Voting Information

Election Day is November 4, 2014

Polling Places

The polls will be open from 7:00 a.m. to 8:00 p.m. on Election Day. **To locate your polling place please call 1-888-383-8683. In Anchorage, please call 269-8683.**

Bring Identification to the Polls

You **MUST** be prepared to show one form of identification. You may use the following ID:

- Voter ID Card
- Driver's License
- State ID Card
- Current and valid photo ID Card
- Passport
- Military ID Card
- Birth Certificate
- Hunting or Fishing License

or, you may use an original copy of one of the following documents if it contains your name and current address:

- Current Utility Bill
- Government Check
- Bank Statement
- Pay Check
- Other Government Document

If you do not have identification when voting, you will be asked to vote a questioned ballot.

What Happens if Your Name is not on Register

If your name does not appear on the precinct register, you may vote a questioned ballot. Before receiving a ballot, you must complete a questioned ballot envelope. Your voted ballot will be placed in a secrecy sleeve and then the secrecy sleeve will be sealed inside the completed questioned ballot envelope. All questioned ballots are returned to the Election Supervisor for review and counting by the Questioned Ballot Review Board.

Marking the Ballot

When voting the ballot, completely fill in the oval next to the candidate or issue you wish to vote for. Fill in the oval like this: 

You only have to mark the races or issues you choose to vote for. If you mark more than one choice in a race or issue, that section of the ballot will NOT be counted. The sections of the ballot that are properly marked will be counted.

If you make a mistake marking your ballot, **DO NOT** erase or correct the ballot. You may return the spoiled ballot to an election worker and request a new ballot. If you attempt to correct a mistake on the ballot, the corrected vote may not be counted. **Note:** *You may only receive a replacement for a spoiled ballot 2 times.*

Campaigning Prohibited Near Polls

Alaska law prohibits political persuasion within 200 feet of any entrance to a polling place during the hours the polls are open. This means you may not discuss or display campaign items for candidates or issues appearing on the ballot at that polling place.

Voter Rights, Assistance and Concerns

Questioned Voting

If your name is not listed on the precinct register or if you do not have identification, you have the right to vote a questioned ballot. The information you provide on the outside of the questioned ballot envelope will be used to determine your voting eligibility and to update your voter registration information. If for any reason your questioned ballot is not fully counted, you will be notified in writing.

Language or Other Assistance While Voting

If you need language or other assistance during the voting process, you may have a person of your choice help you as long as that person is not a candidate for office in the election, is not your employer, agent of your employer or agent of a union you belong to. You can have help during each step of the voting process, including inside the voting booth with reading or marking the ballot. The election workers at the polling place are available to help you as well. This is your right under federal law.

The Division of Elections has hired bilingual outreach workers and poll workers to provide language assistance to Alaska Native voters. These workers are available in rural areas throughout the state where there are limited English proficient Alaska Native voters. The bilingual workers are available to provide language assistance prior to the election, including help with this pamphlet and on Election Day during the voting process. If you need the name of the person who has been hired to provide language assistance in your community, please contact the Division of Elections. Yup'ik language assistance is available by calling the division's Yup'ik Language Coordinator, toll-free, 1-866-954-8683.

Touch Screen Voting Option

There will be one touch screen voting unit in each polling place. Touch screen voting is intended for the blind, disabled, and for voters who do not read well. Alaska's touch screen voting unit allows disabled voters to vote unassisted through the use of magnified, high contrast and audio ballots. If you need to vote using the touch screen voting unit, let the election board know.

Visually Impaired Voters

Magnifying ballot viewers for the visually impaired will be available at all polling places and absentee voting sites.

Audio recording of this Pamphlet is available at each Regional Election Office or from the Alaska State Library, Talking Book Center, located in Anchorage. Telephone the library at (907) 269-6575 for information.

Hearing Impaired Voters

The Division of Elections has a TTY telecommunications device, which allows hearing impaired voters to obtain general information about elections by calling (907) 465-3020.

Physically Disabled Voters

If you have difficulty gaining access to your polling place, or if you have accessibility questions about your polling place, please let the Division of Elections know. We make every effort to ensure that polling places are accessible to all Alaskans.

Concerns, Comments, Questions

If you have any concerns or comments about voting, if you have questions, or if you would like more information about our special services, please contact any regional elections office.

Absentee Voting

Early / In Person / By Mail / Electronic and Special Needs Voting

There are several absentee voting options available during each election. You may vote absentee in person, by mail, by electronic transmission, or vote a special needs ballot through a personal representative.

Voting Early or Absentee In Person

Beginning **October 20, 2014**, you may vote at an absentee voting site. Ballots for all 40 districts are available at all Regional Elections offices. In addition to the Regional Elections offices, there are many other voting sites throughout Alaska that will have ballots for their house district. For more information or for a list of absentee voting locations visit our website or contact a Regional Elections office.

Special Needs Voting

If you are unable to go to the polls due to age, serious illness or a disability, you may have a personal representative pick up and deliver a ballot to you beginning 15 days before an election at an absentee voting site or on Election Day at the polling place. Your personal representative can be anyone, except a candidate for office in the election, the voter's employer, an agent of the voter's employer, or an officer or agent of the voter's union.

Voting By Mail or Electronically

The Division of Elections Absentee Office in Anchorage handles all absentee by mail and electronic applications. To vote by mail or electronically, you must submit an application.

Absentee By Mail

Absentee ballot applications can be submitted after January 1st of each election year. You can request a ballot for a specific election or for all elections in the year. **Absentee by mail ballot applications for the General election must be received by October 25, 2014.** Apply early to ensure timely delivery of your ballot. Your voted ballot must be postmarked on or before Election Day.

Absentee By Electronic Transmission

Voting by electronic transmission should be your last alternative for casting a ballot. You may apply for electronic voting **October 20, 2014 through 5:00pm Alaska Time on November 3, 2014.** You may return your voted ballot by mail or by fax. **If you return your voted ballot electronically, it must be received no later than 8:00pm Alaska Time on Election Day.** If you return your voted ballot by mail, it must be postmarked on or before Election Day.

If you have questions about voting by mail or electronically, please contact the Absentee Office at (907) 375-6400 or Toll Free 1-877-375-6508.

For more information about absentee voting, contact any Division of Elections office or visit our website at:

Absentee Ballot Application Instructions

You may use this application to request absentee ballots and simultaneously initially register to vote or update your voter registration record for federal and state elections. **Are you currently registered to vote?** If so, your completed application **MUST** be received at least 10 days prior to Election Day. *Military and Overseas Voters*, when requesting your ballot to be sent to you by fax or through online delivery, your application **MUST** be received no later than 5:00 p.m. Alaska Standard Time the day prior to Election Day. **Are you initially registering to vote?** If so, your completed application and any supporting documentation **MUST** be received or postmarked at least 30 DAYS prior to Election Day except, in a United States presidential election. In a presidential election, you may initially register and participate in the presidential race so long as your completed application and any supporting documentation is received 10 DAYS prior to Election Day and for *Military and Overseas Voters*, when requesting your ballot to be sent to you by fax or through online delivery, your application and any supporting documentation **MUST** be received no later than 5:00 p.m. Alaska Standard Time the day prior to Election Day.

When completing this application, provide:

1. **Alaska residence address:** You **MUST** provide a physical residence address in Alaska. Your Alaska residence address determines your voting district and precinct. Your application will be denied if you do not provide a physical residence address or if you provide a PO Box, HC Number and Box, PSC Box, Rural Route Number, Commercial Address or Mail Stop Address in Box 5 of the application.

If your residence has been assigned a street name and house number, provide this information. If your residence address has not been assigned a street name and house number, indicate exactly where you live such as, highway name and milepost number, boat harbor with pier and slip number, subdivision name with lot and block, or trailer park name and space number. If you live in rural Alaska, you may provide the community name as your residence address.

Are you temporarily out of state? If so, and you have intent to return (active military and military spouses are exempt from intent requirements), you may maintain your Alaska residence as it appears on your current record. If you provide a new residence address, it must be within Alaska.

2. **Proof of identity:** Your identity **MUST** be verified. If you have been issued a Social Security Number, an Alaska driver's license or Alaska state identification card number, you must provide at least one in Box 7 of the application. If you have never been issued one of the identification numbers, you may indicate this by checking the appropriate box.

Are you submitting this application by mail, by fax or as an attachment through e-mail? If so, and if you are not already registered to vote in Alaska, your identity must be verified either at the time you register or the first time you vote. If you would like to ensure that your identity is verified at the time you register, submit a copy of one of the following:

- Current and valid photo identification
- Passport
- Birth certificate
- Driver's license
- State identification card
- Hunting and Fishing license

If you do not provide proof of identification at the time of registration, you may be required to meet certain identification requirements when you vote.

3. **Date of birth:** If you do not provide a date of birth, your application may not be processed.
4. **Are you initially registering to vote from outside the State of Alaska?** If so, you must provide proof of Alaska residency, such as a copy of your Alaska driver's license, hunting or fishing license, student loan or college tuition documents, proof of employment in Alaska, military leave and earnings statement or other documentation that supports your claim as an Alaska resident.
5. **Have you been convicted of a felony?** If so, you may register to vote only if you have been unconditionally discharged. If available, provide a copy of your discharge papers with this application.
6. **Political affiliation:** **Recognized political parties** are parties that have gained recognized political party status under Alaska Statute. **Political groups** are groups who have applied for political party status but have not met the qualifications to be a recognized political party under Alaska Statutes. Political affiliations in Alaska are as follows:

Recognized Political Parties:

- Alaska Democratic Party
- Alaska Libertarian Party
- Alaska Republican Party
- Alaskan Independence Party

Political Groups:

- Alaska Constitution Party
- Green Party of Alaska
- Veterans Party of Alaska

Other:

- Nonpartisan (not affiliated with a political party or group)
- Undeclared (do not wish to declare a political affiliation)

7. **Primary election ballot type:** Your political affiliation 30 days before Election Day determines your primary election ballot type. You **MUST** select a ballot type that corresponds to your political affiliation in Box 9 of the application. If you are not affiliated with one of the **Recognized Political Parties** listed under instruction Number 6 above, and you do not select a ballot type, your application will not be processed for the primary election.
 - Any registered voter may select the Alaska Democratic Party, Alaska Libertarian Party and Alaskan Independence Party candidate ballot.
 - Only voters registered Republican, Nonpartisan or Undeclared may select the Alaska Republican Party candidate ballot.
 - Any registered voter may select the ballot measures ONLY ballot. This ballot has ballot measures only and no candidates.
8. **Voters who will be outside the United States or in a remote area of Alaska:** Check the box in Box 14 if you will be living, working or traveling outside the United States or in a remote area of Alaska with limited mail service and want your ballot sent to you beginning 45 days prior to a primary, general or statewide special election. **This option is not available for REAA elections.**
9. **Sign your application:** If you submit your application without a signature or with an electronic signature, it will be denied.
10. **Mail, fax or e-mail:** Submit your application by mail, fax or as an e-mail attachment (PDF, TIFF or JPG) to the office below:

STATEMENT:

Being born and raised in Alaska, I understand Alaska's unique needs and the diversity of our communities, people and opinions. For me, fighting for Alaska is just common sense.

It's easy to talk about getting results, but I have a proven record fighting for Alaska and using my clout to produce results for our state. I successfully pushed the Obama administration to allow drilling in the Arctic Ocean, secured permits to allow the first ever commercial oil production in the National Petroleum Reserve-Alaska and have fought for permits for mining projects like Kensington Mine and Red Dog Mine, creating good-paying jobs across the state.

In Fairbanks I fought to keep the F-16s at Eielson Air Force Base saving hundreds to thousands of jobs and I continue to fight against genetically modified salmon known as Frankenfish, which threaten Alaska jobs.

I also brought the Indian Health Service and Veterans Administration together to allow Alaska veterans to get care close to home instead of traveling to Seattle or Anchorage. This has helped bring waitlists for veterans' health care in Alaska from hundreds to almost zero.

Working alongside Senator Lisa Murkowski and Congressman Don Young I've also helped protect Alaska's postal service, provide for our general aviation industry and grow our natural resource development.

I'm the only candidate who believes in raising the minimum wage, defending a woman's right to choose and overturning the Supreme Court's Citizens United ruling, which unfairly allows billionaires and corporations to spend unlimited amounts to buy our elections.

system and other open source software.

OTHER:

I served on many State disaster missions including the
Exxon Valdez oil spill.

STATEMENT:

I first arrived in Alaska in 1962. My life here includes a 20
year career in Alaska's Army National Guard. I've spent
time in virtually every corner of our state and know it's
uniqueness well. I have served on the Alaska's State
Commission on Human Rights and, for the past seven
years, I have also served on the Citizen's Advisory
Commission on Federal Area's, dealing with federal
regulators, the public and issues relating to federal and
state relations. This experience has given me a good
understanding of the issues facing Alaska. My term
as president of Airport Height Community Council,
also shows my ability to work with diverse groups of
individuals while pursuing our common interest.

I am the only U.S. senate candidate endorsed by the
Alaska Libertarian Party. My position is the Libertarian
Party Platform. I believe government's sole legitimate
function is to protect and defend the individual right to
life, liberty and property of us all.

My goals as a US Senator would include:

Eliminate the IRS and implementing a fair tax system.
End the War on Drugs.

Establish an Immigration policy that protects our
country and provides for the free exchange of goods
and services with the world.

And finally, we must bear the true cost of war by
honoring the commitments we have made to our
service members and veterans.

Join me in the defense of our rights and country.
Together we can set course to a bright future. I ask
for your vote.

For the past 52 years my love and wife Françoise and I have done everything TOGETHER, including our campaigns for senator and governor, and WE will put ALL of our substantial combined skills, talents, knowledge, abilities, and experience to the MAXIMUM SERVICE AND BENEFIT of our fellow Alaskans.

STATEMENT:

Vote for me, and you'll get TED AND FRANÇOISE GIANOUTSOS, ALASKA'S UNIQUE 52-YEAR TEAM!

We are UNIQUELY qualified as a TEAM to open ANWR in the BEST and most BENEFICIAL way for America, Alaska, and wildlife. That's worth more than two trillion dollars and will benefit EVERYONE and everything we do in America!

Why can we do what every other candidate can't? Because we are the ONLY ones that ACTUALLY PERSONIFY WINNING HIGH GROUND ANWR LEGISLATION in the same way that we did the NATIONAL FISH AND WILDLIFE FOUNDATION (NFWF) that has grown to be the largest multi-billion-dollar wildlife conservation foundation in America. We got the NFWF act UNANIMOUSLY PASSED in a divided Congress 30 years ago. Please see www.tedandfran.com for details. We can do the SAME thing with ANWR legislation!

RE-ELECTING MARK BEGICH WILL RESULT IN SAME-OLD, SAME-OLD!

Alaskans have already had two republican senators with both republican and democratic administrations and congresses. For the past 6 years, Alaska has had republican Lisa Murkowski and democrat Mark Begich with a democratic president and a divided congress. ALL of them have FAILED to open ANWR because NONE of them PERSONIFY it in a WINNING way. WE DO!

Our proposed N.E.W.-N.E.T.-ANWR legislation (see our website) WILL open ANWR! Alaska voters can make a two-trillion-dollar change. DO IT!!!

In this Senate election, if you elect the democratic incumbent or his republican challenger, THEY WILL WIN - AND YOU'LL GET SAME OLD!

ELECTED, AND YOU, AMERICA, ALASKA, AND WILDLIFE - WIN!

STATEMENT:

I am an optimist. We live in the greatest state in the greatest nation in the world. But, our country is fundamentally going in the wrong direction. We have a federal government that stands in our way at every turn. President Obama and Harry Reid have empowered Washington, D.C. bureaucrats to dictate how we educate our kids, insert themselves into our businesses and personal lives, and stop us from unleashing our energy potential. Mark Begich rubber stamps this agenda, voting with President Obama 97% of the time.

I believe that Alaskans should choose their own destiny. That's why I will continue to tirelessly fight federal overreach and champion policies that promote economic growth, fiscal responsibility, energy production, and jobs. The federal government should be a partner, lifting up our communities and providing vital infrastructure as our state continues to grow. Instead it has become a weight around our necks. As your U.S. Senator, I will work to unshackle Alaska's promise and roll back the liberal agenda Mark Begich and President Obama have forced on the country the last six years.

Together, we can restore Alaskan values to the United States Senate. I believe our best days are ahead of us. We can become a world leader in energy production and a driving force of America's economy. We can stem this nation's downward slide, empower local communities, and build a brighter future for our kids. I would be honored by your vote.

EDUCATION:
Cordova Jr./Sr. High School

Harvard University, MPP
Yale Law School, JD

MILITARY SERVICE:
First Lieutenant, Alaska Army National Guard

SERVICE ORGANIZATION(S) MEMBERSHIP:
Returned Peace Corps Volunteer
Former Policy Director with Iraqi Refugee Assistance Project
Board member of You Choose Project, non-profit focused on substance abuse among Alaskan youth

SPECIAL INTERESTS:
Playing basketball, watching football, traveling Alaska

OTHER:

I am a life-long Alaskan, who grew up in Eagle and Cordova. I've worked as a commercial fisherman, a stocker at Fred Meyer, and a wildland firefighter.

I paid my own way through college in DC, where I interned and worked as a paid staffer in the U.S. Congress.

Public service has been central to my life. I have worked at Alaska Legal Services, done policy research at the Alaska Office of Public Advocacy, and recently commissioned as an officer in the Alaska Army National Guard.

STATEMENT:

Our state deserves a congressperson who will fight for resource development, veterans, and clean elections.

I've opposed the Paul Ryan budget, which my opponent voted for repeatedly, because it raises taxes on middle class families, cuts funding for veterans' healthcare, slashes funding for the IHS, and turns Medicare into a voucher program.

Our current congress spends too much, does too little, and feels entitled to the offices they hold. **I believe we can do better, and have called on all candidates to support meaningful campaign finance reform, including term limits.** I've signed the We the People Alaska Pledge to show my support for ending corporate personhood and restoring the original intent of our constitution.

Alaskans want common-sense solutions to the problems we face - not our current partisan gridlock. I've worked with both parties, and know Alaskans want an independent voice.

Our current representative is no longer effective. Don Young's ethics violations have cost him the ability to chair full committees, and have ended his influence in Washington.

Representative Young has been unable to overcome opposition to resource development in DC because he has taken an "us against them" approach that he can no longer back up with influence.

We need a representative who will protect our fisheries, open ANWR and the NPR-A, protect subsistence, diversify our economy, lower energy costs, and fight for in-state control of our resources.

Alaska's Congressional seat belongs to the people of Alaska. It is no one's personal property. I'd be honored to have your vote.

STATEMENT:

Military: Military action should only be employed
when our homeland is threatened. We should not use
our military service members as the world's police. I
would like to see our military employed to help better
secure our own borders.

Immigration: I believe we ought to allow for a more
free flow in immigration via work-visas for those who
can find work & contribute to our society. Especially
recent university graduates with degrees in highly
sought after fields of industry need.

Drugs: I believe that marijuana ought to be regulated
in the same manner as alcohol. I would rather see
some of our nation's wealth spent on educating our
people on the danger of alcohol & drug abuse, rather
than spent on incarcerating our people for marijuana
use & sales. The many billions of dollars saved can
then be used to enhance our society and reduce tax
burden on our citizens.

Law Making: We are a nation of laws but also a nation
of redundancy within our legal system. We need to re-
examine national laws to ensure only the needed &
relevant laws are in place.

Crime: Let's help law breakers through positive
rehabilitation programs, and not allow the worst of the
worst to prey over other inmates.

Foreign Aid: Our government needs to stop giving
billions of our tax dollars to nations whose governments
are hostile to our way of life and our cultural values.

Government: End crony capitalism between big
government & big business.

STATEMENT:

My desire to serve as your Congressman is as strong today as it was four decades ago when I first ran for Congress. I want to continue fighting for Alaska to make this state a better place for all Alaskans.

While we have enjoyed many accomplishments in our state's history, such as construction of the Trans-Alaska pipeline, protection of our fishing industry and ensuring seniors have access to care, I believe we are at a critical turning point in our nation's history. Currently, President Obama and his Administration have laid their heavy hand of government over many vital Alaskan industries, jeopardizing our state's economic and social well-being by locking away our lands and oceans to resource development and pushing harmful federal policies upon Alaskan small business owners and families. Time and time again, we have seen the severe impacts of federal bureaucrats who believe they know best for Alaska. But as we all know, Alaska is not a "one-size fits all" state.

This Administration's policies continue to be a drag on the American economy, resulting in skyrocketing deficits, staggering debts, and outrageous energy prices. It's crucially important Alaskans have an experienced fighter representing them in the House of Representatives. Whether it's defending each and every Alaskan's right to bear arms or continuing my fight for responsible development of our abundant resources, my number one priority has been and continues to be standing up for Alaska. With your support and encouragement I believe we can continue Alaska's progress forward.

STATEMENT:

National polls show that a majority of Americans are unhappy with the jobs the politicians are doing, both here in Alaska and across the U.S. As an Alaska Libertarian, I stand for individual rights, personal responsibility, and minimizing government. The two-party system has caused government to grow bigger and more intrusive every year. Since I am not a politician, and I belong to a third party, I will be able to follow my principles and veto expenses that do not benefit all Alaskans or that are not specifically guaranteed by our Alaska Constitution. I will be able to work with every legislator. We don't want to bring back the State Income Tax. It was Libertarian Dick Randolph who sponsored the repeal of the State Income Tax; Alaska needs a Libertarian governor to fight the overspending in Juneau and bring our budget back to sustainable levels. As Governor, I will use my line-item veto power to shrink the budget back down to 5.5 billion dollars; to prevent deficit spending; and to prevent reinstating the income tax. I will fight to eliminate rules and regulations that interfere with liberty.

I will also protect Alaskan freedom in these areas:

- Personal and medical privacy
- Private property
- Resource development
- Marriage, Family, and Religious Decisions
- Educational Freedom
- Business and Free Trade
- Victimless "crimes"
- Second amendment rights
- Constitutionally limited government
- Medical decisions

Vote for Lady Liberty!

STATEMENT:

I will vote No on 1. Yes on 2. I oppose using tax dollars for private schools. I support repeal of the Alaska marriage definition amendment. I support equal protection under the law. We are a society of laws. Laws must be obeyed and enforced; if they are not worthy of either, then they must be repealed.

I oppose the initiation of force. I recognize and support the natural right of self-defense. I fully support individuals' natural right to free association and to think and do whatever they like, so long as it does not harm another; even if they are knuckleheads. Government control, power, and responsibility should be as local and open as feasible.

I support sustainable budget practices that spend within our means and maintain or grow our savings and reserve accounts. As a State, we need to keep all the promises that have been made, and we need to stop making unsustainable promises. Being an owner State, I interpret the Alaska State constitution to require that we spend the maximum amount on social programs and capital improvements that we can sustainably spend from royalty revenues derived from oil production and other resource development.

I ask first if a problem can be solved with more freedom instead of less. I say the truth as I see it as often as I can. I change my mind every time I see myself as being wrong.

STATEMENT:

We need a hopeful vision for our future. Our culture needs to remember and defend the intrinsic value of human life. Alaska desperately needs courageous, principled and responsible leadership. Alaskans want leaders who will serve the best interests of the people. I will uphold all of our constitutional rights, including our Second Amendment rights.

We have been given empty promises coupled with reckless record breaking deficit spending by those who falsely claim to be fiscal conservatives. The current Governor and Legislature have spent 1/3 of our savings in just the last two years! If we don't get control of the situation now, we are facing more raids on the savings fund, implementation of statewide sales and income taxes and the erosion of the PFD.

I don't want any of that to happen, and I need your help to do something about it. This election is an opportunity for the People of Alaska to reclaim our government through the ballot box. If everyone who agrees with this message votes, we win!

As Governor, my budget target will be lean, mean and sustainable. I propose across the board spending cuts spread out over my first four years in office until we've achieved this goal. I will use the powerful Line Item Veto as required.

This campaign is about building a viable long-term future for Alaska upon a firm Constitutional footing. I need your prayers, support and votes to keep up the fight for the future of All Alaskans!

STATEMENT:

My objective is to help establish ballot access for the Alaska Constitution Party and to activate grass-roots effort in Alaska. I am unequivocally pro-life, pro-Second Amendment and pro-traditionally defined marriage. I support the Fully Informed Jury Association's stance on jury nullification and believe that we must reclaim the Common Law. State Sovereignty, Property rights and the protection of Sheriff's are issues becoming very important in many states, including Alaska, not admitted under equal footing doctrine. I support the decriminalization of marijuana and recent oil tax reform; I'll vote "NO" on 1 but believe Alaska must get its fiscal house in order by passing sustainable spending bills. During the petition gathering phase of my campaign I noticed several problems with both Division of Elections and APOC. Reforms would include a streamlined approach to ballot access; simplified campaign finance regulations and lower costs and easier access for competitive political parties. In all arenas I believe that the introduction of competition and innovation has a positive effect on the outcome, including in our public school system. I wrote, spoke and testified in favor of SJR-9 to allow the people of Alaska to vote to decide the new direction for educating future generations. I also believe strongly in independent home schooling, volunteerism and nullification. I am a student of the Austrian school of economics which supports entrepreneurialism and personal responsibility. I believe as our founders believed in the smallest possible government and the greatest degree of individual liberty.

STATEMENT:

I am running for re-election to continue growing opportunity and building Alaska's future for every Alaskan.

Strong Economy. As your governor, I have led our state to a strong economy. We created an economic climate that's produced over 16,000 new jobs. Alaska now leads most states in small business and entrepreneurial activity, and billions of new dollars in private-sector investment have returned to our state.

Alaska Gas for Alaskans First. We've made historic progress on building a large volume gasline through Alaska. The real work of engineering and design are underway on the Alaska LNG Project. The gas trucking solution known as the Interior Energy Project is under construction to bring lower cost energy to Alaskans in the Interior. The Cook Inlet region has seen resurgence in jobs and natural gas production under our policies, and new hydro projects are underway in Southeast and Southcentral Alaska.

Standing Up for Alaskans

I have fought federal overreach at every turn, stood up for the military, and made sure the State lives within its means with record spending cuts. I championed Alaska Performance Scholarships for our young people, and high school graduation rates are climbing. We've worked directly with Alaskans in over 170 communities to tackle the epidemic of domestic violence and sexual assault and seen many lives positively changed.

Our state is on the right track, and whether you live in rural Alaska or in the cities, I will always put you first. I respectfully ask for your vote.

Thank you.

OTHER:

I am a lifelong, 4th generation Alaskan with a long
family history of public service.

STATEMENT:

I am running for Lieutenant Governor because I want
to be a part of the team that leads Alaska to a new
generation of prosperity. I have spent the last 14 years
serving my Anchorage community as an assembly
member and as the mayor. I am proud of what I have
been able to accomplish during this time and I would
like to continue my public service at the state level,
where many of the same challenges I faced as mayor
are confronting our state today.

As mayor, I tackled budget deficits, rising crime rates,
backlogged deferred maintenance, and a looming
energy crisis. Through hard work and good planning,
all of these challenges have been successfully met. I
also took on the hard issues of labor reform, improving
educational standards, and a port expansion project
that had been terribly mismanaged. I have never
avoided the tough issues and that is the type of
leadership we need in Alaska today.

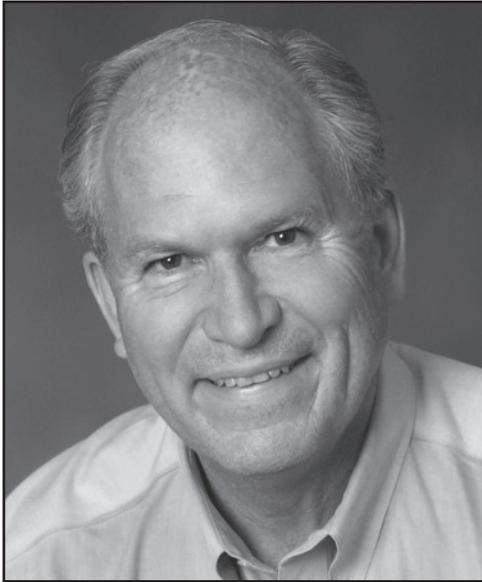

As your Lieutenant Governor, I will work hard to make
sure we present responsible, sustainable budgets
and develop our resources for the maximum benefit
of all Alaskans, as required in our State Constitution.
I am also the only candidate running for Lieutenant
Governor who has the top level executive experience
in both the public and private sectors to serve as the
Governor if the occasion ever arose.

I would be honored to serve you.

STATEMENT:

I am running as an Independent Alaskan candidate for governor because we need a leader who puts people and progress ahead of partisan politics.

Fiscal control. We are in the worst deficit in Alaskan history, drawing down on our savings at a rate of \$7 million a day. We can build ourselves out of this fiscal freefall.

The key to every growing economy is low cost energy. A large volume gasoline/LNG project financed by long term contracts with the world markets could generate over \$400 billion over 30 years and reduce energy costs by 80% in some areas of Alaska. Unfortunately, the current gasoline study puts companies with competing projects in control. Alaska owns the gas. We must start acting like ranch owners, not ranch hands.

Low cost energy. Despite our resource wealth, we have the highest cost of energy in the nation. This drives Alaskans out of rural Alaska, forces choices between food and heat, and sends our retirees outside. Alaskans don't have to make these choices. We must stop studying the problem and start building the solutions.

Alaskans First. I support: Medicaid expansion as long as full federal funding continues; adequate funding for education and increased voc/tech opportunities; increasing the minimum wage; training Alaskans from Houston, Alaska rather than ferrying workers from Houston, Texas for Alaskan jobs; and Alaskan appointments to boards and commissions.

I would be honored to serve the people and the state I love as governor and would appreciate your vote.

STATEMENT:

I am a lifelong Alaskan with a passion for this place and its people. From small town mayor to Permanent Fund manager, I know that polarizing partisanship is not how solutions are achieved. It takes leadership and hard work. I have a 50-year bi-partisan track record of bringing people together to tackle complicated issues. This campaign is about building a better Alaska and who's best prepared to get us there.

Priorities:

Education: My first priority is education: it grows everything else. From universal, voluntary pre-K services to timely, predictable K-12 funding to expecting excellence in the classroom to reducing student loan interest rates, a strong education system attracts and keeps residents and grows the economy. It's the best investment we can make.

Energy: Energy costs are crippling . My first day on the job I will appoint an energy chief to coordinate and consolidate efforts to bring affordable power and fuel to all Alaskans, with an emphasis on innovation and conservation. While there's no single answer, there can and should be a singular focus on energy at the highest level.

The Economy: Alaska faces critical choices -- not in 10 or 20 years -- but now. Our state is in a dangerous situation: revenues don't cover costs and savings will be depleted within five years. Balancing the books while supporting vital public services is fundamental and urgent. Thirty years as a CEO and director of profit and non-profit organizations have prepared me well to work toward a balanced bottom line.

STATEMENT:

I grew up homesteading in the Gulkana area, raised on the belief that hard work yields results, to use resources wisely, and to not be wasteful. That lifestyle made me the "CAN DO" person I am today. I am grateful to Alaska for the opportunities given to me. All Alaskans should have the same opportunity for prosperity. This is what drives me to represent my district. As a business person, it's easy to recognize that government has room for improvement. Energy development, storage, and consumption remain the most important issues for our state today; we need affordable energy and the jobs that accompany its exploration and extraction – be it natural resources or alternative forms of energy. A well-prepared workforce is what will continue to make Alaska a great place to be. Through our schools, public, trade, charter, or home school, we need to educate the future Alaskan worker. I support a parent's right to choose their child's education, so our children can succeed in whatever endeavor they choose.

Better roads are needed in our communities. We live in a large state with no way to economically get to our much needed resources. For too long, we have driven on dangerous and inadequate road systems that risk our lives and keep us from transporting ourselves and our commodities.

I am not a "politician," I am an Alaskan who will represent my district by being fair, honest, and committed. I humbly ask for your vote.

OTHER:

As a young man, the lure of Alaska drew me to this great state and still retains a tight grip. I met and married my wonderful wife, Adel, in 1983. We have two children, Matthew and Amanda. We actively participated in our children's education at Big Lake Elementary, we eventually decided to homeschool for about 10 years.

I worked in many areas of the construction industry, from building homes to heavy equipment operator and mechanic. I also started and ran a custom woodworking business for 11 years.

STATEMENT:

The time that I have spent working with the people of the district and around the state has been a positive learning experience. Learning to listen to the needs of our district and state and implementing those needs is a great challenge but one we can handle together. It is imperative to find new ways to diversify our economy. It is time to utilize our raw resources, add value to them and create jobs for Alaskans. We have many opportunities that can be pursued.

I support hunting and fishing. I will continue to find ways of improving our fish stock, for subsistence use, sport fishing and commercial fisheries.

I am a strong supporter of gun rights for the individual and passed the current "stand your ground" legislation.

We fought long and hard and were able to get the Knik Arm Crossing moving. To build the bridge brings so much to the entire state. New jobs, new land for homes and new transportation corridors. These corridors open areas for railroad and gas lines to further strengthen our economy. I will continue to work for the right incentives to build and diversify our economy, address our infrastructure needs and find ways to lower the cost of state government.

We have a great start and I will continue to fight for what our state needs to be a stable and growing endeavor. I would appreciate your vote, thank you.

STATEMENT:

In 2012, you sent me to Juneau with a mandate to work on the budget, getting more oil in the pipeline, lowering the cost of energy for Alaskans, getting more fish in rivers, and protecting the life and safety of our citizens.

In controlling the growth of the budget, I focused my attention on state general funds spent on the Capitol budget and here are the results:

FY 2012 (Democrat Coalition)	\$1,661,259,400
FY 2013 (Democrat Coalition)	\$2,004,236,500
FY 2014 (Dunleavy)	\$1,028,092,100
FY 2015 (Dunleavy)	\$ 850,325,600

With this cost containment, next year we will focus on reducing the operating budget substantially.

With the newly enacted oil tax incentives, more investment is going to the slope that hopefully will result in more oil production and longer-term revenue picture for Alaska.

Regarding low cost energy for Alaskans both an LNG project and instate gas line have been given the go ahead by the legislature with the intent of getting Alaskans low cost gas hopefully within the next decade.

Through our efforts needed studies and policies have now been enacted aimed at getting more salmon in the rivers in the valley for all citizens to harvest.

Life safety issues have also been addressed from needed fire equipment and funding new firehouses to reducing the number of abortions the government funds.

With your vote, I will carry your message to Juneau to continue to work aggressively on your behalf to ensure your voice is heard in Juneau, Thank You.

OTHER:

Following military service, I arrived in Alaska in 1973 with little. I got an education, married Sally (lifelong Alaskan), began a family and built our log home on a Chickaloon homestead. Here we raised our sons, who became successful men shaped by solid family values, healthy community, home schooling and good public schools.

STATEMENT:

Alaska is a great place and can be even better if we address the serious challenges we face. Recent state fiscal policies and poor decision making are hurting us. A fresh approach is needed and that's why I am running for the Senate.

Lawmakers in Juneau are not solving our problems. There is little desire to balance our recent state budgets, which have record setting deficits. One of our most critical needs, education for our kids, is fraught with uncertainty and last minute legislative bickering. The list goes on. We are not developing enough family wage jobs. We roll out enormously expensive speculative projects when we have limited resources to maintain our existing infrastructure. Where are solutions for our depleted fisheries, advancing a natural gas pipeline, and high costs of electricity? Are we adequately protecting the Permanent Fund for our children and grandchildren? We can and must do better. Together, we must face these issues to build a sustainable growing economy.

As a lifelong Independent, I am a strong believer in the value of individual and local community participation in government. Each one of you has valuable knowledge and ideas the legislature needs to hear. I'm ready and able to work with you to accomplish things in an open, transparent and responsive way.

My past successes are a result of listening, finding solutions, and building trust. I'll bring my record of hard work, independent and creative thinking, practical teamwork, and common sense to the Alaska Senate.

I stand for family, jobs, free market, responsible resource development, limited government, and protection of our endowed, inalienable rights. My political positions are evident by the endeavors I have chosen to be involved in. It is my pleasure to serve you as Chair of House Judiciary Committee, Vice Chair of State Affairs and Health and Social Services Committee, Chair of the "Citizens Advisory Commission of Federal Areas" (CACFA), member of The AK Health Commission (ex officio), member of Rules and various Budget Sub-committees, and a member of the House Majority Caucus, and member of the Mat-su Valley Legislative Delegation. It is an honor to represent my District 10 Constituent's Capital Budget interests and a wide variety of other concerns. I am respectfully asking Alaskan voters to re-elect me to allow me to continue in these capacities.

STATEMENT:

I am running because House District 10 needs a legislator that listens to the citizens they represent and work across party lines to make Alaska a better place to live. In my 39 years in the Valley, I have seen it turn from a sleepy community to a major population center; I would like to make sure the District 10 is still a great place to raise our children.

Economy

Alaska needs a stable oil and gas tax policy that promotes development without leaving the citizens holding the bag.

Education

Alaska needs to provide adequate funding for Alaska's schools.

Environment

Alaska needs to develop its resources in a way that does not harm our environment.

Local Infrastructure

The Mat-Su is growing by leaps and bounds, while the state is building new roads; they are not upgrading the existing secondary roads. Every part of this district has substandard roads that are not being addressed.

Jobs

The state needs to invest in Alaskans so residents can get good paying jobs in state.

Gas Line

We need a gas line to develop Alaska's gas and make sure the citizens of Alaska have a supply of gas to meet our energy needs.

Public Safety

I believe that we need to provide adequate funding to keep our citizens safe.

Health Care

I believe that all Alaskans should have access to healthcare.

Freedom and Privacy

I will fight for our freedoms and privacy rights under both the US and Alaska constitutions.

OTHER:

Teacher of thousands of students; leader of hundreds of people; and administrator of millions of dollars of local, state, and federal funds during a career of four decades in education.

STATEMENT:

Alaskans built Alaska. Those who lived with the land for thousands of years built Alaska. Explorers, gold miners, fishermen and women, adventure seekers, Matanuska Colonists, and others who came to make better lives for themselves and their families built Alaska.

The discovery and production of oil created good jobs. More oil and gas production will create and sustain more jobs. The revenue facilitated, and will continue to boost, our growth. Alaskans can and should use this resource to invest in our future.

Investing in people pays dividends. A strong Alaska requires a strong education system, from pre-school through adult learning. Supporting families and ensuring care for our youth and elders will make the best use of our human resource. I support people.

Looking critically at spending takes courage and self-discipline. Common sense requires balancing risk and reward. The number of current capital projects is risky. Prioritizing projects that support Alaskans is essential and will help stop over-spending.

As we move into the future, I will work to expand agriculture; find new ways to support small businesses; push for Alaska to become a laboratory for renewable resource development; and expand the research capacity of our universities. Supporting the ingenuity of Alaskans secures our future.

Leadership, like teaching, is about listening, empathy, and optimism. I am ready to work with Alaskans for a better Alaska.

STATEMENT:

It has been an honor to work for you in the legislature. District F has been my home for over 45 years, and always will be. I have a proven record of working for **all** the areas of our district - Palmer, Wasilla, Butte, Fairview Loop, Lazy Mountain and Chugiak - as well as neighboring areas. ***I represent people and neighborhoods, not arbitrary political boundaries, when doing what's best for the Valley and Chugiak, and the people of Alaska.***

PUBLIC SAFETY

As the Chairman of the Public Safety and Law Budgets, I have been a leader on public safety issues, statewide and locally (Knik River/Jim Creek). I have been an effective advocate for victim's rights, and a sponsor and key player in the passage of numerous crime and victim's rights bills. I have also worked to fund law enforcement and prosecutors; locally and statewide, urban and rural. "Catch and release" is for fishing, not criminals.

TRANSPORTATION –SAFER ROADS

We spend more time driving on our roads and highways than most Alaskans. I have worked hard to secure funding for Fairview Loop, Bogard Road, Glenn Highway Lighting and the expanding lanes on Eagle River Bridge (aka "Brake light hill") and matching funds for the voter approved road bonds. The safety of your family will always be my priority.

QUESTIONS? Call me at home 745-5772 or 688-5754 I will always be mindful of the trust you have placed in me. I respectfully ask for your continued support.

STATEMENT:

I love Alaska and am committed to continue to ensure our state is a great place to live and raise families. When I wake up in the morning, I'm focused on what I can do for you, our district and for Alaska.

Considering Mat-Su's ongoing growth, our district's voice must be effective like it was my first term. I don't play party politics but work extremely hard for you so businesses can thrive, families can prosper and children can succeed because of increased opportunities and limited government.

Priorities:

- Limit spending and push for a long-range fiscal plan. Look deep in the budget; trim the fat.
- Promote economically viable energy solutions.
- Make Alaska more job-friendly and pro-business.
- Improve schools through accountability; ensure dollars reach classrooms. Whether via public, private or homeschooling options, our children need excellent preparation for the trades, military or college.
- Reduce resource development hurdles, keeping in mind good stewardship.
- Provide for infrastructure to support economic development and family-wage jobs.
- Promote public safety, emergency preparedness
- Support the military and veterans
- Ensure seniors can maintain a good quality of life
- Preserve family values

I hit the ground running my first term and worked effectively *with* others to get things done *without* compromising my conservative values. I'll do the same this next term. I always bear in mind our Alaska State Constitution and understand that I work for you. That's why it continues to be my priority to listen to what's important to you. Palmer Before Party Politics!

I will fight to:

- Rein in the current 2 billion dollar deficit
- Grow quality jobs for Alaskans
- Protect individuals' rights from the government
- End wasteful spending like the legislative office remodel for Anchorage politicians
- Bring common sense decision making to Juneau instead of political grandstanding
- Ensure Alaska schools are the best in the world
- End partisan gridlock
- Promote smart development
- Protect the Permanent Fund
- Restore the voice of Alaska citizens to Juneau
- Support small business
- Defend the Alaska Constitution
- Stand up for the U.S. Bill of Rights
- Ensure that Palmer remains the best place in the state to live and raise a family

OTHER:

I am a lifelong Alaskan who grew up in Anchorage and have lived in the MatSu area for over 30 years.

While growing up in Anchorage, I spent many of my weekends and summers with my grandparents in Chugiak learning skills like hunting and fishing and the importance of hard work and commitment.

After graduating from Service High School, I earned a certificate in Accounting and Travel from Alaska Business College.

In 1980, I moved to Big Lake where I began working for a local law firm and started my family. Later, I went to work for the Mayor of Wasilla soon after the City had been designated a first-class city.

As a lifelong Alaskan and long-time Valley resident, I **KNOW** the issues. As an active member of our community, businesswoman and experienced legislative staff member, I **UNDERSTAND** the issues. As **your** legislator, I will **LEAD ON THE ISSUES**.

STATEMENT:

I am the "Common-Sense Conservative" candidate for House District 12. Listed below are highlights of my policy positions:

- As a staff member for the House and Senate Finance Committees, I have helped reduce state spending. As a legislator, I will continue to do the same.
- I strongly supported SB 21 and strongly oppose ballot measure 1.
- As your legislator I will aggressively pursue regulatory changes that encourage new industries to invest in Alaska and encourage local hire for Alaskans.
- I fully support existing Alaska gun ownership laws including the "Castle" and "Stand your ground" doctrines.
- Homeschooling, charter schools and school choice continue to increase in the matrix of options for K12 education and in the dialogue about how decision makers wrestle with the complicated issue of public education. We need to carefully consider every option available to provide our kids the best education possible.
- I support the mission and work of the Citizen's Advisory Commission on Federal Areas (CACFA).
- I will support Chinook abundance research efforts so Alaskans will continue to have dependable access to this valuable and iconic resource.
- I will work with stakeholder groups and our congressional delegation to advance state control of halibut management.
- I support maintaining the 90 day legislative session.

STATEMENT:
I am looking forward to serving the people of Chugiak, Peters Creek, Eklutna, South Knik River, Butte, Gateway and Fairview Loop. I support community solutions and bi-partisan teamwork to create strong comprehensive plans instead of wasteful and shortsighted spending sprees.

We can work together to support realistic and innovative transportation projects that create local jobs and support more of our businesses. Imagine regular bus and train schedules that move people (including tourists) to work, school and medical services within and between the Municipality of Anchorage, and The Valley safely during all workers' hours.

Thoughtful foresight can help create jobs and provide the dignified retirement housing communities and services Alaskans deserve. No Alaskan should wait on a list for services because we don't have enough staffing or services to reach them. Senior programs are strained as it is. We can't wait for the surge in our older population before we take action.

Of great importance to me is the decline in support for education. Education is the cornerstone of a strong society. Funding early childhood education and maintaining strong public educational support directly benefits society through lower crime rates, stronger economies and higher graduation rates. We have the ability to support Alaskans through our public schools and our unique university system. Our future literally depends on this.

I am ready to serve you. Please contact me via my website or email. Give me a call at 715-1834. Let's start talking together for Alaska and District 12.

STATEMENT:

It is an honor to have represented you in the Alaska Legislature for nearly eight years. I have deliberated and voted to make our state a safer place to live and work; to provide jobs for families, and to support our business community.

Seven years of hard work for Eagle River, Chugiak, Birchwood, and JBER on the Anchorage Assembly compliments my service in the State House and has given me the experience to represent District G in the Senate.

As a public servant for over 15 years, I will remain responsive to the needs of our community and our families.

Casting votes that affect you, your business, and our environment is a huge responsibility. I consider each issue carefully. I respectfully listen to all sides of an issue and seek to understand the consequences of those choices.

I will continue to advocate for:

- Quality education and safe neighborhoods.
- Controlled state spending & implementation of a long-range financial plan.
- Funding for road repair and construction.
- Ethical and responsible resource development.
- Protection of your Permanent Fund Dividend.

Working together we will make a positive difference!

Thank you for taking the time to participate in the election process.

I appreciate the trust you have placed with me over the last 15 years in elected office and respectfully ask for your vote in both the Primary and General Elections. I am the energetic, conservative candidate for Senate District G and I look forward to being your voice in the State Senate.

STATEMENT:

It's been a privilege to serve Chugiak-Eagle River and JBER as your representative. I'm seeking re-election so I can keep working on Alaska's toughest challenges.

As a lifelong Republican and conservative, I value limited government, strong national defense, individual liberty, and faith in God. As a 24-year Alaskan, I cherish our state and want to provide opportunity and prosperity for future generations.

My top legislative accomplishments include:

- Creating a veteran's designation on state driver's licenses
- Letting home-school and alternative school students play sports or participate in other interscholastic activities at their local public high school
- Securing funds for a new Chugiak Volunteer Fire and Rescue fire station, and for local roads, bridges and schools
- Helping authorize "military facilities zones" to make Alaska's bases more economic
- Ensuring health insurance covers services for autistic children
- Successfully lobbying the U.S. House and the National Conference of State Legislatures for bills and policies supporting oil development in ANWR

There's more to be done. If re-elected, I will keep working to:

- Reform oil taxes to keep Alaska competitive
- Create jobs and opportunity through responsible resource development
- Secure reliable, affordable energy for Alaskans
- Champion military personnel, veterans and their families
- Defend Alaska against federal overreach
- Support families with good schools, safe neighborhoods and decent roads

I pledge to work hard, listen carefully, and represent you with energy and integrity. I'd be honored to have your vote in the Republican Primary on Tuesday, August 19.

STATEMENT:

I'm Lora Reinbold, and I'm running for re-election to represent Eagle River in the State House. I'm an Alaskan, born and raised, with an extensive business background, and a track record of hard work, collaboration, and results. I am the Right choice for Eagle River.

Fundamentally, I am a strong conservative with a deep belief in small government, individual rights, and a free market economy. Government, as much as possible, should be limited to the core functions of public safety, education and infrastructure. Individual rights must be preserved, and dependence on government should not be encouraged.

I take seriously my oath to uphold and defend the State Constitution, and will fight to protect our 2nd Amendment rights.

As your Representative in the 26th Legislative Session, I accomplished the goals I set out: 1) secure a stable, fair, and competitive tax policy to encourage business investment (SB 21), 2) education reform including freedom in educational choice (HB 278), 3) limit the growth and cost of State government, and 4) increase transparency and accountability through regulatory reform (HB 140).

Looking forward, fiscal responsibility and economic development are my top priorities. We must strive to expand our economy, promote resource development and control our spending. I look forward to working with other Legislators to create a fiscal plan that sets out our long range economic development plans and our spending priorities. A fiscal plan is a key element to a bright future for Alaska.

On November 4th, vote BOLD and re-elect Lora ReinBOLD!

STATEMENT:

Alaska is blessed with the greatest natural resources and environment in the country. Our history and strategic value are unique, and our Alaskan culture is diverse and rich. Unfortunately, our legislature has been making many decisions that are not in Alaskans' best interest. Our state government should be creating maximum opportunity for all Alaskans, and I aim to be part of that process.

This is a critical time in our state. We face unprecedented deficit spending and other serious issues that will shape our quality of life for generations to come. Our current ratio of spending to income is not sustainable. This must be fixed immediately. We need to maintain a positive entrepreneurial and business climate, and also negotiate the best possible deal, every time, on behalf of the people. We must also adequately and predictably fund public education, while demanding accountability of the end product – high performing graduates, ready to fill Alaskan jobs.

Every family has the right to feel safe and secure; I will work diligently to improve our well-being in Muldoon. Access to community parks and local recreation opportunities on the Eastside also need immediate attention, especially in view of our projected growth.

As a 30-year Army veteran and current Army spouse, I vow to champion first rate support and services for our active service members, veterans, and their families.

I've spent my entire adult life in public service, finding workable solutions in difficult environments as part of a team. I am now ready to serve you.

STATEMENT:

I'm proud to serve as your state representative.

I'm running for re-election because I want the same opportunities for the next generation as there were when I came to Alaska over 35 years ago.

Anchorage and specifically Muldoon is home. The first thing you need to know about Muldoon is that it's not just a road in Anchorage; it's a diverse community of hard working people. JBER (Elmendorf) is also in this district. I have been a proactive supporter of the military, serving as the co-chair of the House Military & Veterans' Affairs Committee. I have fought—and will continue to fight—for our military service members and their families.

Some important legislative accomplishments include

- * Allowing military service to be counted towards certain state retirement benefits;
- * Raising funding for K-12 education by \$100 million and increasing the Base Student Allocation;
- * Providing parents a way to place unwanted infants with peace officers, emergency services, or hospitals, instead of abandoning them;
- * Reaffirming the state's commitment to the development of a natural gas pipeline.

We were also able to secure funding for capital projects in this district, including much needed funding for roads and schools.

As your representative, I have the experience and knowledge to hit the ground running next year.

I believe you have to know people to represent them and I am grateful to have met so many of you. Your concerns are important to me and I look forward to **earning** your vote.

STATEMENT:

I take my responsibilities as the Representative of our District and as a member of the Anchorage caucus very seriously. My legislative experience is a big help, particularly with so many new legislators.

My Record

Children and Education. (1) I introduced a bill requiring that all babies born in birthing centers be checked for heart defects (the Senate version passed). (2) I support full funding for education and I support public schools.

Business. (1) I introduced and passed legislation updating commercial lending and banking laws. (2) Another of my bills that passed strengthened Alaska trust laws.

Senior Issues. (1) I authored and passed the Silver Alert Law to help locate missing vulnerable adults. (2) I introduced and passed the Uniform Real Property Transfer on Death Deed Act making it easier to transfer real property upon death.

Capital Funding. I've worked with other Anchorage legislators to fund important projects, including the new Clark Middle School; the new Muldoon Fire Station 6 on Debarr Road; the Glenn Highway/Bragaw Interchange; the new municipal rescue boat; other fire equipment, including opticoms to speed emergency vehicles through busy intersections; road improvements, including new storm drains and repairs under Forth Avenue and Pine Street; the new Fire Station 3, which will move from Airport Heights to Bragaw and Fourth; new People Mover buses; and bus stop upgrades.

My Priorities.

Keep Alaska's economy strong—Keep Alaskans working! Control crime efficiently and encourage rehabilitation. Protect your Permanent Fund Dividend! I'd appreciate your vote on November 4th.

OTHER:

I started out in public service as a mother and volunteer concerned about our children. Working through our neighborhood PTAs, I supported after-school safety programs and worked hard to ensure our children had important learning resources.

I have been a professional advocate for children in state custody, working to safeguard abused and neglected children.

Our neighborhoods have always been important to me. I lobbied on behalf of our neighborhoods to solve traffic, zoning and public safety issues, working toward strengthening the community.

STATEMENT:

I came into politics wanting to stand up for our families and neighborhoods—and one way we do this is by providing a healthy economy and good jobs.

My priorities are to:

- Support and enhance citizen participation at all levels of public life and government.
- Develop Alaska's **resources for the benefit of all Alaskans.**
- Make **smart investments now** in schools and communities.
- **Support public education funding** that is steady and predictable, including UAA.
- **Protect our Permanent Fund and Dividend.**

Most importantly, I believe good government rests on the basis of **OPENNESS and INTEGRITY.**

A legislator's job is to make state government work for the people represented. I pride myself on working to understand and listen to my community – regardless of party affiliation, political opinion, or individual characteristics. I pledge to be available to and responsive to all my constituents.

I'm Berta... and I am still listening.

I would be honored to have your vote on November 4th!

STATEMENT:

I do not treat my lack of an opponent as evidence I have secured the unanimous support of my constituents. Far from it. I remain humbled to serve as your State Representative in Juneau. I have been knocking on doors in District 17 and will continue to do so until the eve of the election, notwithstanding the lack of opposition.

My first term in the State House was as devoid of opportunistic politics as was evidenced in the legislature. I felt I was a "conscience" on the floor of the House, voting about 6 times as a lone, dissenting voice where there were important matters of principle that needed to be memorialized.

Still, I was a co-sponsor of 49 bills that have become law. And I was a co-prime sponsor of another. I supported good Republican legislation while fighting the majority's bad legislation.

I Will Continue to:

***Oppose the Pebble and Chuitna Mines.** We should not trade renewable resources for non-renewable resources, especially when local communities most directly impacted by a project oppose it.

***Oppose Vouchers.** We should not become islands unto ourselves. Our country was built on public education. It should be about "We", not about "I".

***Oppose Changes to the Judiciary.** We have the finest state court system in the country. It is impartial and entirely apolitical.

***Support the Biggest Economic Project in Alaska History, the Large Diameter Natural Gasline.**

***Support the Full-Funding of Our Public Schools.**

***Support the Rights of Workers and the Dignity of Individuals.**

STATEMENT:

As a public servant for nearly 16 years, I understand what it takes to be your representative. I've served on the Anchorage School Board and on the Anchorage Municipal Assembly. **And it has been my honor to work for you in the Alaska State Legislature for the last two years.**

My priorities are:

- **Excellent schools:** Fully fund education at the State level.
- **Creating jobs for Alaskans:** We must strengthen our economy through responsible development and smart fiscal policy.
- **Safe neighborhoods:** Continue to support first responders to keep our neighborhoods safe.
- **Affordable energy:** Explore energy options and assure South Central Alaska has the power it needs.
- **Wise investments with accountability:** Projects funded with state dollars should be economically sound and benefit Alaskans. I've served on the audit committees of both the city and the school district and know how to look for waste. And I have voted NO on state projects that don't make sense and that my constituents find objectionable.
- **Road improvement and development impact decisions made with community input**

Over time I have seen a shift away from public accountability. We cannot make decisions without public input and support. We need to verify and guarantee that our investments and projects benefit the people of Alaska. As your representative I will work hard to make this a reality. I'm an independent thinker and **I base my decisions on the concerns of Alaskans.**

I'd be honored to serve you once again in the Alaska State House.

STATEMENT:

I am a regular guy, not a politician, but no one else came forward for my district. I have lived in Alaska for 50 years, and I hope to retire here; however, with our state budgets I don't think it will be possible unless things change. As a military officer I have worked with budgets and government at many levels. I have management and leadership experience. My credit score is over 800. People think I am intelligent and a good problem solver that makes good decisions. I would like to represent you in Juneau.

I attend many meetings and ask about the overspending. My representatives assure me that they are trying to reduce the budget, but no one wants to make cuts. Actions speak louder than words. We are spending our children's future and our government worker's retirements. At some point it will have to stop. Our representatives in Juneau have a history of making bad fiscal decisions. Our government is expanding while the private sector struggles. New people are coming to Alaska, applying for and receiving benefits when retired residents are offered little help.

I believe it is better to reduce spending while we still have money in the budget reserve. This is smarter than spending the budget reserves and then looking for additional revenue to continue the excessive spending. Increasing the tax burden on businesses will not solve overspending. Our budget needs to be smaller than our revenues. I ask for your support.

STATEMENT:

I have called Alaska my home for more than 45 years. Having extensively traveled the world, I know that there is no place I would rather be. I have built my successful businesses here. My friends and family are here. My heart is here. I decided to run for State House after hearing my neighbors voice their concerns over the challenges we are having in the neighborhood. In the same breath they would exclaim "Well, there's not much you can do about it". In my world, there are 3 types of people...

1. People who make things happen.
2. People who watch things happen.
3. People who wonder what happened.

I've never been one to sit on the sidelines and watch things happen, or wonder what happened. I would be honored to be your voice in district 19.

I believe in civil liberties.

I believe in smaller government.

I believe in the Alaska Constitution and that it should be adhered to.

My Positions:

- Rights belong to individuals – not government
- STOP runaway state spending!
- Individual liberties
- Free market solutions
- Education focused on developing learning and critical thinking skills.
- Fight for complete ownership of our fish and game resources
- Increase the PFD by divesting the "Rainy Day Account."

I've worked hard my whole life and I will work just as hard to make sure the needs of our diverse community are not forgotten.

STATEMENT:

It has been an honor and a privilege to represent the hardworking people of Airport Heights, Mountain View, and Russian Jack for the past two years. I ask for your vote to continue to make a positive difference for you and your family and for our neighborhoods, businesses, and organizations.

We've worked together to invest in public safety, including pedestrian access improvements, lighting for commercial and pedestrian corridors, and to clean up our parks. I sponsored legislation to address our epidemic of child sexual abuse, provide community based training to help Alaskans with mental health issues, and make government more accessible to the people. As your representative on the Resources Committee, I fought to move the Alaska gasline forward and passed a measure to protect our wild Alaska salmon – key economic drivers for our future.

I'm working hard to earn your vote!

My action plan includes:

- **Increasing public safety investments** and providing safe neighborhoods for all our residents
- **Investing in our education system**, from pre-k to technical training and college
- **Honoring our Veterans & Military** and their families by providing quality services
- **Protecting individual rights** and equality for all
- **Diversifying our economy to make Alaskans get the good paying jobs** of the future
- **Promoting affordable energy**, responsible natural resource development and investment in renewable energy

STATEMENT:

I'll keep working across party lines to push for opportunity for all Alaskans, regardless of whether they are born to privilege. But Alaska is at a crossroads on whether we are going to create opportunity and give a fair shake to all Alaskans, or pave path to decreased opportunity.

That's why I'm personally voting YES on Ballot Measure 1. I want to fix and rewrite the 2013 oil tax rollback. If we don't, the current six-year GOP plan of public school teacher and staff layoffs will continue, as will the \$1+ billion annual deficits projected under that law.

Students have already lost over 600 teachers and staff since 2011, something I voted to prevent. In Anchorage we are facing over 200 more lost education staff under this year's GOP "three-year plan", which I tried to fix. I want a brighter future than one of public school cutbacks.

The 2013 oil tax rollback produces a near zero or negative worth for all oil coming from fields sanctioned as a "unit" from 2003 and into the future. That's conceded in a little-mentioned part of a recent Scott Goldsmith report. We can't run a state, and a private business couldn't run, by getting near zero or negative worth for highly valuable assets.

I've worked to improve opportunity, including for foster youth. I've written legislation to improve housing access and attract businesses into more vibrant communities, to prevent election fraud, and to protect consumers and our fishing stream access.

I'd appreciate your support.

STATEMENT:

I am a lifelong Alaskan, born in Anchorage and raised in Turnagain. For the past four years I have been working hard serving our community in the State House.

My priorities have been:

-Developing Alaska's economy

-Filling the Pipeline

-Making Alaska the most attractive place to live, work, and raise a family.

Economic Development

I believe that Alaska's economy needs to grow and thrive. That's why I believe Alaska's natural resources need to be developed – responsibly and for the benefit of all Alaskans. **I am working hard to create an environment where our resources are developed responsibly, where businesses can grow and good jobs exist – now and for future generations of Alaskans.**

I've worked to make Alaska's economy the most vibrant and successful it can be. That's why I introduced groundbreaking legislation that puts Alaska in the top five states for innovation and entrepreneurship.

Fiscal Conservative

I believe in a **strong private sector** and in **smaller, smarter government**. Our current level of state spending is unsustainable and I will continue to work to ensure our long-term economic future.

Our West Anchorage Community

As a lifelong Alaskan committed to our West Anchorage community I truly believe Alaska's best days are yet to come. I treasure my West Anchorage roots, and **I'll never forget that I am your voice in Juneau.** I'd love to hear from you and invite you to call me on my cell at 830-4820.

I would be honored to have your vote on November 4th.

OTHER:

My Alaska work experience includes tourism, the USDA, fish processing, a family-owned sport fishing company, nonprofit management and the public sector.

STATEMENT:

I'm running because **I LOVE Alaska and I want to make it an even better place. This is the best place in the world to live, work and play**, but the current legislature has been dismantling the very things that make Alaska great. They're putting the interests of big business ahead of our people, they're starving our education system, and they're making disastrous financial decisions.

I want to go to Juneau to make sure our state **invests in quality public education**, to ensure that **people who work hard are paid and treated fairly, and to make responsible decisions for our economy**.

I'm not a career politician, but I know how to get things done in government. As the Municipality of Anchorage's Development Director for the Library, I managed a portfolio of \$40M+ in capital projects and initiatives in education and economic development. **I'm effective because I listen, bring people together, and stick to my guns to do what is right for the people I represent.**

My family has a strong ethic of service: my mom is a retired public school teacher and my dad served in the US Army and was awarded 'Soldier of the Month' in 1973. Both of my grandfathers are WWII veterans; one was a POW and received a Purple Heart and Bronze Star awards for service. I've continued that legacy of service with my contributions of time and money to local nonprofits and career as a public servant.

I would appreciate your vote on Election Day!

STATEMENT:

Alaskans want government that works with our families and
businesses to make sure Alaska is a great State to live,
work, and raise a family. In my experience as Acting Mayor,
Assembly Member, community volunteer, husband, father,
and son, I have learned that we're at our best when we work
together for better government. Now, more than ever, we must
find common sense, bipartisan solutions that work for Alaska.

Visiting with friends and neighbors, going door to door, I hear
again and again that Alaskans want an end to partisan politics
and want their elected representatives to put Alaska first. And
the people of West Anchorage want a trustworthy representative
who shares their values and listens to their concerns.

Thomas Jefferson said it best: "Government is best which
governs least." As your elected representative, I will look to
the Alaska Constitution because it reflects the values that we
share: the right to equal opportunity, the right to privacy, the
right to public education, the right to be treated fairly, the right
to impartial courts, and the right to be secure in our homes
and ourselves.

My priorities include:

- Quality Education: Our Best Investment
- Fiscal Responsibility: Living within Our Means
- Public Safety: Government's First Priority

As a legislator, remembering Abraham Lincoln, my pledge
is to make sure our government is "of the people, by the
people, and for the people." Working together, Alaska's best
days are ahead!

I would be honored to have your vote.

- Compassionate community advocate driven to serve the people with honesty & integrity
- Ability to fight for responsible solutions due to first hand experience with government bureaucracy

STATEMENT:

My campaign is built upon the principles of liberty and the protection of our personal privacy. Several unresolved problems are routinely punted from legislature to legislature. Alaska faces unacceptable public safety challenges, we suffer from an underperforming educational system, there is an emerging energy crisis statewide in a state that was once the largest energy producer in America, and Alaska has a major debt problem overspending at a rate of approximately \$7,000,000 (million) per day.

Solving these problems needs my expertise as an engineer. We must do a better job of understanding the scope of a problem, establish accurate budgets required to implement improvements, and produce a clear schedule of when results will occur. Results must emphasize documented improvements, not just "feel good" accomplishments.

My vote is important to me and when I support legislation in Juneau it will be an informed decision based on the merit of a bill in front of me and how it will impact constituents. I will never vote for something just because it is the position of a caucus because that compromises the constituent.

Evaluating proposed solutions and legislation must be done through careful examination and hard work. As your legislator I will not play the game of party politics when making decisions that may impact you for decades.

Alaska is my home of choice, providing the American ideal of liberty and effort based success. I humbly request your vote.

OTHER:

I am a third generation Alaskan and live in my childhood home with my wife Darcel and our three children. My grandparents came to Alaska in 1909 and my grandfather served on the first Anchorage City Council.

STATEMENT:

I would be honored to represent our community in the State House. As a lifelong resident of West Anchorage who attended Sand Lake, Mears, Dimond and UAA, I am strongly rooted in our neighborhood and the issues we face together as Alaskans. As a father of three, I want to ensure a prosperous future for Alaska, and I know I can be effective in getting us there.

My education, experience and background have prepared me to serve as an effective legislator in Juneau. I've proven I'm on your side. While working in government, I had the courage to stand up to the Mayor and Governor against the influence of special interest. I fought for a fair valuation of the Trans-Alaska Pipeline and equal treatment for local home and business owners. For this, I sacrificed a 17-year career. All citizens deserve equal treatment and attention, and I will continue to stand up for Alaskans.

As I walk our streets and listen to my neighbors, I hear concerns about our schools, our streets, protection of the permanent fund and fear of future tax increases. People are concerned that lopsided politics are not in the best interest of Alaskans.

I am running for State House because I share these concerns. I am passionate about advancing educational and economic opportunities for Alaskans and am ready to implement creative solutions to bring about change. Together, we can make the owner state work for Alaskans.

I would be honored to earn your vote on Election Day.

OTHER:

Liz is former administrative law judge, Assistant Attorney General, state prosecutor and commercial law litigator. She is active in the community and has served on several city commissions. Liz was elected twice to the board of directors of Chugach Electric and served six years, including as board chair. She has lived with her husband in Anchorage for 30 years and in West Anchorage for 17 years, with their daughter.

STATEMENT:

While other candidates make promises, I have a proven record of leadership that has benefited the community and saved money. While serving six years on the Board of Directors of Chugach Electric, I always strove to benefit the ratepayers. As Chair of Chugach Electric, I started a conservation program and testified in favor of the Susitna dam so that eventually we could diversify our energy sources. I also worked hard to foster cooperation among the Railbelt utilities to achieve savings. As a result, Chugach Electric and Municipal Light & Power jointly build the new power plant. This saved money. To improve performance, I appointed a Blue Ribbon Panel composed of local successful businessmen to review the operations of Chugach Electric. As chair of Chugach Electric, I demonstrated I could get things done.

I have a diverse tool kit that will enable me to represent the residents of West Anchorage. I have the experience and knowledge to understand complex legal and regulatory issues, such as energy, oil taxes, health care, and arrive at solutions that work. My priority is to ensure we have a healthy economy; affordable and reliable energy; and roads that are maintained well. As a conservative, I believe in responsible development of our natural resources and that government should not over regulate and discourage economic growth. Government should provide services in a cost effective manner. I promise to listen to you and diligently read the fine print so that I can represent you well.

STATEMENT:

Thank you for allowing me to be your Representative. The position of trust to which you've elected me is one I take very seriously. I work hard to make our community efforts succeed and I hope my accomplishments continue to pay off for you.

As I go door to door talking with my neighbors, I notice families are concerned about the current direction of our state. I've seen many friends and neighbors leave the state because Alaska does not offer enough education or job opportunities.

My experience brings a unique perspective on fiscal responsibility. High oil revenues will not last. We need a long-term vision for the future of our resources, economy, and investments for the betterment of all Alaskans.

Alaska can be the place where ideas and innovations flourish, education is of the highest quality, the economy thrives, and jobs are rewarding.

To accomplish these goals, we need a higher education system that supports this vision and nurtures growth. Every high school graduate should be able to fulfill their dreams within Alaska.

Let's do something about the "state" we are in.

Alaska is blessed with talented people and incredible natural resources. With your support, I will work hard to develop Alaska for Alaskans. Together, we can build a brighter future. My only special interest is you!

I want to continue working for you as your representative.

Vote Chris Tuck for State House.

STATEMENT:

Mike knows that the future of Alaska rests truly in the children. Our children - the students in our schools, the ones playing on our playgrounds, the ones growing up to take on more responsibility - will be those who lead our state in the challenges that we face decades from now. They will keep Alaska strong and viable. The Alaska constitution provides that public education must be funded by the state. We do have many worthy causes to fund with the proceeds from our mineral wealth. Mike intends to see that PK-16 [pre-Kindergarten to 4 years of college or career training] is funded before other items are considered. With early funding of PK-16 for the following year complete, the legislature can focus on other needs for the state.

Mike also agrees with others that all citizens in Alaska are equal, whether it be civil voting rights, civil marriage rights, or civil gender rights, we are all human beings deserving of the same considerations in Alaska. Treating everyone with the pride to call themselves Alaskan as equals is respectful equality.

A third issue of importance is a living wage for all Alaska workers. Alaska has the most diverse cost of living in a single state in the country. Workers in the larger communities and workers in the smaller and more remote villages must each be able to feed, shelter and comfort their families without a need to work several jobs. We can do this.

STATEMENT:

I'm very proud to represent Southwest Anchorage. It's a great place to live, work and raise a family. As your representative, and a member of the House Leadership, I've worked hard to secure funding for projects that will protect our neighborhoods from the adverse impacts of growth.

- ✓ **BETTER ROADS:** Major road improvement projects include upgrades to 100th Avenue, Victor Rd., Johns Road, Old Seward Highway and the new roundabouts designed to minimize traffic congestion and improve safety.
- ✓ **IMPROVED PUBLIC SAFETY:** To reduce crime and keep gangs out of our neighborhoods, secured funding for new LED street lights for Bayshore and Oceanview, and updated mobile equipment for APD and firefighters.
- ✓ **EXCELLENT SCHOOLS:** I'm committed to excellent schools and have supported increased funding for education. But more money isn't the total answer. Funding for Alaska's public schools is already among the highest in the nation – yet Alaskan student test scores consistently rank near the bottom nationally in many key subjects. That's *unacceptable*. **We need increased funding and improved accountability.**

MY TOP PRIORITIES:

- ★ **Build the Gas Pipeline**
- ★ **Lower Energy Costs for Alaskans**
- ★ **Improve Alaska's Business Climate**
- ★ **Encourage Responsible Resource Development to Create New Jobs and Opportunities for Alaskans**
- ★ **Ensure World-Class Schools**
- ★ **Protect the Permanent Fund**
- ★ **Reduce Property Taxes and the Size of Government**

I'll also continue to fight to protect our neighborhoods and our unique quality of life in Southwest Anchorage. **On November 4th, I would very much appreciate your support – *and* vote.**

STATEMENT:

I would appreciate your vote on Election Day. As a State
Legislator, I have worked hard on the important issues facing
our state:

Resource Development: Advocated for responsible
development of our resources, supported building an in-state
natural gas pipeline to ensure long term energy supplies
to heat our homes, our businesses, and provide economic
benefits to our state, and promoted renewable and alternative
energy projects to provide efficient and affordable energy
solutions to Alaska communities.

Education: Secured forward funding of education, successfully
championed for the expansion and resources for voc-tech
education in our schools, supported increased opportunities
for charter and residential schools, and provided funding for
our local school construction and safety projects.

Public Safety: Sponsored legislation focused on outlawing
the sale of dangerous synthetic drugs, combating underage
drinking, protecting victims' rights, and providing the
strongest penalties for egregious crimes, like sexual assault
and exploitation of children.

Public Finance: Worked to reduce the growth of government
spending in the state operating budget, supported a
disciplined approach to funding capital and infrastructure
projects in Alaska, and opposed punitive taxes that would
harm the economy of the state.

None of my accomplishments as a legislator would have been
possible without the people that I represent. It has been an
honor and a privilege serving you. I look forward to working
together to ensure that Alaska is a great place to live, work,
and raise a family. Thank you for your support!

Felix Rivera was born in 1989 to Lissette and Felix in Fort Polk, Louisiana. With a father in the Army, he moved to Texas, ending up in San Antonio, and excelled, winning statewide awards in entomology, academic and musical contests.

After graduating, Felix moved to Alaska to study at APU. Felix interned with the ADN and the Catholic News Service in DC.

At APU, Felix became student body president and started taking an interest in public service.

After graduating, Felix took odd-jobs before ending up working as a consultant on a variety of campaigns, starting his own firm.

STATEMENT:

My name is Felix Rivera, and I'm running for Alaska State Senate in South Anchorage. This state welcomed me years ago and I embodied Alaska's pioneering spirit -- rolling up my sleeves and getting to work. I'm ready to be a champion for my neighbors in Juneau.

Our leadership is stuck in the mudflats. Alaska needs new voices that represent a new century and new generation. I envision an Alaska on the cutting edge in terms of technology, resource management, and education and will work tirelessly to pave a path to a prosperous future -- where families strengthen their roots and our children receive a top-notch education.

With a new generation of Alaskan engineers and scientists, we will lead the new energy revolution. Alaskan jobs must be rewarding to keep Alaskan talent here and foster our future pioneers. This is the Alaska I am fighting for.

The battle to bring back Alaskan values to Juneau starts now. The majority is giving tax breaks worth billions to special interests that employ them. That is wrong and Alaskans know it. The people's agenda needs a voice, and I aim to be its megaphone.

I represent Alaskan's of all backgrounds who have a shared vision for our state and I will make it a reality -- the hope of prosperity and a bright future for our children and grandchildren.

You can be this hope by voting for me, Felix Rivera, for State Senate on Tuesday, November 4th. Thank you for your faith.

My dad was an Army helicopter pilot and my mother was an army wife, small business owner, and volunteer. We lived on seven different Army bases before I was 18. It was during our time at Fort Richardson that I fell in love with Alaska. My husband Patrick and I have been living in our current home for 22 years.

STATEMENT:

It's been an honor to serve you on the School Board, Community Council, and PTA. During my time as a public servant, I've worked hard to stand up for you and our neighbors. If you send me to represent you Juneau, I will focus on:

Education

As your representative, **I will prioritize education funding.** Our representatives have underfunded schools and forced cuts to career and technical training, the elimination of summer schools used by 1/3 of high school students, and increased classroom sizes. I'll revitalize our education system and make sure every teacher has the resources needed to guide every child to a bright future.

Jobs

Like you, I am concerned about the current and future economy in Anchorage and the rest of Alaska. The actions of the legislature have left our schools and other sectors of the economy on the chopping block. As a result of their poor decision making, legislators put **400+ jobs at risk** in the Anchorage School District over the next two years and threatened to destroy our booming film industry. **I will make job creation my chief concern.**

Community

All my children went to school here, and my grandchildren aren't far behind. I love this community and want to make sure we have the best representation possible.

STATEMENT:

As a lifelong Alaskan, I am committed to creating a
prosperous and sustainable future for all Alaskans. My
experience in the legislature combined with my private sector
experience has given me the knowledge and background to
work on solutions to Alaska's most pressing issues. I am
willing to listen and work hard for my constituents.

Energy

I have a two pronged approach to energy. Continue to
develop clean renewable energy sources while boosting
petroleum production on the North Slope and in Cook Inlet.

Education

All students deserve a quality education. Students planning
to attend college or vocational training must be prepared
by receiving quality instruction. I support forward funding
education in the state budget so teachers and administrators
can prepare for the next school year.

Alaskan with Disabilities

This year I passed two bills to assist Alaskans with
disabilities lead more fulfilling lives. HB 211 makes Alaska
and Employment First state. Which will make gainful
employment the primary objective for individuals with
disabilities. HB 210 crafted statewide standards regarding
restraint and seclusion in schools.

Public safety

I also passed legislation to help public safety employees,
HB 116 allows police, firefighters, troopers and correctional
officers to apply military service credits towards their medical
retirement benefits.

Economy

Alaska creates an attractive business climate when
government lives with in its means. I will continue to work on
ways to curb state operating budget and support deposition
budget surpluses into Constitutional Budget Reserve.

Bob Lynn, Republican

RESIDENCE ADDRESS: 4400 Trapline Drive
Anchorage, AK 99516

MAILING ADDRESS: 4400 Trapline Drive
Anchorage, AK 99516

AGE: 81

PLACE OF BIRTH: East Los Angeles, CA

NAME OF SPOUSE: Marlene Wagner Lynn

CHILDREN'S NAMES: 6 children, 21
grandchildren, 2 great-grandchildren.

EDUCATION:

Garfield High (East Los Angeles, CA); University of Arizona, B.A.; California University Long Beach M.A. in Educational Administration; Air University "Education with Industry" (similar to MBA) relating to government contracts; University of Alaska, Anchorage.

MILITARY SERVICE:

Major USAF, Retired; Vietnam Veteran; Bandsman (enlisted); fighter Pilot; Air Defense Operations (including Kotzebue); Radar Site Commander, Vietnam; Inspector General contracts; Seventeen military awards and decorations, including Bronze Star, Vietnamese Cross of Gallantry.

POLITICAL AND GOVERNMENT POSITIONS:

Alaska State Legislature: State Affairs Committee Chair; Judiciary Committee Vice-Chair; Transportation Committee; Joint armed Forces Committee. Mayor Pro-Tem and Councilman, Moreno Valley, California.

STATEMENT:

"CONTRACT WITH ALASKA:" Bob Lynn will

1. Work to get more oil in our pipeline, get a gas pipeline built, and protect our Constitutional right for maximum benefit from Alaska's natural resources.
2. Promote a sustainable budget, less spending, more savings, and PFD protection. Signed Alaska Taxpayer Pledge not to raise taxes.
3. Support parental Rights and traditional Family Values.
4. Support appropriate funding for K-12 schools and university. Our kids are more important than anything else.
5. Protect Second Amendment Rights, and increased public safety. We need to be safe in our homes, and everywhere else.
6. Work to strengthen administrative and legislative backbone to keep the federal government from pushing around our sovereign State of Alaska.
7. Keep campaign promises, resist pressure to put special interests ahead of people, base my votes on a bill's merits and nothing else. Bob Lynn puts ethics ahead of politics.
8. Maintain our Constitutional Right as Alaskans to equal access for fishing and hunting, wherever we live.
9. Use my experience, maturity, seniority, plus common sense conservatism to keep Alaska the world's best place to live, work, and play. Proven performance beats untested promises.
10. Make your concerns my concerns every time I cast a vote.

That's TEN GOOD REASONS to vote for Bob Lynn! I've worked very hard to do a good job for you in our legislature. Quite frankly, I think I've done a good job. I respectfully request the Honor of your vote.

Sincerely,
BOB LYNN

STATEMENT:

I am running for the State Senate because I know we
can do better.

Recently, my oldest son, a skilled journeyman carpenter
and his Harvard educated sweetheart, left Alaska
for Seattle. They didn't want to leave. They felt they
had to go because our economy is stuck in neutral.
This is unacceptable. Alaska is blessed in so many
ways; tremendous natural resources, huge supplies of
energy, and energetic people with a "Can Do" attitude.

Our economy is stalled because of a lack of leadership.
Our state's current leaders either have no vision for
the future or no courage to fight for it. I agree in this
instance with Don Young that "You can't cut your way
to prosperity." You have to invest in the future.

We can do three things right now to jump start our
economy.

- 1) Education - Reduce class size now. Flat funding
threatens our schools and our economic growth.
- 2) Jobs - Provide an incentive for new value-added
industries. This is the first bill I will introduce.
- 3) Energy - Develop our traditional and renewable
resources. I led the fight to bring the last
generation of alternative power projects on-line
and am ready to build the next.

We don't need a study or a task force to get these
done. We can get them done now.

Working together, we can develop our resources,
create jobs, improve our schools, and bring our children
back home.

I would appreciate your vote.

STATEMENT:

For the last 4 years, I effectively moved your priorities:

- Educated, Employed Alaskans
- Economic Strength through Resource Development
- Energy Development for Alaska and Beyond

I supported education, K-12 and trades or college, especially Career and Technical Education beginning at middle school level.

One of my bills lowered corporate income tax for small/medium businesses. Alaskans seek employment opportunities in good paying jobs. Private sector jobs provide the path to a strong Alaska economy.

As chair of Senate Resources, I led on a wide range of resource topics - fishing, oil taxes, large in-state gas pipeline, mining and tourism. Diverse Alaskans' input was fairly heard in my committee.

I voted to move forward an in-state natural gas pipeline project, providing gas for Alaskans, and revenue from exporting LNG around the world. Dependable sources of energy, produced at the lowest possible cost to Alaskans, are key for all of us.

My legislation establishing access to affordable vaccinations statewide helps reduce the cost of healthcare.

I fought back against special interest groups who oppose development of our resources, economy, energy and affordable healthcare.

My Senate work qualified for an A+ score on both the 2012 and 2014 Alaska Business Report Card. I worked with House and Senate colleagues, across party lines, for the benefit of you and fellow Alaskans.

There's more work to be done to ensure Economic Strength, Educated & Employed Alaskans, and Energy Development. I respectfully ask for your vote, to continue working for you, our kids and grandkids.

STATEMENT:

My name is Matt Moore. My wife and I have lived in our community for 26 years and we raised two children here. I worked for gas pipeline companies while attending college, and I worked for Sperry Sun Drilling Services in the lower 48, overseas, and across Alaska.

I have managed medical practices for the past 22 years, and I own a small business, Medical Practice Solutions. I know how to operate a business and I'll bring that common sense to government.

My priorities are:

Strong public schools: We need to stop laying off teachers, strengthen our communities, and invest in economic growth.

East Side Roads: Fix our crumbling roads and improve the quality of public safety.

I believe in Fiscal accountability: We need to cut wasteful government spending, protect the PFD and our credit rating.

At a time when our state faces billion dollar deficits, we need an experienced businessman who can make tough decisions. I have trimmed budgets and held people accountable for their actions. As a small business owner I'll bring common sense and East Side values to state government.

The east side needs a Representative who understands their issues; a strong advocate that can bring their voice to Juneau. As your representative, I'll listen and do what is in your best interest. I will work across the aisle and build coalitions to achieve our goals. I do not answer to political party bosses. I work for and answer to you.

I'd appreciate your vote.

STATEMENT:

I have thoroughly enjoyed being **Your Representative** for
the last four years, and representing you in a Leadership role
as House Majority Leader. In this pivotal role, I have had
an opportunity to advocate for the things that matter most
to our state.

Fiscal Responsibility

Over the last four years, I have joined with my colleagues in
working to control our state spending. We have successfully
decreased our spending over the last two years and invested
savings in paying down pension liabilities, resulting in
decreased operational burdens in the coming years.

Job Growth

I have co-sponsored legislation intended to incentivize job
creation, ease the transition for our military into civilian jobs,
and grow our resource development opportunities.

Education

We have increased funding for our schools while incentivizing
new reforms and opportunities to increase student
performance. For the schools in our District, I worked to
secure funds for teacher training, library materials, and better
recreational facilities.

Energy

I have been an unwavering supporter and am proud of our
efforts to bring Alaska's gas to Alaskans. Coupled with
projects like hydro and other innovations we will secure our
energy future.

Neighborhoods, Roads and You

Legislation I sponsored will keep our streets safer, save lives,
and lower property taxes. I advocated and secured money to
improve roads and drainage in our District.

I am proud of the work we have been doing, and look forward
to continuing our efforts to improve our District and Alaska. **I
ask for your Vote on November 4th.**

STATEMENT:

As a husband, father, Architect, long-time Alaskan, and
small business owner, I've been appalled at the actions of
the incumbent, Mike aka Taj MaHawker and his uncontrolled
spending through the unaccountable Legislative Council.

While over 600 teachers and staff have been laid off
and education funding hadn't been increased in years,
Hawker negotiated the sole-source boondoggle Legislative
Information Office, the Taj MaHawker, to the tune of a
minimum \$33 million in renovation costs for a building that
we, the people won't even own when completed. The rent
was increased over 700 percent from \$686,000 to \$5 million
per year and the lease commits us to a minimum 10 year
lease and balloons the initial furniture budget from \$100,000
to \$500,000 for sole source furniture coming from Germany.
Clearly, it's time for a change.

Schools must be funded, jobs provided and waste stopped.
The citizens of our state demand no less. No more
boondoggles, sole source Taj MaHawkers or Furniture
Fiascos in Alaska - its our Legislature.

I will be a responsive legislator for my District and State. I
will bring fiscal accountability, experience as a small business
owner and experience on numerous City, State and National
Boards in working with governmental agencies, as well as
the perspective of an Architect, Citizen—not career politician,
to the job.

I look forward to serving you in restoring integrity and fiscal
accountability to our Legislature and would be honored to
earn your vote.

STATEMENT:

It is an honor serving our community as State Representative. During my time in office I have repeatedly heard two requests: Rise above partisan rhetoric and do the right thing for Alaska's future. I have a proven record of open-door leadership on the important issues facing Alaska today. I am known for hard work, straight talk and proven results.

My highest priorities continue to be common sense fiscal policy, constructing a North Slope natural gas pipeline, improving government efficiency, education funding, and a strong economy. With vision and strong leadership we can strengthen our economy, control the cost of government, and sustain a responsible level of spending. Our solutions must be founded on fiscal discipline, but meet Alaska's growing needs.

There are always challenges achieving the future we want. Increasing oil production and getting our natural gas to market are critical. These, along with better schools, safer communities, good career opportunities, and greater access to affordable health care depend on electing legislators who care and can get the job done. I have the right combination of skills and experience to do it.

I have lived in our district 35 years and am the only legislator who has been a CPA and financial professional. I have served as Chair of the Finance, Budget and Audit, and Ways and Means Committees. My re-election assures our district continues to be represented by a proven and effective legislator who listens and works for you.

I appreciate your continued support and ask for your vote.

Ballot Measures

**Vote!
November 4**

**Ballot Measure No. 2 - 13PSUM
An Act To Tax and Regulate the
Production, Sale, And Use of Marijuana**

Ballot Measure No. 2

This bill would tax and regulate the production, sale, and use of marijuana in Alaska.

The bill would make the use of marijuana legal for persons 21 years of age or older. The bill would allow a person to possess, use, show, buy, transport, or grow set amounts of marijuana, with the growing subject to certain restrictions. The bill would ban the public use of marijuana. The bill would prohibit a person under 21 years of age from using false identification to buy or try to buy marijuana or marijuana accessories.

The bill would allow validly registered marijuana-related entities and persons 21 years of age or older who own or are employed by these entities to make, possess, buy, distribute, sell, show, store, transport, deliver, transfer, receive, harvest, process, or package marijuana and marijuana products, subject to certain restrictions. Alaska Statute 17.30.020 (Controlled Substances) would not apply to these entities.

The bill would require the Alcoholic Beverage Control (ABC) Board to implement parts of the bill. But the bill would also let the legislature create a Marijuana Control Board to assume these duties. The bill would require the ABC Board to adopt regulations governing marijuana-related entities. The regulations would need to cover certain topics and be subject to certain restrictions. The bill would also create procedures for registering a marijuana-related entity. The procedures would be managed by the ABC Board and local governments.

The bill would allow a local government to prohibit the operation of marijuana-related entities. A local government could do that by enacting an ordinance or through voter initiative. The ordinances could cover the time, place, manner, and registration of a marijuana entity's operations.

The bill would allow a person 21 years of age or older to possess, use, show, buy, or transport marijuana accessories. Marijuana accessories are products individuals use to grow or consume marijuana. The bill would also allow persons 21 years of age or older to make marijuana accessories and to distribute or sell them to persons who are 21 years of age or older.

The bill states that it is not intended to require an employer to allow marijuana use, transportation, possession, sale, growth, or transfer or prevent an employer from prohibiting these activities. The bill does not intend to supersede laws prohibiting driving under the influence of marijuana. The bill does not intend to prohibit schools, correction facilities, hospitals, or private persons or entities from restricting marijuana on their property. The bill does not intend to limit the state's existing medical marijuana laws.

The bill would impose a \$50 per ounce (or proportionate) excise tax on the sale or transfer of marijuana from a cultivation facility to a retail store or marijuana product manufacturing facility. The marijuana cultivation facility would pay the tax and send monthly tax statements to the Department of Revenue. The Department of Revenue could exempt certain parts of the marijuana plant from the tax. It could also establish a lower tax rate for certain parts of the plant.

The bill defines numerous terms. The bill contains a statement of purpose and findings. The bill would impose civil fines and penalties for violations.

Should this initiative become law?

YES

NO

**Ballot Measure No. 3 - 13MINW
An Act To Increase Alaska's Minimum Wage**

Ballot Measure No. 3

This bill would raise Alaska's minimum wage from \$7.75 per hour to \$8.75 per hour as of January 1, 2015. The bill would raise the minimum wage to \$9.75 per hour as of January 1, 2016. The bill would adjust the minimum wage each year for inflation after 2016. The bill creates a method for this adjustment. Under the bill, if the adjusted minimum wage is less than one dollar over the federal minimum wage, Alaska's minimum wage will be one dollar over the federal minimum. Tips or gratuities would not count toward the minimum wage.

The bill has a statement of findings and declaration. This statement gives reasons for the bill. The reasons pertain to quality of life for low income workers, the effect of increases in the cost of living, the relationship of the Alaska minimum wage to the federal poverty level, and the minimum wage in other states.

Should this initiative become law?

YES

NO

**Ballot Measure No. 4 - 12BBAY
An Act Providing for Protection of Bristol Bay
Wild Salmon and Waters Within or Flowing Into
the Existing
1972 Bristol Bay Fisheries Reserve**

Ballot Measure No. 4

This bill would require the legislature to approve future large-scale metallic sulfide mines in the Bristol Bay Fisheries Reserve (BBFR) by passing a law. The law would have to find that any proposed mine would not endanger the BBFR fishery. The approval would be in addition to any other required permits or authorizations. The bill defines "large-scale metallic sulfide mining operation" as "a specific mining proposal to extract metals, including gold and copper, from sulfide-bearing rock and that would directly disturb 640 or more acres of land." The bill lets the Department of Natural Resources adopt regulations.

The bill would make findings. The bill's findings would be that the legislature found the BBFR important by creating it in 1972; that the bill's protections are necessary; that protecting the waters and wild salmon of the BBFR is of statewide interest based on the region's fisheries, economic benefits, cultural heritage, and unique wild salmon resources; and that metallic sulfide mining may harm these interests because mines can produce toxins and pollutants. The bill intends the legislature to approve any large-scale metallic sulfide mine in the BBFR or which could adversely affect its watershed.

The bill would apply only to large-scale metallic sulfide mines in the BBFR that lack all required permits, licenses, or approvals before the bill's effective date.

Should this initiative become law?

The bill would allow a person to possess, use, show, buy, transport, or grow set amounts of marijuana, with the growing subject to certain restrictions. The bill would ban the public use of marijuana. The bill would prohibit a person under 21 years of age from using false identification to buy or try to buy marijuana or marijuana accessories.

The bill would allow validly registered marijuana-related entities and persons 21 years of age or older who own or are employed by these entities to make, possess, buy, distribute, sell, show, store, transport, deliver, transfer, receive, harvest, process, or package marijuana and marijuana products, subject to certain restrictions. Alaska Statute 17.30.020 (Controlled Substances) would not apply to these entities.

The bill would require the Alcoholic Beverage Control (ABC) Board to implement parts of the bill. But the bill would also let the legislature create a Marijuana Control Board to assume these duties. The bill would require the ABC Board to adopt regulations governing marijuana-related entities. The regulations would need to cover certain topics and be subject to certain restrictions. The bill would also create procedures for registering a marijuana-related entity. The procedures would be managed by the ABC board and local governments.

The bill would allow a local government to prohibit the operation of marijuana-related entities. A local government could do that by enacting an ordinance or through voter initiative. The ordinances could cover the time, place, manner, and registration of a marijuana entity's operations.

The bill would allow a person 21 years of age or older to possess, use, show, buy, or transport marijuana accessories. Marijuana accessories are products individuals use to grow or consume marijuana. The bill would also allow persons 21 years of age or older to make marijuana accessories and to distribute or sell them to persons who are 21 years of age or older.

The bill states that it is not intended to require an employer to allow marijuana use, transportation, possession, sale, growth, or transfer, or prevent an employer from prohibiting these activities. The bill does not intend to supersede laws prohibiting driving under the influence of marijuana. The bill does not intend to prohibit schools, correction facilities, hospitals, or private persons or entities from restricting marijuana on their property. The bill does not intend to limit the state's existing medical marijuana laws.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

The bill would impose a \$50 per ounce (or proportionate) excise tax on the sale or transfer of marijuana from a cultivation facility to a retail store or marijuana product manufacturing facility. The marijuana cultivation facility would pay the tax and send monthly tax statements to the Department of Revenue. The Department of Revenue could exempt certain parts of the marijuana plant from the tax. It could also establish a lower tax rate for certain parts of the plant.

The bill defines numerous terms. The bill contains a statement of purpose and findings. The bill would impose civil fines and penalties for violations.

Should this initiative become law?

Yes No

LEGISLATIVE AFFAIRS AGENCY SUMMARY

The Act regulates the production, sale, and use of marijuana. The Act enacts a marijuana tax.

The Act allows personal use of marijuana by a person 21 years of age or older, with restrictions. The Act lets a person have, show, use, buy, transport, or give away up to one ounce of marijuana to another person 21 years of age or older. The Act makes it a crime for a person under 21 to use a false ID to buy marijuana. The Act also makes it a crime to use marijuana in public. The Act sets the number and types of marijuana plants a person may keep and give away. The plants may not be in public view. The Act allows a person 21 years of age or older to buy, make, have, show, sell, and give away items used to grow, use, produce, package, or store marijuana, or produce, use, package, test, or store marijuana products.

The Act regulates marijuana establishments. The Act defines an establishment as a retail store, a grower, a tester, or a product manufacturing facility. To operate legally, an establishment must register. Registered establishments may possess, transport, deliver, display, or receive marijuana. Registered marijuana stores, growers, or manufacturers may buy and sell marijuana. Growers or testers may grow or process it.

The Alcoholic Beverage Control Board administers the registration system. The board must make rules to carry out the Act. Those rules may not make it impractical to operate a marijuana establishment. The board must give a copy of each application and half the application fee to the local marijuana authority, if there is one; the Act provides for local control if the board does not act. Cities or boroughs may ban establishments. They may limit the number of them within their boundaries. They may regulate the time, place, and manner of operation. They may name local authorities to regulate them.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

The Act taxes the sale of marijuana by registered growers. The tax is \$50 per ounce. The Department of Revenue administers the tax. Growers who pay late may be subject to fines. Growers who do not pay the tax may lose their registrations.

Under the Act, employers do not have to allow marijuana in the work place. Employers may also restrict marijuana use by employees. The Act does not allow a person to drive under the influence of marijuana. The Act allows private property owners or tenants to ban the use of marijuana on the property.

STATEMENT OF COSTS

Estimate of Costs to the State of Alaska for the Implementation of the Initiative Proposing an Act to “tax and regulate the production, sale, and use of marijuana.”

Summary

As required by AS 15.45.090(a)(4), the State of Alaska has prepared the following statement of costs resulting from the implementation of the proposed ballot initiative to tax and regulate the production, sale, and use of marijuana.

The initiative would legalize the personal use of marijuana for persons age 21 or older. Specifically, the statute would permit: the possession, use, display, purchase, or transportation of marijuana accessories or one ounce or less of marijuana; the possession, growth, processing, or transporting of no more than six marijuana plants (with three or fewer being mature, flowering plants) and possession of the marijuana on the premises where the plants were grown; the transfer of one ounce or less of marijuana and up to six immature marijuana plants to a person who is 21 years of age or older without remuneration; the consumption of marijuana in a non-public location; and assisting another person who is 21 years of age or older in any of the above activities.

The initiative would also impose certain restrictions and penalties on the personal cultivation and public consumption of marijuana as well as prohibit the use of false identification by a person under the age of 21 to purchase or attempt to purchase marijuana. It would allow for the manufacture, possession, purchase, distribution and sale of marijuana accessories as well as the lawful operation of marijuana-related facilities such as retail stores and cultivation facilities.

The initiative requires the Alcoholic Beverage Control Board (ABC) in the Department of Commerce, Community and Economic Development (DCCED) to adopt regulations to implement the law no later than nine months after the initiative is approved. However the legislature may create a Marijuana Control Board in DCCED to assume the ABC’s regulatory role. Marijuana establishments must be registered and local governments could prohibit or limit the existence of and operations of marijuana facilities in their jurisdiction.

The initiative also imposes a \$50 per ounce (or proportionate part) excise tax on the sale and transfer of marijuana from a marijuana cultivation facility to a retail marijuana store or marijuana product manufacturing facility. The tax would be paid by the marijuana cultivation facility.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Based on examination of Washington and Colorado, two states that are currently in the process of implementing similar legislation, the Governor, the Legislature, or the ABC Board may choose to establish a Task Force to represent the major stakeholders affected by the implementation of the initiative. An estimate of the potential costs for the Task Force are included under the DCCED cost statement beginning on page 3. This would be an effective method to facilitate an expedient and comprehensive gear-up of the tax and regulatory framework described or established in the initiative.

There are numerous unknowns in the State's implementation of this initiative and as such the cost statement provided here is illustrative. For example, it is unknown whether or not the legislature will create a Marijuana Control Board within DCCED, so the cost estimates do not reflect that potential administrative structure. Using information available from the Colorado and Washington experiences as well as other sources, state agencies have identified a range of potential costs to the state from \$3.7 to \$7.0 million in the first year. It is likely that costs related to development of the tax and regulatory framework would initially be significant. Over the longer term, it would be expected that more of the state's total costs would become public health and education activities as the extent of the impact on public health becomes more defined.

Below is a summary table of agency costs followed by explanations of the estimates by individual agency. The following represents a potential range of state agency costs. The estimate does not include expenses that the legislature may or may not incur associated with the initiative, or any legal expenses that the state may incur as a result of the initiative.

Summary of estimated costs to implement the Marijuana Initiative by State Agency

Agency	Cost Range - First Year	
Alaska Department of Revenue	\$650,000	\$800,000
Alaska Department of Commerce, Community and Economic Development	\$1,563,960	\$1,563,960
Alaska Department of Health and Social Services	\$0	\$2,987,000
Alaska Department of Public Safety	\$1,434,700	\$1,434,700
Alaska Department of Environmental Conservation	\$0	\$136,900
University of Alaska	indeterminate	--
Office of the Lieutenant Governor	\$9,000	\$9,000
Division of Elections	\$71,257	\$71,257
Total First Year Estimated Cost	\$3,728,917	\$7,002,817

Statement of Cost Estimates by Department

Estimate of costs to the Alaska Department of Revenue to implement the marijuana initiative

\$650,000 - \$800,000

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

If this initiative is approved by the voters in the August 2014 primary election, it would require DOR to incur additional costs to effectively implement it. If approved, it is presumed that this initiative would take effect thirty days after approval by a majority of qualified voters.

The estimated cost to the state for the implementation of this initiative is between \$650,000 and \$800,000. Recurring annual costs are estimated at approximately \$300,000.

The estimated costs can be broken down into two categories:

Personnel Services:	\$300,000
<u>Contractual Services:</u>	<u>\$350,000-\$500,000</u>
TOTAL	\$650,000-\$800,000

Personnel - DOR estimates that it will need to create at least three new positions to oversee the new excise tax imposed by this initiative at a cost of approximately \$300,000 to assist with the administration and collection of a new excise tax. DOR would need at least one Tax Auditor III position, one Tax Technician II position, and one Investigator III position to fulfill the needs of a new tax program. This cost is similar to the cost that is currently incurred by DOR to administer other similar types of excise taxes, and would be recurring annual costs for DOR.

Contractual Services - DOR estimates that it will incur a one-time additional expense of approximately \$500,000 for systems configuration. In August 2014, DOR will be complete with configuring the excise tax portion of its new Tax Revenue Management System (TRMS). If this initiative is approved by the voters, it will require DOR and its information system contractors to reconfigure the system to add this new excise tax. Given the limited timeframe to analyze what portions of the system would need to be reconfigured if the initiative passed, DOR's contractors have supplied an estimate of \$350,000 to \$500,000 for this effort.

The above cost estimates represent a minimum cost given the numerous uncertainties around the referendum, and what all of the effects of its passage would be.

Estimate of costs to the Alaska Department of Commerce, Community and Economic Development to implement the marijuana initiative **\$1,563,960**

The following represents an estimated cost to DCCED given the language of the ballot initiative; the actual costs will likely be different. The estimate does not include expenses the legislature or other departments may incur associated with the initiative. The Washington and Colorado marijuana initiative cost estimates were reviewed in developing this cost analysis.

If the initiative is approved by voters in the August 2014 primary election, the State of Alaska, through the Alcoholic Beverage Control (ABC) Board, shall adopt regulations within nine months following the effective date, as required by AS 17.38.090. It is presumed that the initiative would take effect thirty days after the approval by a majority of qualified voters.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

A local government may designate a local regulatory authority that would be responsible for processing applications submitted for the operation of a marijuana establishment within the boundaries of the local government. If the ABC Board fails to adopt regulations as outlined in the initiative, an applicant may submit an application directly to a local regulatory authority one year after the effective date of the law. In accord with AS 17.38.110, a local government may prohibit cultivating, manufacturing, testing, and selling marijuana through an ordinance or voter initiative. Local governments may also enact local ordinances or regulations for the governance of marijuana establishment operations as long as they are not in conflict with the initiative or regulations enacted pursuant to the initiative.

If the initiative passes, the responsibility for controlling marijuana will lie with the ABC Board until or unless a marijuana control board is established by the legislature within DCCED.

As was done in the state of Colorado following the passage of a similar initiative, the department recommends the creation of a Task Force to identify legal, policy, and procedural issues that need to be resolved, and to offer suggestions and proposals for legislative and executive action for the implementation of this initiative. The Task Force would need to complete its initial regulatory framework within four months of the effective date of the initiative to allow for the adoption of regulations within the nine month requirement. The remaining Task Force work would be concluded one year after the effective date of the initiative.

It is assumed that the Task Force would be comprised of a total of 17 uncompensated members representing interest groups affected by the ballot initiative: four Legislators, one each from the majority and minority of both the House and Senate; one Commissioner or their Designee from each agency affected by this initiative (DCCED, Public Safety, Health and Social Services, Environmental Conservation, Revenue, Law, Corrections and the University of Alaska); one member of the initiative campaign; one member of the public who represents the medical industry; and three members of the public at-large, with one representing rural Alaska. Task Force members will receive travel and per diem. The actual composition of the Task Force may be different. The estimated total cost to DCCED for the implementation of this initiative is \$1,563,960 for the first year and \$1,413,140 for the second year.

	<u>First Year</u>	<u>Second Year</u>
Business Registration Examiners, Range 13 C - 2 at \$73,000 each		\$146,000

Total Costs:	\$1,563,960	\$1,413,140

Personal Services

All positions within the ABC Board are currently performing at or above capacity. With the passage of the initiative, the workload of the ABC Board has the potential to double or triple. If doubled, the ABC Board would require an additional four investigators, one supervisor, and two business registration examiners to regulate the marijuana industry, similar to the duties of current staff that regulate the liquor industry. The addition of an Administrative Officer I would be necessary to support the added financial requirements. A Program Coordinator II would be necessary for the facilitation, coordination, and documentation of the Task Force and for the long-term program development, planning, coordination, and oversight of this complex program.

Travel and Per Diem

Board

If the ABC Board of Directors takes on the added responsibility of controlling the cultivation, manufacture, barter, possession, and the sale of marijuana, the current board meetings would be extended by one day, adding to the cost of lodging, ground transportation, and per diem.

Investigations

Investigators and underage buyers will travel to communities around the state to provide compliance checks and ensure retailers adhere to the laws and regulations of the program, similar to liquor industry compliance investigations.

Task Force

The Task Force will hold seven two-day meetings, with two face-to-face meetings in Anchorage and the rest conducted either by video or teleconference; this assumes ten members are located

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana outside Anchorage.

Equipment, Office Space, and Supplies

Equipment and supply costs includes new employee set up, warning signs, test kits, paper products, postage, and additional office space.

Contracts and Services

Contract costs are for studies on market demand, effects of marijuana, and the cost of production. Regulations will need to be in place nine months after the effective date of this initiative and will require extensive work with the Department of Law. There will be significant ongoing work required by the Department of Law to meet the demands of this new program, similar to the legal demands of the liquor industry.

A new database would require the analysis and development of business rules, analysis of existing systems for parallel processes or required modifications, new system development, testing, validation, implementation, and documentation.

Vehicles

Additional vehicles are required to perform investigations across the state.

Estimate of costs to the Alaska Department of Health & Social Services to implement the marijuana initiative **\$0 - \$2,987,000**

As written, the initiative primarily focuses on the process and procedures necessary to establish taxation and regulation of the production, sale, and use of marijuana; the actions addressed in the initiative will not directly impact or cost the Department of Health and Social Services in the establishment of these procedures and regulation development.

However, there is evidence that downstream health and social service consequences of implementing this initiative could be significant. The department has prepared an estimate based on research, other states' experiences, and an extrapolation of expenses the department incurs providing similar substance related services. The fiscal impact will directly relate to how many additional people begin using marijuana and how many current users increase their use.

To evaluate costs, the department has considered recent studies including Proceedings of the National Academy of Science¹, and the United Nations Office on Drugs and Crime, *Cannabis: A Short Review*.²

These studies note emerging findings on the harmful effect of cannabis on neuropsychological functioning data indicating cannabis is linked to addiction, cognitive impairment, motor skills

deficiency, respiratory, cardiovascular and mental health problems, and has been shown to be particularly damaging to maturing brains.

The consequences and outcomes of marijuana use create a significant potential for increased costs for physical and behavioral health care, child welfare services, educational systems, employers, public safety, criminal justice, community health and other aspects of state and local governments. For instance, legalization of marijuana may create an environment in which young people, in particular, perceive a lower risk of harm from marijuana use, resulting in increased use.³

According to Robert Morrison, Executive Director of the National Association of State Alcohol and Drug Abuse Directors (NASADA), Alaska has one of the highest use rates of marijuana at 11%, along with Vermont. He also highlights that an estimated 4.4 million individuals, nationwide, met criteria for marijuana dependence or abuse.⁴

While actual increases in health and social service programming are unknown, research and data provide a clear picture of the potential for increased problems associated with the legalization of marijuana.⁵ In states where medical marijuana is legal, marijuana abuse and dependence rates are almost twice as high as in those states without medical marijuana. Two states that have recently legalized marijuana, Washington and Colorado, report difficulty determining the potential costs. Results of a recent report to estimate the fiscal impact of marijuana legalization in Colorado were inconclusive and four national marijuana-policy experts wrote that “the future holds more unknowns than knowns.”

The Division of Juvenile Justice has identified several areas in which costs could increase. Making possession of marijuana an offense that can be committed by minors but not adults creates a new status offense that is subject to specific rules governing the secure holding of juveniles. Violation of those rules could jeopardize federal funding currently received through the U.S. Office of Juvenile Justice and Delinquency Prevention. The initiative could also require increased treatment for substance abuse and mental health issues among youth held in detention.

With this very brief overview of concerns about increased marijuana use and legalization, the department anticipates potential costs to DHSS in the following areas, with estimates of per annual cost increases:

- Increased substance use, dependency and addictions treatment: \$200,000 or a 10% increase in treatment services for marijuana dependence;
- Increased mental health treatment services: \$1.1 million or a 5% increase in mental health treatment services;
- Increased physical health services through public health and our primary care providers: \$400,000;

- Increased Medicaid costs to cover treatment and service needs: \$27,000 or a 10% increase in current marijuana treatment services covered by Medicaid;
- Increased enforcement of marijuana access by youth (similar to our current tobacco enforcement efforts). This expenditure will be determined upon the process developed for retail sale of marijuana: \$140,000 or a potential 20% increase;
- Increased prevention, education and early intervention programs for adolescents and young adults: 10% community grant increase and 20% ASAP service increase = \$390,000 + \$250,000;
- Increased child protection services for young children in homes with regular and persistent marijuana users (second hand marijuana smoke, neglect), and training for foster parents and staff: \$250,000;
- Increased juvenile justice services for youth engaged in marijuana use and dependency \$200,000; and
- Potential Human Resource activities related to employee use of marijuana and related policies \$30,000.

Estimated annual potential cost increases to the Department of Health and Social Services resulting from the legalization of marijuana are \$2,987,000. As indicated, these are estimates based on projected impacts; depending on the actual regulations, enforcement, and number of citizens who increase their use of marijuana, actual costs are likely to be different.

Estimate of Costs to the Alaska Department of Public Safety to implement the marijuana initiative

\$1,434,700

The ballot initiative would tax and regulate marijuana sales and allow Alaskans to cultivate marijuana for personal use. Persons 21 years of age or older could legally possess up to one ounce of marijuana or six marijuana plants (three of which could be mature), and could legally cultivate, sell and purchase marijuana through authorized marijuana-related facilities.

The cost to DPS to implement the law proposed by this initiative is based on the following assumptions regarding the legalization of marijuana in Alaska: it will lead to increased demand and usage and a consequent increase in the number of people driving while under the influence of this drug, and it will increase the illegal diversion and exportation of marijuana lawfully cultivated in Alaska.

Therefore, the costs to DPS are associated with the following:

1. Increasing the number Statewide Drug Enforcement Unit trooper investigators to target the diversion and exportation of marijuana lawfully grown in Alaska;
2. Requiring more troopers to receive Drug Recognition Expert (DRE) certification to enhance their ability to detect drivers impaired by marijuana and address the anticipated increase in DUI offenses;
3. Launching a public education and awareness campaign on the dangers of driving under the influence of marijuana; and

Ballot Measure No. 2

4. Increasing the number of samples being sent out for toxicology analysis to detect the presence of marijuana in blood.

Division of Alaska State Troopers:

Marijuana is identified as a primary substance of abuse in Alaska, along with alcohol, cocaine, heroin, and prescription drugs. These substances are the focus of most drug enforcement efforts in Alaska.

DPS' Division of Alaska State Troopers (AST), Alaska Bureau of Investigation, Statewide Drug Enforcement Unit (SDEU) provides a leadership role in coordinating law enforcement's efforts to reduce the availability of illegal alcohol and controlled substances (including marijuana) throughout Alaska. The SDEU primarily supports six investigative drug task forces throughout Alaska. These teams are broken down by region as follows:

- Alaska Interdiction Task Force/Anchorage Enforcement Group (sponsored by the U.S. Drug Enforcement Administration)
- Fairbanks Area-wide Narcotics Team
- Mat-Su Narcotics Enforcement Team
- South Central Area-wide Narcotics Team
- Southeast Alaska Cities Against Drugs Task Force
- Western Alaska Alcohol and Narcotics Team

SDEU participates with and receives assistance from several federal investigative agencies involved in drug enforcement. These agencies include: the Drug Enforcement Administration (DEA); Federal Bureau of Investigation (FBI); U.S. Postal Inspection Service; Bureau of Alcohol, Tobacco, Firearms, and Explosives (BATFE); and U.S. Immigration and Customs Enforcement (ICE).

The DEA awarded \$80,000 in Marijuana Eradication grant funds to the State of Alaska in calendar year 2012. These funds were used to cover some of the costs associated with marijuana eradication in the state. In calendar year 2012, funds were shared with the Anchorage, Craig, and Kenai police departments to cover overtime incurred by officers involved in eradication operations. The following table reports the activities supported through this grant:

2012 Domestic Cannabis Eradication/Suppression Statistical Report for Alaska

**Assets seized include paraphernalia items such as grow lights and digital scales and does not include marijuana plants.*

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Given that marijuana is illegal under federal law, legalization of marijuana in Alaska will have an impact on the collaborative working relationships DPS has with its federal counterparts and could potentially affect federal grant funds DPS and local law enforcement agencies receive for marijuana eradication and suppression efforts.

Should this initiative become law, it is practical to assume that arrests for simple possession will decrease. Even so, drug enforcement efforts are primarily targeted at individuals engaged in commercially cultivating and trafficking marijuana.

It is likely that sales of marijuana will not only be conducted by legitimate, taxpaying business people, but by criminal actors as well. Due to more potent levels of tetrahydrocannabinol (THC) in Alaskan-grown marijuana, the out of state demand for the drug is significant, and legalization could increase opportunities for marijuana export. AST predicts illegal commercial marijuana growing operations will continue to exist to meet this demand, skirting taxes and regulation in order to make the maximum profit. In addition, allowing the operation of marijuana cultivation facilities as proposed by the initiative actually increases the opportunity for Alaska's "legally grown" marijuana to be illegally diverted and exported.

DPS would require at least three additional Alaska State Trooper positions to target the illegal diversion and exportation of marijuana lawfully cultivated in Alaska. These positions would also work with DCCED's Alcoholic Beverage Control (ABC) board investigators on investigations into criminal activity associated with regulation of the marijuana industry.

The first year cost of three new trooper investigator positions is \$827,200; \$594,400 for ongoing funding to cover personal services, travel, training, and supplies (base increment), and \$232,800 to cover training at the academy, IT equipment, portable radios, office equipment, firearms and vehicles (one-time funding).

Though arrests for simple possession may decrease, the greater availability of marijuana will likely increase the number of adults consuming marijuana and the frequency with which it is consumed; consequently, the number of individuals driving under the influence of marijuana is expected to increase. Current practice is to administer standardized field sobriety tests to individuals suspected of driving under the influence (DUI). There is currently no chemical test that can be used in the field to detect marijuana impairment; the taking of a blood sample for purposes of determining the presence of a controlled substance (including marijuana) must be conducted at a medical facility.

To quickly and proficiently recognize the signs of marijuana impairment in drivers who are contacted, DPS proposes that more troopers become certified as drug recognition experts. A drug recognition expert (DRE), sometimes referred to as a drug recognition evaluator, is a police officer trained to recognize impairment in drivers under the influence of drugs other than, or in addition to, alcohol. Training and certification requirements are established by the International Association of Chiefs of Police and the National Highway Traffic Safety Administration. The cost for this training is approximately \$2,500 per trooper.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Finally, DPS would launch a major public education and awareness media campaign focused on the dangers of driving under the influence of marijuana, similar to its current drunk driving and seat belt use campaigns. Using current media campaign expenditures as a base, the production and advertising costs for a DUI campaign focused on marijuana impairment are estimated to be \$500,000 per year for television, radio, print, and internet advertising.

Scientific Crime Detection Laboratory:

The DPS Scientific Crime Detection Laboratory (SCDL) provides drug identification services to Alaska's law enforcement agencies through its controlled substances section. Forensic scientists in the section analyze evidence items and conclusively identify a controlled substance or perform sufficient analysis to determine that no controlled substances are present.

Drug evidence submitted to the section can be analyzed through a variety of methods that include preliminary testing combined with confirmatory testing. Preliminary testing can include color testing, microcrystalline microscopic analysis, or physical identification of a tablet using a reliable source. The confirmation of the presence of a controlled substance is performed through one of two confirmatory tests, gas chromatography/mass spectrometry (GC/MS) or infrared spectrophotometry.

Following analysis, a forensic scientist interprets the instrumental data and prepares a report of his/her findings. This report is used in criminal court proceedings and often the forensic scientist is asked to provide expert testimony to the courts.

Marijuana, a schedule VIA controlled substance under AS 11.71.190, is commonly submitted by law enforcement agencies to the crime lab. Drug paraphernalia such as pipes and digital scales are also frequently submitted to the crime lab for analysis. Forensic scientists may also be called upon to analyze samples for federal agencies operating within Alaska for substances controlled under the federal Controlled Substances Act, which includes marijuana.

The crime lab seldom analyzes personal use quantities of marijuana. Rather, the evidence being submitted to the crime lab is indicative of distribution (trafficking) level quantities. As AST predicts that illegal commercial marijuana grow operations will continue despite any legalization of marijuana-related facilities, such as marijuana cultivation facilities and marijuana retail stores, the SCDL does not anticipate a decrease in submissions of evidence.

Alaska does not currently have an in-house drug toxicology program. The SCDL has a contract with the Washington State Patrol Toxicology Laboratory in Seattle for toxicology services and sends samples there for drug analysis. Based on the anticipated increase in marijuana impaired driving, DPS estimates that an average of 150 additional samples will be sent out for analysis each year. At an average cost of \$300 per sample, the increase in contract costs would be \$45,000 per year.

The estimated total cost to DPS for the implementation of this initiative is \$1,434,700 for the first year and \$1,201,900 for the second year. Following is a summary of the estimated costs:

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

	First Year	Second Year
Three Trooper Investigator Positions	\$594,400	\$594,400
One-time position costs (academy training, IT equipment, office equipment, firearms, and vehicles)	\$232,800	\$0.0
Total Personal Service Costs	\$827,200	\$594,400
Marijuana DUI Media Campaign (production and advertising)	\$500,000	\$500,000
DRE Certification (\$2,500/trooper x 25 troopers annually)	\$62,500	\$62,500
Contractual increase for toxicology services (\$300/sample x 150 additional samples)	\$45,000	\$45,000
Total Contracts and Services Costs	\$607,500	\$607,500
TOTAL COSTS	\$1,434,700	\$1,201,900

Estimate of costs to the Alaska Department of Environmental Conservation to implement the marijuana initiative **\$0 - \$136,900**

The ballot initiative legalizes marijuana for use by persons 21 years of age and older. Section 17.38.080 states that the Department of Commerce, Community, and Economic Development (DCCED) may create a Marijuana Control Board; otherwise, the powers, duties, and responsibilities fall to the Alcoholic Beverage Control Board, located in the DCCED.

Normally, under AS 17.20, the DEC has responsibility to regulate food and food products. Marijuana or its derivatives, if considered a food, would fall under those provisions. However, under 17.38.090 of the proposed law, responsibility for regulating marijuana, including creating labeling requirements and health and safety regulations for the manufacture of marijuana, lies with the Alcoholic Beverage Control Board.

If additional food establishments were opened to create marijuana products (such as marijuana bakeries, etc.) along with additional food facilities opening up in the state, the Food Safety and Sanitation Program within DEC will need an additional Environmental Health Officer III position in Anchorage to review sanitation plans and conduct sanitation inspections for the increased number of facilities. If there is an increase in facilities, DEC anticipates needing one full time position at a total cost of \$136,900 (includes personal services, travel, contractual and supply expenses).

The estimates are done based on the cost during FY14 and do not reflect inflationary increases that will occur during the years it takes for this legislation to be passed, regulations to be written, and individuals to set up grow operations and potential food establishments. The cost will likely increase in future years.

Estimate of costs to the University of Alaska to implement the marijuana initiative **Indeterminate**

The University of Alaska has examined the initiative and due to the uncertainty around the

Ballot Measure No. 2

initiative cannot provide a definitive estimate of the costs that it would incur at this time. However, should the initiative become law, it will directly impact the University's primary population – its students.

Areas of potential costs include but are not limited to:

As with Colorado and Washington, education will be needed for students, faculty, and staff about how the initiative would change University policies regarding possession or use of drugs on campus.

The Clery Act includes requirements for education on drug effects. The University would need to adjust its Clery documents, and there would potentially be some production costs associated with that effort. Additionally, there will likely be costs associated with revising University policies and regulations such as housing, employment and discipline.

It is anticipated that there would be additional costs associated with enforcement (the proposed law prohibits consumption in public) by UAA and UAF police departments as well as by administrators

There are potential legal costs associated with analyzing initiative and advising Major Administrative Units (MAUs).

There is likely to be some impact on the health care costs and rates for employees as well as a potential impact on insurance rates for the University.

The University envisions that they would very likely incur some research costs based on requests for information on the social and economic impacts of the initiative.

Estimate of costs to the Office of the Lieutenant Governor and the Division of Elections to implement the marijuana initiative **\$80,257**

Office of the Lieutenant Governor

Assuming the initiative is placed on the ballot, the minimum cost to conduct public hearings concerning the initiative in two communities in each of four judicial districts is estimated to be \$9,000. This number may be reduced if hearings are held on more than one initiative at a time.

Lt. Governor's Office estimate by category

<u>Travel</u>	\$ 9,000
Total	\$ 9,000

Estimated travel expenses include round-trip air transportation, per diem and other associated travel costs for the Lieutenant Governor and staff to travel to seven communities in Alaska. It is assumed one of the hearings would be in Anchorage which would not involve travel costs.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Division of Elections

The minimum cost to the Division of Elections associated with certification of the initiative application and review of the initiative petition, excluding legal costs to the state and the costs to the state of any challenge to the validity of the petition, is estimated to be \$71,257.

Elections estimate by category

Personal Services	\$69,957
<u>Services</u>	<u>\$ 1,300</u>
Total	\$71,257

Personal services expenses associated with certification of the initiative application and review of the initiative petition:

Three full-time employees at 522 hours is \$29,200

8 temporary employees at 2,520 hours is \$40,757

Services expenses associated with certification of the initiative application and review of the initiative petition:

Printing of booklets is \$1,300.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

STATEMENT IN SUPPORT

Marijuana prohibition has been just as ineffective, inefficient, and counterproductive as alcohol prohibition. It's time for a more sensible approach.

Ballot Measure 2 will end the failed policy of marijuana prohibition in Alaska and replace it with a system in which:

- Personal use, possession, and limited home-growing of marijuana is legal for adults 21 and older; and
- Marijuana is regulated and taxed like alcohol.

Government studies and scientific research have consistently concluded that even the most potent marijuana, in concentrate or any other form, is far less harmful than alcohol to the consumer and to society. It's less addictive, less damaging to the body, and far less likely to trigger violent and reckless behavior.^{1,2} Adults who prefer to use marijuana instead of alcohol shouldn't be punished for making a safer choice.

There were 2,219 arrests for marijuana offenses in Alaska in 2010, of which 91% were for possession alone.³ Measure 2 would allow law enforcement to spend their time and limited resources addressing serious crimes instead of arresting and prosecuting adults for using a less harmful substance than alcohol.

Current marijuana prohibition laws force marijuana sales into the underground market where they're controlled by criminal enterprises. Measure 2 will replace the underground market with a tightly regulated system of licensed marijuana businesses that will create good jobs for Alaskans and generate tax revenue for the state and localities. It will also create business and ancillary industries, such as construction, real estate, and accounting. Localities will have the right to ban marijuana establishments.

State officials will create and enforce rules governing the production and sale of marijuana, such as testing, packaging, labeling requirements, and restrictions on advertising.

A regulated market will provide a safer environment for adults to purchase marijuana, and it will reduce their exposure to other illegal substances. It will also more effectively prevent teens from purchasing marijuana. It will remain illegal to sell or provide marijuana to minors, and proof of age will be required to purchase marijuana. Those selling marijuana in the underground market do not ask for ID.

In Colorado, where voters approved a similar measure in 2012, officials have reported no instances of businesses illegally selling marijuana to minors.⁴ Since the state began regulating hundreds of marijuana-related businesses in 2010, teen marijuana use hasn't increased, high school graduation rates have increased, and drop-out rates have decreased.^{5,6}

Implementation of the Colorado law hasn't contributed to an increase in crime, and violent crime decreased statewide in the first year in which marijuana was legal for adults.⁷ The number of fatal vehicle crashes dropped more than 25% during the first four months of legal marijuana sales compared to the same period the previous year.⁸

Statewide support for ending marijuana prohibition has increased in Colorado since legal adult marijuana sales began.⁹

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

STATEMENT IN OPPOSITION

Big Marijuana. Big Mistake. Vote No on 2

Against the best interests of our State, Proposition 2 seeks to legalize, commercialize, **advertise**, and industrialize marijuana and concentrated marijuana products (such as “shatter,” “butane hash oil,” and marijuana “Ring Pots”) in Alaska. The Initiative is costly, extreme, premature, and will unduly harm Alaskan communities, businesses, families, and our youth. We urge you to Vote No on 2 because:

1. **The Initiative is Far Too Costly.** The State of Alaska estimates that this initiative could increase costs to State Government by over \$7 million/year, including increased costs for child neglect and DUIs. Also, the Alaska Association of Chiefs of Police estimates that the initiative will increase costs to small towns and cities by \$6 million. These are just the costs to state government and police. Based on evidence, **for every \$1 of taxes raised, the social, productivity, business, and health costs of substances like marijuana will be \$10.** Costs include: lost productivity, increased accidents, harm to youth, harm to families, and increased health costs.
2. **The Initiative Legalizes the Manufacturing, Advertising, Marketing, Transport and Consumption of Extreme Products like Shatter, Butane Hash Oil and Dangerous, Child-Friendly Edibles.** The Initiative specifically defines marijuana to include all marijuana concentrates and products. This would legalize the manufacturing, advertising, marketing, transport and consumption of such extreme products as 80-90% THC shatter, butane hash oil, and crumble. **We recommend all voters Google shatter and butane hash oil before voting.** Two people have already died in Colorado from child-friendly marijuana edibles, and emergency room visits have increased.
3. **The Initiative Eliminates the local option** for communities in Alaska to be dry on marijuana.
4. **This Initiative Will Not Eradicate the Illegal Trafficking of Marijuana.** If this initiative passes, there will be: illegal sales of marijuana to youth; illegal export of marijuana, and illegal sales to adults (just as there are in Colorado now after legalization).
5. **Do Alaskans Really Want Another Major Industry Promoting the Increased Use of Another Harmful Intoxicant? No.** There is so much evidence that marijuana is harmful to fetuses, developing brains, motivation, judgment (including while driving), mental health, lungs, hearts and more.
6. **Large Outside Interests are Funding the Initiative.** Follow the money. Big marijuana. Big mistake.
7. **Rates of Use by our Youth Will Increase.** Public Health science is very clear. If this initiative passes, youth use rates of marijuana, including shatter, butane hash oil, and edibles will increase.
8. **There is No Reason to Rush into Making a Mistake.** We deserve to see what happens in Colorado and make a more informed decision about what is best for Alaskans. Let's see how the **pervasive advertising of marijuana and marijuana products** works out; how many **lawsuits** there are from the marijuana industry; and what **marijuana lobbyists** do. Let's examine the increases in emergency room visits and deaths. There is no rush in Alaska to make a mistake.

The costs of this outside-funded initiative are far too great. Vote No on 2.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

FULL TEXT OF PROPOSED LAW

“An Act to tax and regulate the production, sale, and use of marijuana.”

BE IT ENACTED BY THE PEOPLE OF THE STATE OF ALASKA:

*Section 1. AS 17 is amended by adding a new chapter to read:

Chapter 38. The regulation of marijuana

Sec. 17.38.010. Purpose and findings.

(a) In the interest of allowing law enforcement to focus on violent and property crimes, and to enhance individual freedom, the people of the state of Alaska find and declare that the use of marijuana should be legal for persons 21 years of age or older.

(b) In the interest of the health and public safety of our citizenry, the people of the state of Alaska further find and declare that the production and sale of marijuana should be regulated so that:

(1) Individuals will have to show proof of age before purchasing marijuana;

(2) Legitimate, taxpaying business people, and not criminal actors, will conduct sales of marijuana; and

(3) Marijuana sold by regulated businesses will be labeled and subject to additional regulations to ensure that consumers are informed and protected.

(c) The people of the state of Alaska further declare that the provisions of this Act are not intended to diminish the right to privacy as interpreted by the Alaska Supreme Court in *Ravin v. State of Alaska*.

(d) Nothing in this Act proposes or intends to require any individual or entity to engage in any conduct that violates federal law, or exempt any individual or entity from any requirement of federal law, or pose any obstacle to federal enforcement of federal law.

Sec. 17.38.020. Personal use of marijuana.

Notwithstanding any other provision of law, except as otherwise provided in this chapter, the following acts, by persons 21 years of age or older, are lawful and shall not be a criminal or civil offense under Alaska law or the law of any political subdivision of Alaska or be a basis for seizure or forfeiture of assets under Alaska law:

(a) Possessing, using, displaying, purchasing, or transporting marijuana accessories or one ounce or less of marijuana;

(b) Possessing, growing, processing, or transporting no more than six marijuana plants, with three or fewer being mature, flowering plants, and possession of the marijuana produced by the plants on the premises where the plants were grown;

(c) Transferring one ounce or less of marijuana and up to six immature marijuana plants to a person who is 21 years of age or older without remuneration;

(d) Consumption of marijuana, except that nothing in this chapter shall permit the consumption of marijuana in public; and

(e) Assisting another person who is 21 years of age or older in any of the acts described in paragraphs (a) through (d) of this section.

Ballot Measure No. 2

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

Sec. 17.38.030. Restrictions on personal cultivation, penalty.

- a) The personal cultivation of marijuana described in AS 17.38.020(b) is subject to the following terms:
- (1) Marijuana plants shall be cultivated in a location where the plants are not subject to public view without the use of binoculars, aircraft, or other optical aids.
 - (2) A person who cultivates marijuana must take reasonable precautions to ensure the plants are secure from unauthorized access.
 - (3) Marijuana cultivation may only occur on property lawfully in possession of the cultivator or with the consent of the person in lawful possession of the property
- (b) A person who violates this section while otherwise acting in compliance with AS 17.38.020(b) is guilty of a violation punishable by a fine of up to \$750.

Sec. 17.38.040. Public consumption banned, penalty.

It is unlawful to consume marijuana in public. A person who violates this section is guilty of a violation punishable by a fine of up to \$100.

Sec. 17.38.050. False identification, penalty.

- (a) A person who is under 21 years of age may not present or offer to a marijuana establishment or the marijuana establishment's agent or employee any written or oral evidence of age that is false, fraudulent or not actually the person's own, for the purpose of:
- (1) Purchasing, attempting to purchase or otherwise procuring or attempting to procure marijuana or marijuana products; or
 - (2) Gaining access to a marijuana establishment.
- (b) A person who violates this section is guilty of a violation punishable by a fine of up to \$400.

Sec. 17.38.060. Marijuana accessories authorized.

Notwithstanding any other provision of law, it is lawful and shall not be an offense under Alaska law or the law of any political subdivision of Alaska or be a basis for seizure or forfeiture of assets under Alaska law for persons 21 years of age or older to manufacture, possess, or purchase marijuana accessories, or to distribute or sell marijuana accessories to a person who is 21 years of age or older.

Sec. 17.38.070. Lawful operation of marijuana-related facilities.

- (a) Notwithstanding any other provision of law, the following acts, when performed by a retail marijuana store with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a retail marijuana store, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:
- (1) Possessing, displaying, storing, or transporting marijuana or marijuana products, except that marijuana and marijuana products may not be displayed in a manner that is visible to the general public from a public right-of-way;
 - (2) Delivering or transferring marijuana or marijuana products to a marijuana testing facility;
 - (3) Receiving marijuana or marijuana products from a marijuana testing facility;

- (4) Purchasing marijuana from a marijuana cultivation facility;
- (5) Purchasing marijuana or marijuana products from a marijuana product manufacturing facility; and
- (6) Delivering, distributing, or selling marijuana or marijuana products to consumers.

(b) Notwithstanding any other provision of law, the following acts, when performed by a marijuana cultivation facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a marijuana cultivation facility, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

- (1) Cultivating, manufacturing, harvesting, processing, packaging, transporting, displaying, storing, or possessing marijuana;
- (2) Delivering or transferring marijuana to a marijuana testing facility;
- (3) Receiving marijuana from a marijuana testing facility;
- (4) Delivering, distributing, or selling marijuana to a marijuana cultivation facility, a marijuana product manufacturing facility, or a retail marijuana store;
- (5) Receiving or purchasing marijuana from a marijuana cultivation facility; and
- (6) Receiving marijuana seeds or immature marijuana plants from a person 21 years of age or older.

(c) Notwithstanding any other provision of law, the following acts, when performed by a marijuana product manufacturing facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a marijuana product manufacturing facility, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

- (1) Packaging, processing, transporting, manufacturing, displaying, or possessing marijuana or marijuana products;
- (2) Delivering or transferring marijuana or marijuana products to a marijuana testing facility;
- (3) Receiving marijuana or marijuana products from a marijuana testing facility;
- (4) Delivering or selling marijuana or marijuana products to a retail marijuana store or a marijuana product manufacturing facility;
- (5) Purchasing marijuana from a marijuana cultivation facility; and
- (6) Purchasing of marijuana or marijuana products from a marijuana product manufacturing facility.

(d) Notwithstanding any other provision of law, the following acts, when performed by a marijuana testing facility with a current, valid registration, or a person 21 years of age or older who is acting in his or her capacity as an owner, employee or agent of a marijuana testing facility, are lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law:

- (1) Possessing, cultivating, processing, repackaging, storing, transporting, displaying, transferring or delivering marijuana;
- (2) Receiving marijuana or marijuana products from a marijuana cultivation facility, a marijuana retail store, a marijuana products manufacturer, or a person 21 years of age or older; and

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

- (3) Returning marijuana or marijuana products to a marijuana cultivation facility, marijuana retail store, marijuana products manufacturer, or a person 21 years of age or older.
- (e) Notwithstanding any other provision of law, it is lawful and shall not be an offense under Alaska law or be a basis for seizure or forfeiture of assets under Alaska law to lease or otherwise allow the use of property owned, occupied or controlled by any person, corporation or other entity for any of the activities conducted lawfully in accordance with paragraphs (a) through (d) of this section.
- (f) Nothing in this section prevents the imposition of penalties upon marijuana establishments for violating this chapter or rules adopted by the board or local governments pursuant to this chapter.
- (g) The provisions of AS 17.30.020 do not apply to marijuana establishments.

Sec. 17.38.080. Marijuana Control Board.

At any time, the legislature may create a Marijuana Control Board in the Department of Commerce, Community, and Economic Development or its successor agency to assume the power, duties, and responsibilities delegated to the Alcoholic Beverage Control Board under this chapter.

Sec. 17.38.090. Rulemaking.

- (a) Not later than nine months after the effective date of this act, the board shall adopt regulations necessary for implementation of this chapter. Such regulations shall not prohibit the operation of marijuana establishments, either expressly or through regulations that make their operation unreasonably impracticable. Such regulations shall include:
 - (1) Procedures for the issuance, renewal, suspension, and revocation of a registration to operate a marijuana establishment, with such procedures subject to all requirements of AS 44.62, the Administrative Procedure Act;
 - (2) A schedule of application, registration and renewal fees, provided, application fees shall not exceed \$5,000, with this upper limit adjusted annually for inflation, unless the board determines a greater fee is necessary to carry out its responsibilities under this chapter;
 - (3) Qualifications for registration that are directly and demonstrably related to the operation of a marijuana establishment;
 - (4) Security requirements for marijuana establishments, including for the transportation of marijuana by marijuana establishments;
 - (5) Requirements to prevent the sale or diversion of marijuana and marijuana products to persons under the age of 21;
 - (6) Labeling requirements for marijuana and marijuana products sold or distributed by a marijuana establishment;
 - (7) Health and safety regulations and standards for the manufacture of marijuana products and the cultivation of marijuana;
 - (8) Reasonable restrictions on the advertising and display of marijuana and marijuana products; and
 - (9) Civil penalties for the failure to comply with regulations made pursuant to this chapter.
- (b) In order to ensure that individual privacy is protected, the board shall not require

a consumer to provide a retail marijuana store with personal information other than government-issued identification to determine the consumer's age, and a retail marijuana store shall not be required to acquire and record personal information about consumers.

Sec. 17.38.100. Marijuana establishment registrations.

- (a) Each application or renewal application for a registration to operate a marijuana establishment shall be submitted to the board. A renewal application may be submitted up to 90 days prior to the expiration of the marijuana establishment's registration.
- (b) The board shall begin accepting and processing applications to operate marijuana establishments one year after the effective date of this act.
- (c) Upon receiving an application or renewal application for a marijuana establishment, the board shall immediately forward a copy of each application and half of the registration application fee to the local regulatory authority for the local government in which the applicant desires to operate the marijuana establishment, unless the local government has not designated a local regulatory authority pursuant to AS 17.38.110(c).
- (d) Within 45 to 90 days after receiving an application or renewal application, the board shall issue an annual registration to the applicant unless the board finds the applicant is not in compliance with regulations enacted pursuant to AS 17.38.090 or the board is notified by the relevant local government that the applicant is not in compliance with ordinances and regulations made pursuant to AS 17.38.110 and in effect at the time of application.
- (e) If a local government has enacted a numerical limit on the number of marijuana establishments and a greater number of applicants seek registrations, the board shall solicit and consider input from the local regulatory authority as to the local government's preference or preferences for registration.
- (f) Upon denial of an application, the board shall notify the applicant in writing of the specific reason for its denial.
- (g) Every marijuana establishment registration shall specify the location where the marijuana establishment will operate. A separate registration shall be required for each location at which a marijuana establishment operates.
- (h) Marijuana establishments and the books and records maintained and created by marijuana establishments are subject to inspection by the board.

Sec. 17.38.110. Local control.

- (a) A local government may prohibit the operation of marijuana cultivation facilities, marijuana product manufacturing facilities, marijuana testing facilities, or retail marijuana stores through the enactment of an ordinance or by a voter initiative.
- (b) A local government may enact ordinances or regulations not in conflict with this chapter or with regulations enacted pursuant to this chapter, governing the time, place, manner and number of marijuana establishment operations. A local government may establish civil penalties for violation of an ordinance or regulation governing the time, place, and manner of a marijuana establishment that may operate in such local government.
- (c) A local government may designate a local regulatory authority that is responsible for processing applications submitted for a registration to operate a marijuana establishment within the boundaries of the local government. The local government may provide that the local regulatory authority may issue such registrations should the issuance by the local government become necessary because of a failure by the board to adopt regulations

pursuant to AS 17.38.090 or to accept or process applications in accordance with AS 17.38.100.

(d) A local government may establish procedures for the issuance, suspension, and revocation of a registration issued by the local government in accordance with (f) of this section or (g) of this section. These procedures shall be subject to all requirements of AS 44.62, the Administrative Procedure Act.

(e) A local government may establish a schedule of annual operating, registration, and application fees for marijuana establishments, provided, the application fee shall only be due if an application is submitted to a local government in accordance with (f) of this section and a registration fee shall only be due if a registration is issued by a local government in accordance with (f) of this section or (g) of this section.

(f) If the board does not issue a registration to an applicant within 90 days of receipt of the application filed in accordance with AS 17.38.100 and does not notify the applicant of the specific, permissible reason for its denial, in writing and within such time period, or if the board has adopted regulations pursuant to AS 17.38.090 and has accepted applications pursuant to AS 17.38.100 but has not issued any registrations by 15 months after the effective date of this act, the applicant may resubmit its application directly to the local regulatory authority, pursuant to (c) of this section, and the local regulatory authority may issue an annual registration to the applicant. If an application is submitted to a local regulatory authority under this paragraph, the board shall forward to the local regulatory authority the application fee paid by the applicant to the board upon request by the local regulatory authority.

(g) If the board does not adopt regulations required by AS 17.38.090, an applicant may submit an application directly to a local regulatory authority after one year after the effective date of this act and the local regulatory authority may issue an annual registration to the applicant.

(h) A local regulatory authority issuing a registration to an applicant shall do so within 90 days of receipt of the submitted or resubmitted application unless the local regulatory authority finds and notifies the applicant that the applicant is not in compliance with ordinances and regulations made pursuant to (b) of this section in effect at the time the application is submitted to the local regulatory authority. The local government shall notify the board if an annual registration has been issued to the applicant.

(i) A registration issued by a local government in accordance with (f) of this section or (g) of this section shall have the same force and effect as a registration issued by the board in accordance with AS 17.38.100. The holder of such registration shall not be subject to regulation or enforcement by the board during the term of that registration.

(j) A subsequent or renewed registration may be issued under (f) of this section on an annual basis only upon resubmission to the local government of a new application submitted to the board pursuant to AS 17.38.100.

(k) A subsequent or renewed registration may be issued under (g) of this section on an annual basis if the board has not adopted regulations required by AS 17.38.090 at least 90 days prior to the date upon which such subsequent or renewed registration would be effective or if the board has adopted regulations pursuant to AS 17.38.090 but has not, at least 90 days after the adoption of such regulations, issued registrations pursuant to AS 17.38.100.

(l) Nothing in this section shall limit such relief as may be available to an aggrieved party

under AS 44.62, the Administrative Procedure Act.

Sec. 17.38.120. Employers, driving, minors and control of property.

- (a) Nothing in this chapter is intended to require an employer to permit or accommodate the use, consumption, possession, transfer, display, transportation, sale or growing of marijuana in the workplace or to affect the ability of employers to have policies restricting the use of marijuana by employees.
- (b) Nothing in this chapter is intended to allow driving under the influence of marijuana or to supersede laws related to driving under the influence of marijuana.
- (c) Nothing in this chapter is intended to permit the transfer of marijuana, with or without remuneration, to a person under the age of 21.
- (d) Nothing in this chapter shall prohibit a person, employer, school, hospital, recreation or youth center, correction facility, corporation or any other entity who occupies, owns or controls private property from prohibiting or otherwise regulating the possession, consumption, use, display, transfer, distribution, sale, transportation, or growing of marijuana on or in that property.

Sec. 17.38.130. Impact on medical marijuana law.

Nothing in this chapter shall be construed to limit any privileges or rights of a medical marijuana patient or medical marijuana caregiver under AS 17.37.

Sec. 17.38.900. Definitions.

As used in this chapter unless the context otherwise requires:

- (1) "Board" means the Alcoholic Beverage Control Board established by AS 04.06.
- (2) "Consumer" means a person 21 years of age or older who purchases marijuana or marijuana products for personal use by persons 21 years of age or older, but not for resale to others.
- (3) "Consumption" means the act of ingesting, inhaling, or otherwise introducing marijuana into the human body.
- (4) "Local government" means both home rule and general law municipalities, including boroughs and cities of all classes and unified municipalities.
- (5) "Local regulatory authority" means the office or entity designated to process marijuana establishment applications by a local government.
- (6) "Marijuana" means all parts of the plant of the genus cannabis whether growing or not, the seeds thereof, the resin extracted from any part of the plant, and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or its resin, including marijuana concentrate. "Marijuana" does not include fiber produced from the stalks, oil, or cake made from the seeds of the plant, sterilized seed of the plant which is incapable of germination, or the weight of any other ingredient combined with marijuana to prepare topical or oral administrations, food, drink, or other products.
- (7) "Marijuana accessories" means any equipment, products, or materials of any kind which are used, intended for use, or designed for use in planting, propagating, cultivating, growing, harvesting, composting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, vaporizing, or containing marijuana, or for ingesting, inhaling, or otherwise introducing marijuana into the human body.
- (8) "Marijuana cultivation facility" means an entity registered to cultivate, prepare, and

An Act to Tax and Regulate the Production, Sale, and Use of Marijuana

package marijuana and to sell marijuana to retail marijuana stores, to marijuana product manufacturing facilities, and to other marijuana cultivation facilities, but not to consumers.

(9) “Marijuana establishment” means a marijuana cultivation facility, a marijuana testing facility, a marijuana product manufacturing facility, or a retail marijuana store.

(10) “Marijuana product manufacturing facility” means an entity registered to purchase marijuana; manufacture, prepare, and package marijuana products; and sell marijuana and marijuana products to other marijuana product manufacturing facilities and to retail marijuana stores, but not to consumers.

(11) “Marijuana products” means concentrated marijuana products and marijuana products that are comprised of marijuana and other ingredients and are intended for use or consumption, such as, but not limited to, edible products, ointments, and tinctures.

(12) “Marijuana testing facility” means an entity registered to analyze and certify the safety and potency of marijuana.

(13) “Retail marijuana store” means an entity registered to purchase marijuana from marijuana cultivation facilities, to purchase marijuana and marijuana products from marijuana product manufacturing facilities, and to sell marijuana and marijuana products to consumers.

(14) “Unreasonably impracticable” means that the measures necessary to comply with the regulations require such a high investment of risk, money, time, or any other resource or asset that the operation of a marijuana establishment is not worthy of being carried out in practice by a reasonably prudent businessperson.

*Sec. 2. AS 43 is amended by adding a new chapter to read:

Chapter 61. Excise tax on marijuana

Sec. 43.61.010. Marijuana tax.

(a) An excise tax is imposed on the sale or transfer of marijuana from a marijuana cultivation facility to a retail marijuana store or marijuana product manufacturing facility. Every marijuana cultivation facility shall pay an excise tax at the rate of \$50 per ounce, or proportionate part thereof, on marijuana that is sold or transferred from a marijuana cultivation facility to a retail marijuana store or marijuana product manufacturing facility.

(b) The department may exempt certain parts of the marijuana plant from the excise tax described in (a) of this section or may establish a rate lower than \$50 per ounce for certain parts of the marijuana plant.

Sec. 43.61.020. Monthly Statement and Payments.

(a) Each marijuana cultivation facility shall send a statement by mail or electronically to the department on or before the last day of each calendar month. The statement must contain an account of the amount of marijuana sold or transferred to retail marijuana stores and marijuana product manufacturing facilities in the state during the preceding month, setting out

- (1) the total number of ounces, including fractional ounces sold or transferred;
- (2) the names and Alaska address of each buyer and transferee; and
- (3) the weight of marijuana sold or transferred to the respective buyers or transferees.

(b) The marijuana cultivation facility shall pay monthly to the department, all taxes, computed at the rates prescribed in this chapter, on the respective total quantities of the

marijuana sold or transferred during the preceding month. The monthly return shall be filed and the tax paid on or before the last day of each month to cover the preceding month.

Sec. 43.61.030. Administration and Enforcement of Tax.

- (a) Delinquent payments under this chapter shall subject the marijuana cultivation facility to civil penalties under AS 43.05.220.
- (b) If a marijuana cultivation facility fails to pay the tax to the state the marijuana cultivation facility's registration may be revoked in accordance with procedures established under AS 17.38.090(a)(1).

***Sec. 3.** The provisions of this Act are independent and severable, and, except where otherwise indicated in the text, shall supersede conflicting statutes, local charter, ordinance, or resolution, and other state and local provisions. If any provision of this Act, or the application thereof to any person or circumstance, is found to be invalid or unconstitutional, the remainder of this Act shall not be affected and shall be given effect to the fullest extent possible.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

BALLOT LANGUAGE

**Ballot Measure No. 3 – 13MINW
An Act to Increase Alaska's Minimum Wage**

This bill would raise Alaska's minimum wage from \$7.75 per hour to \$8.75 per hour as of January 1, 2015. The bill would raise the minimum wage to \$9.75 per hour as of January 1, 2016. The bill would adjust the minimum wage each year for inflation after 2016. The bill creates a method for this adjustment. Under the bill, if the adjusted minimum wage is less than one dollar over the federal minimum wage, Alaska's minimum wage will be one dollar over the federal minimum. Tips or gratuities would not count toward the minimum wage.

The bill has a statement of findings and declaration. This statement gives reasons for the bill. The reasons pertain to quality of life for low income workers, the effect of increases in the cost of living, the relationship of the Alaska minimum wage to the federal poverty level, and the minimum wage in other states.

Should this initiative become law?

Yes No

LEGISLATIVE AFFAIRS AGENCY SUMMARY

The Act raises the state minimum wage. On January 1, 2015, it will go from \$7.75 to \$8.75 per hour. On January 1, 2016, the minimum wage will go up again to \$9.75 per hour. Each year after 2016, the state will adjust the minimum wage for inflation. The new amount must be at least \$1.00 more per hour than the federal minimum wage. Tips and gifts do not count as part of the minimum wage.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

Estimate of costs to the Alaska Department of Labor and Workforce Development

As required by AS 15.45.090(a)(4), the Alaska Department of Labor and Workforce Development (DOLWD) has prepared the following statement of costs to implement the proposed minimum wage increase ballot initiative. The minimum cost to the Alaska Department of Labor and Workforce Development, excluding legal costs to the state, is estimated to be \$2,083.

The ballot initiative replaces the current minimum wage, which under AS 23.10.065(a) is set at \$.50 higher than the federal minimum wage. The initiative calls for a minimum wage increase to \$8.75 as of January 1, 2015 and \$9.75 as of January 1, 2016. After 2016, the initiative establishes that the minimum wage shall be adjusted for inflation on an annual basis and that the minimum wage shall remain at least \$1.00 higher than the federal minimum wage.

There is insufficient data to establish certain cost estimates associated with minimum wage increases as a result of the initiative. Currently, there would be no impact on wages paid to employees of the State of Alaska; however, it is unknown what if any effect the minimum wage increase may have on services contracted by the State of Alaska to private entities.

The quantifiable expenses caused by the ballot initiative adjustments to minimum wage are associated with publications produced by the DOLWD to notify employers and employees of legal requirements that include the minimum wage. The estimated yearly cost for all publications associated with annual adjustments to minimum wage is \$2,083. The annual estimated expenses for publications would begin in FY2015.

Estimate of costs to the Office of the Lieutenant Governor and the Division of Elections

As required by AS 15.45.090(a)(4), the Alaska Office of the Lieutenant Governor has prepared the following statement of costs to implement the proposed minimum wage increase ballot initiative.

Office of the Lieutenant Governor

Assuming the initiative is placed on the ballot, the minimum cost to conduct public hearings concerning the initiative in two communities in each of four judicial districts is estimated to be \$9,000.

Division of Elections

As required by AS 15.45.090(a)(3), the Division of Elections has prepared the following statement of costs to implement the proposed minimum wage increase ballot initiative.

The minimum cost to the Division of Elections associated with certification of the initiative application and review of the initiative petition, excluding legal costs to the state and the costs to the state of any challenge to the validity of the petition, is estimated to be \$71,257.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

STATEMENT IN SUPPORT

Under existing law, the minimum wage in Alaska is set at \$.50 over the federal minimum wage. Since the current federal minimum wage is \$7.25, Alaska's minimum wage is \$7.75 per hour. The \$.50 Alaska premium was established by the First Alaska Legislature in 1959, when the federal minimum wage was \$1.00 per hour.

The minimum wage is intended to assure "the maintenance on minimum standards of living necessary for the health, efficiency, and general well-being of workers" (Fair Labor Standards Act, 1938). No one can say Alaska's current minimum wage even comes close to doing this. A full-time, year-round worker making \$7.25 an hour earns only \$16,120 annually. This is \$8,600 below the federal poverty threshold for a family of three in Alaska (\$24,740) and \$13,700 below the federal poverty threshold for a family of four (\$29,820).

After having had the highest minimum wage in the nation for the first four decades after statehood, Alaska has fallen to 19th, behind even low-wage states such as Florida (\$7.93) and Arizona (\$7.90). Thirteen states provide for an annual cost-of-living adjustment to their minimum wage based on the Consumer Price Index (CPI). Washington (\$9.32) and Oregon (\$9.10) have the highest state minimum wages; the minimum wage in California will increase to \$10 in January 2016.

The measure proposed by Alaskans for a Fair Minimum Wage would raise the state minimum wage to approximately what it should have been by January 1, 2016 had the 2003 legislature not repealed a cost of living adjustment enacted with broad public support in 2002. The increase is phased in over two years (to \$8.75 January 1, 2015 and to \$9.75 January 1, 2016, with cost of living adjustment annually after that) to accommodate employers of low-wage workers in adjusting to the increase.

The initiative bill also reaffirms the long-standing ban on counting employee tips toward meeting an employer's obligation to pay the full minimum wage to tipped employees.

Studies have shown that over 75% of Alaskan workers earning minimum wage are adults. While critics claim that increasing the minimum wage has a negative impact on job opportunities for youth, studies have found the effect, if any, to be minor. In fact, under current Alaska law, which the proposed initiative would not change, workers under the age of 18 who work no more than 30 hours per week are exempted from the Alaska minimum wage and fall under the federal minimum wage law only.

In Alaska, approximately 30,000 workers at or near the minimum wage who would benefit from this measure are employed in seafood processing, hotels, restaurants and food service, child care, as cashiers and delivery drivers, and in other low-paying occupations.

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

STATEMENT IN OPPOSITION

Make no mistake, should Proposition 3 pass, it would have two immediate effects—but not the ones supporters would have you believe.

First, teenage unemployment will increase over time, reducing their chances of getting valuable work experience; second, the ability of low-skilled workers to earn income, especially those assisting seniors with errands and chores around the house, would be drastically cut—harming two groups of people at once.

In fact, more than those earning below it, the only potential beneficiaries of Proposition 3 are likely to be families earning at least three times the poverty level, making a minimum-wage increase a lousy anti-poverty initiative.

These results are not a matter of speculation, but economic patterns that have followed every increase in the minimum wage. It's vital voters know the truth about the minimum wage:

- 99 percent of all hourly wage workers in Alaska (all but 2,000 people) already earn above the minimum wage (2012, latest data available).
- More than 50 percent of minimum-wage workers are under age 24, so raising the rate removes the first rung up the economic ladder of life for young adults, as business owners are forced to cut back on hiring in order to meet the cost increase
- After the last federal increase in the minimum wage, one-half million teenage jobs disappeared following six months, and that was in a period of economic recovery when more jobs should be available.
- The average annual family income of those earning the minimum wage (nationally in 2009) was over \$48,000.
- Significantly more people earning at least three times the poverty level will benefit as those living beneath it.
- 83 percent of minimum wage earners are teenagers living with working parents, adults living alone, or dual income couple.

Prop. 3 supporters point to Washington state as an example Alaska should follow. In 2013, both states had similar unemployment rates—6.5 percent in Alaska, and 7 percent in Washington. But for young adults ages 16 to 19, the situation was much different. In Alaska, where the minimum wage is \$7.75 an hour, teen unemployment was 17.5 percent. In Washington state, where the minimum wage is \$9.32 an hour and rises every year because of indexing to inflation, the teen unemployment rate was an astounding 30.6 percent.

What happens when minimum wages rise too high? Remember filling station attendants. How about baggers in grocery stores? Or, for older people, ushers in movie theatres. All have been eliminated. Technology may do the same for today's minimum wage jobs. Placing orders through touch screens and the self-checkout is growing in Alaska. Losing these jobs means losing the bottom rung on the career ladder and fewer opportunities for the people who used to fill those jobs.

Asks economist William J. Dennis, who has studied small business and the minimum wage for 40 years: "Employers want experienced workers. How do you get experience when you price people out of the market in the first place?"

Ballot Measure No. 3

An Act to Increase Alaska's Minimum Wage

FULL TEXT OF PROPOSED LAW

“An Act increasing the Alaska minimum wage to \$8.75 per hour effective January 1, 2015, \$9.75 per hour effective January 1, 2016 and thereafter adjusted annually for inflation.”

BE IT ENACTED BY THE PEOPLE OF THE STATE OF ALASKA

Section 1. Findings and Declaration

The people of the State of Alaska find and declare that:

- (a) An increase in Alaska's minimum wage will help ensure a minimum standard of living for the health and well being of every Alaskan,
- (b) Alaskans working full-time at the current minimum wage earn far below the federal poverty level for a family of three,
- (c) The U.S. West Coast states of Washington, Oregon, and California already have a higher minimum wage than the State of Alaska,
- (d) A fair minimum wage indexed to the cost of living will help low-income workers keep pace with inflation.

Section 2. Purpose

The purpose and intent of enacting this legislation is to raise Alaska's minimum wage to \$8.75 per hour effective January 1, 2015, \$9.75 per hour effective January 1, 2016, and thereafter adjusted annually for inflation.

Section 3. AS 23.10.065(a) is repealed and reenacted to read:

(a) Except as otherwise provided for in law, an employer shall pay to each employee a minimum wage, as established herein, for hours worked in a pay period, whether the work is measured by time, piece, commission or otherwise. An employer may not apply tips or gratuities bestowed upon employees as a credit toward payment of the minimum hourly wage required by this section. Tip credit as defined by the Fair Labor Standards Act of 1938 as amended does not apply to the minimum wage established by this section. Beginning with the passage of this Act, the minimum wage shall be \$8.75 per hour effective January 1, 2015, \$9.75 per hour effective January 1, 2016 and thereafter adjusted annually for inflation. The adjustment shall be calculated each September 30, for the proceeding January-December calendar year, by the Alaska Department of Labor and Workforce Development, using 100 percent of the rate of inflation based on the Consumer Price Index for all urban consumers for the Anchorage metropolitan area, compiled by the Bureau of Labor Statistics, United States Department of Labor; the department shall round the adjusted minimum hourly wage up to the nearest one cent; the adjusted minimum hourly wage shall apply to work performed beginning on January 1 through December 31 of the year for which it is effective.

Section 4. If the minimum wage determined under Section 3 is less than one dollar over the federal minimum wage, the Alaska minimum wage shall be set at one dollar over the federal minimum wage. This amount shall be adjusted in subsequent years by the method established in Section 3.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

BALLOT LANGUAGE

Ballot Measure No. 4 – 12BBAY

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

This bill would require the legislature to approve future large-scale metallic sulfide mines in the Bristol Bay Fisheries Reserve (BBFR) by passing a law. The law would have to find that any proposed mine would not endanger the BBFR fishery. The approval would be in addition to any other required permits or authorizations. The bill defines “large-scale metallic sulfide mining operation” as “a specific mining proposal to extract metals, including gold and copper, from sulfide-bearing rock and that would directly disturb 640 or more acres of land.” The bill lets the Department of Natural Resources adopt regulations.

The bill would make findings. The bill’s findings would be that the legislature found the BBFR important by creating it in 1972; that the bill’s protections are necessary; that protecting the waters and wild salmon of the BBFR is of statewide interest based on the region’s fisheries, economic benefits, cultural heritage, and unique wild salmon resources; and that metallic sulfide mining may harm these interests because mines can produce toxins and pollutants. The bill intends the legislature to approve any large-scale metallic sulfide mine in the BBFR or which could adversely affect its watershed.

The bill would apply only to large-scale metallic sulfide mines in the BBFR that lack all required permits, licenses, or approvals before the bill’s effective date.

Should this initiative become law?

Yes No

LEGISLATIVE AFFAIRS AGENCY SUMMARY

The Act requires legislative approval of certain mines. The Act applies only to mines larger than 640 acres in the watershed of the Bristol Bay Fisheries Reserve. The Act applies only to mines that extract metal from sulfur bearing rock. The legislature must find that a mine is not a danger to the Bristol Bay fishery to approve it. The Act has findings that explain the intent of the Act. The Act allows the Department of Natural Resources to adopt regulations. The Act applies only to mines that do not have all required permits, licenses, or approvals before the Act’s effective date.

STATEMENT OF COSTS

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

Prepared by the Alaska Department of Natural Resources and the Alaska Department of Law:

As required by AS 15.45.090(a) (4), the Alaska Departments of Natural Resources and Law have prepared the following statement of costs to the State of Alaska to implement the law proposed by this ballot initiative.

The ballot initiative would require legislative approval of any proposed large scale metallic sulfide mining operations “that would directly disturb 640 acres or more of land” where those proposed projects are located within the watershed of the Bristol Bay Fisheries Reserve. Any authorization by the Legislature “shall take the form of a duly enacted law finding that the proposed large-scale metallic sulfide mining operation will not constitute danger to the fishery within the Bristol Bay Fisheries Reserve.”

If the initiative is approved by the voters, a legislative process and passing a law that has a specific finding will be additional requirements to the current permitting regime for a specific type of mining operation in the watershed of the Bristol Bay Fisheries Reserve. The additional requirements would apply retroactively to large-scale metallic sulfide mining operations that have not received all necessary authorizations, licenses, permits, or approved plans of operation before the effective date of the initiative.

There is insufficient detail in the initiative to identify all costs that may be associated with implementing this step to the permitting regime. This represents an estimate of the State’s costs and the actual costs are likely to be different.

The estimates are as of December 2012 and do not reflect inflationary increases that are likely to occur during the number of years it may take for a large scale mine to complete the current state permitting regime and then be submitted to the Legislature for review and approval.

The estimate excludes litigation expenses; expenses that the legislature may or may not incur associated with additional items of examination outside of existing permits or authorizations, and potential revenue impacts to the State from delayed or lost taxes and royalties.

The Alaska Department of Natural Resources (DNR) Office of Project Management and Permitting (OPMP) coordinates the review of larger scale projects in the State. It is assumed that a potential project as defined by the initiative would benefit from a single primary point of contact and would utilize OPMP.

Assuming that the initiative does not require additional findings, standards, or requirements in addition to those already in place under State permitting regulations, there would be no additional costs to state agencies associated with permitting a project of the scope and scale as described in the initiative. However, in the year in which a final authorization for a project would come before a legislature, it is assumed that there would be legislative hearings, and that DNR and other permitting agencies would be asked to provide their expertise on pertinent subjects or the permitting process in general. It is assumed that the role of the State agencies would be to explain their permitting

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

decisions, not to advise the Legislature, to ensure proper separation of powers.

In anticipation of legislative hearings, agencies would prepare and package pertinent documents and the OPMP project coordinator would compile and coordinate documents and staff presentations that encompass all relevant permitting decisions. The OPMP coordinator would represent DNR at the legislative hearings and serve as the lead liaison between the legislature and state agencies. Compiling the pertinent materials and coordination of the effort during the legislative session is estimated to cost a minimum of \$70,000. Those costs are broken down as follows: personal services \$52,000; travel \$14,000; and supplies and materials \$4,000.

The Department of Law (Law) estimates the costs associated with the legislative process to be a minimum of \$50,000, associated with advising agencies in the following areas: processing public records requests; legislative review; process and hearing documents; and agency regulations review and revisions.

The above cost estimates represent a minimum cost given the numerous uncertainties regarding the timing of the legislative review, the lack of criteria in the initiative upon which a legislative determination is to be made, and the potential impact to State revenue should the legislature deny a permit for a large scale mine.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

STATEMENT IN SUPPORT

Ballot Measure 4 is necessary to protect Bristol Bay salmon from the harmful effects of large-scale mining—VOTE YES

This measure will require large-scale mines to meet the standard that has applied to oil and gas exploration for 40 years—avoiding irreparable harm to vital Bristol Bay fisheries.

Bristol Bay's importance—

Bristol Bay, with its many rivers, lakes, and streams, produces wild salmon on a scale and of a quality unmatched by any other place on Earth. Bristol Bay's annual production of 31 million sockeye salmon amounts to one-third of the world's supply. It is the world's largest and most valuable wild salmon fishery. Unlike other salmon-producing regions, this fishery is 100% wild and has never been supported by hatchery-grown fish. It is truly a one-of-a-kind region.

Bristol Bay salmon are critical to Alaska's economy. The sport and commercial fisheries support 10,000 jobs—with an annual economic impact in Alaska between \$318 and \$578 million—nationally, that impact is \$1.5 billion.

Thousands of local residents depend on the annual salmon run to support their way of life, as it has for generations.

Bristol Bay's fishery can continue to provide economic and cultural benefits far into the future if Ballot Measure 4 is passed.

The Fisheries Reserve—

In 1972, the Alaska Legislature created the Bristol Bay Fisheries Reserve. The watershed of the Reserve includes critical rivers and streams and portions of two national parks and one state park. Ballot Measure 4 would affect only about 5% of Alaska's total area.

To protect the Reserve, the legislature inserted one additional step for oil and gas developers seeking drilling permits in the region—the developers had to demonstrate that their activities would not endanger the Reserve's salmon, and the economy dependent upon them.

If the developers met their burden, the elected representatives of Alaskans (*and not* unelected bureaucrats) would authorize the activity. To this day, the Reserve is the only one in Alaska.

Ballot Measure 4 simply takes that same standard—a standard that has applied to oil and gas activities for 40 years—and applies it to large-scale metallic sulfide mining.

Protecting Bristol Bay for future generations—

Large-scale metallic sulfide mining in Bristol Bay is currently being pursued in the form of Pebble Mine. Mining of this type produces chemicals that could harm the surrounding waters in a manner uniquely toxic to salmon. Such mining would also require massive amounts of such toxic substances to be stored in or near the Reserve forever. No mine of Pebble's size has ever been developed without polluting the surrounding groundwater.

Given that mining of this type is being proposed in the heart of the world's greatest salmon-producing watersheds, it is vital that Alaskans vote yes on Ballot Measure 4 to protect the Fishery.

If a project will not endanger Bristol Bay, then Ballot Measure 4 will not stop it. However, the measure provides a necessary safeguard against any project that would destroy a priceless resource.

VOTE YES on Ballot Measure 4—VOTE YES for salmon.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

STATEMENT IN OPPOSITION

The Bristol Bay Forever initiative would politicize Alaska's highly professional and successful permitting process; your **“NO”** vote in opposition to the initiative is important to allow the established process to move forward responsibly. The initiative is crafted to stop the Pebble mine in Southwest Alaska; it will not, but will delay the permitting process for that project and others that could be discovered in that area. It will undoubtedly be used by those intending to stop responsible development in Alaska at many other projects as the process creeps to other areas. Alaskans have strong opinions about the Pebble project, but the ballot box is not the place to make those development decisions. A **“no”** vote would retain responsible development decisions to the specialists who are highly qualified to carry the process forward while a “yes” vote would create very bad public policy. Our government works on a separation of powers principle; adoption of this initiative would compromise this doctrine.

My experience, having worked with the Office of Project Management and Permitting (OPMP) within the Department of Natural Resources, indicates that this group and contributing agencies are a very credible and professional. They take their roles and the statutes that they uphold and administer very seriously. The OPMP coordinates the permitting process within the state for large mine projects. The process developed by this agency and its conduct are among the world leaders in responsible development permitting. Other agencies involved in the process include Departments of Natural Resources, Environmental Conservation, Fish & Game, Labor and Workforce Development, Transportation, Commerce, and others; various federal agencies, including EPA, and the Corps of Engineers further contribute to the process.

The initiative presents a very serious question about the separation of powers doctrine between the administrative and legislative branches of our government. Our system is set up to have checks and balances between the branches of government. This initiative attempts to give the legislative branch an unequal level of authority in decisions regarding resource development. **YOUR “NO VOTE” IS URGED!** To deny/restrict/overview/question by the legislature is not responsible, and is very bad policy - do you consider that the legislature is more qualified to make important resource development decisions than the highly trained and professional administrators and regulators?

Please vote no on Ballot Measure 4.

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

FULL TEXT OF PROPOSED LAW

FOR AN ACT PROVIDING FOR PROTECTION OF BRISTOL BAY WILD
SALMON AND WATERS WITHIN OR FLOWING INTO THE EXISTING
1972 BRISTOL BAY FISHERIES RESERVE

Be it enacted by the People of the State of Alaska:

Section 1. AS 38.05, is amended by adding a new section to read:

Sec. 38.05.142. Legislative approval required for certain large scale mines.

(a) In addition to permits and authorizations otherwise required by law, a final authorization must be obtained from the legislature for a large-scale metallic sulfide mining operation located within the watershed of the Bristol Bay Fisheries Reserve designated in AS 38.05.140(f). This authorization shall take the form of a duly enacted law finding that the proposed large-scale metallic sulfide mining operation will not constitute danger to the fishery within the Bristol Bay Fisheries Reserve.

(b) The commissioner may adopt regulations under AS 44.62 to implement this section.

(c) In this section, "large-scale metallic sulfide mining operation" means a specific mining proposal to extract metals, including gold and copper, from sulfide-bearing rock and that would directly disturb 640 or more acres of land.

Section 2. The uncodified law of the State of Alaska is amended by adding a section to read:

The People of Alaska find as follows:

(1) In 1972, the Alaska Legislature recognized the statewide importance of this region by establishing the Bristol Bay Fisheries Reserve to protect the salmon fisheries of the region by requiring legislative approval of permits to develop oil and gas leases within the Reserve;

(2) Given the recognized statewide importance of the Reserve, and given the potential of metallic sulfide mining to adversely affect and pollute the waters of the Reserve the people of Alaska believe that certain large scale mining projects must live up to the same standards that have been applied to oil and gas development within the Reserve since 1972;

(3) The Bristol Bay region of Alaska, including its multiple rivers, lakes, and streams, is a wild salmon producing region of statewide interest because the various fisheries in the region (a) feed and employ residents from across the state; (b)

Ballot Measure No. 4

An Act Providing for Protection of Bristol Bay Wild Salmon and Waters Within or Flowing Into the Existing 1972 Bristol Bay Fisheries Reserve

provide important statewide economic benefits; (c) produce one-third of the world's wild sockeye salmon supply.

(4) For thousands of years, the wild salmon of the Bristol Bay watersheds have sustained the subsistence and cultural lifestyles of Alaska Natives in many parts of Alaska;

(5) The wild salmon of Bristol Bay and its watersheds also supply vital and growing sport and commercial fishing industries which provide important statewide economic benefits;

(6) The genetic diversity of the distinct salmon populations in the region is one of the primary reasons the wild salmon of the region are resilient and have remained abundant. Accordingly, each individual salmon population is an integral and irreplaceable part of the overall resource;

(7) As wild salmon resources decline worldwide, the value to Alaska of Bristol Bay's wild salmon resources continues to grow. The increasing value of this extraordinary and unique resource to all citizens of Alaska warrants additional protective measures for the wild salmon in the waters that drain into the waters of the Bristol Bay Fisheries Reserve;

(8) Metallic sulfide mining has the potential to adversely affect salmon resources because the byproducts of such mining can adversely alter the chemistry of waters inhabited by salmon during their lives and can have very serious consequences on the survival of individual salmon populations, subspecies and species. Accordingly, it is a matter of statewide public interest to ensure that the world's greatest wild salmon producing watersheds are protected from pollution and toxic materials and particularly effects uniquely associated with large-scale sulfide mining;

(9) The protective measures of this Act are reasonably based on the need to safeguard the Bristol Bay Fisheries Reserve. The facts, evidence and reasoning upon which the Alaska Legislature based its creation of the Bristol Bay Fisheries Reserve in 1972 also support the need for the protective measures of this Act; and

(10) It is the intent of this Act to require legislative approval of any large-scale metallic sulfide mining operation within the Bristol Bay Fisheries Reserve, or which has the potential to adversely affect any anadromous waters within the reserve.

Section 3. The uncodified law of the State of Alaska is amended by adding a new section to read:

AS 38.05.142, as enacted by section 2 of this Act, applies only to large-scale metallic sulfide

The text of this bill is presented as submitted by petition sponsors.

Ballot Measure No. 4

mining operations that have not received all necessary authorizations, licenses, permits, or approved plans of operation before the effective date of this Act. The legislative action required in AS 38.05.142(a) does not apply to an existing mining operation in the state or a mine that does not affect the watershed described in AS 38.05.142(a).

Section 4. The uncodified law of the State of Alaska is amended by adding a new section to read:

It is the intention of the people of Alaska that the provisions of AS 38.05.142, as enacted, are independent and severable, and if any provisions of AS 38.05.142 shall be held to be invalid by a court of competent jurisdiction, the remainder of AS 38.05.142 shall not be affected and shall be given effect to the fullest extent possible.

Section 5. Effective Date. The uncodified law of the State of Alaska is amended by adding a new section to read:

This Act takes effect 90 days after enactment.

Judges on the Ballot

Alaska Judicial Council Evaluation and Recommendations

Why do judges appear on the ballot?

The Alaska Constitution and state law requires all state judges to appear periodically on the ballot for approval or disapproval by the voters. This power and duty of the people to vote whether to retain judges is a critical part of Alaska's merit selection-retention judicial system.

What information is available about judges on the ballot?

Voters sometimes feel they do not have enough information to vote on judges. To help voters make informed choices, the Alaska Judicial Council is required by law to evaluate the performance of sitting judges who are up for retention, and to make this information available to voters. The Alaska Judicial Council publishes its information in this Election Pamphlet, and on its web site at: www.knowyouralaskajudges.com.

How are judges chosen in Alaska?

Under the Alaska Constitution, the **selection** of judges is a two-part process involving the Alaska Judicial Council and the governor. The Alaska Judicial Council, a non-partisan citizens' commission, first reviews applications of people who want to be judges, and nominates the best-qualified among them. The governor then appoints a judge from the list of nominees.

Retention Election. After appointment, each judge must appear on the ballot in order to remain in office.

The framers of our constitution thus provided Alaskans with a non-partisan, merit-based system of judicial selection, and a retention election that ensures judges remain accountable to the public.

What judicial qualities did the Alaska Judicial Council evaluate?

The Judicial Council evaluated judges' integrity, diligence, legal ability, fairness, demeanor, case management skills, and overall performance of their duties in and out of the courtroom. For the 2014 retention, the Judicial Council compiled and analyzed the experiences of thousands of Alaskans who have appeared before, observed, or worked with the judges.

What are the Alaska Judicial Council recommendations for judges on the 2014 ballot?

Please review the following pages for more details about the recommendation on each judge.

How did the Alaska Judicial Council evaluate the judges on the 2014 ballot?

- Surveys: The Judicial Council surveyed thousands of Alaskans, including peace and probation officers, court employees, attorneys, jurors, and social services professionals.
- Public Hearings & Public Comment: The Judicial Council hosted a statewide public hearing, solicited comments about judges on its web site, and accepted comments from the public.
- Review of Other Information: The Judicial Council reviewed conflict of interest statements filed with the Alaska Public Offices Commission, and separate forms filed with the court system. It reviewed court personnel records. It researched whether any salary warrants were withheld for untimely decisions and whether any disciplinary matters came before the Alaska Commission on Judicial Conduct. The Judicial Council analyzed the number of peremptory challenges filed against a judge, and the number of times the judge's decisions were reversed on appeal. The Judicial Council reviewed information from an independent group of community-based volunteer court observers, the Alaska Judicial Observers.
- Considered Judges' Self-Assessments: The Judicial Council invited each judge to assess his or her own performance over his or her most recent term.
- Questioned Attorneys with Recent Experience: The Council invited attorneys who had recently litigated a case before each judge to provide detailed observations about the judge's performance in that case.

What is the Alaska Judicial Council?

- The Alaska Constitution sets the membership of the Judicial Council:

Three non-attorney members appointed by the Governor and confirmed by a majority of each house of the Alaska Legislature,

Three attorneys appointed by the Board of Governors of the Alaska Bar Association, an entity created and authorized by the Alaska Legislature,

and

the Chief Justice of the Alaska Supreme Court who serves as chair. (The Chief Justice does not vote unless his or her vote can affect an outcome.)

- The Constitution requires all appointments be made with "due consideration to area representation and without regard to political affiliation."
- Members serve staggered terms. They receive no financial compensation for their work other than reimbursement for travel expenses.

STATEMENT:

It has been a privilege and an honor to serve the people of Alaska as a supreme court justice for the past five years and before that for five years as a superior court judge in Anchorage. I will continue to give 100% of my ability and best effort to be the kind of supreme court justice you expect and deserve – a judge of integrity, who is committed to equal justice under the law for all; a judge who will apply the rule of law without regard to personal views; a judge who will be completely prepared for every case, listen carefully to all views, be patient, be fair and impartial to all; a judge who will work diligently with an unflagging work ethic and commitment to public service; a judge who will dissent when convinced that the court has reached an incorrect or unjust decision; a judge who respects the Constitution and understands that the court's role under the Constitution is not to act as a "super legislature" but is instead to faithfully interpret and apply the law. With respect and humility, I ask that you vote to retain me as a justice on the Alaska Supreme Court.

SPECIAL INTERESTS:

Flying (flight instructor, including instrument and multi-engine instructor); fishing; triathlons.

STATEMENT:

I have been honored to be able to serve the Anchorage community as a superior court judge since February 2011. I've consistently tried to conduct all the hearings before me in a fair and understandable manner, and to make sure I listen to each person's position, to apply the law neutrally to their situation and as passed by the legislature, and to treat all the parties who appear in the courtroom with respect and dignity. I try hard to make sure that parties understand what is being said and what their next steps should be, especially parties who are representing themselves. I also take pride in giving my decisions as quickly and with as much explanation as possible, because I know that waiting for a ruling can be stressful and difficult for parties.

I have travelled to other court locations for hearings and trials; I am always pleased to do this because I also enjoy getting to know the people and communities outside Anchorage. I will continue to volunteer for those cases, so that the important issues and conflicts affecting Alaskans outside the urban centers are resolved carefully, promptly, and justly.

I very much appreciate and enjoy the privilege of serving as a judge, and look forward to expanding my reach by continuing to provide impartial and timely decisions in every case that comes before me.

AGE: 47

PLACE OF BIRTH: Cambridge, MA

NAME OF SPOUSE: James Adam Bartlett

LENGTH OF RESIDENCY IN ALASKA: 20 years

ALASKAN COMMUNITIES LIVED IN:

Kenai 1995-1996
Anchorage 1994-1995; 1996 to present

EDUCATION:

Fairfield University, B.A. 1989

POLITICAL AND GOVERNMENT POSITIONS:

Assistant Public Defender 1995-1996
Assistant Attorney General 1996-2001
Assistant Municipal Prosecutor 2001-2011

SPECIAL INTERESTS:

Biking, Skiing, Hiking

OTHER:

I grew up in the Boston area and continued my education on the east coast. During one of my law school "co-ops", I interned at the Alaska Office of Public Advocacy. After graduating, I returned as a law clerk for the Alaska Court of Appeals. I then moved to Kenai to work at the Public Defenders Agency. Later, I moved back to Anchorage to work for the Attorney General, doing consumer protection and then child protection work. Five years later, I went to work at the Municipal Prosecutor's Office where I supervised the domestic violence unit and trial attorneys.

STATEMENT:

When I arrived in Alaska, I immediately became enamored with the friendliness, the spirit, and the wildness of Alaska, and I made Alaska my home. In the past 20 years, I was fortunate to have served as a law clerk, public defender, prosecutor, juror, and judge. These experiences have exposed me to the criminal and civil justice system in Alaska. I have seen and appreciate that the Alaska Court System strives every day to be one that represents fairness and equality where the goal is to treat all individuals that come before the court with dignity and respect. Being the first lawyer in my family, it was a daunting task to go to law school and then overcome the challenges of litigating. So I recognize that coming to court is an uncomfortable experience for the public because I personally have experienced it.

The transition from lawyer to judge the past three years has been both challenging and rewarding. It has truly been an honor and a privilege to make that transition. As a district court judge who deals with individuals with important matters in their lives that they wish to be addressed by the court system, I strive to be impartial and courteous every day and to make decisions, fairly and promptly. I look forward to continue serving the public as a district court judge and hope for the opportunity to do so.

STATEMENT:

I have lived in Alaska since 1972. After attending college and law school, I returned to Alaska because of my strong desire to stay in Alaska and serve the community where I was raised. As an Assistant District Attorney and Assistant Attorney General in Anchorage, Barrow, Fairbanks, and Palmer, I became familiar with the issues that face all Alaskans when they become involved with our justice system. This experience has enabled me to deal efficiently and fairly with the high volume of cases in the Anchorage district court. In criminal cases, I strive to make sentencing decisions that meet both the needs of the community and the victim, as well as addressing a defendant's rehabilitation. In civil cases, I listen carefully to the parties and take the time to reach decisions that are well reasoned and just.

Within the court system itself, I have worked with other judges to make hearings more efficient for the public, and I am currently working to bring electronic filing to the court system as well as broaden public access to the courts through the internet.

I am committed to treating everyone who becomes involved in our justice system fairly and with respect. I greatly enjoy both serving and being a member of this community.

Alaska Judicial Council Recommendation

Judge Brian K. Clark, Anchorage District Court

The Judicial Council finds Judge Clark to be **Qualified** and recommends unanimously that the public vote **"YES"** to retain him in office.

What qualities did the Alaska Judicial Council evaluate?

The Judicial Council evaluated Judge Clark's:

- Integrity, diligence, fairness, demeanor, and legal ability,
- Ability to manage his caseload, and
- Overall performance of his judicial duties in and out of the courtroom.

For more information about all the judges standing for retention, go to www.knowyouralaskajudges.com.

What is the Alaska Judicial Council?

- A citizens' commission created by the Alaska Constitution
- Council members are volunteers appointed with due consideration for area representation and without regard to political affiliation
- Alaska law requires the Judicial Council to evaluate judges' performance and authorizes it to recommend to voters whether judges should be retained.

How did the Alaska Judicial Council evaluate Judge Clark?

Surveyed Thousands of Alaskans

The Judicial Council surveyed thousands of Alaskans who had direct experience with Judge Clark, including attorneys, peace and probation officers, court employees, jurors, and social services professionals (social workers, guardians ad litem, and court appointed special advocates).

Reviewed Information

The Judicial Council reviewed many indicators of Judge Clark's performance, including peremptory challenge rates, recusal rates, appellate affirmance and reversal rates, any civil

or criminal litigation involving the judge, APOC and court system conflict of interest statements, any disciplinary matters involving the judge, whether Judge Clark's pay was withheld for untimely decisions, and Judge Clark's assessment of his own performance.

Asked Members of the Public

The Judicial Council hosted a statewide public hearing on the performance of all judges, solicited feedback on its website, and considered the ratings and observations of volunteer court observers.

OTHER:

I am a third-generation Alaskan. My maternal grandfather came to Sitka, Alaska in 1898. My father graduated from UAF in 1934. In 1936, my parents came to Palmer to work for the University Extension Service. After leaving public service, they owned and operated a dairy farm and raised a family of seven children. My sisters, one of my brothers, and nieces and nephews still live in the Valley.

STATEMENT:

As a lifelong Alaskan, it has been my honor to serve the Valley as a judge for 11 years, handling well over 60,000 cases. I love my job, and strive to treat every person who appears before me fairly and with respect. One of the high points of my judicial service has been helping start Palmer's mental health court which I believe has helped many people turn their lives around through therapeutic justice.

In 2013, I discovered three cases in which I had decisions that were overdue and realized that I had incorrectly signed pay affidavits during two of those cases. I immediately self-reported this matter to the Judicial Conduct Commission and fully cooperated with its investigation. The commission ultimately found that I "did not act intentionally" when I signed "inaccurate pay affidavits" during the time those two cases were overdue, that I had "an excellent character and reputation," and that I had "no dishonest or selfish motive." I have learned from this humbling experience to pay far more attention to administrative procedures. At my own expense, I attended case management training, and have reworked my office procedures. I will never make this mistake again.

I have faithfully served the Third Judicial District in Palmer as a judge and hope my self-reporting and corrective actions demonstrate my integrity. I care deeply about providing justice to all people that come before me and respectfully ask for your vote so that I can continue to serve the people of the Valley.

Alaska Judicial Council Recommendation

William L. Estelle, Palmer District Court

The Judicial Council finds Judge Estelle to be **Unqualified** and recommends unanimously that the public vote **"No"** to retain him in office.

Why does the Alaska Judicial Council recommend a "No" vote on Judge Estelle?

■ The Judicial Council recommends a "No" vote on Judge Estelle because he signed 16 untrue affidavits under oath, swearing that he had completed or issued decisions in all matters that had been pending before him for more than six months, when in fact he had not. He signed 12 of these affidavits between September 15, 2011 and February 28, 2012, related to one undecided matter, and he signed 4 of these affidavits between January 15, 2013 and February 28, 2013, relating to a second undecided matter.

■ Because he signed the untrue affidavits swearing that he had no decisions or uncompleted matters outstanding for more than six months, Judge Estelle continued to receive his salary on time, contrary to state law that prohibits a judge from being paid on time if the judge has undecided matters outstanding for longer than six months.

■ The Judicial Council concluded that by signing the 16 untrue affidavits, Judge Estelle failed to conduct himself in a manner that promotes public confidence in the integrity and competence of the judiciary.

■ The Alaska Commission on Judicial Conduct, an agency independent and separate from the Judicial Council, held a formal hearing and recommended to the Alaska Supreme Court that Judge Estelle be disciplined, based on its findings that Judge Estelle violated Alaska's Code of Judicial Conduct by recklessly signing the 16 pay affidavits. At the time of publication, the discipline case was pending before the Alaska Supreme Court; please check the Alaska Judicial Council website for the most recent developments.

What is the Alaska Judicial Council?

- A citizens' commission created by the Alaska Constitution
- Council members are volunteers appointed with due consideration for area representation and without regard to political affiliation
- Alaska law requires the Judicial Council to evaluate judges' performance and authorizes it to recommend to voters whether judges should be retained in office.

For more information go to www.knowyouralaskajudges.com

What were other evaluation ratings for Judge Estelle?

■ The Judicial Council's complete evaluation of Judge Estelle included surveys of attorneys, peace and probation officers, court employees, jurors, and social services professionals; a review of his peremptory challenge and recusal rates, appellate affirmance and reversal rates, APOC and court system conflict of interest statements, and disciplinary matters involving Judge Estelle, as well as Judge Estelle's own assessment of his performance, and his personal explanation of the circumstances surrounding his signing of the 16 untrue pay affidavits.

STATEMENT:

It has been an honor to serve the people of the State of Alaska both in my previous positions with the Department of Law and in my current position as a District Court Judge. I always strive to treat everyone with fairness and respect. Many of the cases that are assigned to me in my current position have litigants who are not represented by attorneys. I try to make certain that citizens who are appearing in court without the benefit of an attorney understand what is happening and the options that are available. Jurors are very important to the functioning of the court system and I try to make the many citizens who report for jury service aware of the importance of their role and to respect the time of those who serve as jurors. Before making any decision I work hard to become aware of and to carefully and impartially evaluate both the facts and the law.

Serving as the only District Court Judge in Kenai has been both challenging and rewarding. If retained, I will continue to do the best job that I can in this position to serve the citizens of the State of Alaska.

STATEMENT:
It has been my honor since August of 1992 to serve the people of the State of Alaska as a district court judge.

The vast majority of you who have contact with any court in the state have contact with the district court.

Many people appear in the district court without attorneys. I am committed to providing individuals who seek to have legal issues resolved in the court with the same kind of access to the justice system that individuals with lawyers have.

Many of you have or will serve as jurors. I am committed to treating jurors with courtesy and appreciation for their service.

I strive to treat all people who come to the court - individuals, attorneys, jurors and others - with respect and fairness and to assist them in understanding and using their court system.

If retained, I will continue to uphold my oath of office by providing the public with an accessible, fair and impartial forum for dispute resolution.

STATEMENT:

It has been a privilege for me to serve as a District Court Judge. I am grateful for the positive recommendation of the Alaska Judicial Council.

I am honored to be a member of what I believe to be among the finest judicial systems in the country. I work hard to provide a forum that is fair to all parties and to treat all who appear before me with courtesy and respect. I try to consider each case in a careful, impartial and thoughtful manner and to render a judgment that is impartial and in accordance with the law.

I have welcomed opportunities to promote respect for democratic principles and our system of justice by speaking to groups such as youth court graduations and by participating in mock trial with school classes. The job of a judge requires constant study to remain current in the law and to learn new ways to improve the administration of justice. In addition to private study, I have pursued educational opportunities such as legal seminars to improve my performance as a judge.

I have always strived to conduct myself with integrity, humility and diligence. If retained I will continue to perform my duties to the best of my ability and endeavor to be worthy of the job entrusted to me.

Alaska Permanent Fund | 2014

LETTER FROM THE CHAIR

In February of this year, the Alaska Permanent Fund reached a value of \$50 billion for the first time, and closed fiscal year 2014 with a value of \$51.2 billion. The Board of Trustees is pleased that in the five years since the recession, the Permanent Fund has almost doubled in value while paying out \$4 billion in dividends.

There have been many dedicated professionals who have worked for the success of the Fund over the years, including past Trustees who laid the foundation for where we are today. It's important to recognize the efforts of all of their leadership and the staff who helped the Fund reach the \$50 billion milestone.

While we note this new high water mark, the real focus of the Trustees is on future growth. Our mission continues to be structuring a portfolio that will provide a prudent balance between managing risk and seeking the returns that will help the Fund harvest the next \$50 billion. The Board is aware that a changing investment landscape means that we cannot simply hold to the asset allocations of the past. As world economies become more connected, they become more correlated. As the rapid relay of information makes research easier, it limits the returns that can be found in the public markets. So we must adjust the Permanent Fund's course to meet new challenges and respond to new opportunities.

One way we are moving forward is to expand the programs that focus on private asset investments for the Fund. In 2004, the Board first began investing in private equity and added infrastructure in 2007. Initially the Corporation relied exclusively on outside gatekeepers to make these investments on our behalf. Over time we have become more knowledgeable about private assets and comfortable that the Corporation can build expertise in-house to make prudent investments, and at a lower cost than using outside managers.

To that end, the Board authorized staff to begin infrastructure and private equity co-investment programs alongside the Permanent Fund's existing programs. And we have directly undertaken more special opportunities and focused investments, including an investment in Juno Therapeutics, a Seattle-based firm that is working to find cures for select cancers using a patient's internal immune system.

We are also adding to the types of private asset investments we make. Fiscal 2014 saw the first investments in listed infrastructure, public market infrastructure shares which are similar to real estate investment trusts (REIT). These investments will provide the benefits of infrastructure to the portfolio, enhanced by the liquidity of publicly traded shares.

Sometimes a new direction means going back to traditional asset classes. The Board thought it was time to grow the Fund's real estate holdings, but needed to find the capital to do so. Within the portfolio there is a group of stable, core properties that fared well during the recent recession. Combined with historically low interest rates, this created an opportunity to implement some leverage (at a level much lower than most institutional funds) to provide more cash in hand. The resulting \$348 million in capital produced by the leverage program will be used to acquire attractive properties to add to the Fund's investments.

Sincerely,

William Moran

WHAT IS THE ALASKA PERMANENT FUND?

The Permanent Fund is an investment fund created by Alaskans in 1976 as a way to save a portion of our oil revenues for the needs of future generations. On June 30, 2014, the Fund was worth \$51.2 billion.

WHO MANAGES THE PERMANENT FUND?

The Alaska Permanent Fund Corporation manages the day-to-day operations of the Fund and is overseen by a six-member Board of Trustees appointed by the governor and selected for their experience in finance, investments or other business-related fields.

HOW DOES THE FUND WORK?

The Fund is divided into two parts, principal (nonspendable) and earnings (assigned), both of which are fully invested. The Alaska Constitution says that the principal may not be spent. The earnings in the earnings reserve account may be spent by the Legislature for any purpose it wishes. Currently, earnings are only used for the Permanent Fund Dividend and transfers to the Alaska Capital Income Fund.

HOW DOES MONEY GO INTO THE EARNINGS RESERVE ACCOUNT?

Realized earnings go into the earnings reserve account. This is the income from bond interest, real estate rent payments, stock dividends and the gains from assets that are sold at a profit. Unrealized earnings remain in principal until the assets are sold.

HOW IS THE FUND INVESTED?

Originally, the Fund was only invested in bonds. Now it is invested in a number of different asset classes, which earn income and can grow in value. By diversifying the Fund into these different assets, the Trustees ensure that it is better protected for the future. When one asset class has a down year, it is often balanced by good performance in other asset classes. In 2009, the Board of Trustees added a new aspect to the asset allocation with the creation of risk-based categories. While the underlying investments didn't change, grouping investments by the economic conditions that affect them allows the staff and Trustees to better understand how the Fund will perform under different market conditions.

HOW IS THE DIVIDEND DETERMINED?

Each year, the dividend distribution is calculated using a formula set in state law. The statutory net income of the Fund for the past five years is averaged, and the resulting amount is divided in half. This is the amount that is available for the dividend. Once the dividend has been calculated, the next step is to determine if enough income is available in the earnings reserve account to pay the dividend. It is possible that in a given year, while the calculation may produce a dividend amount, the balance of the earnings reserve is not sufficient to pay some or all of it. Once the maximum amount payable has been determined, the lump sum is sent to the Permanent Fund Dividend Division where it is divided by the number of eligible applicants that year.

HOW DOES THE FUND GROW?

The Fund has three sources of potential growth each year, which are listed to the right. For FY14, the additions and subtractions from the Fund's total value are listed in the Sources of Change in Fund Value graph below.

- The state Constitution directs that at least 25 percent of Alaska's mineral royalties (primarily oil royalties) be deposited into the Fund.

- Income flows in from stock dividends, bond interest and real estate rental fees.
- Assets can increase (or decrease) in value over the original purchase price, whether they are sold or held in the portfolio.
