**OTHER:**  
I have enjoyed the challenge of working as your representative to House District 30 for the last 6 years. There are important issues still in play in Alaska, including resource development, energy, and education issues are at the forefront of my mind every day.

**STATEMENT:**  
Linn and I have lived in Big Lake for ten years. We are blessed with adult children and many grandchildren. I'm retired from the USCG and have lived in Alaska for over 44 years. I have a BS Degree, an MBA, and am a retired 747 Captain for a major international air cargo airline. From the US Coast Guard, to volunteering as a local firefighter, to serving my fellow pilots as a negotiator and lead steward, my callings have centered on serving community and co-workers.

It has been a privilege to serve as your Representative for House District 30 these past three terms. There are real problems facing Alaska and the families of our district. Legislators have a choice; we can run from those problems or we can run towards them with leadership, service, and ideas for solutions, leaving a better Alaska for our children and grandchildren.

The time for standing around and watching is over. It's time to do, not to delay. I'm not pursuing reelection for economic gain or power, but because I continue to believe that the direction of State government needs to change. We must get back to conservative values and morals as well as fiscal sanity in Alaska. We need bold leadership, a sustainable budget, a strong Permanent Fund Dividend, reduced regulation, support for resource development, and respect for the constitution.

I'm ethical, engaged, and invested in making a real difference. I would be honored to continue serving you in Juneau.
