Statement:

As I go door-to-door talking with my neighbors, I notice families are concerned about the current direction of our state. Because of our fiscal crisis, I have seen many friends and neighbors leave the state because Alaska does not offer enough education or job opportunities.

My experience brings a unique perspective on fiscal responsibility. We no longer have high oil prices to sustain our budgets. We need a long-term vision for the future of our resources, economy, and investments for the betterment of all Alaskans.

Alaska can be the place where ideas and innovations flourish, education is of the highest quality, the economy thrives, and jobs are rewarding.

To accomplish these goals, we need a higher education system that supports this vision and nurtures growth. Every high school graduate should be able to fulfill their dreams within Alaska.

Let's do something about the "state" we are in.

Alaska is blessed with talented people and incredible natural resources. With your support, I will work hard to develop Alaska for Alaskans. Together, we can build a brighter future. My only special interest is you!

I want to continue working for you as your representative.

Vote Chris Tuck for State House.
