Other:

I am a Patriot and not a politician. My love for Alaska began as a teen which cannot be broken. God gave me the choice to choose my path in life and I chose to protect and defend the Constitution of the United States. I served in the mightiest Navy the world has seen. When I retired from the Navy I gave up wearing the uniform. I did not give up the oath to defend and protect the Constitution.

Statement:

We have so many reasons to be proud of our great State but there are many issues that need to be addressed.

One of our most important issues facing our State is its' deficit. I will fight against the current spending trend, protect your PFD and insure no income tax is imposed.

As we cut our spending we should as work towards redirecting funds to investments that are beneficial to our State in the future. Programs that enhance our public safety, vocational education, infrastructure, and the efficient use of our energy resources. Also we must not turn our backs on our seniors and their needs.

The Lobbyist have gained much influence over legislator's actions to the detriment of Alaskans. My ethics require me to serve the will of the people, not the will of the lobbyist. From this I cannot be dissuaded.

During my years of service to our country you have entrusted me with the lives of your loved ones, and I have never lost a life. I have taken responsibility seriously, and am asking you to trust me once again, this time with our State and its interest.
