I will fight to ensure government efficiency and protect the economic future of our district for the next generation of Alaskans.

STATEMENT:
A Pro-Trump Conservative: Putting District 28 First

Our private economy has been throttled ever since Governor Walker vetoed and slashed our statutory Permanent Fund Dividend. In 2018, the Legislature transitioned to a Market Value Model, creating an architectural “growth trap” as the public sector expanded relative to the private economy. This shift decouples the Dividend from real-world earnings, prioritizing large bureaucracy over individual citizens. It is time to end the PFD theft, restore our maximum Constitutional benefits, and return to fiscal sanity.

Why a Change is Necessary:

District 28 deserves a representative who prioritizes our energy needs and acts with professional integrity. The incumbent voted with liberals to kill a critical natural gas pipeline bill, yet she was caught ordering personal wine on a live microphone during a high-stakes House Finance hearing. She also backed SB 113-a costly tax scheme that hurts families-and voted for HB 57 to increase state spending without taxpayer accountability.

- My 2026 Priorities:
- Restore Full Formula: Return the PFD payment to its traditional, statutory calculation.
 - Fiscal Transparency: Enforce strict budgeting transparency with responsible cuts to non-essential items.
 - Security & Prosperity: Support natural resource development, infrastructure, law enforcement, and our core obligations to veterans and seniors.

I stand for veteran-led leadership that follows the law as written. I am asking for your vote to stop the establishment agendas and ensure Alaska’s wealth works for the people who built this state. Together, we will secure a prosperous future for every Alaskan family.
