Position Statement

I am proud of the work I have done over the last four years and it has truly been an honor to serve my community as your representative.

I remain committed to:

- A sustainable balanced state budget
- Alaskan energy independence
- Supporting education in all forms
- Protecting life
- Applying conservative values to create pragmatic solutions

I have served multiple roles during my time in the Legislature most recently serving as the House Minority Whip. I have authored and passed legislation that has been signed into law but more than anything I have valued the opportunity to listen to constituents and help solve the everyday challenges they face, many of which never require a vote on the House floor.

This past session I worked alongside my colleagues on issues including access to medical records, CDL driving tests, guide permitting, insurance coverage, small business support, DEC issues, and the AKLNG project. In addition, I advocated for school funding for correspondence students, neighborhood schools and charter schools and continue to serve on the Education Funding Task Force.

As always, your priorities have been my priorities, and I have enjoyed getting to know more of my neighbors each year. To learn more of these priorities for the 35th legislative session please go to voteruffridge.com.

I would be honored to serve you for another two years. Together we will continue to accomplish great things for the Kenai Peninsula and Alaska.
