**Statement:**

I am a lifelong fourth generation Alaskan with a long history of family public service. I am running for State House to ensure that our next generation has the same opportunities that were afforded to me.

I presently serve on the Wasilla City Council where I worked consistently with my colleagues to keep our government budget small, efficient and accountable to our residents. We also worked to keep regulations and taxation at a reasonable level to encourage business growth. Through conservative governing Wasilla is now the commercial hub of the Mat-Su.

The state budget and the effects on our economy remains to be a high priority for me. I believe we can reduce the size of government further and that now is not the time to restructure the PFD, impose an income tax or sales tax. We must seek to encourage economic growth by ensuring we have less onerous regulations and taxation so our businesses and industries can thrive and remain successful.

I am ready to hit the ground running in Juneau to work hard for my constituents and to keep Alaska moving in the right direction. I would appreciate your vote on November 8, 2016 in Wasilla District 7.
