Position Statement

There has never been a woman physician with full voting rights in the U.S. Senate in our country's history. I hope to change that!

Restoring and perfecting our democracy is an urgent crisis. Each person must be treated with respect and dignity!

WE THE PEOPLE must lead our country, not the billionaires and the trillionaire, for the benefit of all of us with affordable food, housing, utilities, education, childcare, and transportation.

We need to join the rest of the developed world with Healthcare for ALL.
WE THE PEOPLE must end this unjustified war with Iran which is causing untold suffering and deaths while wasting resources needed for our people. Restoring USAID is a much more powerful positive influence in the world than war. We must respect the humanity of everyone.

Create a Cabinet Level Department of Peace with 1% from the Department of War.
We need to enact the John Lewis Voting Rights Act.

We are all immigrants except Native Americans. Our diversity is our strength in Alaska, our nation, and our world!

I am a progressive running as a nonpartisan for WE THE PEOPLE, not the billionaires and the trillionaire.
