STATEMENT:
Thank you for the honor of serving you.

We are living with the stress of high inflation, the threat
of reoccurring, natural disasters and a sense of uncertainty
in many areas of life.

All Alaskans want safe, healthy, prosperous communities with
good jobs, quality schools, affordable housing, energy, and
health care that will attract families and our young people to
stay and continue to build.

Finding real solutions to these complicated issues requires
experience, cooperation, and commitment. I have a strong
record of bringing that.

We are making progress. During my terms, we’ve grown our
Permanent Fund from \$64 billion to \$92 billion. The Fund’s
investment earnings contribute to vital public services and an
annual dividend -- without additional taxes. We’ve boosted
education as schools face inflation and declining enrollment.
A pension plan is in the works to retain and attract high quality
troopers and teachers. Another ferry is ready for service,
pending trained crew. Energy relief via a gas pipeline is on the
horizon. We’re repairing aging infrastructure. We are working
with our federal delegation to address disasters.

Our most valuable resource is people. We must develop that
resource, listen to what Alaskans need – childcare, good
schools, public safety, jobs with a future, affordable health
care – so Alaska will reverse the trend of out-migration. I love
living here and want others to be able to do that, too.

There’s more to do. I’ve got the energy and experience to
tackle challenges ahead. I’d appreciate your vote.
