STATEMENT:
It has been my pleasure to serve the citizens of the Interior for the past five years and look forward to representing you again for the next two years.
I have served on the House Health and Social Services Committee for the past 4 years including the committee chair for the last two years. This has given me considerable insight into the challenges we face in providing cost-effective health care, social and family services and I want to continue to work toward improving those services.
I see a bright future for Alaskans, but we do need to work diligently to reduce regulatory red tape and other obstacles that make it difficult for Alaskans to serve one another.
I will continue to work for:
** A sustainable fiscal plan that doesn’t depend on new broad-based state taxes.
** Encouraging business investment in Alaska.
** Improving Alaska’s education system
** Increasing access to and lowering cost of health care.
** Removing obsolete and unnecessary professional licensing obstacles.
Feel free to give me a call at (907) 378-5667 if you have any questions or want to know how you can help. Thank you for your vote.
