Biographical Information

Hello, I'm Uncle Fred. I arrived in Anchorage in the spring of 1985, hoping to backpack and hike. Like many future Alaskans, I didn't realize that this state would become home. Originally born in Colorado, I joined the US Army in 1970 and was honorably discharged in 1974. I worked on Ft. Richardson and Elmendorf as a Dept of Defense civilian for 25 years, retiring in 2012. For the last 10 years, I have been employed as a Teamster Local 959. I work for pipeline construction on the North Slope during the winter.

Position Statement

Why would I want to be your next Senator? I feel that my generation was handed a gift from the greatest generation. That gift was and is being passed to our grandchildren. Young voters know that the boomer generation is picking up the credit card to just pay the minimum balance. Here is your bill on a 40 trillion-dollar debt. Thanks for the good time. America was, is and will continue to be what the rest of the world aspires to be. I would like to be a candidate to vote for rather than a choice between two weak prospects. I will serve one term only, no money spent or begging for re-election. I am the sum-total of 76 years of the American Experience. The first screen generation, from Maynard G Krebbs to the reality show we have become. Republicans are not fascists nor the democrats communists. We are all Americans.
