented party, I treat everyone with the same respect and consideration.

I understand that my decisions as a judge have serious ramifications for the parties involved and the community. Therefore, I fully evaluate the issues and thoroughly research the law to ensure that I'm making the correct decision. The community has high standards for judicial officers; I have upheld those standards.

As a Superior Court Judge, I have continued my work implementing and overseeing the Palmer Coordinated Resource Project (CRP). I have been involved with the CRP since I became a District Court Judge in 2003. The CRP is a therapeutic court that handles cases with defendants who have cognitive or mental disabilities. In the Superior Court, I have established a new program within CRP that works with felony level defendants. This has required me to take a new approach to ensure that defendants meet their probation requirements. CRP continues to be a major success in reducing recidivism and helping to protect our community. I look forward to continuing to work with this valuable program and similarly participating in a drug and alcohol court when one is established in Palmer.

OTHER:

I grew up in North Carolina, joined the Navy at 17, and served aboard submarines. After leaving the active Navy I married, graduated from college and law school, and entered active service as a Navy judge advocate. I left the Navy in 1990, moved to Anchorage, and in 2003 became a judge in Kenai.

STATEMENT:

I am honored to have served as a Superior Court Judge on the Kenai Peninsula for almost nine years. I am the "traveling judge" and hear cases in Kenai, Homer, and Seward. I enjoy holding trials at all Peninsula locations and meeting the dedicated people who serve as jurors. As a judge, I make sure every person who enters the courtroom is treated with respect. I do my best to make timely, well-informed decisions and speak directly to litigants whenever possible.

In addition to my judicial duties, I have served on Alaska's Children's Justice Act Task Force and presented at seminars on children's issues. I have volunteered at local schools and have been a speaker for local civic groups. I love my job and the communities I serve.

Superior Court Judge

William F. Morse, Third Judicial District

STATEMENT:

I have had the privilege of serving as a superior court judge since 2002. I try to approach each case with the understanding that for the litigants it is perhaps the most important current event in their lives. I strive to understand each party's position and to fairly and neutrally apply the law to them. I think being a judge has been the most demanding, important, and fulfilling job I have ever had. I enjoy helping parties come to their own resolution of disputes, if possible. If they cannot, then I am willing to make the difficult decisions given to me. If retained I will continue to work hard to provide impartial justice to all who appear before me.

STATEMENT:

I have been a superior court judge for nearly ten years. The time has passed quickly because the work is so varied and enriching. Civil judges spend a large percentage of their days on domestic relations law and children in need of aid. This is as important as anything I do. I am particularly focused on affording children of divided families the best custodial arrangements possible. Beyond that, I enjoy participating in the resolution of economic and political disputes of all varieties. A well-functioning court system, responsive equally to all, is a cornerstone of a decent society. I am humbled to serve on Alaska's superior court, and to attempt to meet the multifaceted demands of the job.

Alaska Judicial Council Recommendation

Judge Sen K. Tan, Superior Court, Anchorage

Judicial Council Recommendation 2012

The Alaska Judicial Council is a non-partisan citizens' commission established by the Alaska constitution. Alaskan law requires the Council to evaluate judges' performance and authorizes the Council to recommend to voters whether judges should be retained in office. The Judicial Council reviews judges' integrity, diligence, legal ability, fairness, demeanor, ability to manage their caseloads, and overall performance of their judicial responsibilities in and out of the courtroom. The Judicial Council finds Judge Tan to be **Qualified** and recommends unanimously that the public vote "YES" to retain him as a superior court judge.

Judicial Council Evaluation

The Judicial Council surveyed thousands of Alaskans including peace and probation officers, court employees, attorneys, jurors, social workers and guardians ad litem about the judges on the ballot. Respondents were asked to rate judicial performance and to submit comments. The Council also reviewed the ratings and observations of the Alaska Judicial Observers, independent community-based volunteers. The Council reviewed the judge's peremptory challenge, recusals, and appellate affirmation and reversal rates; any civil or criminal litigation involving the judge; APOC and court system conflict-of-interest statements; any disciplinary files involving the judge; and whether a judge's pay was withheld for an untimely decision. The Council reviewed other court records and investigated judicial conduct in specific cases. The Council interviewed some judges, attorneys, and court staff, and held a statewide public hearing to obtain comments about judges.

STATEMENT:

My parents and four brothers and I moved to Anchorage in 1971, and Alaska has been home ever since. After graduating from college with a teaching degree I taught students in the Western Alaskan villages of Red Devil, Kwigillingok, and Quinhagak. I returned to school and earned my law degree. I then clerked for the Alaska Court of Appeals, and then worked as a prosecutor for the Municipality of Anchorage and the State of Alaska.

I believe the purpose of the court system is to serve the people by resolving disputes fairly and promptly. My practice is to treat all people who appear in court with fairness, dignity and respect. I am committed to honoring the time of jurors and providing access to justice for all participants, including those without attorneys.

I consider each case before me individually, carefully, and impartially, and try to issue decisions promptly. I strive to maintain the integrity we are entitled to expect from judges. It has been an honor and a privilege to serve Alaskans as a district court judge in Anchorage. If retained, I will continue to serve Alaska as a judge to the utmost of my ability.

STATEMENT:

It has been my privilege to serve the people of the State of Alaska as a District Court Judge for the last seven years.

I do my best to treat everyone with dignity and respect, to decide cases fairly and promptly, and to uphold the constitution and laws of Alaska. I believe that a judge should treat every case that comes to court as unique and special and give that case the judge's most careful consideration.

In addition to my regular duties I serve on the Criminal Rules Committee, on the Anchorage Wellness Court, and as a magistrate training judge.

I will be honored if the voters allow me to continue my service to the State of Alaska.

Alaska Judicial Council Recommendation

Judge Alex M. Swiderski, District Court, Anchorage

Judicial Council Recommendation 2012

The Alaska Judicial Council is a non-partisan citizens' commission established by the Alaska constitution. Alaskan law requires the Council to evaluate judges' performance and authorizes the Council to recommend to voters whether judges should be retained in office. The Judicial Council reviews judges' integrity, diligence, legal ability, fairness, demeanor, ability to manage their caseloads, and overall performance of their judicial responsibilities in and out of the courtroom. The Judicial Council finds Judge Swiderski to be **Qualified** and recommends unanimously that the public vote "YES" to retain him as a district court judge.

Judicial Council Evaluation

The Judicial Council surveyed thousands of Alaskans including peace and probation officers, court employees, attorneys, jurors, social workers and guardians ad litem about the judges on the ballot. Respondents were asked to rate judicial performance and to submit comments. The Council also reviewed the ratings and observations of the Alaska Judicial Observers, independent community-based volunteers. The Council reviewed the judge's peremptory challenge, recusals, and appellate affirmance and reversal rates; any civil or criminal litigation involving the judge; APOC and court system conflict-of-interest statements; any disciplinary files involving the judge; and whether a judge's pay was withheld for an untimely decision. The Council reviewed other court records and investigated judicial conduct in specific cases. The Council interviewed some judges, attorneys, and court staff, and held a statewide public hearing to obtain comments about judges.

STATEMENT:

What I have learned as a district court judge is that many people who appear in district court are both intimidated by the court setting and are often embarrassed by what brings them to court. In order to make each litigant's appearance be as free of stress as possible, I strive to listen carefully to all sides and treat each person with respect and dignity regardless of the circumstances that bring them before the court.

In addition, my work as a district court judge has broadened my understanding of the law, what people expect of the law, and the effort required to bring the two together. The legal system can rarely make all people involved in a case happy. However, if those involved, whether they are a plaintiff, a victim, or a defendant, have been provided with an understandable decision, then the legal process has fulfilled its intended purpose.

If retained by the voting public, I will continue to treat all people who appear in court before me with fairness, dignity, and respect. I will work to the best of my abilities to decide cases fairly, impartially, promptly, and in a way that is consistent with the laws and the Constitution of the State of Alaska. I would be honored to continue serving the people of Anchorage and the State of Alaska for the next four years.

It has been a great privilege to serve the Mat-Su community for more than 20 years. During my career, I have had the opportunity through teaching, coaching and working with families to see how the court system can touch so many lives and really make a positive difference. I was also fortunate to be able to help establish the Mat-Su Youth Court, an organization that has guided many of our younger citizens by reinforcing in them the responsibility they have for their conduct.

STATEMENT:

A very experienced judge once told me that a judge's job is to listen. I took that to heart. I strive to treat everyone who enters my courtroom with respect and dignity. A courtroom is not usually a pleasant place for litigants to be. I try to be sure that they know that even if in the end I greatly disagree with them, they were heard and their position considered seriously and with an open mind.

ALASKA REPUBLICAN PARTY

Taking the Long-Term View

Alaska Permanent Fund | 2012

Letter from the Chair

When investing the Permanent Fund for the long-term view, the Board of Trustees has two meanings behind this statement. One aspect of the long-term view is that the Fund has the ability to sustain itself through short-term downturns and to take long-term positions in illiquid assets, as it does not have a set liability each year. The other aspect of the long-term view is the statutory direction to invest for both present and future generations. This means that we must ensure the Fund's health and productivity in the future, rather than focusing only on short-term returns.

Global markets were volatile during fiscal year 2012, and, as a result, the Permanent Fund's returns were essentially flat for that period. After paying the 2012 dividend, the Fund was up \$193 million from last year, closing on June 30 at \$40.3 billion. While it is certainly more pleasant to report on the Fund's performance in years of outstanding returns and growth, years like this illustrate the importance of taking the long-term view. The Fund's long-term success has outweighed short-term downturns, and, as a result, it can take them in stride. We do not rush to move out of affected markets; rather, we stick to our long-term asset allocation plans and rebalance in favor of the investment types with more growth potential.

This year, our portfolio structure worked exactly as it is designed to in difficult market conditions. The Fund's bond, real estate, private equity and real return portfolios all had solid returns for the fiscal year. These outweighed the low-to-negative returns from the Fund's stock portfolios. The resulting flat return is greatly preferable to a loss—which would have been the result had we been chasing the high returns of past years and weighted the Fund more toward stocks.

In contrast to the slim growth in its investments, this year the Permanent Fund received the highest annual

mineral deposits to date: \$915 million. However, this new figure is slightly misleading, and, after some investigation, also highlights the importance of investing for the long term.

Today's significantly higher per-barrel oil prices, not increased production rates, produced this new record deposit. In fact, production now is at about a third of 1980's rates. While we all hope that advances in oil extraction technology and construction of a gas pipeline will extend our state's resource development revenue stream in the near term, the decline in production over the last 20 years shows what the future will eventually hold.

When the Permanent Fund was created, the end of the oil and gas revenue stream was a primary point of concern for Alaska's leaders. The supporting statement in the 1976 elections pamphlet stated that, just as a wise family saves for the future, Alaska should "set aside a rainy day fund to benefit this and future generations of Alaskans." The Permanent Fund was designed to turn a non-renewable mineral resource into a renewable financial resource that will provide steady returns for Alaskans in both the present and the years to come.

In accordance with this mission, the Trustees will continue to take the long-term view toward investments, and will not make hasty corrections based on short-term conditions, whether markets are up or down. Instead, we will work to ensure that the Fund is exactly as described on the sign outside our door: Permanent.

Sincerely,

William Moran

What is the Alaska Permanent Fund?

The Permanent Fund is an investment fund created by Alaskans in 1976 as a way to save a portion of our oil revenues for the needs of future generations. On June 30, 2012, the Fund was worth \$40.3 billion.

Who manages the Permanent Fund?

The Alaska Permanent Fund Corporation manages the day-to-day operations of the Fund and is overseen by a six-member Board of Trustees appointed by the governor and selected for their experience in finance, investments or other business-related fields.

How does the Fund work?

The Fund is divided into two parts, principal (nonspendable) and earnings (assigned), both of which are fully invested. The Alaska Constitution says that the principal may not be spent. The earnings in the earnings reserve account may be spent by the Legislature for any purpose it wishes. Currently, earnings are only used for the Permanent Fund Dividend and transfers to the Alaska Capital Income Fund.

How does money go into the earnings reserve account?

Realized earnings go into the earnings reserve account. This is the income from bond interest, real estate rent payments, stock dividends and the gains from assets that are sold at a profit. Unrealized earnings remain in principal until the assets are sold.

Fund Balance

Ending Balance as of June 30 (In Billions)

How is the Fund invested?

Originally, the Fund was only invested in bonds. Now it is invested in a number of different asset classes, which earn income and can grow in value. By diversifying the Fund into these different assets, the Trustees ensure that it is better protected for the future. When one asset class has a down year, it is often balanced by good performance in other asset classes. In 2009, the Board of Trustees added a new aspect to the asset allocation with the creation of risk-based categories. While the underlying investments didn't change, grouping investments by the economic conditions that affect them allows the staff and Trustees to better understand how the Fund will perform under different market conditions.

How is the dividend determined?

Each year, the dividend distribution is calculated using a formula set in state law. The statutory net income of the Fund for the past five years is averaged, and the resulting amount is divided in half. This is the amount that is available for the dividend. Once the dividend has been calculated, the next step is to determine if enough income is available in the earnings reserve account to pay the dividend. It is possible that in a given year, while the calculation may produce a dividend amount, the balance of the earnings reserve is not sufficient to pay some or all of it. Once the maximum amount payable has been determined, the lump sum is sent to the Permanent Fund Dividend Division where it is divided by the number of eligible applicants that year.

How does the Fund grow?

The Fund has three sources of potential growth each year, which are listed to the right. For FY12, the additions and subtractions from the Fund's total value are listed in the Sources of Change in Fund Value graph below.

- The state Constitution directs that at least 25% of Alaska's mineral royalties (primarily oil royalties) be deposited into the Fund.
- Income flows in from stock dividends, bond interest and real estate rental fees.
- Assets can increase (or decrease) in value over the original purchase price, whether they are sold or held in the portfolio.
